(Sepcial to the "News.")

Washington, D. C., Dec. 14-That the withdrawal from entry of lands supwithdrawal from entry of lands sup-posed to contain deposits of phosphate is only temporary is the word given out by Secretary of the Interior Gar-field. This is what he told a delega-tion of western senators, with whom he was in conference yesterday. It was explained that a foreign syndicate is en-deavoring to monopolize phosphate lands in America, and with a view of pro-tecting the people of this country un-til needed legislation could be effected, it was deemed advisable to withdraw the lands from entry. The department of the interior will ask for legislation for the relief of settlers on the Truckee-Carson reclamation pro-ject, who are unable to make stipulated payments on their holdings. The aim is to permit the department to handle each case wholly on its merits.

A RARE UTAH SOUVENIR AS A HOLIDAY GIFT People who desire something strik ing and unusual in the book line to serve as a Christmas gift to a friend, (especially if that friend resides outside of the state,) could not do better than to call at the Deseret News Book Store and inspect the History of Utah in three large volumes, by Orson F. Whitney. This is the work lately ac-quired by the Deseret News from the Convert of Convert accounter the form George Q. Cannon association, the for-mer price, of which was \$30,00, but which has now been reduced to \$15,00. The work is rapidly going out of print, and when the present edition is ex-hausted, it will be impossible to obtain copies anywhere. The books are bound in gilt morocco ully illustrated, and would form a fully illustrated, and gift that would be appreciated for a life time.
