

## "PENNY'S" PRIZE RING GOSSIP

Large and Juicy Lemon May be  
Handed to Salt Lake  
Fight Fans.

IF THEY WILL STAND FOR IT.

Proposed Match Between Harry Lewis  
And One Peter Sullivan Who Claims  
To be a Fighter.

What is Billy Gibson trying to hand  
local fight fans? Who in the world is  
Peter Sullivan? Where did Gibson dig  
him up from and who has he fought?

If the scheme goes through, it looks  
like a large and juicy lemon will be  
handed to otherwise thrust upon Salt Lake  
fight fans, if not on Salt Lake, then on  
others.

Word comes from Denver that Billy  
Gibson has secured a match between  
Harry Lewis and Peter Sullivan for a six-  
round bout in this city on March 10th.  
There are plenty who will wager that the  
proposed "fight" does not come off in this  
city. It would be a different proposition  
if it were known that the man who may be  
known here to have done something in the  
Queensbury enclosure, but fight fans  
would like an answer to the above  
questions.

As to Lewis, he is all right. He has  
demonstrated that he has the fastest  
and gamiest fighters in the world, and  
is only a notch or so from the cham-  
pion. But Peter Sullivan, on the other  
hand, is a mystery. If the alleged fighter  
has any record, he has not shown it. If  
he is a six-round or a six-  
rounder, and why a well known Den-  
ver sporting writer takes him seriously  
is one of the mysteries of the day.

The proposition does not look good from  
any angle. When Gibson says he has  
good money they do so to see if they can  
evenly matched, fight for supremacy.  
They do not care to be separated from  
their money to see a top-notch fight  
around for a while, cross one over, take  
the money and like out for other  
ways picking.

### GANS AND NELSON.

The fight game seems to have struck  
rock bottom in Nevada. The Corbett-Har-  
rison fight is off. There seems little pro-  
spect for a return match between the  
Denverite and "Fighting Dick" Hy-  
land. The proposed Garra-Bart match has  
been practically dropped, and other  
propositions have fallen through.  
But Tex Rickard says a good thing  
is going after it. This means an  
evenly matched fight between Nelson  
and the Durable Dane, and Joe Gans,  
the wonderful colored fighter from Baltimore.  
There is a chance that this pair will meet  
in the spring and again struggle for the  
lightweight championship. There is no  
doubt that the match, if made, will at-  
tract more attention than any other  
event that has taken place in a couple of  
decades. If terms can be agreed upon,  
the battle will be back from Europe in  
time for the fight, and what a fight it  
will be!

### SOLDIERS TO PLAY BALL.

Next Sunday at Fort Douglas, there  
will be a baseball game between teams  
known as the Fort Douglas team and  
Company M team. They will line up as  
follows:

Fort Douglas.	Company M.
Irwin	.....Easton
Porter	.....Long
Bessner	.....R.
Trugnowski	.....R.
Waggoner	.....R.
Moore	.....S.

### SOPHOMORES DEFEATED.

The L. D. S. Commercial Course  
basketball team defeated the Eastern  
Sophomore team in a lively game yester-  
day afternoon by a score of 25 to 12.  
The lineup was as follows:

L. D. S.	Sophomores.
West	.....L. F.
Clark	.....R. F.
Beck	.....R. F.
Waggoner	.....L. C.
Smith	.....R. G.

### LADIES RACE TONIGHT.

At the Auditorium rink this evening  
Miss Blanch Osg of Salt Lake and Miss  
Eva Turner of Ogden will again contest  
on the little wheels in a half-mile race.  
The ladies' championship of the state  
and the event promises to be a most ex-  
citing one. Miss Turner met twice before.  
The first race resulted in a tie. In the  
second, at Ogden, Miss Turner won by about  
16 feet. If she wins tonight she will be  
champion. If the other wins, a fourth  
race will have to be held in order to de-  
cide a winner.

