DISASTERS.

The Storm's Ravages.—Thousands Without Shelter, Etc.

COHASSET, Mass., Nov. 27.—It is reported that the Philadelphia vessel *Allentown* foundered off this port. There seems to be but little doubt that the steamer sank on some of the ledges directly outside this port. At 2 p.m. Sunday a number of people at the village heard the steamer's whistle. Last night an immense amount of wreckage came ashore at Sandy Grove and on Sandy Beech, the marks upon which indicated conclusively the wrecked steamer must have been the *Allentown*. The *Allentown* is an iron boat of 1289 tons burden. She was built and owned in Philadelphia.

All day long wreckage of various descriptions has been coming ashore along the beaches, more particularly at Sandy Cove.

HUGE TIMBERS,

cabin furniture, fine inside furnishings, chairs, life preservers and other articles belonging to the steamer's outfit, and many of them stamped *Allentown*, have been seen in the breakers, on shore, and found scattered along the water front. This wreckage tells too plainly that the fine iron steamer *Allentown* has been broken up on one of the huge sunken ledges at this port, always a terror to mariners. [illegible] Colonel W. Frost, one of Cohasset's oldest citizens, from whom the first information of the landsmen came, is of opinion the vessel found her grave on this sea ledges or on the grampus, which are long sunken ledges lying about three miles from the nearest point of the mainland. If such is the case the vessel must have gone down with all on board within a very few minutes after striking.

Since the early reports of the

SUPPOSED CATASTROPHE

many villagers have been seen, and they say they distinctly heard the steamer's whistle shortly after noon Sunday, repeated at brief intervals for an hour or more, as if signaling for assistance or a pilot. It was so thick at the time that nothing could be seen at so great a distance from shore, and even if any observation could have been made no boat could have lived in the tremendous sea then raging.

The schooner *Lasonsa*, before reported as stranded on Pleasant Beach, has come to pieces. Her deck was lifted clear off the vessel and piled in a confused mass on the beach beside the hull of another schooner.

Summer cottages and similar structures on the water front are wrecked and their ruins line the beaches. Many of the beautiful drives to the summer residences are washed away and gutted or covered with wreckage. There was

GREAT DAMAGE

to land property along Crescent beach between Green Hill and Gum Rock. Along this stretch is a line of from twenty to thirty small summer cottages averaging in size about twenty to thirty feet. There is not a single one of these that does not bear marks of the terrible force of the storm. Some of them were lifted from their foundations and carried back several feet. The total loss to property on the beach will reach many thousands of dollars.

At the Hotel Nantasket the covered promenade connecting it with the Rockland Cafe was partly destroyed by the wind.

The road-bed to the Nantasket Beach, a branch of the Old Colony Road, is entirely washed out from the Hotel Standish to a point half a mile northwest of the Ocean House.

The wrecked brig *Alice* is rapidly breaking up, and has been stripped of everything portable.

PHILADELPHIA, Nov. 27. — The steamer *Allentown*, reported lost off Cohasset, had a crew of 17 men commanded by Capt. Odiorne.

The vessel is one of the Philadelphia & Reading Coal & Iron Company's line of colliers.

TWELVE DROWNED.

LONDON, Nov. 27.—A dispatch from Whitby says a lifeboat upset there today and twelve persons were drowned.

SPRINGFIELD, Mass., Nov. 27.—The beautiful brown stone church of the First Congregational Society at Northampton was ruined by fire this afternoon. The building was new and cost $85,000; insurance $50,000. George W. Cable, the novelist, joined the firemen in their work, and was one of the most active and efficient men on the scene.

PARIS, Nov. 27.—The village of Vaudouacort, near Nancy, has been destroyed by fire. Thousands of persons are without shelter.

CLEARING UP.

