SAVE YOUR HAIR

TO LEARN HOW TO DO IT READ AND HEED WHAT FOLLOWS.

SAVE YOUR HAIR.—The laws of Health and Longevity demand it, the customs of social life require it. The matter is of great importance in every way.

BEAUTIFY YOUR HAIR.—It is the surpassing crown of glory, and for the loss of it there is no compensation.

CULTIVATE YOUR HAIR.—For by no other means can it be saved and beautified.

LYON'S

KATHAIRON,

Discovered thirty-five years ago by Prof. Lyon, of Yale, is the most perfect preparation in the world for preserving and beautifying the hair.

Besides being the best hair dressing ever produced, Lyon's Kathairon will positively prevent grayness, and will restore new hair to bald heads, if the roots and follicles are not destroyed.

It actually performs these seeming miracles, of which the following is

A FAIR SPECIMEN

I had been entirely bald for several years, constitutional, I suppose. I used a few bottles of Kathairon, and, to my great surprise, I have a thick growth of young hair.

COL. JOHN L. DORRANCE, U. S. A.

In every important respect the Kathairon is absolutely incomparable. It is unequaled.

1. To Cure Baldness.
2. To Restore Gray Hair.
3. To Remove Dandruff.
4. To Dress and Beautify the Hair.

BEAR IN MIND.—The Kathairon is no sticky paste of sulphur and sugar-of-lead, to paint and daub the hair and paralyze the brain. It is a pure and limpid vegetable lotion, intended to restore the hair by natural growth and reinvigoration. It is splendidly perfumed, and the most delightful toilet dressing known. No lady's or gentleman's toilet outfit is complete without Lyon's Kathairon.

BY TELEGRAPH.

FOR WESTERN UNION TELEGRAPH CO'S.

FORTY-SIXTH CONGRESS.

EXTRA SESSION.

SENATE.

WASHINGTON, 8.—The army appropriation bill was reported without amendment.

Blaine gave notice of an amendment making it a penal offense, punishable with fine and imprisonment, for any military, naval or civil officer, or any other person, except for the purpose named in the bill, to appear armed with a deadly weapon of any description, within a mile of any polling place where a general or special election for a representative to Congress is being held.

Bayard's resolution calling upon the Secretary of the Treasury for a statement of the sums paid to John I. Davenport, supervisor of elections at New York, since 1879, was adopted.

Consideration of the New Hampshire senatorial case was then resumed.

The Vice President appointed as the committee to investigate the affairs of the Freedmen's Savings and Trust Company, Bruce, Cameron of Wisconsin, Gordon, Withers and Garland.

Bayard introduced a bill to repeal sections 820 and 821 of the Revised Statutes. He asked the unanimous consent to put the bill on its passage without referring it to any committee. It repeals the act passed in 1862 providing test oaths and the disqualification of jurors in the courts of the United States.

Edmunds objected and the bill was referred to the committee on judiciary, and after discussion the Senate, without action, adjourned.

HOUSE.

WASHINGTON, 8.—Quite a debate was started upon the propriety of instructing the chairman of the committee on the legislative appropriation bill to award the floor in accordance with rules of the House, and not be bound by any list of speakers, which may be formed. After an informal discussion the subject matter was referred to the committee on rules.

The House then went into committee of the whole on the legislative bill, consideration to be under the five minute rule and all general debate to be reserved until the political features of the bill are reached.

Dibbrell submitted an amendment providing that no collector at any port of entry shall be allowed a salary greater than the receipts at said port, nor shall the expenses of collecting at any port exceed the gross receipts of the same. Rejected.

An amendment was adopted providing that the salary of storekeepers shall not exceed $50 per month.

Fort submitted an amendment providing that, hereafter, when legal tender treasury notes are reissued, they shall be so reissued in the same denominations as originally issued.

Garfield raised the point of order that the amendment changed the existing law and was not in the interest of economy, which point of order was sustained by the chairman (Mills) and the amendment ruled out.

After finishing the consideration of sixty pages of the bill, the committee rose and the House adjourned.

EASTERN.

Freemont Working for Arizona.

