NEW BISHOPRIC AT ADAMSVILLE. On Monday, at the invitation of President C. D. White, a number of the High Council and others, with a portion of the choir, accompanied El-

ders Smith and McMurrin to Adams-ville and Minersville, to hold meetings in those wards. At Adamsville Elder Fred T. Gunn tendered his resignation as Elbar, and the semic memory second

as Eisbop, and the same was regret-fully accepted. He has served in that capacity for 20 years. Elder Thomas

Lewis Griffiths, who recently returned from a successful mission to South Af-

rica, was ordained and set apart as Bishop, with David J. Rees, and Ross B Cutler as his counselors. A most erjoyable time was had at both places.

Elder Lorin Farr Smith was presen

on Sunday, and in addition to speaking

to the people, he also rendered a beau-tiful solo. Altogether it was a profit-able and enjoyable conference.

WILLARD. YOUNG LADIES GIVE SOCIAL.

Growers Will Meet to Consider Prices

Of Beets-Cannery Looks for Big Run. Special Correspondence. Willard, Boxelder Co., Jan. 16.-On the 6th inst. the Young Ladies' Mutual Im-provement association gave a ball in the opera house. Refreshments were served during the evening. Socially and financial-by the ball was one of the most successful of the season.

ly the ball was one of the most successful of the season. The farmers here are in no hurry to contract for beets. Mr. Job Pingree, rep-resenting the Orden factory, came up to contract with them on the 15th inst. but no contracts were signed. There is a strong sentiment to accept the graduated scale instead of the flat rate contract as herotofore. The prevailing opinion is that the sugar factories can well afford to pay more for beets. A meeting will be held next Monday evening, the 22nd inst., to further consider the matter. The recent storms have piled an abund-ance of snow in the mountains. The pros-nects of an abundant water supply was never better at this season of the year. The local cannery expects to make a big run next season. Tomatoes are being contracted for at \$5.50 per ton. With large smelters erected about four miles south of this place much mining activity is anticipated this year.

Willard Bean's Athletic Tournament at Theater Was

A Success.

AUDIENCE WAS SURPRISED.

By the Clever Work of Some of Utah's Amateur Boxers-Several Four Round Contests,

"I care not if I never see another profesional fight, if Bean will only give us shows like this," remarked a mateur specta : at the Salt Lake Theater last evening during the amateur athletic tournament. It is safe to say that the remark, if heard by all, would have been approved by nearly every person in the audience, for the show was certainly a one. While the attendance was good, the program was worthy of a packed house.

The half dozen three and four-round bouts given last evening outclassed by far many of the twenty-round profession il contests seen in this city, and each oungster went in to win. There was no chance for dishonest work because, aside from a medal, there was nothing to win. Taking each event in its order, it is difficult to say which was the hest. There were two, however, which deserve special mention. From the standpoint of cleanout, scientific work, the bout between Blair Richardson, one of Bean's star pupils, and Chick Ray, was the best event. But as a laugh producer, the bout between Art Gardner of Sait Lake and Jerry Kelly of Ogden, had all the other bouts beaten a country block. The boys tried their best to knock each other out,

A BOY'S WAY.

Walter Christie was talking about his "Blue Flyer," the huge and handsome racing car with which he amazed Cape May last summer.

"One day in August," he said, "I took a run out into the country, and somehow got lost. On toward dusk I found myself at the meeting point of four cross roads, and unable to tell which cross roads, and unable to tell which road would lead me back to Cape May, "So I pulled up and waited, and soon

a boy driving a cow appeared. "The little fellow stared at my 110-horsepower car, and then he said calm-

ly: "Well, jest foller this cow, an' ye'll get thar.'

Heaviest Snowfalls Known in History Of Arizona Settlements.

Special Correspondence. St. Johns, Ariz., Jan. 8 .- This winter

there has been more snow and cold weather than has ever before been witnessed here, even by the oldest settlers of this valley. A month ago a snowstorm passed over and left the whole country clothed in a heavy sheet. It was followed by several other small storms. In all the fall was estimated at about 14 inches of solid snow. Much more is reported in the mountains near here. Scarcely any of it has meited thus far owing to the severe cold weather. It is a very unusual thing to see snow lay on the ground so long in this part of the territory. Prospects seem to be brightening as the present in-dications are that the range will be in a good condition next year, and we feel that a water supply for the coming farming season is now being stored in the snow that is falling upon the mountains south of us. Cattle and sheep are suffering some but no losses have been reported. DEATH OF WILLIAM O. GIBBONS. nessed here, even by the oldest settlers of