ATLANTIC CITY, N. J., Nov. 27.—The storm has abated and the sun is now shining brightly. A survey of the situation shows that no such destruction to property on this coast has been known since the incorporation of the city. Hundreds of property owners from Philadelphia and other localities have come down, fearing their property would be

SWEPT AWAY

last night. The tide receded today and the sea, under the influence of a northwestern wind, was beaten down, but the result, especially in the lower portions of the city, is one of almost complete destruction. The work of the waves was quick and complete and the individual losses are numerous. In the excursion house district the destruction of property is as enormous as it was unexpected, as a survey shows that for twenty years the beach in that section has changed but little, and danger from storms was not anticipated. The beach today is lined with thousands of residents and visitors, including photographers and artists sketching the ruins. Many sufferers of the storm are people of moderate means, and their losses will be severely felt in the coming winter.

IN THE SNOW.

NEW YORK, Nov. 27.—The steamers *Hans and Kurt*, *Arizona*, *Gallia* and *Wyanoke* were the only vessels to reach port today. All report having been caught in the storm, but so far as known, the first named was the only one that sustained damage, and that only about the decks.

SAG HARBOR, L. I., Nov. 27.—Half the village was inundated yesterday. The Nassau House, the principal hotel, has been unable to serve its guests with meals since Sunday, the kitchen being under water. More than half a mile of the Long Island railroad track in this village was washed out. For the first time within the memory of the inhabitants the tide water from the Atlantic reached Peconic Bay. The heavy seas and high tides forced a channel through the outer beach to Shinneconk Bay and caused the bay to rise over six feet and the tide to flow through the canal to Peconic Bay.

TWO IMPORTANT TRIALS.

The Anarchists and the Opium Smugglers.

CHICAGO, Nov. 27.—The trial of John Hronek for conspiracy to blow up Judges Gary and Grinnell and Police Inspector Bonfield with dynamite was continued today. The first witness was Frank Chleboun, one of the conspirators who turned state's evidence. He testified as to the circumstances under which he first met the prisoner. Afterwards he met Chapek and became intimate with both. He was a frequent visitor to Hronek's house. The last Sunday in May Hronek told the witness how he had a great scheme to burn up the lumber yard, but it had been discovered. He had also missed a chance to kill Bonfield and was afraid he would never have another. He testified at length concerning their experiments with dynamite and then said that on several occasions Hronek had said that he must

HAVE REVENGE

for the death of the anarchists. He showed the pictures of Grinnell, Gary and Bonfield. A German named Schneider told him where Grinnell lived and showed the plot of Aldine Square and, July 4 Hronek, Chapek and witness went in search for the house. They finally found the house and took a good look at it. On the way home Hronek said President Cleveland had a narrow escape when on his visit here. At that time he (Hronek) had been ready to throw a bomb at the presidential carriage, but was dissuaded by Schneider and Nihlunda. Hronek's plans were to kill Bonfield, but on talking it over with Chapek decided to put an end to Judge Grinnell first. He said that if no better opportunity offered he would go into the courtroom and throw a bomb at the judge. Then if the police tried to capture him he would

USE A BOMB

on them, and if this failed he had a revolver and would shoot the officers and then himself. If he got a chance at Grinnell or Gary on the street he would use a knife.

Chleboun admitted reluctantly that he was an anarchist and had drilled with the Lehr and Wehr Verein in the old days before the Haymarket episode. He also said he had gone to Chapek's house to receive instructions in the art of making dynamite. He paid two dollars for the lesson but did not learn anything. He said Hronek had told him on the trip to Riverside that he was the man that threw the bomb at Haymarket. At first Chleboun did not believe this but after he saw the bomb in Hronek's possession he thought it was the truth, and a few weeks later he told Attorney Fischer about it. He had told no one else prior to this.

At this point an adjournment was taken until tomorrow.

THE OPIUM SMUGGLERS.

AUBURN, N. Y., Nov. 27.—The first of the famous opium smuggling cases was moved at the opening of the United States court this morning. The defendant is Edwin Gardner, who has been indicted for smuggling an aggregate of 3500 pounds of opium. Gardner was once a special agent of the government, when he acquired full knowledge of the methods of the customs collectors. One of the branches of the case is the trial for conspiracy for an alleged combination to steal captured opium packages from the Ogdensburg custom house, and substituting blocks of wood, for the double purpose of getting opium and destroying the evidence.

