

## POSTAL THIEVES MAKE BIG HAUL

Registered Mail Pouch Contain-  
ing Fifty Thousand Dollars  
In Currency Missing.

MAY BE DOUBLE THAT AMOUNT

When or Where the Bag Made its Dis-  
appearance Postoffice Officials  
Don't Know.

Los Angeles, Cal., June 10.—Rein-  
tant admissions made by the post-  
office officials of three cities today con-  
firm to some extent the belief that the  
disappearance of a registered mail  
pouch somewhere within the jurisdic-  
tion of the Kansas City, Mo., postoffice  
last Saturday night will prove one of  
the biggest hauls in the history of the  
postoffice department. From private  
sources it was learned today that the  
package of at least \$50,000 in cur-  
rency was among the contents of this  
pouch, which, carried, in addition, an  
unusually large number of letters and  
packages containing money and other  
valuable, which can only be conjectured,  
but which may reach \$50,000 more.

The pouch was in transit from this  
city to New York, and the postal in-  
spectors who have had the case in  
charge for at least 48 hours re-  
fuse any explanation of the mat-  
ter in which it became lost to sight in  
transfer from one responsible guardian  
to another, as the department regu-  
lations providing for the protection of  
registered matter are of the strictest.

That a pouch of valuable has dis-  
appeared was admitted today by the de-  
partment at Washington, by Postmas-  
ter M. H. Flint of Los Angeles and by  
Inspector W. J. Vickery, attached to the  
Kansas City postoffice, who appears  
to have the case for investigation. In no  
case, however, was there any positive  
information to be secured as to the  
amount stolen or as to the method em-  
ployed in carrying out the robbery.

The fact that the mail in process of  
transfer at the Union depot in Kansas  
City is handled in a temporary sub-  
station since the destruction of the regu-  
lar branch office by fire several months  
ago supports the theory that advantage  
was taken of conditions presumed to be  
more lax than ordinary.

There is reason to believe that the  
\$50,000 package of currency which will  
undoubtedly prove to be the largest in-  
dividual loss ever made by a  
Los Angeles bank to its New York cor-  
respondent, since transfers being fre-  
quent. Postmaster Flint of Los An-  
geles stated that it would be impos-  
sible for any official of the department to  
even estimate the total contents of the  
missing pouch until the holders of re-  
ceipts issued by the master on the day in  
question had come forward to make  
affidavits as to the amount.

Mr. Flint admitted, after being shown the dispatches  
from Kansas City, that he had been no-  
tified of the loss, adding that the re-  
sponsibility of the postoffice for its deliv-  
ery ended when it was locked in the  
presence of witnesses by the registry  
clerk and delivered to the railway postal  
employees.

Late this afternoon some additional  
information relative to the package of  
currency supposed to have been in the  
pouch was obtained from Cashier Char-  
les Seyler of the Farmers & Mer-  
chants' National bank of this city,  
who said:

"According to our information, a  
mail pouch, made up on June 3,  
and leaving for New York the follow-  
ing morning, has disappeared. The con-  
servative valuation of the currency  
contents furnished by this and other  
banks of this city will be \$50,000. The  
total amount made up of between  
30 to 50 packages, the exact number  
being difficult to determine.

"The missing funds were placed in  
the postoffice on the evening of June  
3, their destination being New York.  
Our correspondent there is the Chemi-  
cal National bank, to whom our portion  
of the shipment was consigned."

It is admitted that the registered  
pouch that has disappeared left here  
over the Santa Fe railroad on the  
morning of June 4, and was due in  
Kansas City on Saturday. In the ship-  
ment of registered packages through  
the postoffice mail pouches are sealed  
with a rotary lock at the initial point,  
with no opportunity of being opened  
without being mutilated prior to re-  
aching their destination. For this reason,  
it is argued, none of the postal employ-  
ees was in a position to secure knowl-  
edge of the contents en route.

LAST SEEN IN KANSAS CITY.

