MRS. COULTER WINS.

Mrs. Coulter's bill 85, known as the

anti-cigarette measure, came up for reconsideration and the house did the

handsome thing by giving the measure another chance. Some features which were a little drastic had been eliminat-

ed, and it was in good shape. The bill

prohibits the use of tabacco in any form by youths under 18 years of age.

It was passed by the substantial vote of 32 to 8, and some of the members in

explaining their votes admitted that they were under the domination of

"petticoat rule" which, made the lady member blush. She made a good fight

I bought a fifty cent box of Stuart' Catarrh Tablets at my druggist's carried them in my pocket and used them regularly several times a day and the way in which they cleared my head and throat and improved my hearing and general health I consider little short of remarkable. I had no catarrh last win ter and spring and know I am entirely free from any catarrha! trouble whatever

Mrs. Jerome Ellison of Wheeling writes: I suffered from catarrh nearly my whole life and last winter my two children also suffered from catarrhal colds and sore throat so much they were out of school a large part of the winter. My brother who was cured of catarrhal deafness by using Stuart's Catarrh Tablets urged me so much to try them that I sent to the drug store and bought a package and I am truly thankful for what they have done for me and my children. I always keep a box of the tablets in the house and at the first appearance of a cold or sore throat one or two of the catarrh tablets nips it in the bud and Catarrh is no longer a household affliction with us. SOUTH TEMPLE PAVING.

Committee Wants a Ten-Year Contract

-Kelsey's Trip East.

The council committee on streets last

evening considered the matter of pav-

ing South Temple street from State to

Tenth East. It was urged that to pave

the entire street in one year would im-

pose a hardship on many of the prop-

erty owners, so the committee instruct-

er or not the city could enter into a 10-

minority report on the advisability of sending City Engineer Kelsey east, at

in expense to the city of \$200, to inspect

the latest municipal improvements in

he large cities in sewers, waterworks

street paying and parking, with a view

to modernizing the public improvements in this city in the future. President Cottrell will submit a minority report

on the ground that the city is not finan-

cially able to stand the expense of the "junket," as he terms the proposed trip.

S. L. Ensign has discovered that a coin he has been carrying in his pockets for luck for the last few years, is a "Rirch Penny" and said to be worth "Birch Penny" and said to be worth \$150. It was coined in 1792, and was therefore one of the earliest American coins. The Birch penny is a pattern penny that was submitted to the treas-

try of the United States for adoption as the penny of the country, but it was never accepted. However, a number of them were coined and coin collectors are paying as high as \$150 each for them. I. B. Perrine of Biue Lakes is a busy
