

TESTIMONY IN TRIBUNE CASE.

Ex-Commissioner Horne Discusses Authority Given Superintendent of Infirmary.

WITNESS GOES INTO DETAILS.

Says Mr. Jones Had no Right to Sell Any of the Products of the County Farm.

The taking of testimony for the defense in the libel suit of William H. Jones, Jr., against the Salt Lake Tribune et al. was commenced in Judge Little's court this morning at 10:45 o'clock at which time Judge Powers concluded his opening statement to the jury. The first witness was William J. Horne, who was county commissioner when Mr. Jones was appointed superintendent of the county infirmary and during the time the incidents cited in the articles published occurred.

He said that he had resided in this county for 46 years and was county commissioner during 1901 and 1902 along with James H. Anderson and Henry Barker. Mr. Jones was appointed superintendent of the infirmary on May 10, 1901, at a salary of \$110 per month, he stated, and the salary was increased at that time to \$120 per month with the understanding that the superintendent's family should not reside at the infirmary. He further stated that during the summer of 1902 Mr. Jones was given permission to have his family at the infirmary for a period of one month only. He had been told by Robert Sherwood that the plaintiff had bought goods at the county farm for the use of his family and had them charged to the county. When witness asked Mr. Jones about it he said that he had refunded that money to the county. The total amount of the Sherwood bill as he remembered it was \$121.

AUTHORITY OF MR. JONES.
Mr. Horne said that no authority had been given plaintiff by the commissioners to sell any of the products of the infirmary farm excepting one horse which was unit for services. In the fall of 1901 he said that the county paid out \$300 for hay on account of a shortage at the infirmary farm. No account was ever rendered to the commissioners of things sold by Mr. Jones, and so far as witness knew the treasurer's books only showed \$23 which had been turned in by plaintiff for sale of products. He was told by Mr. Sherwood that the latter had paid plaintiff \$70 for cows, \$50 for hogs and \$20 for eggs at another time in the fall of 1902, but the money thus received was not accounted for to the commissioners. He further said that the commissioners never authorized plaintiff to furnish food to the inmates which was not good or to give the employees better food than the inmates. No inventory of the stock at the infirmary was ever filed with the commissioners so that witness did not know what stock there was at the infirmary. Mr. Horne was still under direct examination when the court took its noon recess.

PRISONERS PLEAD GUILTY.
William Moor Gets Four Months for Criminal Assault.

Two prisoners appeared before Judge Armstrong in the criminal division of the district court today and pleaded guilty to charges against them and were sentenced to imprisonment in the county jail. William Moor pleaded guilty to a criminal assault committed upon Oct. 9, 1905, on the person of Ruby Bellon, and was sentenced to four months in the county jail. Attorney A. B. Edler represented the defendant and asked for clemency in behalf of his client.

Frank Rogers, a colored man, pleaded guilty to petit larceny and was sentenced to three months in the county jail. Rogers, on July 8, 1905, stole a diamond from James McTear valued at \$250. He was represented by Attorney J. M. Hamilton.

APPLICATION FOR MARRIAGE.
Gaston Smith, charged with importing French women into America, will plead tomorrow morning in the federal court. The woman in the case has presented an application to be allowed to marry Gaston, and the marshal's office, to whom it was presented, refused to consider it until after Smith had been sentenced. Both parties are said to be seeking marriage with only the bars of the county jail between them.

COURT NOTES.

Suit has been filed in the district court by Charles E. Hanning against L. Hanning to recover a total of \$1,491.12 alleged to be due on three promissory notes executed by defendant in 1901 and assigned to plaintiff.

The damage case of Maltiso against the Southern Pacific company was submitted to the jury in the federal court this afternoon. Upon the return of the verdict the jury will be excused until Monday, as the case set for tomorrow has been postponed.

A GUARANTEED CURE FOR PILES.
Itching, Blind Bleeding, Protruding Piles. Druggists are authorized to refund money if PAGO OINTMENT fails to cure in 8 to 24 days. 50c.

STAND BURGLARIZED.

That in City and County Building Broken Into.

The cigar and candy stand of Mrs. Sundquist in the city and county building was burglarized some time between closing time Wednesday evening and this morning and quite a lot of cigarettes, cigars and tobacco were taken. The burglar picked the lock on the show case and after helping himself placed another lock on them and consequently Mrs. Sundquist could not open them this morning until she secured assistance and removed the hinges completely. This is about the third time the stand has been burglarized in the past few years and it is a mysterious case for the reason that a watchman is on duty in the building day and night in order to prevent such occurrences.

NO CHALLENGE YET.

Not Likely that Utahs and Aggies Will Play Again This Season.