Kansas City, June 10.—The regis-  
tered mail pouch from Los Angeles that  
disappeared at Kansas City last Sat-  
urday was delivered from an incoming  
Rock Island train to the transfer sta-  
tion at the Union station, Kansas City,  
but there is no receipt to show that it  
was forwarded from here. By Sunday  
morning it was known that it was not  
going forward, for the authorities at  
Washington telegraphed W. J. Vickery,  
Inspector in charge here, of the circum-  
stances. No trace of the pouch has  
been found by Mr. Vickery, and no ar-  
rest has been made.

On the pouch leaving the Los An-  
geles office it was received by the  
transfer man, and he, in turn, got a re-  
ceipt for it from the railway mail  
clerk who took it on his car. Three  
shifts or railway clerks, all working on  
the same car, receipted for this pouch  
through to Kansas City, the last man  
to handle it eastward getting a re-  
ceipt for it at the Kansas City sta-  
tion. His receipt shows that he  
brought the pouch here, and that the

This woman says that sick  
women should not fail to try  
Lydia E. Pinkham's Vegetable  
Compound as she did.

Mrs. A. Gregory, of 2355 Lawrence  
St., Denver, Col., writes to Mrs.  
Pinkham:

"I was practically an invalid for six  
years, on account of female troubles.  
I underwent an operation by the  
doctor's advice, but in a few months I  
was worse than before. A friend ad-  
vised Lydia E. Pinkham's Vegetable  
Compound and it restored me to perfect  
health, such as I have not enjoyed in  
many years. Any woman suffering as  
I did with backache, bearing-down  
pains, and periodic pains, should not fail  
to use Lydia E. Pinkham's Vegetable  
Compound."

FACTS FOR SICK WOMEN.

For thirty years Lydia E. Pink-  
ham's Vegetable Compound, made from  
roots and herbs, has been the  
standard remedy for female ills,  
and has positively cured thousands of  
women who have been troubled with  
displacements, inflammation, ulceration,  
fibroid tumors, irregularities,  
periodic pains, backache, that bear-  
ing-down feeling, flatulency, indiges-  
tion, dizziness or nervous prostration.

Why don't you try it?

Mrs. Pinkham invites all sick  
women to write her for advice.  
She has guided thousands to  
health. Address, Lynn, Mass.

number on the rotary lock was the  
same as that with which it was closed  
in Los Angeles.

MILLIONS OF WOMEN

The world famous saponaceous emol-  
lient for the skin, scalp, hair and  
hands.

BREWERS' ASSOCIATION.

In Lengthy Declaration Declares That  
Promotion of Temperance Object.

Milwaukee, Wis., June 10.—The pro-  
motion of temperance in the use of fer-  
mented beverages, the meaning of tem-  
perance being neither abuse nor disuse,  
is favored by the United States Brew-  
ers' association in a lengthy set of prin-  
ciples which the association adopted at  
its closing session today. They also  
favor the elimination of the objection-  
able features of the retail liquor traf-  
fic and place their fullest cooperation  
toward their extinction.

The brewers also declare that it is a  
mistake to believe that the commercial  
interests of the brewers stand back of  
the excessive multiplication of saloons  
or any of the unlawful or improper  
practices of the saloon keepers. When-  
ever a spirit of genuine inquiry and  
rational betterment shall take the place  
of heedless persecution, aiming not at  
improvement but at the extermination  
of the business, the brewers will wel-  
come it and would gladly refrain from  
participating in politics.

A GRAND FAMILY MEDICINE.

It gives me pleasure to speak a good  
word for Electric Bitters," writes Mr.  
Frank Conlan of No. 438 Houston St.,  
New York. "It's a grand family medi-  
cine for dyspepsia and liver complica-  
tions while for lame back and weak  
knees it is the best remedy I have ever  
known." Electric Bitters regulate the  
digestive functions, purify the blood,  
and impart renewed vigor and vitality  
to the weak and debilitated of both  
sexes. Sold under guarantee at Z. C.  
M. I. Drug Dept. 50 cents.

