A drunken Austrian created a great amount of excitement at one of the camps on the cut-off yesterday afternoon, and as a result Joe Antonovich is being held at the county jail waiting to go to Brigham City with Sheriff Josephson to answer the charge of assault with a deadly weapon. During the afternoon Joe got some bad whisky and then went to his car, where there were several of his countrymen, whom it is charged, he chased out with the revolver, after which he proceeded in true western style to shoot out all the windows. Incidentally he took a shot at some of his friends. Special Officer Jordan arrested him. He was brought in last evening by Special Officer Abbott.

It was quenched with water and a great deal of damage was done by smoke. The loss is estimated on building, \$500; on confectionery stock, \$500; on meat market stock, \$1,000. The meat market is owned by L. L. Stone, who carried \$1,500 insurance. The confectionery shop carried \$500 and the building was covered by insurance.

A verdict of \$4,000 in favor of Byron Moys against the Ogden Sewer Pipe & Clay company was brought in last night by the jury in the district court. This was the second trial of the case. The first jury brought in a verdict of \$2,500, which satisfied neither side, the defense making a motion for a new trial and the plaintiff not resisting.

## \$8,500 FOR THE LOSS OF A LEG.

The damage case of William Blyth vs. the Union Pacific Railroad company was settled by stipulation yesterday afternoon for \$8,500. The action was brought to recover \$25,000 for the loss of a leg.

Elders Taylor, Woodruff, H. M. Smith were present on the happy occasion and gave interesting addresses. The missionaries who are in the field were remembered by presenting a collection for their benefit. Elders H. Cleveland and E. Whitaker have recently returned from missions and four are now in the field. Fall rains and mild weather have enabled farmers to do their plowing and other fall work, and made favorable prospects for fall wheat. The health of the community is good, and the people have had a prosperous year.

## WOODRUFF.

## PHENOMENAL GRAIN CROP.

Stake Officers' Reunion—Melvin Cornia Has Leg Broken in a Runaway.

Special Correspondence.

Woodruff, Rich Co., Dec. 8.—We are having beautiful weather after several foggy days.

The grain yield is above the average this season. Cornia Bros. report 800 bushels of oats from eight acres. T. J.

Tingey raised 80 bushels barley to the acre; several others from 50 to 60 bushels of wheat and oats.

The steam thrasher has a record of 55,000 bushels.

The reservoirs have proved a success for about three years. It has been ascertained that there is ample power from the fall of the water in South Fork for the construction and operation of a good sized plant. C. K. Bannister, designer of the plant used by the Utah Light & Power company, stated a number of months before his death, which happened about three years ago, that a splendid plant could be installed for \$5,000. With the strong sentiment of the Huntville citizens and the splendid facilities at their doors it will not be surprising if the plant is in operation within a year.

On Monday the Equitable Co-op. held its annual meeting; a dividend was declared of 12 percent on purchase checks and 5 percent on capital stock. L. U. Marsden, Jos. Bentley, Nathan Benson, Wm. Benson and Alvin Benson were elected directors for the next two years.

The Relief society gave its annual

granting to him of a franchise. The applicant is a member of the municipal council of Huntville and buried by statute from receiving the franchise asked for. However, there is a strong sentiment for city ownership, and it appears altogether likely that city ownership will be the result. It has been ascertained that there is ample power from the fall of the water in South Fork for the construction and operation of a good sized plant. C. K. Bannister, designer of the plant used by the Utah Light & Power company, stated a number of months before his death, which happened about three years ago, that a splendid plant could be installed for \$5,000. ## MESA, ARIZONA.

## BALMY CLIMATE OF ARIZONA

Prosperous Season—Laying Up More Water—Stake Conference.

Special Correspondence.

Mesa, Maricopa Co., Ariz., Dec. 1.—The cold wave that swept over the country north makes us appreciate this perfect winter climate; the days here are delightfully warm, and the evenings balmy as spring.

The oranges are hanging on the trees, the shade is grateful at noonday, and this when the thermometer is fooling around zero in the north makes people think this one of the most favored winter climates in the world. The appearance of the Salt River valley at this season is a refreshing sight; the rows of beautiful blooming oleanders, the palm trees and the flowers all tend to charm the eye of the new comer. Such handsome roses are now in bloom that one would hardly believe it was the first of December.

The past season is some improvement on what we have had for number of years, yet we were short of irrigation water. But all are full of hope for the future for a large force is now at work on the great reservoir dam to impound water in the Tonto basin. When this is complete it is estimated that there will be plenty of water for this whole region, and that it will produce quite a boom in prices, already

wood haulers party on Thursday. A good supply of fuel was given to the meetinghouse, and some distributions were made to the needy.

## CHILDREN'S FESTIVAL.

The district schools are doing very satisfactory work. Yesterday the teachers employed musicians and gave the children a few hours dancing in the assembly hall of the new schoolhouse. It was conducted educationally as regards ballroom deportment, etc.; the children had an unusual treat.

## STAKE CONFERENCE.

The conference of the Maricopa stake convened at 10 a. m., Sunday morning, Nov. 29, President C. N. Hakes in charge. The wards were all represented as being in good condition. Among those in attendance was Parliarch H. F. Johnson who opened the Sunday afternoon services with prayer. It was pleasant to see him and hear his voice as he is one of the veterans of the Church, now in his eighty-seventh year, and unwavering in his faith and his testimony of the prophetic mission of Joseph Smith. He is one of the few left who saw the Zion's Camp and is full of reminiscences of those early days of the Church. Elder George T. Wilson is another veteran who was in attendance, and saw that each official was decorated with a beautiful flower from his garden. The only conference visitor was Elder Richard G. Lambert who is among the Saints of this stake again in the interests of the Deseret News.

Bishop Samuel Onenshaw of Nephi ward is reported very ill.

there are more enquiries for property here and prices are stiffening a little.