NEW YORK, 8.—Freemont, of Arizona, now here, says: The department of the interior promises to restrict Pima and Maricopa Indians to a smaller reservation, on Salt River, than that recently assigned, and assures him that it shall not in any way interfere with settlers there. The department, meantime, will examine his plan for the removal of all Valley Indians of Arizona to a permanent reservation on the Colorado River, towards its mouth, and he has hopes of its adoption.

Freemont has submitted to government a plan for bringing the waters of the Gulf of California back to their old basin in southern California, which would, he says, create an inland sea 200 miles long, 50 broad and 300 feet deep, converting a desert waste into a highway for commerce and greatly improving the climate of Southern Arizona and southeastern California.

Freemont says he has been successful in awakening the attention of capitalists here to Arizona mining interests, and expects good results to follow.

Getting their Eyes Open.

A Washington special says: Southern men are beginning to get their eyes open to the fact that the negro immigration schemes on foot threaten serious injury to their section, but do not know how to go to work to prevent negroes from moving west and north. There is plenty of evidence here that the movement is fostered by republican politicians, and that by inducing a large number of negroes to leave the southern States before the next census is taken, Republican managers hope to affect the representation of the States in such a way as to overthrow the democratic majority in the House. All leading republican managers are interesting themselves in this business.

Free Coinage of Silver.

WASHINGTON, 8. — Representative Kenna, to-day, prepared and put in circulation a petition requesting John F. House, chairman of the democratic caucus, to call a caucus for Friday evening next, in the language of the petition, "with a view to providing, by legislation at the present session, for the free coinage of silver, the issue of bullion certificates based on either silver or gold; the substitution of greenbacks for the national bank circulation, and the prohibition of any further increase of the bonded debt of the government." Under the democratic rule, ten members are a sufficient number to procure a call for a caucus. The petition has already more than sixty signers, and the indications are that it will meet the approval of such a number as to secure a movement, immediately on the announcement of the committee, in the direction of the financial legislation indicated.

U. S. Supreme Court Business.

The following business was transacted in the Supreme Court today:

The People, *ex. rel.*, Pacific Mail Steamship Company, plaintiffs, in error, vs. Commissioners of Taxes of the City of New York. Passed on account of the sickness of counsel.

The Sutro Tunnel Company *et al.*, appellants, *vs.* The Savage Mining Company. On motion of J. M. Wilson, of counsel for appellants, the case was dismissed with costs.

Henry O. Harkness, plaintiff in error, *vs.* Jordan W. Hyde; appeal from the Supreme Court of the Territory of Idaho. Argued by George H. Williams for plaintiff in error, and R. P. Lowe for defendant in error.

Wool Market.

PHILADELPHIA, 8.—The wool market is quiet and still favors buyers.

The Negro Exodus.

CHICAGO, 8. — The *Tribune's* Washington Special says: General Chalmers, who represents the Shoe String district in Mississippi, ridicules the negro exodus, reports of which he says have been greatly exaggerated. He thinks more negroes have moved into Mississippi within the past year than have left.

Louisiana congressmen say if the exodus should really become serious they will introduce coolie labor, successful experiments of which have already been tried.

Representative Haskell, of Kansas, thinks the number who have arrived in that state have been exaggerated, but does not believe a general exodus will result in any practical good. Kansas, he says, is a young state, the people are not wealthy, and would scarcely welcome a large number of unproductive immigrants who would be a severe tax upon their generosity. He does not believe the movement has been encouraged from Kansas. He does not think the state would give encouragement to settlers who cannot maintain themselves.

Representative Reagan, of Texas, has singular views. He knows there will be a legitimate immigration to that state of 100,000 self-sustaining settlers, and that the state does not invite a dependent class of emigrants.

A Post Office Embezzler.

The grand jury in the federal court, to-day, found John W. Gregg guilty of the embezzlement of government funds while superintendent of the money order department of the Chicago post office. The evidence adduced demonstrated the existence of a series of shortages extending over years, prior to May 4th, 1878, when the flight of one of the parties implicated, Edward A. Miller, cashier, revealed the condition of affairs. Gregg was convicted on Miller's testimony, Miller receiving immunity. The total amount of the defalcation, $15,000, has been partially restored. The sentence is reserved.

Railroad Pooling.