NEGRO DESPERADO  
KILLS TWO PEOPLE

Wilburton, Okla., June 10.—Two  
prominent citizens were killed, a wo-  
man barely escaped with her life, the  
country is aroused and pickets are  
posted every 50 yards for a circle of  
six miles about the town tonight, be-  
cause of the reappearance of R. H.  
Johnson, a negro who last September  
shot and killed Oliver Swan, deputy  
city marshal. Johnson was seen in  
woman's clothing today, recognized,  
the alarm given and a posse formed  
to capture him. Learning of the im-  
pending arrest, Johnson fled, and John-  
son armed himself heavily and fled.  
In making his way across the country  
near this place, he suddenly came up  
on a fishing party, and mistaking the  
fishermen for a party of his pursuers,  
opened fire. Those killed were:  
Walter Roberts, who died instantly,  
and Robert Mounds, who was mortally  
wounded, dying within a short time.  
Mrs. R. Blakeley, who was nearly  
only escaped by seeking refuge behind a  
tree.

KILLED BY LIVE WIRES.

Shawnee, Okla., June 10.—Willie  
Motensdasher, 13, and Edith Oliver,  
aged 13, touched live wires torn down  
by the wind and were instantly killed  
today. The boys were Prother, aged 9, was  
seriously injured in attempting to save  
Motensdasher.

DRIVES OUT  
S.S.S. RHEUMATISM

A good liniment or plaster, or some good home remedy will usually  
give temporary relief from the pain of Rheumatism, but the disease is more  
than skin deep and cannot be rubbed away, nor can it be drawn out with a  
plaster. Such treatment neither prevents nor cures; the excess of acid,  
which produces Rheumatism, is still in the blood and the disease can never  
be cured while the circulation remains saturated with this irritating, pain-  
producing uric acid poison. The trouble will shift from place to place, set-  
tling on the nerves and causing pain and inflammation at every exposure or  
after an attack of indigestion or other irregularity. When neglected or  
improperly treated, Rheumatism becomes chronic and does not depend upon  
climatic conditions to bring on an attack, but remains a constant, painful  
trouble. S. S. S. drives out Rheumatism by neutralizing and expelling the  
excess of acid from the blood. It purifies and invigorates the circulation so  
that instead of an acid-laden stream, constantly depositing uric acid in the  
joints, muscles, nerves and bones, the entire system is nourished and made  
healthy by rich, life-giving blood. Book on Rheumatism and any medical  
advice desired will be sent free to all who write.

## UNIVERSITY OF NEVADA'S NEW BIRTH

School of Mines as Memorial to  
Late John W. Mackay Pre-  
sented by Son Clarence.

DEGREE FOR MRS. MACKAY.

Students Made Young Mackay Don  
Mines' Clothes and Carried Him  
On Their Shoulders.

Reno, Nev., June 10.—Under a radi-  
ant sun and skies of softest blue, the  
University of Nevada had a new birth  
today.

In the presence of thousands from  
all parts of the state, and many distin-  
guished visitors from other states, the  
ceremonies of the week were brought  
to a close by the presentation of the  
building of the school of mines as the  
Mackay memorial, and the unveiling of  
the statue of John W. Mackay by his  
son, Clarence.

In the spacious gymnasium, which  
was not large enough to accommodate  
the assembled crowds, the morning exer-  
cises began. On the stage were Presi-  
dent Stubbs of the university, Col.  
George Harvey, Mr. and Mrs. Clarence  
Mackay, the members of the board of  
regents, Bishop Roberts and others.

After a few introductory remarks  
by Dr. Stubbs, Col. George Harvey was  
introduced, and for more than an hour  
he held the closest attention of the  
audience. His address was eulogistic  
of Mr. Mackay the elder, and full of ad-  
vice for the coming generation.

After the address many \$25 and \$50  
scholarship prizes were awarded, and  
the degree of Doctor of Arts was then  
conferred upon George Brinton Mc-  
Clellan Harvey and others. When Mrs.  
Mackay stepped forward to receive her  
degree an affecting scene took place,  
and many throughout the audience  
wept. As Mrs. Mackay walked from  
the stage wearing her new honor of  
master of arts, she kissed her hus-  
band softly and then set down and  
wept silently. She and her husband  
were much affected by the expression  
of appreciation by the university.

Following the ceremonies in the gym-  
nasium a procession was formed, which  
halted in front of the Mackay Mining  
building. Here Mr. and Mrs. Clarence  
Mackay, Dr. Stubbs, State Senator  
Newlands, Judge Norcross, Col.  
Harvey, Prof. George Young of the  
University of California and others  
took seats on a platform which was  
decorated with the national colors.