Deputy Internal Revenue Collector Lyon, whose office is next to the room in which the opium was stored, Lawyer Stone and Janitor Comiskey were arrested on the charge of

CONSPIRACY AND THEFT.

Gardner, who had given bail, was subsequently again arrested at Chicago while trying to sell opium. John C. Harris, a prominent lawyer of Seattle, W. T., is also one of the defendants in this part of the case.

Gardner was brought into court at 10 o'clock this morning. His eyes are weak and he wore a bandage over them. Ex-Congressman Richard Crowley of Lockport, appeared as his counsel. United States District Attorney Lockwood and assistant Hoyt represented the government. A jury was obtained in an hour, and assistant Hoyt opened the case, relating the story of the smuggling operations.

The first witness called for the government was J. Chandler Houghton, special agent to the Treasury department. He testified to arresting Gardner and his cousin, Ephraim Redwood, and confiscating their trunks. He searched Ephraim's barn and found 780 pounds of opium concealed amongst the baled hay. Four trunks of opium were brought into court and identified as the

CONFISCATED GOODS.

Albert Rowland, the deputy collector at Morristown, who was with Houghton when he made the arrest, corroborated the testimony.

After recess many witnesses for the government were examined. Wm. H. Daniels, ex-collector of the Port at Ogdensburg, testified that Gardner had told him about a lot of opium being shipped to San Francisco and if the matter of his arrest could be kept quiet he would tell at the proper time who shipped it.

The government closed its case this evening and Ex-Congressman Richard Crowley, of Rockport, counsel for Gardner, asked the court to direct a verdict of not guilty, on the ground that the indictment did not follow the language of the statute and did not charge the defendant with bringing an article into the United States upon which there was a duty levied. The indictment described the smuggled opium as smoking opium. In the revised statutes it was described as opium for smoking. The court denied the motion, and an adjournment was taken until tomorrow morning.

POLITICAL POINTS.

A Letter from Harrison.—Indiana and Illinois Returns, Etc.

GREENVILLE, S. C., Nov. 27. — The Greenville *Daily News* prints a letter recently received by its editor from General Harrison and published by his permission. It was written in reply to a letter urging that the southern commercial interests be relieved from the obstruction caused by doubts and fears regarding the southern policy of the coming administration and asking if General Harrison would make some general assurances of his purpose to follow a conservative course toward the south, and is as follows:

INDIANAPOLIS, Nov. 14, 1888.

To A. B. Williams, Esq., Greenville, S. C.:—

My Dear Sir:—Your letter of November 10th has been received. I am not ready to make any public utterance on any public question. Every day I am solicited by special correspondents of the press to speak upon this subject or that, but I have invariably declined, and to your appeal for some expression upon the question that interests you, I must, for the present, make the same answer. I understand you have yourself been satisfied with the expressions made by me in my public utterances to visiting delegations during the campaign. When the surprise and disappointment which some of your people have felt over the result has passed away and they give some calm thought to the situation I think they will be as much surprised as I am that they should in thought or speech impute to me unfriendliness towards the south. The policies in legislation advised by the republican party I believe wholesome for the whole country, and if those who, in their hearts, believe with us upon these questions would act with us, the other questions that give you local concern would settle themselves.

Very truly yours,

BENJAMIN HARRISON.

DON'T DISCUSS POLITICS.

CHICAGO, Nov. 27.—Major Warner, the newly-elected commander-in-chief of the Grand Army of the Republic, arrived at Chicago from Kansas City this afternoon. "No, we do not discuss politics in the Grand Army," he said in answer to a question, "and if anyone says so and is dissatisfied with the order, he may withdraw." Regarding the intentions of General Palmer and other prominent democratic members who have decided to withdraw from the order, charging it was a political organization, the commander had nothing to say. "The Grand Army men have decided to drop the whole matter," he said.

