nervous indication. He was taken ill yesterday afternoon at his office in the federal building and his condition was such that the attending physician deemed his removal unwise at that time. This noon Mr. Van Cott appeared much better and was taken to his home in West Sixty-sixth street. He walked without difficulty. A consultation of physicians was held at his home, and they gave a favorable prognosis, provided apoplexy did not supervene. Shortly after, however, the patient had a sinking spell and died at 3:25 of heart failure.

Mr. Van Cott had been a vigorous man, but of late he had been subject to an unusual amount of trouble, and it is believed to have undermined his health. He assisted in the establishment of a commercial agency and signed notes to a large amount. The concern failed and Mr. Van Cott was called upon to pay over \$23,000, which took practically the savings of his lifetime. About this time an investigation of the New York postoffice was undertaken by the Washington officials, but the integrity or probity of the postmaster was not impugned. Notwithstanding the favorable outcome he worried much over the affair.

The recent arrest of his son, Richard Van Cott, charged with colonizing voters, was a severe blow to the postmaster, who expressed his firm belief in his son's innocence. Those charges, coming while advancing age was in his 67th year, played an important part in bringing on the fatal illness.

#### TROLLEY CARS COLLIDE. Between Thirty and Thirty-five Persons Injured.

Seattle, Wash., Oct. 25.—Between 30 and 35 persons were injured, two persons fatally, in a head-on collision between passenger cars on the Seattle & Ranton electric railroad about 1,000 feet south of the Hill brick yard, in the lower part of the city, at 3:30 o'clock this morning. The accident was due in part to the dense fog, but mainly to the fact that one of the cars moved from its switch before the signal was given.

#### STANDARD OIL CO. Issues Statement Regarding Its Business Connections.

New York, Oct. 25.—C. T. Dodd of counsel for the Standard Oil company, today authorized the following statement:

"In view of the many false and misleading statements from various sources, the directors of the Standard Oil company deem it advisable to state to the company's shareholders and to the public that neither now nor at any time has the Standard Oil company or any of its constituent companies been interested in any business not directly related with and necessary to the petroleum trade.

"It would be almost impossible to designate in this denial the different classes of business with which irrefragable parties have coupled the Standard Oil company's name, but it may not be amiss to specify copper, steel, banks, railroads and gas (other than electric gas) as being most prominently mentioned.

"With none of these affairs has the Standard Oil company been at any time connected. Individual members of the Standard Oil company have been and are interested as individuals in various enterprises, but this entirely severed from the business of the Standard Oil company, which is oil alone, unaffected by other interests in which its stockholders may invest.

"Neither is it true that the Standard Oil company, John D. Rockefeller or any officer of the Standard Oil company has taken part in securing the nomination of the candidates for office, as is so positively stated. Furthermore, it is entirely untrue that there is any 'Standard Oil party' banded together for speculation in stocks, as is so commonly charged. The members of the Standard Oil company are frequently used by designing persons in the manipulation of the stock market, but its use is unwarranted.

"The Standard Oil company departs from its usual custom in making this denial, for the reason that the statement being made at this time by newspapers, magazines and sensational public speakers appear to be untrue, and may be to a great extent mislead the public."

**"China Joe" Suicide.**  
Phillipsburg, Mont., Oct. 25.—"China Joe," a resident of this place for the past 20 years, committed suicide by cutting his throat with a hand saw. The Chinaman had been sick for some time and imagined he was going to die.

**Novel Automobile Accident.**  
New York, Oct. 25.—Something new in the automobile accident line happened at Flushing, Long Island. While running at high speed a head-on collision occurred between a big car and a motor cycle. R. R. Young of Jamaica, who was riding the latter machine, was badly hurt, while the chauffeur of the automobile was hurled out and somewhat bruised.

The smaller machine was completely wrecked and the automobile sustained damage necessitating its being taken to the shop. The collision occurred on a sharp curve, and neither driver heard the other approaching.

**CHINESE REFORM ASS'N.  
Preparing to Start Revolution  
Against Present Empress.**  
Portland, Or., Oct. 25.—The Oregonian prints an article to the effect that the Chinese reform association is preparing to start a revolution against the present empress of China during the celebration of the next Chinese new year, which occurs in February. An order has gone forth from the officials in Vancouver, B. C., directing all Chinese to prepare to return to their native land forthwith. The association has a large membership in every city on the Pacific coast, and as far east as Denver, Colo.

The article continues:  
"As an insult to the Empress Tai Ann, the reigning monarch of the Celestial empire, the members of the association have been ordered to cut off their queues. The queue is a mark of submission to the reigning power. They have determined to work through men-

bers now in China to oust the empress and place the young and deposed emperor, little Quong Suey, on the throne. The emperor can be easily influenced. If this (unwisely) by the organization, which will then use him as a figurehead as a tool while Yin Yen, the head of the association, who is in Vancouver, B. C., will be the real ruler in his position as prime minister.

