GOVERNMENT DEPARTMENTS

Idea of Bringing Them Into Closer Relationship Discussed By Various Heads.

PRESIDENT IS INTERESTED.

Administration Would Work Out Plan Of Legislation Satisfactory to All Concerned.

Washington, April 14.—The idea of a closer relationship between the various departments represented in the cabinet was discussed today at a conference of Atty.-Gen. Wickersham, Solicitor-General Bowers, Secy. Nagel of the department of commerce and labor, Secy. Ballinger of the interior department, Chairman Knapp and Commissioner Prouty of the interstate commerce commission, and Representative Townsend of Michigan.

Ten days ago Atty.-Gen. Wickersham indicated to those who were present at the conference that he desired to consult with them concerning President Taft's plan of bringing the departments closer together, particularly with respect to cases involving violations of the anti-trust law. President Taft thinks it may be possible to frame amendments to the existing law that will bring about the desired co-ordination.

The discussion was informal. No reference was made to the letter of Atty.-Gen. Wickersham concerning the Morris Packing company of Chicago or to any other specific case now pending before the department of justice. It can be said authoritatively that rumors of friction between the department of justice and the interstate commerce commission are unfounded.

Chairman Knapp of the commission, and Mr. Lane, in charge of the prosecution by the commission, unite in declaring that the relations between the commission and the department of justice are friendly, and that not the least disappointment is felt by the commission at any action taken by the department of justice.

The administration desires to work out a plan of legislation that will be satisfactory to the departments concerned.

COTTAGE BY THE SEA.

One Prest. Taft Will Occupy is a Great Show Place.

Waverly, Mass., April 15.—The cottage which President Taft and his family will occupy as a summer residence here has long been one of the show places of this section of New England. The house which is two stories and a half, occupies a commanding position on the shore front and is surrounded by spacious lawns and luxuriant greenery. Access to the ground is from Over street, where a wide entrance, flanked by two great stone posts mark the beginning of a winding avenue leading to the cottage itself. There is a covered portecochere over a private driveway leading to the house. A wide veranda circles the edifice on three sides. A splendid view of the water is obtained from the tower reaching to the height of a third story and generously provided with windows on all sides. Another veranda fronts the oceanside on the second floor. Most of the furnishings are of the colonial period.

A stable with accommodations for a half dozen horses and one or two automobiles form part of the estate.

BANKER LOOKING FOR FIREMAN WHO SAVED WIFE

Chicago, April 15.—Fireman James A. Joyce is in hiding. Louis B. Clarke, a banker is looking for him with what he describe as a "search warrant."

The situation is due to an act of heroism on the part of the fireman which called forth the plaudits of thousands of the Loop district who saw him stop a runaway horse at the imminent risk of his own life, thereby saving two women, who seemed doomed to death or injury. One was the wife of Mr. Clarke and it is the modesty of the firemen in secluding himself that has aroused the financier's determination to find, "even if it necessitates a trip with a search warrant."

Joyce was sitting with a newspaper and a pipe in front of his quarters when the runaway, dragging a light cab, dashed by. In a flash, the pipe dropped, paper hurled to one side, and his chair overturned behind him. Fireman Joyce made his leap. During the next few moments the excited crowds witnessed a spectacular rescue of two women from what had appeared to be certain death.

Clutching at the horse's bridle Joyce was dragged over the asphalt for more than a block before he stopped the animal. Cut and bruised, besmudged and besmeared, he disentangled himself from the horse's harness, saw to it that the women were lifted out and taken care of and then hastened back into his company's quarters and hid himself.

FELL IN LOVE WITH STEPMOTHER, MARRIED HER

Chicago, April 15.—Harry G. Beckwith of Chicago, son of the late Dr. Beckwith, has wedded his step mother.

This interesting event took place last Saturday, when the young man, who is 26 years old, was married to Mrs. Elinor T. Beckwith, formerly Miss Elinor Torguson of Albert Lea, Minn., after a courtship which interrupted his college course in Cornell university. News of the romance and the unusual matrimonial venture has just become known. The bride is 39 years old.

The introduction to the romance is almost as interesting as the final chapter. As a young girl Mrs. Beckwith met George Beckwith. They were married and moved to Ithaca, N. Y. At that time Harry was 13 years old.

After his father's death he corresponded with his step mother and was deeply attached to her.

Mrs. Beckwith became stenographer to Prof. Harry Powell in the bureau of foreign travel of Cornell university and lived abroad for several years. Returning to America, she moved to Chicago.

Young Beckwith followed her when he had completed his preparatory course in the Ithaca high school. Hhe went to Cornell university to study architecture, was graduated in February and returned to this city.

A sister of Beckwith married James Lynah, captain of the Cornell football team of 1904 and at one time all-southern quarter-back. His older sister married R. A Rapp, a prominent graduate of Sibley college of mechanical engineering at Cornell. The Beckwith family is well known in Ithica, and the bride and bridegroom have a host of friends in Chicago.

