WESTERN.

Wrecked.

SAN FRANCISCO, 4.—The Sydney mail of July 25th reports the loss of the ship *Isabella* from Newcastle to Hong Kong, with coal. She struck the Bellona reef on the night of July 4th. Seventeen Chinese passengers were left on board with a boat. The officers and crew left in a boat. Six remained on an island. The captain, mate and eight of the crew pulled for the Australian coast until picked up by the schooner *Cunambone* and taken to Bowen.

The "Bulletin" and Ralston — He Used Three or Four Millions of the Bank Money for Private Purposes.

The *Bulletin* publishes an editorial this evening in which, after referring to the course of the paper, with regard to the Bank of California and Ralston, it says—

"When the bank suspended last week we thought it our duty to protect, as far as possible, the depositors and other creditors of that institution. We published just so many facts as we believed would best serve that purpose and no more. We then said that the failure was owing to the mismanagement of the late president, and that this mismanagement was without the knowledge of the directors. For these statements we were roundly abused. A vicious press underteok to marshal all corrupt elements against us. We were in possession of facts which we could not state because we were most anxious that the directors should, if possible, contrive some way of extrication. We preferred to suffer the assaults of enemies rather than to give the facts, at a time when they might furnish complete vindication of our attitude toward the bank, but might at the same time hinder and possibly defeat the plans which the directors were devising for the protection of the creditors of that institution. The directors, some of whom have always been staunch friends of the *Bulletin*, and are so now, have perfected their plans and have settled on a basis of action whereby every creditor of the bank will be fully paid. We have full confidence both in the amity and in the good faith of these men. They will redeem their pledges and may ultimately make the bank stronger even than the one which suspended. It was time that the *Bulletin* should be relieved from the secrets which it has been abused for keeping. We therefore propose to ask the consent of the board of directors to relieve us from any further obligation to keep secret some facts within our knowledge. Having done our best to protect others it is part of our duty to protect ourselves. We are now authorized by D. O. Mills to say that the late president did, without the knowledge of the directors, use privately from three to four millions of the bank resources, which amount remains unpaid. This was the cause of the recent failure. Probably elsewhere this would have been set down as defalcation. We are also authorized by the same authority to say that there was an over issue of stock, which over issue has now been provided for. The particular use which was made of this large sum of money it is not now our duty to mention. When these discoveries were made the connection of the late president with the institution was at once severed. Between three and four millions of money had gone out of the bank without the knowledge of a single director."

The Bank and the Mint.

It has been reported that the Bank of California was largely indebted to the U. S. mint here. The bank has been refining for the mint, and the supposed indebtedness incurred through that channel. The superintendent of the mint states to-day that on the contrary the mint owes the bank about one hundred and twenty-five thousand dollars, payable on demand.

The Ralston Defalcation Statement Authorized.

D. O. Mills authorizes the statement that the defalcation of the late president of the Bank of California will amount to between three and four million dollars, and that an over issue of stock has been discovered. It is not supposed that this will in any way prejudice the arrangements now being made to rehabilitate the bank.

FOREIGN.

GREAT BRITAIN.

Markets.

LONDON, 4.—The *Times*, in its financial column, says the firmness in the money market is continued, and business done at market rates. A large proportion of bills were negotiated at a higher figure. Corn is steady. Deliveries of English wheat and foreign wheat continue heavy. Provincial markets are mostly firm, with an occasional advance on prices of last week. The Hungarian wheat crop is said to be a disappointment, but owing to the late harvest there may be still some of the crop available for export. There is little further news regarding the foreign crop. Mincing Lane markets are without change. From the dullnes of many weeks the sugar market continues depressed, and prices are tending downward.

$50,000 Fire.

WHITEHALL, N. Y., 5.—A fire at Fort Ann this morning caused a loss of $50,000, partially insured.

Grand Indian Council.

OKMULGEE, Creek Nation, via Muskogee, I. T., 5.—The grand council of the Indian Territory is in session. A full delegation is in attendance from nearly all the tribes in the Territory. An extra delegation, as visitors from the Kiowas, Comanches, and other wild tribes from the plains, are also present. The council will make an appropriation for their subsistence, hoping they will be induced to enter into more intimate and friendly relations through the influences of the more civilized Indians they will meet. The only business to be considered is the new constitution providing for a governor of the Territory, U. S. courts, and a delegate to Congress, which will probably pass this council, but with the proviso that it be submitted to the national councils for approval. The council propose to adjourn in a body to attend the international fair to be held at Muskeogee, Sept. 14.

Hospital Opened—Two Ruffians Captured.

ERIE, Pa., 5.—A. Vincent's hospital, unsectarian, but under charge of the Sisters of Charity, was dedicated and opened by the Rt. Rev. Bishop Kullen to-day.

Two young men, named Barnes and Sperry, were arrested at Girard, Erie, to-day, for atrocious burglaries and other lawless acts. At Spring and Hayfield, on Friday night, they entered four houses, tied Ellis Hotchkiss to a bed post, choked and beat him, and threatened an old man named Sperry, a relative of one of the boys, with revolvers.

New Jersey Amendments.

PATTERSON, N. J., 5. — Ballots for the constitutional amendments election for New Jersey next Tuesday were circulated in the Catholic churches in this city to-day, with amendments one, two, eight, and eleven crossed out. The erased amendments prohibit the appropriations of public money and lands to private or sectarian purposes, guarantee a system of free public schools, and prohibit special legislation.

SPRINGFIELD, Mass.—An incendiary fire at Deerfield, on Saturday, destroyed a carriage factory, livery stable, two hotels, and private residence. Loss, $50,000.

WESTERN.

The Election.

SAN FRANCISCO, 5.—There is nothing new in financial affairs. The gubernatorial vote, so far as returned, is Irwin 43,000, Phelps 35,000, Bidwell 18,000. The legislative returns are not yet complete, but the Democrats will have an overwhelming majority. The contest on the mayor is still undecided, with chances favoring Clayton, the *Chronicle* candidate. The constitutional convention is defeated.

War Material for the Carlists—Servia Will Not Trouble.

LONDON, 5.—It is reported that an English steamer has succeeded in landing at Motrico a large cargo of war material for the Carlists, including four pieces of artillery, 5,000 rifles, and 100 cases of cartridges.

A dispatch from Constantinople states that information has been received from Belgrade by the Turkish government, and by foreign embassies, which removes all apprehensions that Servia will by her conduct add to the complication of the Herzegovinian question. A solid agreement between the powers and the Servian government has been effected at Belgrade, owing to the pressure brought to bear by representatives of the former. Servia undertakes to retain the party of action within her borders.

The strike at Oldham is ended. The terms of the operatives have been accepted, and work will commence to-morrow.

FRANCE.

The Lourdes Pilgrimage.

PARIS, 5. — *L'Echo Universal* states that correspondence has passed between France and Germany with regard to the proposed pilgrimage of German subjects to Lourdes. The German communications are conciliatory in tone and pronounce the Frenchman Cobralt entirely free from responsibility in the matter.

TURKEY.

Insurgents Submitting.

CONSTANTINOPLE, 5.—Sever Pasha, in a telegraphic despatch, dated Mostar, to-day, says many insurgents have submitted, and the agitation is partly allayed. The imperial troops have been traversing all parts of the country for several days without meeting with resistance. He believes order will be restored before the foreign consuls begin the work of mediation.

Insurrection in Bosnia.

BELGRADE, 5.—An insurrectionary movement is reported in the neighborhood of Gradiscshatz, Bosnia, instigated by a band of Servians. It is asserted that the whole district of the south-eastern frontier of Bosnia is rising.
