MR. J. A. HERNE in his great specialty of "Oliver Liveoak," and Miss Newton as "Winnifred Jones," in "The Lighthouse Cliff"; also Mr. Wleniawski, Jun., in his clever violin performance, at the Theatre to-night.

NOTICE.—To the Coal Burners of Salt Lake City. I wish the public to know that any coal sold by J. H. Stalling, Gilbert Van Schoonoven and Capt. Hart of the Twentieth Ward, are the only parties selling the Grass Canyon or Valley Coal from the Old Church mine and Joseph A. Young's mine. Any coal sold by them that burns to a red ash is not the proper coal, as the coal has a light white ash.

EXTRAORDINARY BARGAINS in the Carpet Room of Zion's Co-operative Mercantile Institution. The largest, most attractive and complete stock of CARPETS, UPHOLSTERY GOODS and CURTAIN MATERIALS ever offered in this city, at prices which defy competition, and cannot fail to attract attention from the choicest buyers.

DRIED PEACHES WANTED.—To finish filling Eastern orders, Z. C. M. I. Produce Department will pay during the present month the highest price offered in this city for choice Dried Peaches.

CONSUMPTION, the scourge of the human family, may in its early stages be promptly arrested and permanently cured.

Dr. R. V. Pierce's "Great Peppermint Cure" is the only medicine that has been used for years by those who have been afflicted for years. Did not use it but a short time before I was benefited; at that time I was very bad, not able to sit up much, was suffering greatly with my throat, was getting blind, had a dry cough, and much pain in my lungs. I have used twelve bottles of the Discovery and am almost well.

WASATCH WEBER COAL.—If you want FIRST CLASS COAL at \$8.00 per ton, and a No. 1 article of BALED HAY at \$7.00 per ton, call on GEO. NEEBEKER, d33 1/2 South of U. C. Depot.

JEWELRY AT COST.—We understand that Mr. Carl G. Amussen, because of declining health, wishes to withdraw from business. He has gained a high reputation for fair and honorable dealing and for keeping the best class of goods in his line. Give him a call and secure bargains. See his advertisement. d13 5 c

Consumption, Scrophula, Etc. HERRING'S GREAT PEPPERMINT CURE is the only medicine that has been used for years by those who have been afflicted for years. Did not use it but a short time before I was benefited; at that time I was very bad, not able to sit up much, was suffering greatly with my throat, was getting blind, had a dry cough, and much pain in my lungs. I have used twelve bottles of the Discovery and am almost well.

LOCAL AND OTHER MATTERS.

Tabernacle Choir.—The members of the Tabernacle Choir are requested, by their conductor, to meet in the Council House, at 7 o'clock next Monday evening. A full attendance is desired.

Snow Plow.—The new railroad snow plow, constructed at the Utah Central railroad shops, on the plan of C. L. Erickson's patent, has been sent for a trial trip on the Utah Southern railroad. There was not snow enough on the track to test the capacity of the plow, but it is believed that it will be of excellent service, and that it will be capable of keeping the track clear in all ordinary cases of snowdrift. The plow is substantially built and weighs 37,000 pounds.

Police Court.—Two drunks, one male and one female, were before Judge Clinton today. The male was sentenced ten dollars for the offense, and the female five dollars.

Probate Court.—Yesterday afternoon the case of the People vs. Jerry Deady and Wm. Leahy, charged with stealing bullion, was submitted to the jury, who returned a verdict of not guilty.

Proctor of a Grammatical Error.—The indictment did not specify, with sufficient clearness, who was the criminal, and after giving the Court and spectators a very elaborate discourse on the principles of English grammar, he took his seat.

French Guiana.—By the packet, sailing from Salem, Mass., on the 1st of the present month, a party of forty-six miners from Utah were booked as passengers for Cayenne, French Guiana, has been spoken of for some time past, as being a very rich gold country, and has created a considerable interest among that class of miners and adventurers who feed upon excitement, and make always fancy that they can make a fortune suddenly anywhere, except in the place where they happen to be located. Consequently when they hear of rich discoveries of precious metals, no sacrifice is too great to be made, no peril too formidable to encounter, no tie of friendship or of relationship too sacred to be torn asunder—everything is outweighed by the visions of gold; and the first opportunity must be improved to take time by the forelock, in order to be the first in the field, so as to be able to locate the best claims.