At noon today the University of Utah authorities had not yet received a formal challenge from Logan to play a post season football game with the Agricultural College. Coach Madden and Prof. Cummings both stated, however, that it was unlikely that the challenge would be con-

TEA
tastes good and makes one feel good besides.

Schilling's Best is the tea.

Your grocer returns your money if you don't think so.

JEROME AS AN ACTOR.

Jerome K. Jerome, who is to appear here shortly in a humorous recital, is at his best when relating his experiences as a provincial actor. Those were hard days, indeed," he said recently. "My salary, I think, was 10 shillings a week, paid in a very curious way. We would receive two shillings on Monday, a shilling on Tuesday, and the balance would be owed us. It was quite a common occurrence to find that the manager had died, and the balance would be owed us. Monday, and had been called to leave town, forgetting to leave his address behind him."

PLENTY OF BUILDING.

Many Moderate Sized Homes Will Be Erected in the Spring.

Contractors and architects agree that the coming year will witness an unusual amount of building with all classes of structures, particularly in the way of moderate sized homes. There is not much money in this latter for architects, as contractors are able to get the help of printed plans and specifications which appear in the illustrated journals, to put up office for six, eight, and even ten-story buildings without help from architects' offices. But, then, there is considerable to do at present for architects in finishing up work already underway and not completed, and an architect remarked this morning his belief that he would prove a better deal in the general building line. Work at the copper mill and smelters at Garfield is being hurried up irrespective of the weather, and a good deal is being done in interiors.

SHERIFF EMERY ILL.

Reports have been received in the city to the effect that Sheriff Emery was suffering with a temporary illness at his hotel in Portland but is expected to be able to appear before Gov. Chamberlain tomorrow in regard to the requisition of Fred H. Perkins, who is wanted here for embezzlement. The father of the prisoner, it is said, has made good the shortage of his son in an attempt to prevent prosecution, but whether or not he will be successful in his efforts remains to be seen.

NAUGHTY GIRL COMMITTED.

Lillie Jordan, the girl who was recently arrested at Bingham, was committed to the State Industrial school this afternoon by Judge Armstrong upon the charge of incorrigibility.

TWO GREEKS RELEASED.

The two Greeks accused of attempting to hold up Rev. Goodrich in the story of which appears on page five of this issue, did not appear in the police court this afternoon. After an investigation of the case the officers decided not to swear to any complaint against them, and accordingly they were released from jail without a stain on their character.

TEARING DOWN FRONTIER FORTIFICATIONS.

Frederickshald, Norway, Dec. 1.—The demolition of the frontier fortifications in accordance with the treaty recently signed between Sweden and Norway is actively proceeding.

WEATHER REPORT

Record at the local office of the weather bureau for the 24 hours ending at 6 a. m. today:
Barometer reading at 6 a. m., 25.68 inches; temperature at 6 a. m., 30 degrees; maximum, 36; minimum, 23; mean, 29.5; wind, S. E. 1 to 3 miles below normal.

Precipitation for the 24 hours ending at 6 a. m., .15 inch.
Precipitation since the first of the month, .15 inch, which is .05 inch above the normal.

Relative humidity at 6 a. m., 80 per cent.

LATE LOCALS.

The week of cloudy, stormy weather which was climaxed yesterday, leaving it fair and colder. The precipitation for the 24 hours ending this morning was only .13 of an inch over the Dooly block where the local weather office is located, but up in the mountains the fall was much greater.

The Salisbury building on Market street is now up to the second story, where it is beginning to make an impressive appearance. The construction is heavy, so as to admit of stories additional to the third, and when the full design has been reached will be one of the fine buildings in the town. McCormick & Gray, the contractors, say the building will be ready for occupancy in February.

The funeral services of the late Mrs. John M. Young were held at the family residence this morning in the presence of a large number of sorrowing relatives and friends. Bishop Joseph Christensen and Elders Seymour H. Young and Richard W. Young delivered eulogies, and Messrs. Pyper, Whitney, Ebsen and Spencer furnished suitable musical selections.

Local importers will remember that the customs regulations are very strict about examination of goods shipped in from foreign ports before delivery to the consignees. Some parties in this city, whose goods were subjected to a usual scrutiny recently, became highly incensed because their word was not taken, and the goods passed on their lips. The goods were made of a fine material and made a good deal of a fuss. The pleasure and place of the importers to accommodate them; but after the latter expressing themselves as abused because the goods were not taken, they were only observed, and the inspectors did their duty, the next examination of goods by these parties will be at the depot, and the convenience of the custom house.

