bis of the Sevier.

How many of the brethren that are brought new work, built of granite, and commanding the bere builts are sauce, and there of the bauadand other countries will keep the faith, and fifty guns. atay with the people of God, and do right? I am South west of Fort Croushlet is Fort Reisbank, and piles of thin bat loaves of brown bread. These were all arranged clussly together on the waiter; each of the party was then presented which mounts sixty guns, and commands the past. But now arrived the moment of our religion, which gives me great the Gulf, north west of Fort Risbank is Fort peat. But now arrived the moment of our roligion, which gives me great the Gulf, north west of Fort Risbank is Fort peat. But now arrived the moment of our diffic, a samily count of our religion which gives me great the Gulf, north west of Fort Risbank is Fort peat. But now arrived the moment of our diffic, a samily count work of the souther on the souther of a count of the moment of our roligion.

All these fortresses are built upon small rocky which show were a single cover, and the course of the manufacture; field during the Mexican war, were repaired and assistance. A good appetite on to speak of the toolonkers, the little screw with bits of other pistols on the spot. In the too floor, just above this, men and proven unexpected relish, and, imilation or the size were used the the still move and the deepest sunk in degradation. When I see that the world have eyes, but too more of the size as spectra to fixed machine makers. In the too floor, just above the still move, as were used the the still move and the deepest sunk in degradation. When I see that the world have eyes, but too more of the size as the stern engine in the hot stone chamber below. The guile of the size as the store start with the is just put into more than two hundred parts, more than two hundred parts, power were an unclear the still power were an unclear to the store the store of the size of the si

I rejoice exceedingly that the work of God is progressing so raddly under the sun upon the -face of all the work of God is and just as much the work of God is service of all the work of God is and just as much the work of God is war, and bloodshud, as repentance and huptism for the re-mission of sins; and it must progress, for the oally means to bring about his purposes consummate his decrease, and each bit is purposes consummate. means to bring about his purposes consummate Such are the defences of Cronstadt, and with hearing the report of his decrees, and catablich eternal righteonsness, is out calling in question the skill or the bravery of ascertaio the cause. by cutting off the wicked from the earth, after he has sought to save them by the plan of salve-tion. Easing they would not he instructed—then as the Gulf than within gunshot of Peter the Great a kind father who cares for the welfare of his and Riesbank. children, he takes the chastening rod, he nushes the his sword in heaven and cits off the dischedingt, portion of his children. I rejoice to see this work

Progressing. To give you my ideas more clearly upon this matter. Suppose the prople of God are called out to war-would they wish to cultivate the same spirit that the wicked cultivate? No, they would not. Would they go out to war to satisfy a guil-ty thirst for idood? No. But they would exer-tise faith in the name of the Lord Jesus Christ, and execute the judgments of God upon the wickof by his commissid.

I know that some cannot see the difference between a man of God taking a sword as did Sumnel, and howing down Agag, and the wicked slaving each other; but they look upon that the same as they do upon one Gentile hewing down an-When the man of God raises the sword, other he would at the same time ask God to nerve his arm with strenth, and fill him with the Holy Ghost. Thus strengthened, one man would slay High, to execute his judgments, and bring to pass foreign mail. his purposes.

some think we rejoice to see the wicked in their ready, we have the privilege of hiring special thave overpaid us, I suppose.' distress, and to behald the calamity that is coming trains of slow-footed camele, with no small diffiour rejoicing; but we rejoice to see the predictors upon them. I don't know, dad; but Pll go out feel.'

A pedlar, calling on an elderly recently, to dispose of some goods, convesation, inquired if she could tell of any roud that no pedler had ever 17-

Tes. I know of one, and only one no pedlar has traveled, (the pedlar's e tenance brightened,) and that is the ro-Heaven,'

WILLS, WAN'TS AND CAN'TS .- Some " more wise than his fellows, says there cessities to aristocratic devotion; and to this the won'ts,' and the 'can'ts.' The for

In high aristocratic quarters, hypocrisy has its vantage ground. In 'the best society' religion is popular, and devotional exercises are

essential as contrasts to opera nights and ball room festivities. A pew in church is an ele-ment of respectability akin to a resplendent equipage or a service of plate. Unique cruciform churches are absolute ne- three kinds of men in this world-the'

end human ingenuity is tortured to achieve a effect everything, the other oppose a mudieval atrocity of disbolical ugliness and thing, and the latter fail in everythink miraculous inconvenience. Close upon the uning, and the latter that in everythese consecration of this offspring of a nightmare, will' builds our railroads and steambour comes a public auction, where the right to wor, sense, while a capit grows weeds for the ship God in a conspicuous situation, is knocked sense; while 4 can't grows weeds for the