The *Times* learns that an arrangement for pooling all the Colorado business has just been concluded between the Union Pacific Railroad and branches of the Kansas Pacific and Atchison, Topeka and Santa Fe Railroads. This ends all competition in the passenger and freight traffic. The Chicago connections have been notified that in no case will these roads accept, as their proportion between the Missouri River and Denver, anything else than the full arbitrary charges. These are $20 on emigrant and $27 on first-class fares.

Hme. Bonaparte's Will.

BALTIMORE, 8.—The will of Mme. Elizabeth Patterson Bonaparte divides all her real and personal estate equally to her grandsons, Jerome Napoleon and Charles Joseph Bonapatte, who are also made executors. The real estate is divided for life to her grandsons and after ward to their children.

FOREIGN.

SPAIN.

A New Maritime Zone.

MADRID, 8.—The *Universal Gazette* states that England has asked for the arrangement of a new maritime zone for Gibraltar. The *Gazette* strongly advises government to absolutely refuse the concession.

GREAT BRITAIN.

The Khedive's Financial Scheme.

LONDON, 8.—A dispatch from Alexandria says: A meeting of consul generals has been held, which proved favorable to the Khedive's financial scheme. The Khedive, the pashas and ulemas consent to make sacrifices to enable the government to meet its engagements with respect to the judgments of the tribunals. Ministers Wilson and Deligniéres resigned.

Peaceful Solution.

A Jellalabad dispatch says: Yakoob Khan now seems desirous of a peaceful solution.

New Proposals to Greece.

A Constantinople telegram says: The Porte has decided to make new proposals to Greece for the cession of territory in Thessaly and Epirus.

Schuyler's Report.

The President of the Bulgarian national assembly has written to Eugene Schuyler, thanking him, in the name of the Bulgarian nation, for his famous report about the Turkish atrocities in Roumelia, which brought the truth to light and helped to remedy the evil.

A Single Scull.

In a single scull race on the Thames from Putney to Mortlake, for £200 a side, Spencer beat Taryer by six lengths.

Surrender of Oham.

A Cape Town dispatch, dated March 18, says: Oham, Cetewayo's brother, with his eldest son and 306 warriors, surrendered unconditionally on the 2nd of March, and are now in Col. Wood's camp. Oham is supposed to be an aspirant for Cetewayo's throne.

There has been no important military movement against the Zulus.

Ekowe Surrounded.

Ekowe is still surrounded, the road leading there being defended by a large force of Zulus. A relieving force, under Col. Law, is still on the lower Tuela River. It consists of three companies each of the Third and Eighty-eighth regiments, and a portion of the naval brigade of the ironclad *Shah*. The Fifty-seventh regiment has landed at Durban, from Ceylon, and is now marching to join Col. Law. The latest intelligence from Ekowe is that the garrison are well, but their provisions running short.

The Matagon Affair.

The *Standard* announces in consequence of the Matagon affair, the British steam corvette *Encounter*, 14 guns, has proceeded to Sierra Leone from Madeira.

TURKEY.

Mixed Occupation Scheme.

CONSTANTINOPLE, 8.—The Porte has agreed to accept the mixed occupation scheme on condition that the Great Powers give effect immediately to the constitution proposed by the international commission for Eastern Roumelia. There is reason to believe that the Porte's opposition to the mixed occupation, in the first instance, was due to the advice of Tournier, the French ambassador, who has since gone home on furlough. It has been arranged that the ambassadors of the powers shall, in concert with the Porte, settle all questions in detail relative to occupation. It is considered probable that the Russians will remain in Eastern Roumelia until actually replaced by foreign contingents.

A Prince to be Elected.

The Bulgarian Assembly adopted a motion that the recent Assembly, with the addition of 66 members, each representing 10,000 males, to be elected immediately, shall elect a prince.

RUSSIA.

Discussing the Scheme.

ST. PETERSBURG, 8.—The *Agence Russe*, referring to the reports that the mixed occupation scheme has been abandoned, says the European cabinets continue the discussion with the view of aiding the present scheme or substituting another.

ITALY.

Improving Catholic Schools

ROME, 8.—A letter from the Pope to the Cardinal Vicar is published, in which the Pope announces that as the success of the movement for increasing and improving Catholic schools will greatly depend upon pecuniary means, he proposes to contribute annually as large an amount of money as his private means will permit, and as the conservation of faith in Rome is connected with the incidents of the Catholic world; he will also devote to Roman schools as much of Peter's pence as the needs of the church will permit.