STUDENTS IN AMERICAN SYRIAN COLLEGE REBEL

Washington, April 15.—A dispatch from J. B. Jackson, the American consul at Appelt, Syria, says that the students of the Central Turkey college, an American institution at Taintab, recently revolted, defying the president of the college and the faculty. For a time the lives of Americans and other members of the faculty and the safety of American property were threatened.

At the request of the consul the government sent a force of soldiers to the scene for the protection of American interests.

The students were armed, but were over-awed by the unexpected appearance of a considerable military force. Fred Field Goodsell, president of the college, states that the offending students were all Armenians.

PRESIDENT ROOSEVELT SAYS

That outdoor exercise is needed by the American people. That's all very well, but how can people with rheumatism follow that advice? The answer is simple—use Ballard's Snow Liniment and the rheumatism will go; leaving you as spry as a colt. Gives quick and permanent relief from rheumatism, neuralgia, lame back and all pains. SON OF DISTINGUISHED SIRE CHARGED WITH FORGERY

Chicago, April 15.—In the county jail awaiting trial on the charge for forging a postal money order, is the son of a former United States minister to China. The government, for which the father of the prisoner practically gave up his life in 1862 will demand that the son be sentenced to a term of years in the penitentiary at Ft. Leavenworth.

The story is that of Joseph Houston 63 years old, tall, grayhaired, distinguished-looking. His father was Jonas Houston, former New York district attorney, former congressman from New York, friend of President Lincoln and man of affairs. He died in Shanghai a few months after his appointment by Lincoln as minister to China.

Houston was arrested three months ago and has been kept at Joliet.

As his case is expected to come up soon in the federal court he was brought to Chicago and lodged in the county jail. He has not heretofore admitted his relationship to Jonas Houston.

Mr. F. G. Fritts, Oneonta, N. Y., writes: "My little girl was greatly benefited by taking Foley's Orino Laxative, and I think it is the best remedy for constipation and liver trouble." Foley's Orino Laxative is best for women and children, as it is mild, pleasant and effective, and is a splendid spring medicine, as it cleanses the system and clears the complexion. F. J. Hill Drug Co. (the never substitutors). Salt Lake City.

TRANSISTHMIAN TRAFFIC SHOWS GREAT INCREASE

Washington, April 15.—Traffic between the eastern and western coasts of the United States by way of the isthmian railways and steamship lines amounted to practically $50,000,000 in value in 1908, a marked increase over any earlier year, according to figures compiled by the bureau of statistics, department of commerce and labor.

The railway on the Isthmus of Panama, 49 miles in length, is devoted largely to traffic growing out of the construction of the Panama canal; the railway at Tehuantepec, 190 miles in length, although opened only at the beginning of 1907, carried during 1907 and 1908 between $60,000,000 and $70,000,000 worth of merchandise between Atlantic and Pacific ports of the United States.

Of the merchandise crossing by way of the Panama railway, $8,500,000 worth moved from the Atlantic to the Pacific and only a little more than $1,000,000 worth from the Pacific to the Atlantic. New York and San Francisco are the chief centers for this ocean and trans-isthmian traffic. Of the $2,750,000 worth of domestic traffic passing westwardly over the Panama line, practically all originated at New York and $2,500,000 worth of it went to San Francisco. The distance between New York and San Francisco by the two lines is: Via Panama, 5,705 miles; via Tehuantepec, 4,115 miles.

And while abroad he will arrange for the participation of foreign aeronauts in the Hudson-Fulton celebration flights between New York and Albany for a prize of $10,000 next fall.

Mr. Bishop will also go to Rome to confer with the brothers Wright concerning the reception by them of the medals with which the Aero club intends to honor them.

SEARCHING FOR A BLACKMAILER

Chicago, April 15.—The police are searching the district known as "Little Italy" to find the author of an alleged Black Hand letter received by Samuel Salvatori. The letter was written in Italian and demanded that $500 in cash be handed over by him last night on pain of violent death. Salvatori and a number of detectives kept the appointment, but the "Black Hand" did not appear.

There is a Heap of Solace in Being Able to Depend on a Well-Earned Reputation.

For months Salt Lake City readers have seen the constant expression of praise for Doan's Kidney Pills, and read about the good work they have done in this locality. Not another remedy ever produced such convincing proof of merit.

Mrs. Sarah Pearson, living at 542 Elizabeth St., Salt Lake City Utah, says: "I gave a statement recommending Doan's Kidney Pills in 1902 and at this time think just as highly of them. I have used them on many occasions during the past five years when suffering from attacks of kidney trouble and backache and they never fail to give the most satisfactory results. I think I can unhesitatingly recomend the remedy to others suffering from kidney trouble. I inherited my kidney trouble and suffered for many years. Sharp pains passed through my back and loins and there was a weakness of my kidneys. I procured a box of Doan's Kidney Pills at F. J. Hill's drug store and they gave me relief at once. I continued taking them and they cured me in every sense of the word. I advise anyone suffering from the same disease to take Doan's Kidney Pills.
