

DESERT EVENING NEWS.
Saturday, October 2, 1909.
LOCAL AND OTHER MATTERS.
CORRESPONDENTS writing for publication are requested to write on one side of the paper only. No notice can be taken of anonymous communications. Correspondents' names must in every instance accompany their communications, not necessarily for publication, but as a guarantee of reliability.
THEATRICAL.—"The Carpenter of Rouen" is one of those pieces that excite interest in the strongest degree; and though it is not according to the principle which characterizes the sensational drama of the past four or five years, it has some very exciting and sensational scenes, among which are the trial in Marteau's carpenter shop, and the burning of the ducal palace. The performance of "His Last Legs" was so successful on Tuesday night, that we presume all who saw it then would wish to see it again; and those who did not will enjoy its performance. The entertainment is very good all through.
EVERY NIGHT.—The Theatre will be open on Monday evening, and every evening during Conference.
FOOT BEAVER.—We had a call to-day from Bro. Wm. Fotheringham, who arrived late last evening from Beaver. The general health in that county is good. Although their visitation of grasshoppers was heavy, they will average through the county over a two-third crop of small grains. The hay crop is unusually large, which is a matter of consideration to the people there, as they find a ready market for the article with the passing travel. Improvements are going on, and the spirit of progress is alive among the people. Bro. Fotheringham says there will be quite a number up from Beaver to Conference, more than has ever come before.
GREEN RIVER ITEMS.—The Frontier Index of the 21st says that the construction trains were within ten miles of Green River at that date, and the track, it was expected, would reach the city in about a week. We clip the following from the same issue:
"A bullet came within a few feet of our writing table last night, so close that we dodged. It came from the revolver of Jack O'Neil in the neighborhood of the Star Restaurant on Green street, thus passing entirely through two rows of occupied buildings, and in its heedless course might have killed or wounded one or more persons. Five other shots were fired about the same time in the same random manner, the reports rattled large and small, eager to see who was so lucky as to have been sent to the happy hunting grounds of his forefathers this time. O'Neil was arrested and fined, though not half enough for such an offense."
IN VIRGINIA.—The Territorial Enterprise announces the arrival of Miss Ince at Virginia, Nevada. She is well known there, and was a great favorite with the people of Virginia when "starting" in the west. She is about to play an engagement in that city. We wish to say all the success to which her fine abilities entitle her.
QUIET.—There was very little stir on "the street" to-day, most people seemingly holding over for Conference. Judging from all that we heard from brethren already in from various parts of the country, the remote settlements of the Territory will be represented more largely than usual next week.
FINE WORKMANSHIP.—We were invited to examine a desk, made by Mr. George Parrott, of A. W. Street, Esq., which is a specimen of the finest workmanship we have seen for some time. It is made of walnut, common white pine, and two kinds of cedar wood, and for artistic design and beautiful finish is equal to anything that would be turned out of a first-class establishment in New York. All its parts harmonize, and the polish and beauty which it displays show the skill and hand of a master workman.
BUREAU NEWS.—The funeral of ex-Gov. Beall was a large and impressive one. The jury on the coroner's inquest brought in a verdict that his death was caused by a pistol shot fired by Mr. Finney, who acted in self-defense.
ON LAST SATURDAY, 25th, Jim Wilkinson demanded liquor at the bar of a saloon, but had no money to pay for it. The liquor was refused, and he was about to force it, with the aid of a revolver, when he was arrested by police officers Wardell and Delany. Wilkinson fired while the arrest was being made and shot Delany through the thigh.
Madame Scheller produced the gorgeous spectacle of the "Naiad Queen" with great success. Mr. Methua had painted new and beautiful scenery for it.
MUTILATED CURRENCY.—A gentleman directed our attention, yesterday, to the loss which is sustained by taking mutilated currency at its face value. It does not seem to be generally known that mutilated legal tenders lose in value according to the size of the part torn off or destroyed. Thus a \$50 greenback, with a fifth of it torn off, would only bring \$40, and is consequently worth no more. We direct public attention to this matter, that those receiving torn bills may not lose by taking them at their face.
POLICE.—Richard Powers was arrested yesterday for being drunk and disorderly, and was fined ten dollars by his Honor, Alderman Clinton.
CALLED.—We had the pleasure of a visit to-day from Dr. Edwin Forbes, correspondent of the Omaha Herald and traveling in this western country for pleasure and profit. Like all intelligent, sensible men, he admires our city, and thinks the people here have done wonders in the time. We wish him a pleasant sojourn while here.
THAT MAIL CONTRACT.—The Omaha Herald says that Mr. Spade, the new contractor, has perfected arrangements whereby, on and after the 1st October next, he will transport passengers over a first class stage line, complete in every appointment, with celerity, certainty and dispatch, between the western terminus of the Union Pacific and the eastern terminus of the Central Pacific.
The above we clip from a Cheyenne paper, as we failed to notice the item in the Herald when glancing through it. Mr. Spade, we surmise, has fooled the Herald as he has done the people of the west and Government, in this contract business, and the feeling is, as a gentleman expressed to yesterday, that he is anything but a "trump Spade." We suppose bonds were filed for the faithful performance of the contract; and we expect Government will look after them.