BRITISH AMERICA.

Hungry Indians.

OTTAWA, 8.—It is reported that the Indians at Lapolle River seized the government stores there, not from any rebellious design, but probably from hunger.

FRANCE.

The Bonapartists Elated—Cassagnac Banquetted—Election.

PARIS, 8.—The Bonapartists are much elated at the almost certain triumph of Bodell, Bonapartist candidate for the Chamber of Deputies in the district of the Champs Elysus, on the second ballot.

M. De Paul Cassagnac was banquetted last night by 180 students of the Latin Quarter. In the course of a confident speech he related a conversation between himself and the Prince Imparial, in which the latter said: "My father's misfortune was to mistrust his health, so he wished to play two reigns simultaneously: namely, his own, which was authoritaire, and mine, which might be liberal. He lost both. I am, therefore, forced to recommence to resume the authoritaire reign, and to leave the liberal one to my successor, if events allow it."

At Bordeaux, at a supplementary election on Sunday for members of the Chamber of Deputies, Louis Blanqui, who is still imprisoned for conspiring in 1870 against government for the national defense, polled 3,700 votes against M. Lovertuon, Gambettist republican, who received 4,078 votes. Two obscure radicals polled 1,500 each, and for the second ballot, which is necessary, these votes should swell Blanqui's score. His return is quite possible. This is considered significant.

SOUTH AFRICA.

Another Zulu Attack.

CAPETOWN, 25, *via* Cape St. Vincent.—A convoy of supplies, proceeding from Derby to Luneberg, escorted by 104 men of the Eightieth Regiment, was attacked at daybreak on March 12th, on the banks of Intombe River, by 4,000 Zulus under Umberline. Owing to previous alarm the British were under arms, but were overwhelmed by the enormously superior force of the enemy. Captain Moriarity and 40 men were killed and 20 are missing. The fate of the wagon drivers is unknown. Lieut. Harwood, with 40 men, succeeded in reaching Luneburg, and 150 men of the Eightieth Regiment subsequently proceeded to the scene of the fighting and recovered a quantity of the rockets and ammunition, and buried the dead. The 20 wagons containing supplies were lost. The relief column for Ekowe will start on March 26th. A party of volunteers have visited the battle field of Isandula and found that the Zulus had left 100 wagons there, but had removed the guns and ammunition.

A great meeting of Boers has commenced. Their proceedings have so far been quiet

THE CHIEF OF HEALING COMPOUNDS.

HENRY'S

Carbolic Salve.

The Most Powerful Healing Agent ever Discovered.

Physicians give it the highest recommendations.

FOUR POINTS TO BE BORNE IN MIND.

Carbolic Salve positively cures the worst forms of Piles.

Carbolic Salve instantly allays the pain of Burns.

Carbolic Salve cures all cutaneous eruptions.

Carbolic Salve removes pimples and blotches.

Carbolic Salve will cure cuts and bruises.

Henry's Carbolic Salve

ranks as the head of all Salves, Ointments and other Healing Compounds, and has achieved a greater reputation and has a larger sale than any similar preparation. The most

VIRULENT SORES AND ULCERS

have been cured with wonderous rapidity by the use of Carbolic Salve, and it is prescribed now almost universally by Physicians throughout the country in their practice.

Testimonials from the most respectable sources, medical and otherwise, are constantly accumulating on our hands, demonstrating the sovereign efficacy of

Henry's Carbolic Salve

and that the cures which it effects are as prompt as they are complete. The two following excerpts are all we deem it necessary to insert.

Gen. H. Lincoln, Pres't of the Board of Health, N. Y., writes: "Your Carbolic Salve is an excellent article, and I thank you for. This is another evidence of the great value of the discovery of carbolic acid."

D. B. Locke (Petroleum V. Nasby), of New York states that he had "on the forefinger of his right hand one of those pleasant pets, a 'run-round,' the finger became inflamed to a degree unbearable.

A friend dressed it with Carbolic Salve, and in forty minutes the pain had so much subsided as to give a fair night's rest.

The inflammation left the finger in a day."

Henry's Carbolic Salve

is used extensively in Hospitals, and it seems to be not only a thorough purifier and disinfectant, but also the most wonderful and speedy healer ever known. Sold by all Druggists.

Price 50 cents per box.