Western Notes.—Santa Cruz county claims the honor of being the most important on the earth. His name is Justin; he is a Roman, and he is said to be one hundred and twenty-one years old.

San Francisco Dispatch.—The San Francisco Dispatch says there is not one word of truth in any of the Carson's charges against Chief Cook. "He has had no interview with gamblers, his white legs do not contain any powder, and there is no demoralization in the department."

Wm. Crockett, of Corvallis, Oregon, who is crazy, created a deal of excitement in that town lately by amusing himself with a three-legged dog, which he kept in a cage around on the streets, threatening to "prod" any one who attempted to come near him. About one hundred people surrounded him, but failed to capture him, and he subsequently played sardap on him and brought him in without difficulty.

A lady in the Coos Bay region brought suit against a gentleman and obtained judgment for \$48. The plaintiff affirmed that she made presents and loaned money to the defendant under promise of marriage, but the defendant had gone back on his promise, and consequently she wanted pay for what she had given. Her lawyer, however, testified that she thought he had a good thing and took it.

To-Day's Dispatches.
EASTERN.
New York, 8.—The New York police will be ordered to prepare for any emergency that may arise tomorrow during the session of the labor mass meeting. It is stated that thirty thousand ball cartridges will be taken to-night to the armory of the 1st Regiment.

after a gentleman had stepped into this commodious establishment, and got a complete outfit of boots, hats, pants, vests, coats, and under wear. There he can get his groceries, his hardware of all kinds, from a pocket knive to the most complicated implement of husbandry.

Floriculture.—In accordance with an invitation from Mr. John Reading, we visited his extensive greenhouse, where was displayed a magnificent variety of plants and flowers in various stages of growth. The beautiful sight was all the more pleasing, as it contrasted so strongly with gardens out-of-doors.

It is a great pity that our young people do not cultivate a more refined and enthusiastic taste for flowers, "the stars of the field."

Mr. R. expects to have 25,000 plants and flowers, in pots, by next April.

Concert.—Mr. Robert Campbell, superintendent of the 12th Ward Sunday school, is getting up a musical and variety entertainment for the benefit of the Sunday school. The exercises will consist of songs and hymns, sung by the scholars, minor dramas, recitations, etc.

Theater.—Another beautiful presentation of "Rip Van Winkle," by Mr. James A. Herne, efficiently assisted by the company, at the Theatre last night, followed by Mr. Wleniawski, Jun., in his able performance on the violin.

Coasting.—Boys who are in the habit of "sleigh-riding" down the hills, while the snow is on the ground, are very careless of themselves. Two of them, while walking up or down our hills, especially after dark in the evening, are often in danger of being run over. Sometimes very serious consequences ensue, as was the case some six years ago, a boy being run over by a wagon while coming down hill in his sleigh with lightning speed, and was instantly killed.

Fined.—Matt Braunman was fined one hundred dollars by Justice Clinton for selling liquor without license. He is now in jail, not having the money to pay the fine.

Chicago, 8.—The telegraph union is not changed for the purpose of getting anything through from the east before tonight, even though the few dispatches got through at an early hour this morning came via Richmond, Va., through the Carolina and Cincinnati. The storm appears to extend from the Lakes on the north to Tennessee on the south, and how far east cannot be definitely stated.

FOREIGN.

LAND SLIDES.
ALBANY, N. Y., 8.—The continuous storm has caused land slides on the Poconago and Eastern and Dutchess and Columbia R. R., and has washed away the Hudson River R. R. bridges south of Croton, delaying the early morning trains from New York.

LOUISIANA—ROBBERS THWARTED.
BOSTON, 8.—The Legislature convened to-day. The old officers were re-elected.

An unsuccessful attempt was made last night to rob the Albany National Bank; masked men bound and gagged the watchman, but he managed to give the alarm. The men escaped.

WANTS NOMINATION WITHDRAWN.
WASHINGTON, 8.—It is positively asserted to-night, that Attorney General Williams wrote a letter this afternoon, requesting the President to withdraw his nomination for Chief Justice. This report comes from a trustworthy private source, but it cannot, at this hour, be officially verified.

CONTINUES TO IMPROVE.
BERLIN, 8.—The health of the Emperor William continues to improve. He drove out to-day.