NEW YORK, Nov. 27.—The republican "Spellbinders" met in the Fifth Avenue Hotel this afternoon and completed the organization of the

REPUBLICAN ORATORS

in the late campaign. It was determined to call the organization the "Republican Spellbinder Association." Hon. Chauncey M. Depew was chosen president and named the following vice-presidents: Col. Elliot Speppard, Mrs. J Ellen Foster, Charles Foster, Wm. McKinley of Ohio and Governor William P. Dillingham. Among the members of the executive committe are General Anson G. McCook and H. K. Thurber.

INDIANAPOLIS, Nov. 27.—The official canvass of the Presidential vote of Indiana was completed tonight. The total vote is 536 949, divided as follows: Republicans, 263,361; democrats, 261,013; prohibitionists, 9881; labor, 2694. Republican plurality, 2348. General Hovey's plurality, 2200.

NASHVILLE, Tenn., Nov. 27.—The state board of canvassers, to whom all the returns are certified,

FAILED TO AGREE

upon the contest for the certificate to Congress from the third district. Governor Taylor endorses the claim to the certificate of H. C. Evans, republican Secretary of State Allison, the other member of the board, declares that Bates, democrat, is legally elected Further consideration of the matter was deferred until next Monday.

INDIANAPOLIS, Nov. 27.—The President-elect had a number of distinguished visitors today, including Senator John C. Spooner of Wisconsin, Congressman John R. Thomas, of Illinois, Congressman T. D. Owen, of Indiana, General Reuben Williams of Warsaw, Indiana, and Senator Allison of Iowa. The visit of Senators Allison and Spooner bore the appearance of having been prearranged, as Senator Spooner came from Washington while Senator Allison came from Iowa en route to Washington. Their appearance in the city put the newspaper correspondents in a flutter, and both distinguished gentlemen were

CONSTANTLY BESIEGED

for information, but the correspondents found them rather dry picking and exceedingly uncommunicative touching General Harrison or the Cabinet probabilities.

NEW ORLEANS, Nov. 27.—The *Picayune's* Baton Rouge special says: The board of canvassers this afternoon compiled the votes cast at the recent election for congressmen. Credentials were issued to all those elected, including H. Dudley Coleman, republican, in the second district.

CHICAGO, Nov. 27.—The official canvass of the Illinois election returns was finished today. Fifer, the republican candidate for governor, has 12,532 plurality over Palmer, democrat. Harrison's plurality over Cleveland is 21,881.

The Railroads.

The freight committee of the transcontinental association which has been in session at St. Louis the last two weeks considering Pacific Coast tariffs, reconvened yesterday in this city to continue the work which will probably take all this week. The committee had an animated discussion regarding the proposition that rates from Chicago to the Pacific Coast points should be fixed at 80 per cent. of the rates from New York. No result was reached owing to the refusal of Traffic Manager Stubbs of the Southern Pacific to make concessions. He thinks the rates from Chicago are now lower than they should be.

Some weeks ago the Grand Trunk applied to Collector Seeberger asking permission to carry Chinese on through tickets between the east and the west. This application was referred to the department at Washington. A reply by Assistant Secretary Maynard declines to grant the request.

THE ERIE ROAD.

NEW YORK, Nov. 27.—The annual report of the Erie road for the fiscal year ending September 30, 1888, shows a surplus over all charges, except interest on income bonds, of $783,842, against $691,999 last year. The annual meeting was held today. No opposition to the regular ticket.

Grand Chief Arthur, of the Brotherhood of Engineers, arrived here from Indianapolis this afternoon. It was rumored he had come here to hold a conference with Grand Master Sargent of the Firemen's Brotherhood to decide whether or not to call out all of the men employed on the western road, with which the order now has differences, and cause a great strike. But Mr. Arthur said:

"I am not here for any such purpose and have not seen Mr. Sargent. I cannot say at present what the outcome of the trouble will be, but I am of the opinion that a general strike will not occur."

Rabbi Messing.

