Rev. Geo. H. Frese, formerly pastor of the Iliff M. E. church, has been transferred to Kansas and preaches his last sermon tomorrow morning. His subject is "Spiritual Forces Back of Physical Forces." He lectures at the First M. E. church next Tuesday night on "The Possible Man."

The street railway management states that as high wages are paid to the carmen here in proportion to the population as is paid anywhere in the ountry, and that men who go away to work in other cities return and say they prefer working in Salt Lake in preference to working in other cities.

George R. Caldwell, special correspondent of the Denver News, is in the city on his way from Thunder mountain. He believes that 50,000 people will in the district by August 1, and thinks a man is unwise to go there be-fore June 1. Caldwell says that Thunintain will be one of the greatest low-grade ore districts in the world.

Rev. Gustave Mebuhr of St. Louis, who has been appointed by the German United Evangelical synod to take charge of the Utah field for several months, has arrived in the city and months, has arrived in the city will occupy the pulpit of the lecture room of the First Presbyterian church sternoon at 2 o'clock. All tomorrow afternoon at 2 o'clock. All the German residents of the city are cordially invited to be present.

William Lloyd, the well known painter, died at the home of relatives in this city last evening, the victim of exces-sive drinking. He had for years given way to his appetite for drink and was a familiar figure about the police court. He was a painter of ability and before his drinking undid him his work was always in demand. The remains are now at Joseph W. Taylor's undertaking par-lors awaiting the completion of the ar-rangements for the funeral.

Requisition papers upon the governo of Colorado for the return to Utah of Charles Bothe were signed yesterday by Governor Wells. Bothe is charged with the murder of his wife and Wil-

qualities with which he thinks a repre-sentative in Congress should be en-dowed, among other things, he should have "great facility of speech and apt-ness and urbanity of manner, and pos-sess the gift of oratory to such an ex-tent that he will be given a respectful

hearing on all subjects." He also thinks that the candidate should be an accomplished and educated man for if he is all these the statesmanship will follow as a natural concomitant, and the candidate, says he, should be measured

by these rules. He calls attention to the work he has done in and for the party, and, of course, asks for the support of all party men. FREE GRAVEL.

The city council has granted the citizens of Salt Lake the privilege of tak-

ing gravel from the city's gravel banks. The banks are located as follows: Two immediately north of the Warm

springs. Two in the City Creek canyon, about

one mile from Eagle Gate. The only considerations required by the council are that parties taking gra-vel from the City Creek bank shall not plie the larger cobble stones in the road, and shall not break down any fences or otherwise destroy any city property.

Citizens taking g avel from City Creek canyon are requested to take the same from the first bank.

#### .On Tuesday evening. April 1, 1902, the

Twenty-third ward Mutual Improve-ment associations intend giving a ward social as, a finale of their winter's work. Elaborate preparations for a pleasant evening are being made, including a song from little Millie Williams, an exhibition of legerdemain from Mr. Wm. J. Johnson, a program of songs, recita-tions, etc., from local talent. Mr. Vernon Felt will also give a seance in paim reading, the candidate being sep-arated by a screen, so that the past, present and future can be told without any but the palm of the hand as a

guide. A delightful entertainment was given last evening in the new Sugar House ward amusement hall. The Bishopric entertained all the residents of that

ward over 16 years of age. A musical and literary program was rendered by some of the best talent in the city, and President Brigham Young delivered the address of the evening. Refreshments and a dance followed the program. There were nearly 600 people present and the system used in serving the guests was so perfect that the entire number were served in five minutes The entertainment was considtime. ered by thosy present as the most enjoyable affair that has ever been given

in the ward.