Clarence Mackay, in a few well-chosen  
words, presented the statue of his  
father, and then pulled the rope which  
haunted the giant American flag and  
the magnificent statue to view, and  
cheer after cheer went up.

Gov. Dimsdale paid a tribute to the  
steering qualities of Mr. Mackay, fol-  
lowed by Senator Newlands in a short  
address. Sam P. Davis of Carson,  
spoke in a reminiscent way and his  
speech was most gracious and pleasing.  
Mackay then stepped forward and pre-  
sented the building of mines to the  
university. Prof. Young spoke, and  
Judge Norcross delivered a lengthy ad-  
dress.

This closed the ceremonies at the uni-  
versity. A unique feature came now,  
when the boys compelled Mr. Mackay  
to dress as a miner and on their  
shoulders carried him to the gymnas-  
ium, where a delightful luncheon was  
given to the students.

Mr. Mackay gave a dinner for them at  
the Riverside hotel at 5 p. m. This  
evening a grand ball and reception was  
held in the gymnasium.

AVENGES FATHER'S DEATH.

Tunica, Miss., June 10.—J. T. Lowe,  
a prominent attorney here, was shot  
and probably mortally wounded on the  
street today by Mrs. Jackson, who  
saved his life. In the shot and killed  
Perry M. Houston, father of Mrs. Wein-  
stein, in a street duel growing out of  
Houston's election as secretary of the  
Yazoo, Miss. levee board.

Mrs. Weinstein, who is 19 years old,  
was married last February to a mer-  
chant of Charleston, Miss. She is under  
arrest.

THINKS IT SAVED HIS LIFE.

Lester M. Nelson, of Naples, Maine,  
says in a recent letter: "I have used  
Dr. King's New Discovery many years  
for coughs and colds, and I think it  
saved my life. I have found it a re-  
liable remedy for throat and lung com-  
plaints, and would not more be without  
a bottle than I would be without  
food." For nearly forty years New  
Discovery has stood at the head of  
throat and lung remedies. As a pre-  
ventive of pneumonia, and healer of  
weak lungs it has no equal. Sold  
under guarantee at Z. C. M. I. Drug Dept.  
50 cents and \$1.00. Trial bottle free.

DECREE CONFERRED ON  
AMBASSADOR TAKAHIRA

Princeton, N. J., June 10.—On ac-  
cepting the degree of doctor of laws at  
Princeton, commencement exercises  
today, Baron Takahira, Japanese am-  
bassador at Washington, spoke of the  
similar degree conferred by Princeton  
upon the late Secy. John Hay, and  
said that Mr. Hay was father of the  
open door policy in the far east with  
which Japan had to concern herself  
seriously. This policy, Baron Takahira  
alluded to as "Mr. Hay's child."

He declared that the growth of this  
child is shown by the steady growth of  
American imports into Korea, and  
Manchuria as evidenced in the official  
reports of the United States govern-  
ment, and despite so many stories and  
prophecies advanced in the press  
against the Japanese attitude.

MARY MONTANA LARGEY  
SAYS SHE MARRIED FOR LOVE

(Chicago, June 10.—A dispatch to the  
Tribune from Butte, Mont., says:  
Mary Montana Largey, 18 years old,  
youngest of the Largey miners, came  
into possession of a million and a half  
dollars on Tuesday and at midnight  
she was married to Raymond J. McDon-  
ald, a young clerk in a Broadway  
office, who had been working for \$60 a  
month.

Some friends asked the girl why she  
wanted to marry the poor clerk.  
"Because I love him and have enough  
money for both," she replied.  
The couple left for San Francisco  
yesterday and there will start on an  
automobile wedding trip to New York.  
Miss Largey's big touring car and  
driver having been shipped on ahead  
several weeks ago. From New York  
they will go to Europe.

CHINESE REVOLUTION SERIOUS.