It was declared by a member near to Yin Yen in standing that there were officials and men in China ready to move at a minute's warning, and that the move, when made, would be conclusive."

Booth Tucker's Farewell Lecture  
Chicago, Oct. 25.—Thirty-five hundred persons have attended the farewell lecture of Commander Booth-Tucker of the Salvation Army at the Auditorium. As black-tie was brought to a close Luther Lathin Mills offered and the audience adopted resolutions expressing the regret of Chicago at the probable transfer of the commander to other fields.

Commander Booth-Tucker announced that Col. Sowton, who has commanded the Chicago brigade of the army for four years, will soon leave to take up his work in Denmark.

#### WORLD'S FAIR MUSEUM. Prest. Francis Appoints Committee to Consider Establishment

St. Louis, Mo., Oct. 25.—The board of directors of the world's fair has authorized President Francis to appoint a special committee of five to consider the possible establishment of a permanent museum and especially to take up the matter of the reception of exhibits for such purposes.

In connection with the project of establishing a permanent museum, Director of Exhibits Frederick J. V. Skiff appeared before the board of directors and made the following statement:

"The Field museum, of which I am the director, has, through its curators, made a careful canvass of the exhibits and exhibit material on the exposition grounds, which the museum would be glad to acquire under its plan and scope. But I desire to state that this work was undertaken by the museum with special instructions from the board of trustees that, in the event of a serious undertaking on the part of St. Louis to establish a natural history or anthropological museum of any standard institution to which any part of the material secured by the Field museum would be of value, it was to be entirely at the service of the St. Louis organization."

#### TO SAVE CALEB POWERS. Ex-Gov. Black Volunteers His Services.

New York, Oct. 25.—Immediately after the election next month former Gov. Frank S. Black will go to Frankfort, Ky., where he will enter into a legal battle for which he has volunteered his services with the hope of saving the life of Caleb Powers, who is awaiting execution in that state for complicity in the assassination of Gov. William Goebel.

Mr. Black has told his friends that he believes Powers innocent and declares he will fight against the verdict of the lower courts and, if necessary, carry the case to the supreme tribunal at Washington.

The testimony of 300 witnesses living in all sections of Kentucky will be taken.

#### SIDEWALK DECISION. Flagging on Adjoining Properties Not Even, Not Defective.

Chicago, Oct. 25.—The appellate court, in a decision just rendered, holds that when sidewalks of two adjoining properties meet and the flagging of one is a few inches lower than the other it is not to be classed as a defective sidewalk and the city cannot be held liable for injuries suffered by persons who fail to exercise due precaution.

The ruling was in the case of Anella Norton, who fell on a sidewalk where there was a step of between two and three inches. She brought suit and a jury returned a verdict of \$5,000 upon which the city appealed.

#### CO-ED. INSTITUTIONS. Disappearance of Men from Them Only Matter of Time.

Chicago, Oct. 25.—Dr. Edmund J. James, in his last report as president to the trustees of Northwestern university, says the disappearance of men students from the co-educational institutions in the Mississippi valley may be only a matter of time.

Dr. James quotes figures on the attendance in the college of liberal arts of Northwestern to prove his theory. These show that in the last four years the percentage of women students has increased from 24.1 to 35.4.

#### SPARE THE ROD. Teachers in New York Not Al- lowed to Use It on Pupils.

New York, Oct. 25.—Neither principals nor teachers in the New York public schools are to have the privilege of enforcing obedience by the use of rod, ferrule or other means of corporal punishment. A proposed amendment to the present law has been exhaustively discussed by the committee of elementary education and when put to a vote was defeated. Moral suasion, it was decided, is the only up-to-date

#### A NOTABLE BOOK ABOUT A NOTABLE MAN.

ARLINGTON DURING LEE'S RESIDENCE THERE.

"Recollections of General Robert E. Lee" is a notable book which has excited as much comment in the north, east and west as in the south. The volume is composed mainly of letters written by the famous general of the Confederacy. They embrace a period the most momentous in the history of the American nation. The work of compiling has been done by the general's youngest son, Captain Robert E. Lee. The letters of the general written during the trying times of the civil war indicate the hopefulness and sweetness of the disposition of a man who was at the time much misunderstood. Through every piece of correspondence are seen the loving heart of the devoted father and husband and the implicit trust of a devout spirit in the wisdom and justice of Providence. The letters after the war, in which the tide of the south advised his late followers to yield cheerful submission to the constituted authorities, form one of the most interesting features of this most interesting volume.

**No-Cold  
Underwear**

Ordinary underwear, because of its close, tight weave, is not sufficiently absorbent. The wearer perspires, the perspiration remains on his body, the skin becomes chilled and a cold results.