## It Costs Nothing

To find out for a certainty  
whether or not your heart is  
affected. One person in four  
has a weak heart; it may be  
you. If so, you should know  
it now, and save serious con-  
sequences. If you have short  
breath, fluttering, palpitation,  
hungry spells, hot flushes; if  
you cannot lie on left side; if  
you have fainting or smother-  
ing spells, pain around heart,  
in side and arms, your heart is  
weak, and perhaps diseased.  
Dr. Miles' Heart Cure will re-  
lieve you. Try a bottle, and  
see how quickly your condition  
will improve.

"About a year ago I wrote to the  
Miles Medical Co., asking advice, as I  
was suffering with heart trouble, and  
had been for two years. I had pain  
in my heart, back and left side, and  
had not been able to draw a deep  
breath for two years. Any little exer-  
cise would cause palpitation, and I  
could not lie on my left side without  
suffering. They advised me to try Dr.  
Miles' Heart Cure, and I did. I did  
not feel any better than I was before,  
having gained 15 pounds since I com-  
menced taking it. I took about three  
bottles of the two medicines, and  
haven't been bothered with heart  
trouble since."  
—MRS. LILLIE THOMAS,  
Upper Sandusky, Ohio.

Dr. Miles' Heart Cure is sold by  
your druggist, who will guarantee that  
the first bottle will benefit you. If it fails  
he will refund your money.

## THE FIRST MOTOR CYCLE.

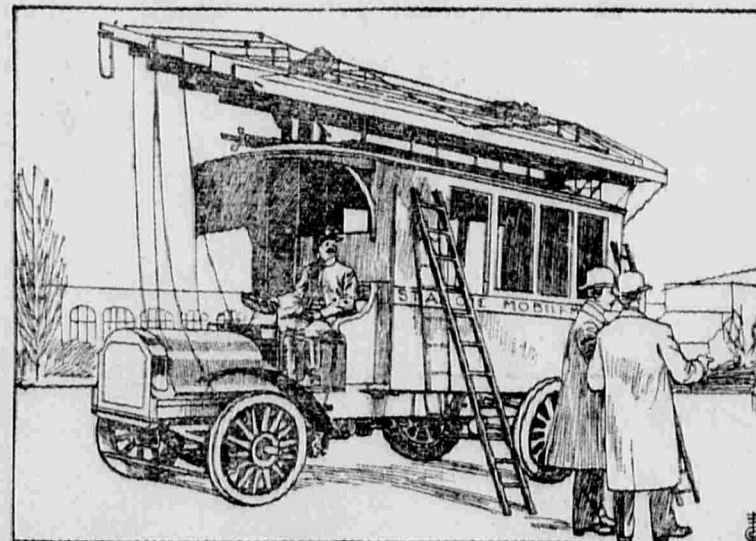

The machine shown in the cut made its appearance in 1885 and is claimed  
to be the first motor cycle that could reach a speed of fifteen miles an hour.  
It was quite complicated in arrangement, and the propelling power was  
supplied by petroleum ignited in a motor cylinder. At the time it appeared the  
speed limit was three miles, and there was so little inducement to perfect the  
invention that it was allowed to pass without an attempt to popularize it.

## A MAMMOTH PREHISTORIC SKELETON.

The skeleton of the huge animal shown in the cut was found recently in  
Alaska and will be exhibited at the Alaska-Yukon-Pacific exposition to be held  
in 1908. This latest world's show, which will be at Seattle, Wash., will offer  
numerous attractions, but nothing will be more interesting than the mammoth.

## A MOVABLE TELEGRAPHIC STATION.

The contrivance pictured herewith is a radio telegraphic station built on an  
automobile. The motor may be used either for traction or for generating elec-  
tricity as also for raising the pole which is fixed to the roof. It is designed to  
supersede the balloon, which is almost unmanageable when it is windy. This  
new apparatus, which has been adopted by the Italian war department, Marquis  
Solari, Marconi's secretary, is the inventor.