Victoria, B. C., June 11.—News was  
brought from China by the Tanco  
Maru that the revolution in Yunnan  
and south China is becoming serious  
and that the Pekin authorities have issued  
orders to the authorities of foreign  
provinces to assemble armies to attack  
the rebels who organized a movement  
which threatens to be the largest of its  
kind since the Siping rebellion.

## ANNIE S. PECK TO CLIMB MOUNT HUASCARAN

New York, June 11.—Miss Annie S.  
Peck, a well known mountain climber,  
will leave this city in two weeks for  
Peru to make another attempt to reach  
the summit of Mount Huascaran,  
which she believes is the highest peak in  
the western hemisphere. When  
17,500 feet up on a former trial, she  
was compelled to give up the attempt  
owing to the cowardice of her guides.  
This time she will have the assistance  
of two Alpine climbers, sent over by  
Dr. Alexander Soller, of Zermatt.

Miss Peck judges the height of the  
mountain from the point she attained  
in her last attempt. Should she gain  
the top, and the height is a great as  
she believes it to be, she will have ac-  
cended higher than any woman  
in the world. The present record is  
held by W. W. Graham, who reached  
an altitude of 23,800 feet in the Hima-  
layas.

Miss Peck says she is sure that  
Aconcagua is not the highest peak in  
this half of the world, and that she be-  
lieves Mount Huascaran will top it  
at least 2,000 feet.

CALIFORNIA DELEGATION.

Party of Twenty-five, in Two Special  
Cars Off for Chicago.

San Francisco, Cal., June 11.—The  
California delegation to the Republican  
national convention headed by M. H.  
DeYoung, chairman, left on the over-  
land train this morning for Chicago.  
The party numbered 25, and occupied  
two special cars on the limited. The  
delegation is scheduled to arrive in  
Chicago at 12:30 Sunday afternoon.

Jacob H. Neff, one of the delegates at  
large, did not accompany the delega-  
tion, his physician advising him that  
the state of his health made it inad-  
visable for him to undertake the trip.  
As Charles S. Wheeler, Neff's alternate,  
is reported to have sailed for Europe,  
indications are that California may be  
one vote short at the convention.

THE BEST PILLS EVER SOLD.

"After doctoring 15 years for chronic  
indigestion, and spending over two hun-  
dred dollars, nothing has done me as  
much good as Dr. King's New Life Pills.  
I consider them the best pills ever sold;  
writes B. F. Aycuse, of Ingleside, N.  
C., sold under guarantee. Z. C. M. I.  
drug store, 25c.

CHILDREN'S HOME SOCIETY.

In Placing Children Question of  
Heredity Should be Considered.

Chicago, June 11.—The National  
Children's Home society met in annual  
convention here yesterday.

Speakers from various sections of  
the country gathered to exchange  
views and make plans for broadening  
of the society's efforts in the way of  
securing homes for dependent children.  
Dr. D. W. Dickinson of Chicago, as-  
serted that too much stress should not be put upon heredity  
when the question of placing a child  
in a home is being considered.

"We all have enough devilment in us  
if it is developed," he said, "to know  
of a number of children whose parents  
led evil lives, who were placed in good  
homes and grew up to be fine men and  
women. All of them do not turn out  
bad by means."

J. P. Dysart, superintendent of the  
Children's Home society of Wisconsin,  
scored leaders in both branches of  
Congress who opposed the Beveridge  
child labor bill. Speaker Cannon,  
former Senator Spooner, and others  
were included in the attack.

DEAFNESS CANNOT BE CURED

By local applications as they cannot  
reach the diseased portion of the ear.  
There is only one way to cure deafness,  
and that is by constitutional remedies.  
Deafness is caused by an inflamed con-  
dition of the mucous lining of the Eus-  
tachian Tube. When this tube is in-  
flamed you have running ears or im-  
perfect hearing, and when it is entirely  
closed, deafness is the result, and un-  
less the inflammation can be taken out  
and this tube restored to its normal  
condition hearing will be destroyed for-  
ever, unless the inflammation is cured  
by Catarrh, which is nothing but an in-  
flamed condition of the mucous surfaces.  
We will give One Hundred Dollars  
for any case of Deafness (caused by cat-  
arrh) that cannot be cured by Hall's  
Catarrh Cure sent by circular, free.
