Under the Terrible Cross-Examination of Dist. Atty. Jerome She Collapsed.

HER WHOLE LIFE LAID BARE.

Continued Relations With White and Had Money From Him While Traveling With Thaw.

New York, Feb. 21 .--- Under the stress of cross-examination, in which pist, Atty, Jerome suve no quarter, Mrs. Evelyn Nesbit Thaw broke down today upon the witness stand. With blinding tears burning their way down checks which from ashen white had fushed to crimson, she admitted that after her first experience with Stanford White her relations with the architect continued several months.

There were other confessions also, which, while damaging to her own character, accentuated all the more the terrible personal sacrifice she is the terricle personal saternee and the making in the effort to save her hus-band from the electric chair. The case has progressed to the point where the defandant has been all but lost sight of. His girl-like wife is the disthe storm lash we about whom the storm lashes, we about whom the storm lashes. Thus, his face buried in his hands, might easily have been out of the controom picture today, and none would have missed him. All eyes were upon the witness chair and the slight figure in blue which occupied it. Dur-ing the day and at all times hereto-fore Mrs. Thaw has had to sit on the edge of the chair in order that her feet might reach the floor. To make her more confortable for the long or-deal a footstool and back cushion were provided during the afternoon. At the close of the most eventful day of the trial, Mr. Jerome announc-ed that he probably would keep Mrs. They under fire for two more days. THE WITNESS IN TEARS.

When Mr. Jerome was flaying Mrs. Thaw with questions as to her rela-tions with White, demanding to know 'every detail and while bitter flars every detail and while bitter tears were welling to her eyes, two news-paper women accustomed to harsher scenes of life hastily left the court-room and made a hasty retreast out of the big portials. At last the prose-cutor himself relented somewhat and suggested that the proceedings should be suspended. Mr. Deimas thought he detected an unfavorable slant to this and pro-tested that the whines would be ach

Ar, Delmas sent a genuine thrill through the courtroom by declaring that he had been informed it was the purpose of the district attorney to indict. Mrs. Thaw, Mr. Jerome denied that any such statement had been made, but did not leny the purpose. This incident came about near the

close of the forenoon session when Mr. Jerome, in an effort to make the de-fense produce certain letters from Stanford White which Mrs. Thaw de-Stanford White which Mrs. Thaw de-clared were in the possession of Clif-ford Hartridge, one of her hushand's attorneys, called Mr. Hartridge to the witness stand. The lawyer declined to answer all questions relating to the let-ters and when it became necessary for him to give him some better reason than the mere fact that he was the at-torney of record for the defendant, Mr. Delmas said Mr. Hartridge had been re-tained by Mrs. Thaw to protect her in-terests when she had heard that she was to be indicted.

Was to be indicated. During the afternoon when Mrs. Thaw had been recalled she declared she was perfectly willing that the let-ters should be produced.

They are your property, are they t?" asked Mr. Jerome.

"No, I gave them to Mr. Thaw." Mr. Jerome directed his assistant, Mr. Garvan, to have a subpoena issued for Mr. Hartridge. When this was done, Ir. Jerome again demanded the letters. Ar. Hartridge said he had no intention f complying as he had received the etters from the hands of the defendant.

He had neglected to have an iffidavli made as to the service of the ubpoena, and Justice Fitzgerald said there was nothing upon which he could act. Mr. Garvan was directed by his there to draw up the affidavit. There he matter rested.

Just after the luncheon recess the disrict attorney wanted permission to dis-costinue the cross-examination of Mrs. The attorney wanted permission to dis-continue the cross-examination of Mrs. Thaw long enough to take the testi-uony of Drs. Deemar, of Klitanning, Pa., and Bingaham, of Plitsburg,both of whom are to testify as to traces of in-anity in both branches of the defend-unt's family. Mr. Jerome said he was informed the physicians were about to teave the jurisdiction of the court. "They are returning to Plitsburg to-night," said Mr. Hartridge, "but they will be back at any time they are want-ed. Mrs Thaw is under a most severe strain and her cross-examination whould be concluded at once," Drs. Bingham and Deemar were called to the stand and said they would stay if necessary. Mr. Jerome insisted that their testi-mory be taken and Thaw's counsel in-

nony be taken and Thaw's counsel in-sisted that the cross-examination isted that should proceed.

Just before adjournment Mr. Jerome said he felt the physicians would be available when wanted, and asked that the recess over the holiday and until Monday be taken. Counsel for the de-fease consented consented. . Thay will again be on the stand house, white having largely abandoned that place because, he told her ac-tresses who had been there told about Mrs. Thaw all of Monday and possibly all of Tues-"Were there improprieties at these luncheons and suppers?" asked Mr. AFTERNOON SESSION. "Was their conduct worse than Miss Winchester's cake-walk in the 'Dead Mr. Jerome turned to Mr. Hartridge "Your client has waived her right. Will you let me have the letters?" We ask you to study this exhibit so you will fully understand how the valuable medicinal extractives are recovered from genuine fresh cods' livers and the unnecessary oil omitted. This will show you conclusively that VINOL is not made of drugs or chemicals which are said to resemble the medicinal elements found in cod liver oil, but that VINOL actually does contain in a highly concentrated form all the medicinal extractives of cod liver oil, actually taken from genuine fresh cods' livers, together with organic iron-a needful constituent for the blood-dissolved in a pure native wine as a preservative. VINOL, unlike oily preparations, is easily digested and agreeable to the weakest stomach. For these reasons we believe

VINOL is far superior to old-fashioned cod-liver oil and emulsions for coughs, colds, bronchitis and all throat and lung troubles, and as a body builder and strength-creator for old people, delicate children, weak, run-down persons and after-sickness.

Know, therefore, all persons who are in need of such a medicine that we will supply them with VINOL on a positive guarantee that if it does not succeed in benefiting them, we will refund the entire amount of money paid us for the medicine.

You see OUR FAITH in VINOL, and you must admit that we know something about medicine; therefore, when we tell you that VINOL is the most valuable Cod Liver preparation on the market, and a wonderful tonic-reconstructor and rebuilder of strength, appetite and health at the same time delicious to taste, we are not unreasonable to expect you to believe us.