Kindness of the Poor.  
The old adage that the poor are the best  
friends of the poor was instanced  
in the story of a chambermaid who is  
a young widow with two children to  
support, says Harriet Quimby in Les-  
lie's Weekly. After a lingering sick-  
ness the younger of the children died,  
and the young mother's bank account  
having been depleted from defraying the  
expenses of the weeks of medicine and  
doctor's visits she was obliged to  
contract a debt to the undertaker's.  
After that she paid a small monthly  
installment until the bill was half set-  
tled, when one day there came through  
the mail a receipt for the remainder.  
The receipt was accompanied by a  
badly written and blotched note from  
a scrub-woman in a large up town ho-  
tel, who knew of the trouble, knew the  
family and the circumstances, and in-  
stead of explaining that she had no  
family nor near relatives, and that  
she wanted to use this surplus money  
for the little mother who needed all  
that she could make extra to support  
the remaining child. As scrub-women  
receive only 50 or 75 cents a day, one  
will readily appreciate the spirit  
which moved one kind soul to help  
another in distress.

What Was Wanted.  
With hisses and groans the audience  
greeted the crucial turkey scene of the  
new Thanksgiving drama. All hope,  
then, was at an end.  
"It's hard to tell just what the pub-  
lic wants," murmured the heartbroken  
playwright.  
"It's easy enough to tell in this  
case," said the manager grimly, "that  
it wants its money back."

## BLIND CATARRH DISEASED AND SYSTEM DISORDERED

Catarrh is not merely an inflammation of the tissues of the head and  
throat, as the symptoms of ringing noises in the ears, mucous dropping back  
into the throat, continual hawking and spitting, etc., would seem to indi-  
cate; it is a blood disease in which the entire circulation and the greater  
part of the system are involved. Catarrh is due to the presence of an excess  
of uric acid in the blood. The Liver, Kidneys and Bowels frequently be-  
come torpid and dull in their action and instead of carrying off the refuse  
and waste of the body, leave it to sour and form uric acid in the system.  
This is taken up by the blood and through its circulation distributed to all  
parts of the system. These impurities in the blood irritate and inflame  
the different membranes and tissues of the body, and the contracting  
of a cold will start the secretions and other disgusting and disagreeable  
symptoms of Catarrh. As the blood goes to all parts of the body the cat-  
arrhal poison affects all parts of the system. The head has a tight, full  
feeling, nose continually stopped up, pains above the eyes, slight fever  
comes and goes, the stomach is upset and the entire system disordered and  
affected by this disease. It is a waste of  
time to try to cure Catarrh with  
washes, inhalations, etc. Such treat-  
ment does not reach the blood, and can, therefore,  
do nothing more than temporarily relieve  
the discomfort of the trouble. To cure  
Catarrh permanently the blood must be  
thoroughly purified and the system cleansed  
of all poisons, and at the same time  
strengthened and built up. Nothing equals  
S. S. S. for this purpose. It attacks the  
disease at its head, goes down to the very  
bottom of the trouble and makes a complete  
and lasting cure. S. S. S. removes every  
particle of the catarrhal poison from the  
blood, making this vital stream pure, fresh  
and healthy. Then the inflamed mem-  
branes begin to heal, the head is loosened  
and cleared, the hawking and spitting cease,  
every symptom disappears, the constitution is built up and vigorous health  
restored. S. S. S. also tones up the stomach and digestion and acts as a  
fine tonic to the entire system. If you are suffering with Catarrh begin the  
use of S. S. S. and write us a statement of your case and our physicians will  
send you literature about Catarrh, and give you special medical advice  
without charge. S. S. S. is for sale at all first class drug stores.

I had Catarrh for about fifteen  
years, and no man could have  
been worse. I tried everything  
I could hear of, but no good re-  
sulted. I then began S. S. S., and  
could see a little improvement  
from the first bottle, and after  
taking a short while was cured.  
This was 12 years ago, and I am  
as well today as any man. I think  
Catarrh is a blood disease, and  
know there is nothing on earth  
better for the blood than S. S. S.  
Nobody thinks more of S. S. S.  
than I do.