CHICAGO, Nov. 27.—Rabbi Messing of San Francisco, who has been visiting here for four days, was called on by a *Daily News* reporter and shown the special dispatch from San Francisco saying his reader in the synagogue had been removed for talking disrespectfully of his superior and would hold Missing responsible for $1100 damages for causing his dismissal. It wound up with a revival of the story said to have been circulated some time ago alleging that the Rabbi had been induced by "Big Bertha," a well known confidence woman, to secure her entree into the Jewish society of San Francisco, that she might pay her calling and said it was intimated that the Rabbi had come east in order to avoid testifying at her trial. "It's an infamous lie," said Messing hotly. "'Big Bertha' did come to me, it is true, with letters of introduction, but I made her acquainted with no one and that is the extent of my connection with the affair. I did not run away from San Francisco to avoid testifying at the trial either. I am here to visit my old friends, and after my trip I will go back to San Francisco."

Leprosy.

CHICAGO, Nov. 27.—The *Times'* Ottawa, Ontario, special says: Word has been received that the Chinese lepers in British Columbia have communicated the terrible malady to the Indians. Senator McInnis from British Columbia, stated that out of the total Indian population of the province, which he places at over forty thousand, he believes there will not be 5000 living in a quarter of a century as the result of leprosy. The Columbia authorities for several years have been officially informed of the presence of Chinese lepers, but took little or no action against them, fearing that the agitation of the subject would turn away the tide of immigration coming from Europe.

The Convention Adjourns.

INDIANAPOLIS, Nov. 27.—The General Assembly of the Knights of Labor adjourned at 1 o'clock.

The committee on resolutions recommended the appointment of a committee to investigate the mistreatment of knights in Louisville.

The Blair educational bill was endorsed.

Powderly named McKee, Boston and Janon a committee to investigate the Philadelphia office.

They Ridicule It.

PARIS, Nov. 27.—The *Journal Des Debats* and other Parisian journals ridicule the action of the majority of the Chambers of Deputies in adopting the motion of Mesliere yesterday. Wilson, in an interview, said the incident would not have the effect of keeping him from the chamber.

Jealousy.

AMESBURY, Mass., Nov. 27.—Last night Jewell Dargenton shot his wife twice and then shot and killed himself. The woman may recover. Cause, jealousy.

Henry George.

LONDON, Nov. 27.—Henry George in an address in London this evening said: "The grasping for land in America was rapidly making the country similar to England. He wanted to utterly abolish landlordism and to grant to every child a share in the soil.

The Arrestment Case.

EDINBURGH, Nov. 27.—In the case of Parnell against the London *Times*, Judge Kinnear has fixed on December 20th for the hearing of proof on the question of arrestments.

Counsel for Parnell have served an order upon the defendants requiring them to produce the contracts of copartnership of the *Times*, and also its business books and accounts.

Journalists in Mexico.

CITY OF MEXICO, via Galveston, Nov. 27.—A party of 101 editors of the United States National Press Association arrived here at midnight last night over the national railroad. They are the guests of the Mexican Press Association.

The government has renewed its war upon the journalists. Several more of them have been incarcerated in Belem prison within the last few days.

Is Consumption Incurable?

Read the following: Mr. C. H. Morris, Newark, Ark., says: "Was down with Abscess of Lungs, and friends and physicians pronounced me an Incurable Consumptive. Began taking Dr. King's New Discovery for Consumption, am now on my third bottle, and able to oversee the work on my farm. It is the finest medicine ever made."

Jesse Middlewart, Decatur, Ohio, says: "Had it not been for Dr. King's New Discovery for Consumption I would have died of Lung Troubles. Was given up by doctors. Am now in best of health." Try it. Sample bottles free at A. C. Smith & Co.'s drugstore. 5

Electric Bitters.

This remedy is becoming so well known and so popular as to need no special mention. All who have used Electric Bitters sing the same song of praise.—A purer medicine does not exist and it is guaranteed to do all that is claimed. Z. C. M. I.

