

## LOCAL AND OTHER MATTERS.

REMEMBER the MASS MEETING to-morrow at ONE O'CLOCK.

PRESIDENT AND PARTY.—A telegram, from Toker, per Deseret Telegraph line, from Elder A. M. Musser, says:

The Company will start to-day, via Virgin City, for the Kanab. We are all well; no accidents up to date. Meetings are being held in every place. Mass meetings are being held by the people to protest against Cullom's bill. The best of feelings prevail.

ARRIVED.—The company whose names were given in the News on Monday, arrived in the city yesterday afternoon. They left Omaha last Thursday and were detained fifteen hours while en route for home. All the members of the company are well, and like all who have preceded them, they are glad to reach home again.

THE THEATRE.—This very popular place of amusement and resort will be open on Saturday evening for a dramatic entertainment. On that occasion Mrs. Amy, and Mr. H. F. Stone, assisted by Mr. D. McKenzie, Mr. Graham, Mrs. Clawson and other popular favorites will appear in an admirable entertainment, consisting of the favorite dramas "The Female Gambler," and "Mildred," the Cigar Girl of Cuba. Between the pieces Mr. Stone will dance the "Army and Navy Dance."

Both the dramas are favorites here, and as the Theatre will be open this night only, the lovers of the drama will no doubt take advantage of the opportunity and turn out in strong force.

"THE ENGLISH MECHANIC."—We have received the March number of *The English Mechanic and Mirror of Science*, published in London. From a careful perusal of its contents, we are convinced that *The Mechanic* has no superior among the scientific serials of the world. It is a perfect cyclopaedia on scientific subjects, and to the engineer, and builder, and in fact to almost any class of mechanic it is invaluable. It may be obtained through the Railway News Depot, East Temple Street.

THE MASS MEETING.—Remember the Mass meeting at the Tabernacle at 1 o'clock to-morrow. The object of the meeting is one in which all the inhabitants of the city and Territory must feel interested, and all who can possibly attend should make it their business to do so, to petition, and enter their protest and remonstrance, against the outrageous injustice to which the people of Utah will be exposed on the passage, by the United States Senate, of the notorious bill passed a few days since by the House of Representatives. Citizens, remember to-morrow at 1 o'clock.

REWARD OFFERED.—The Central Pacific Company offer a reward for information that will lead to the apprehension of the incendiaries, by whom their bridge, across the American river, at Sacramento, was destroyed last week. If any concerned in the transaction give such information they are to be exempt from prosecution. We hope the scoundrels will be discovered.

TEA CULTURE IN CALIFORNIA.—The Valley Chronicle says: "A Japanese family passed through town yesterday for the farm of Sam. Brannan at Callisto, where they will devote their attention to tea culture. They had with them the necessary plants. Tea raising seems to have proved a success in El Dorado county; we cannot see why it should not also in this more temperate latitude."

KEEP COOL.—Under the heading "The Mormons and Arizona," the Arizona Miner, of the 12th instant, devotes a paragraph in its leading matter to a notice of a letter recently published in the New York Tribune, in which the writer states that a party of men had been sent from Salt Lake to select a location in Arizona, where "Mormons" who favor polygamy can retire. The Miner says, "This may or may not be so. We rather think, however, that before long, many Mormons will cross the line of our Territory, and settle in it, and we are of the opinion that they would be welcomed by our people, more especially were they to mind their own business, and aid us in developing the resources of the Territory and in subduing the Indians."

The Miner then proceeds, like a portly young "rooster" on its own dunghill, to sound a defiant note to the "Mormons" in relation to polygamy, in which they are assured that under their laws (the laws of the Arizona) that no man would be allowed to marry more than one wife, that the men of Arizona would marry all the surplus "Mormon" women, and that the Arizona bachelors would be sure to have the aforesaid law enforced. The Miner, in conclusion adds:

"But, if the Mormons think they can come here, practice polygamy and 'rule the roost,' they are mistaken. We do not want them to come with these notions."

We would suggest to our wrothy contemporary the propriety of keeping cool under the prospect of such an alarming contingency as the advent of the "Mormons" who favor polygamy into the Territory of Arizona. We are not aware of anything of the kind being contemplated, notwithstanding the assertion of the Tribune's correspondent; if such a move were, however, contemplated by those referred to, the defiant "crowing" of the Miner would neither deter them from taking such a step nor lead them to ask its editor's permission as to the class of notions they might bring along.

Arizona is said to be a most delightful country, naturally, and one which, were it not for the Indians, might soon be turned into a paradise. Now, seeing how utterly incapable the present occupants of the Territory, the Miner included, have proved themselves in the management of those Indians, and how efficient the people of Utah have shown themselves in that branch of business, we think it would be a great blessing to the Arizona to have a few "Mormons" settle in their midst. They would certainly mind their own business, and help to develop the resources of the Territory, and though they did "rule the roost," they might also rule the Indians.

We recommend our contemporary to think the matter over in this light; he may get more light upon it.

DISTRICT COURT.—Yesterday afternoon the jury in the case of Schuttler vs. Jennings, returned a verdict in favor of defendant. Plaintiff's attorney gave notice of motion to set aside the verdict and have a new trial. The balance of yesterday and this morning was occupied in the case of C. F. Hawley vs. the U.P.R.R. Company. The jury, at the time of going to press, were deliberating on their verdict.

RECOMMENDED TO MERCY.—John Burke, an Irishman, foreman of a gang of Chinamen on the Central Pacific, killed one of his gang in a general row, about the 1st of the present month, at Lora, a few miles east of Toano, Nevada. On the morning of the 22nd inst., he was convicted of murder in the first degree, recommended to mercy by the jury, and sentenced to forty years in the State Prison. So says the *Elko Independent* of the 23rd.

REMEMBER the MASS MEETING to-morrow at ONE O'CLOCK.

FLATTERING TESTIMONIALS in favor of Burnett's Coughs are plenty.

INFLAMMATION from sunburn, and the dryness caused by the wind and air, is remedied by the application of Burnett's Kallistion.

INCOMPARABLE.—No Cologne equals Burnett's.—*Washington Chronicle*.

BURNETT'S FLORIMEL has the odor of a delightful bouquet.

BURNETT'S Standard Preparations are endorsed by competent judges as possessing all the merit claimed for them.—*Chicago Tribune*.

"Fact" worth knowing.

From a careful and practical trial of Dooley's BAKING POWDER, it has been shown that the same quantity of the latter will produce in a barrel of flour from 25 to 40 pounds more bread than where hop or brewers' yeast is used.

This immense saving is worth considering by all householders who desire to economize in their kitchen expenditures. DOOLEY'S BAKING POWDER is for sale by all Grocers.
