

RUSTLING FOR THE \$25,000.

Vigorous Contests For Land to Exchange for the City's Cash.

THE REAL ESTATE MEN ORGANIZE.

Location of Salt Works—Tentative. The Mine—Other Items.

CANVASSING FOR LAND.

The real estate men held a meeting today, and organized a committee for the purpose of canvassing the entire city, for the location of land to transfer to the city in lieu of the \$25,000 which the municipal council has appropriated for the purpose, and which will make a part of the bonus of \$100,000 for the copper refinery. The city was divided into six districts, and a committee assigned to each as follows:

First district—All that part of the city lying east of Main street and west of South Temple, and North Temple streets. Committee—J. H. Lusk, S. D. Cady, J. W. Allen, H. C. Lee, Wm. Fuller, George Brown, B. H. Hickox, J. P. Carter and O. H. Knowlton.

Second district—All of the city from Main street west to the Jordan river, and between South Temple and North Temple streets. Committee—F. W. Lusk, C. A. Gieseler, C. S. Greenleaf, J. H. Cline, W. P. O'Meara, Paul A. Hagler, E. A. Allen.

Third district—All of the city west of Main street and north of South Temple to the city limits. Committee—Edward Hovick, H. E. Townsend, J. C. Lusk, T. A. Ayer, L. C. Cady, W. C. Allen, A. J. White and H. C. Knowlton.

Fourth district—All of the city east of Main street and north of South Temple to the city limits, including Poppleton, Packer, Temple, and Taylor, Jackson, Main, John, Wm. J. T. Lusk, L. M. Earl, Danaher and Hovick, and J. P. Carter.

Fifth district—All of the city east of the Jordan river and south of North Temple to the city limits. Committee—J. H. Lusk, S. D. Cady, J. W. Allen, H. C. Lee, Wm. Fuller, George Brown, B. H. Hickox, J. P. Carter and O. H. Knowlton.

Sixth district—All of the city east of the Jordan river and within the city limits. Committee—J. H. Lusk, S. D. Cady, J. W. Allen, H. C. Lee, Wm. Fuller, George Brown, B. H. Hickox, J. P. Carter and O. H. Knowlton.

REAL ESTATE EXCHANGE.

The real estate men and a number of property owners held a meeting in the board of trade building at 4 o'clock yesterday afternoon, at which a new real estate exchange was organized. There was some discussion as to whether it would be better to constitute the exchange as a corporation, or as a voluntary association, but the latter was decided to begin with, and keep out of the hands of the law. The exchange was organized as a voluntary association, and the members agreed to contribute to the fund for the purchase of land for the city.

THE MINING COMMISSION.

Nothing definite has been arranged about the mining commission to be held in June, but the finance committee are anxious to be able to raise the money necessary to hold the meeting in this city. Another meeting of the committee is to be held at 4 o'clock this afternoon, to arrange for obtaining the subscription for the commission.

THE KALAMAZOO.

The Kalamazoo mine is one of a group of mines in the American Fork canyon. It is owned by F. H. Morgan, of the city. T. B. Culler of Lehi, John Peters of American Fork, and the heirs of W. H. Brown of Provo, a company have been organized to work the mine, and it is anticipated that papers of incorporation will be filed in a short time. The mine is a deposit in an old channel with south, east, gravel and boulders of which are mixed together. The boulders of granite are all the way from a few inches up to four feet. The owners give the assay of an average of 100 tons of ore, and the value of the mine is estimated at \$100,000. The mine is a deposit in an old channel with south, east, gravel and boulders of which are mixed together. The boulders of granite are all the way from a few inches up to four feet. The owners give the assay of an average of 100 tons of ore, and the value of the mine is estimated at \$100,000.

A BIG BUIT.

Attorney C. O. Whittemore is now at Los Angeles, California, associated with a joint case, in which several Salt Lake parties are engaged as plaintiffs in a suit for a valuable tract of land at Los Angeles. The tract is now valued at \$250,000. It has been divided and sold off in lots to some 120 persons, who now hold the titles. The plaintiff in this case is the estate of Charles W. Dennis, who was Mrs. K. H. Whittemore, wife of H. B. Whittemore, of this city. Frank H. Dennis, and Walter H. Dennis, the latter is a minor child, his guardian being J. M. Harvey. The suit in this case is stated to be the first of its kind in the history of the state, and is expected to be a landmark case.

THE ORPHAN BOY.

The Orphan Boy and sixty other mining claims at Copper Lake, Cal., are to be sold in a public auction by a company having \$15,000,000 capital. The claims are located in the Sierra Nevada mountains, and are of great value. The auction is to be held in the city of Los Angeles, California, and is expected to attract a large number of bidders.

THE ANNUAL MEETING.

The annual meeting of the shareholders of the Orphan Boy Mining Company will be held in the city of Los Angeles, California, on March 15th. The meeting is expected to be a successful one, and will result in the election of new officers for the coming year.

one now ask that the deed made by Turner be declared null and void, and that they be declared the owners of the property and entitled to its possession. The suit is being vigorously contested by the purchasers of the land.

REMOVED TO THE MINE.

Brief mention was made yesterday of William Newton's discovery in Emigration canyon. Mr. Newton has been prospecting for years, and is now satisfied that he has a bonanza that will bring him an income for his old age. He is the possessor of a valuable deposit of lithographic stone of good quality, and near to this, but dominant, he made his discovery of the sample which he now shows to his friends. The stone is of a fine quality, and is well adapted to a variety of uses. Mr. Newton says that in his location there are two veins, one five and a half feet thick, and the other four feet thick. The deposit is located in the Emigration canyon, and is of great value. The stone is of a fine quality, and is well adapted to a variety of uses. Mr. Newton says that in his location there are two veins, one five and a half feet thick, and the other four feet thick. The deposit is located in the Emigration canyon, and is of great value.

THE COVILVILLE MINES.

The U. V. Academy Business Department contains the following account of the coal mines of Coville, Summit, and Emigration. The mines are of great value, and are well adapted to a variety of uses. The stone is of a fine quality, and is well adapted to a variety of uses. Mr. Newton says that in his location there are two veins, one five and a half feet thick, and the other four feet thick. The deposit is located in the Emigration canyon, and is of great value.