PEED'S MILL, TEXAS, June 20, 1888—The Swift Specific Company, Atlanta, Ga.—Gentlemen: One of my children was troubled with rheumatism and boils for about two years. We gave her various kinds of medicine, but without profit, and began to despair of curing her at all. I was persuaded to try your Swift's Specific. After she had used several bottles the disease all disappeared, and she is now a hale, hearty and healthy girl twelve years old. Another child has just become afflicted in the same way, and I am using the S. S. S. and anticipate a prompt and permanent cure. N. C. WAGGONER.

RICH HILL, Mo., July 7, 1888—The Swift Specific Co., Atlanta, Ga.—Gentlemen: Our little girl when but three weeks old broke out with eczema. We tried the prescriptions from several good doctors, but without any special benefit. We tried S. S. S., and by the time one bottle was gone her head began to heal, and by the time she had taken six bottles she was completely cured. Now she has a full and heavy head of hair—a robust, hearty child. I feel it but my duty to make this statement. Respectfully, H. T. SHORE.

CHATTANOOGA, TENN., June 27, 1888—The Swift Specific Co., Atlanta, Ga.—Gentlemen: In 1886 I contracted blood poison, and at once sought a physician, who treated me for several months. By his advice I went to Crab Orchard Springs, Ky., where his course of treatment was carefully observed. I recovered, as I thought, but the next spring pimples began to appear on my face and body. These gradually increased to sores and running ulcers. I was advised to try S. S. S., and immediately after taking it I commenced to improve, slowly at first, but more rapidly afterwards, and soon nothing remained to tell of my trouble. My blood is now thoroughly cleansed, and my system free from taint, and I owe my present condition—a perfect cure—to your medicine. I cheerfully give this statement that others who have suffered as I have may reap the same benefit. HARDY M. BURT, 24 West Ninth St.

HOMER, La., May 23, 1888—The Swift Specific Co., Atlanta, Ga.—Gentlemen: About two years ago my general health gave way entirely. I was so debilitated that I almost despaired of ever feeling well again. All that the physicians done for me brought no permanent relief. Friends insisted that I should give S. S. S. a fair trial, although I thought it would be throwing away money. After taking a thorough course, my health and strength returned, and I must say that S. S. S. alone cured me, as I discarded all others while using it. As a tonic I can most heartily recommend it for general debility, it certainly is a specific. W. F. BARNES, J. P.

HOMER, La.—I know Mr. W. F. Bridges, and will say that his statement is correct. JOSEPH SHELTON, Druggist.

Treatise on Blood and Skin Diseases mailed free. THE SWIFT SPECIFIC CO., Drawer 3, Atlanta, Ga.

Food For Reflection.

Some time since the scientific heads of the Great Universities of the country took up the subject of baking powders, subjecting every brand on the American marked to a chemical inquisition that nothing known to the adulterator's art could possibly escape. A feature of their findings, a feature that has food for reflection in it, is that Dr. Price's Cream Baking Powder was found to be free from all adulterants. The most perfect made. 6

MATTERS OF INTEREST

TO

Gardeners and Farmers.

BUY NORTHERN-GROWN SEEDS. WE ARE THE PRODUCER OF seed sold by us. They are the best in the world. They are the best for all climates. They are earlier, more hardy, vigorous and productive than those grown in lower altitudes. We keep a large stock of fresh seed and believe that we can give you satisfaction. We unhesitatingly affirm that no better seeds than those we deal in CAN BE PROCURED. Bestowing such assiduous care upon them, we feel justified in saying our seeds are UNSURPASSED in purity and quality. We do not pretend to be the "only house in the west selling NORTHERN-GROWN SEEDS," but we do claim that we have the very best seed to be had anywhere; and that has not been all over the country, for several years, in commission boxes, as we do not send out any commission boxes at all, as so many do. Ask your HOME MERCHANT for our Northern-grown Seeds OUR PRICES are as low as reliable stocks can be sold at and afford a fair remuneration for the expense and labor attending the proper conduct of the seed business. We ask a trial order from all who have not used our seeds. Write for circulars. Address all correspondence to the UTAH NURSERY CO., General Western Agency, Salt Lake City, Utah.
