JAIL DELIVERY AVERTED.

OGDEN, Oct. 19.—Yesterday afternoon at the sheriff's office quite a sensation was created when Sheriff B. B.

Wilson announced the discovery of four small saws, such as are used by burglars and all professional criminals in attempting to escape from prison. It has been stated by the officers that somebody has been working these bars for the past several days, but they have been unable to get any evidence in the matter until this find was made by the sheriff yesterday. The saws are about three inches in length and made of very sharp steel. The teeth show that all the saws have been used, and the officers are thoroughly convinced that Bassett and probably some of the other occupants are implicated in the matter. There are a number of hardened criminals at the jail and no doubt many of them, one of them having had a hand in smuggling tools into their cells. Bassett refused to make any statement to the officers and all the other prisoners denied any knowledge of the saws. A complete change in cell assignments was made and there is no possibility of any further attempt at escape for a time, at least.

The highest medical authority on foods, Sir James Crichton Browne, LL.D.—F.R.S. of London, gives the best reasons for eating more Quaker Scotch Oats

In an article published in the Youth's Companion of September 23rd, 1909 Dr. Browne, the great medical authority on foods, says, about brain and muscle building—

"There is one kind of food that seems to me of marked value as a food to the brain and to the whole body throughout childhood and adolescence—that is oatmeal. A diet consisting of oatmeal is the best food for the human being, but eating it strengthens and enlarges the thyroid gland—this gland is intimately connected with the nourishing processes of the body."

In conclusion he says—

"It seems probable therefore that the bulk and brawniness of the Northerners (meaning the Scotch) has been in some measure due to the stimulation of the thyroid gland by oatmeal nutrition in childhood."

The Scotch eat Quaker Scotch Oats because it is the best of all oatmeals."