That is ordinary catch-cold underwear. Wright's Health Underwear differs from ordinary underwear as a Turkish towel differs from an ordinary towel in absorbency. The loop-fleece lining of Wright's Health Underwear absorbs the perspiration quickly and easily, carries it to the outside of the garment to evaporate and leaves the skin practically dry.

That is why Wright's Health Underwear is called no-cold underwear. Although so much better Wright's costs no more than ordinary underwear. Dealers have it.

method worthy of consideration. Superintendent Maxwell took a firm stand on that ground and a majority of the committee stood with him. Three senators favored giving a restricted right to administer some form of corporal punishment.

After a long discussion it was decided that the committee should report to the board of education today in favor of retaining the present rule forbidding the use of corporal punishment in the public schools.

Members of the committee believe that their report will be accepted without further agitation of the subject.

#### NORTH SEA VICTIMS. Journal of St. Petersburg Starts A Subscription for Them.

St. Petersburg, Oct. 25, 7:10 a. m.—The semi-official Journal of St. Petersburg has opened a subscription for the families of the British fishermen killed by the guns of the second Pacific squadron. The paper opens the list with a contribution of \$25.

The first harsh note sounded by the press in connection with the affair is found in the Russia which declares today that the British government, knowing the serious problem of self-preservation confronting the Russian fleet, should have taken precaution of warning the traveler fleet against greening in the way of the warships.

The Russia adds that it has reason to believe "certain other vessels" suffered with the fishing fleet, about whose fate nothing will be said in England.

#### MOSES BENSINGER'S WILL.

Chicago, Oct. 25.—Moses Bensinger, who died recently, left an estate valued at \$250,000. Almost all the property is bequeathed to members of the family. Michael Reese hospital and the Jewish Training school are given \$1,000 each by the will, which has just been filed and the Alexian brothers' hospital is bequeathed \$500.

#### RUSSIAN PRISONERS. Make Assaults on Guards and Attempt to Escape.

Tokio, Oct. 25, 9:20 a. m.—Attempts to escape, assaults upon guards and various instances of refractory conduct on the part of Russian prisoners of war under confinement in Japan have led to the formulation of a series of regulations which will be henceforth enforced as follows:

Captives resisting their guards will be imprisoned.

The leaders of plots to escape ac-

compelled by force, will be hanged or executed, and participants will be imprisoned.

The leaders of organized assaults on guards will be hanged and participants therein will be imprisoned.

Captives released upon taking an oath that they will not again participate in the war will be hanged if captured.

**Mrs. Longstreet Made Postmaster**  
Washington, Oct. 25.—President Roosevelt today directed the appointment of Mrs. James Longstreet to be postmaster at Gainesville, Ga. Mrs. Longstreet is the widow of Gen. James Longstreet.

#### STOLE HIS SHEEP. Junius Wright of Boise in Chicago Looking for Them.

Chicago, Oct. 25.—Junius Wright of Boise, Ida., having discovered that 3-00 of his best sheep had been stolen by one of his tenders and shipped to Chicago, has come here only to learn that the sheep have been sold for \$7,000 and the man has disappeared.

The police are working on the case.

#### Political Rights of Students. New York, Oct. 25.—Based on a recent decision by the appellate division of the state supreme court denying the right of non-resident students to vote in the districts where they attend college, legal proceedings are to be instituted at the instance of a political club at Columbia university to mandamus the boards of registry and compel them to strike every student's name from the official list of voters.

There are 2,000 voters attending Columbia. Half of them are legally empowered to vote by actual residence in this city. But the other half are likely to be denied a vote under the appellate division ruling, in which all the justices of that court concurred.

If the mandamus campaign is extended to all the colleges of the state many thousands of votes will be lost.

#### Cleveland Will Speak Nov. 2. New York, Oct. 25.—Announcement was made today at Tammany Hall that former President Cleveland will deliver an address at a mass meeting at Cooper Union in this city on the evening of Nov. 2.

It was announced tonight by Herman Ridder that Mr. Cleveland will appear under the auspices of the German-American Bunker union. The meeting will be presided over by Carl Schurz.

#### Radical Prison Reform. Trenton, N. J., Oct. 25.—As a result of ideas gained at the recent congress held in Quincy, Ill., George O. Osborne, head keeper of the New Jersey state prison in this city, has announced his determination to inaugurate radical reforms.

One of the changes to be made is the abolishment of the dungeon as a punishment for infraction of the prison rules and the substitution of a well-lighted and well-ventilated cell for such offenders.

The prisoners placed in solitary confinement in this way will be chained in such a manner that they will be kept standing during the hours when other prisoners are at work. The thumb print method of identification also will be adopted.

#### This Day In History.