Postmaster Thomas expressed his pleasure today at returning to Salt Lake. He said he was glad to find that Assistant Postmaster Kessler and the office force had gone on so faithfully during his absence. His only regret was that his physical condition was such that he was forced to be absent at so important a time in the history of the office. The postmaster returns greatly improved in appearance; in fact he looks his old self of former years. He says that his trip was the holiday of his life, and that while some of the old countries looked very beautiful, and were attractive in many respects, still, after observing the conditions which surround the people there, he was very glad that his ancestors had the good sense to leave and come to America.

NO INDICTMENTS RETURNED.

Against Members of the Delta Epsilon Fraternity.

Mount Vernon, Ohio, Dec. 1.—The Knott grand jury reported today that they failed to return any indictments against any of the members of the Delta Epsilon fraternity or any member of the Keenon college in connection with the death of Stewart Pierson who met a tragic death.

The jurors carefully examined all the testimony given at the inquest and they were of the same opinion as the grand jury that Pierson was either tied on the tracks or in such position that he could not extricate himself, but the guilty party or parties could not be determined.

THE EQUITABLE IN GERMANY.

Indications Point to Amicable Settlement of Difficulties.

New York, Dec. 1.—Referring to the news that the Imperial insurance offices at Berlin had agreed to accept responsibility for the Equitable Life Assurance society because of the society's failure to increase its cash reserve in Germany, President Morton said today:
"Indications point to an amicable settlement of existing differences by the end of the year. As a matter of fact we have large credits in Germany at this time and we are prepared to increase our reserves substantially."

TURKISH MINISTERS CONSIDER EUROPE'S DEMANDS

Constantinople, via Sofia, Dec. 1.—Extraordinary council of ministers in session at the Yildiz palace to consider the situation arising from the refusal of the ambassadors to modify their demands in regard to the financial control of Macedonia.

Twinkl Pasha, the foreign minister, previously interviewed the British ambassador, Sir Nicholas R. O'Connor, urging a compromise which would not injure the sultan's dignity, but the ambassador was obdurate. They declared any modification of the scheme was impossible.

RUMORS OF A RINGER.

New Orleans, Dec. 1.—Rumors were current in turf circles today that there was a ringer at City Park. The rumors, however, were apparently without foundation. The horse referred to is the two-year-old Red Ruby by Star Ruby Firenze, which is owned by Pat Civil. The suspicion of a case of "ringing" grew out of the fact that white Red Ruby is entered in the first race at City Park today there is also

A Red Ruby entered at Oakland. Nothing is known here of the Red Ruby at San Francisco. Today is the first of that horse. The local Red Ruby, however, has started on all the leading American turf associations and has been fully identified. Owing to the fact that there are now two turf governing bodies in the west, horsemen are at liberty to name their horses as they choose providing they are racing under one of these bodies.

CATHOLIC BANK CLOSES.

Mexico City, Dec. 1.—The Catholic bank, an institution operating under an Arizona charter and at the same set patronized by the higher clergy who, it is said, withdrew their deposits some time ago, has closed its doors. There was no run on the bank, which has refused to do business pending the appointment of a receiver. It is said that the bank had some \$300,000 deposits, mostly of the poorer class of people.

CONVICT ELDRIDGE HANGED.

Sacramento, Dec. 1.—Harry Eldridge, one of the Folsom prison convicts, who was a leader in the prison break on July 27, 1905, who was convicted of the murder of Guard William Cotter, died on the gallows at the Folsom state prison at 10 o'clock this morning. He refused to accept the ministrations of a priest or preacher. Eldridge demanded to have the death warrant read to him. Before the trap was sprung he said he was ready to die. He had tried to kick out of prison.

Harry Eldridge was one of the 13 men who rushed to the captain's office, captured the warden, captain and several guards and made their escape into the mountains. Eldridge was captured in Seattle a year after the breaking out, and was brought to this city and charged with murder. His case was appealed, but the supreme court sustained the rulings of Judge Hart.

BUSINESS NOTES.

Today's local bank clearings amounted to \$1,175,373.39, as against \$1,470,512.72 for the same day last year.

A copy of the articles of incorporation of the Meridian Irrigation & Reclamation company of Kootenai, Idaho, county, was filed in the secretary of state's office today. Its capital stock is \$2,150, divided into shares of the par value of \$5 each. John Christensen is president; W. B. Brown, vice president; J. E. Howard, secretary and treasurer.

CONDITIONS AT TONOPAH.

Mr. Eppinger, the mining man, returned today from Tonopah, Nev., for a few days. He reports the camp as having put off its swarming clothes, and put on the habiliments of permanency, with brick and stone buildings going up, and with the steady introduction of public utilities. However, the ore market is slow, as the smelters can not handle all the ores of local origin on account of scarcity of fluxing material, and some \$15,000,000 worth of ore is piled up on the dumps waiting a chance for shipment.
