DESERET EVENING NEWS: SATURDAY, FEBRUARY 9, 1901.

committee after listening to the ty's claims, concluded that the city no power to donate the land, and to the request of the petitioners t they held, be nothing more nor than a donation, It was stated that city could rent the property for all sum, but the matter was coned for one week, when the commitwill listen to any proposition as to ing the land that the Rellef Sociemay wish to make,

mittee also took up the petiof Thomas Weir and a number of residents in the northeastern part he city, asking that the block which s between Twelfth and Thir-East, and First and Second owns between h streets be converted in-a public park, but on the ort of Land and Water Commission-Westerfield to the effect that it uid cost over \$6,000 to do this, and that the property was worth \$30,000, the est will be denied. With reference to petition of P. E.

en, who asked the privilege of tak-building rock from some land the lowed, east ats a load, the committee decided to ow any one to dig up and haul away from this land, providing the nd is leveled up again and left in good

matter of opening up the street on the western boundary line of the Univer-sity grounds and the chairman of the building committee was instructed to enter into negotiations with the property holders for a five-rod street, and to sign contracts with them for its immediate opening, two-fifths of the cost of which, at the rate of \$1,000 per acre, is to be paid by the property holders. The president's recommendations as

to the employment of a fireman and janitors for the new buildings were adopted. One fireman is to be employed at the rate of \$50 a month, except when on night duty, when he will be paid at the rate of \$80 per month; three jan-itors, one at \$50 a month, and the other two at \$30. Other business transacted was the acceptance of the bid of \$227.35 for rubber and trimmings to go on the stairs of the University buildings. The Harris Furniture company made the bid. The claim of Henry Dinwoodey of \$118.34 for extra deadening felt was al-

NEW SMALLPOX CASES. hall was a Maccabee tent in which punch was served. committee on arrangements According to the city health board were: E. J. Wilkinson, David Cooper, twelve new cases of smallpox were re-Thomas C. Lewis, Robert Dalton, Gus-tave Kroeger, F. S. Murphy, Dr. J. C. Hanchett, John H. Gray and J. W. ported to it yesterday afternoon. The parties afflicted are: Anna Sorenson, Worthen aged 45; James Sorensen, aged 46; Jas. Reception: Mrs. J. C. Hanchett, Mrs. Mary Harvey, Mrs. W. O. Dusted, Miss May Gray, Dr. J. C. Hanchett, Thomas C. Lewis, Dean C. DeGraff, D. W. Sorensen, Jr., aged 23; Ann Sorensen, aged 15; Mary Sorensen, aged 14; Wal-ter Sorensen, aged 18, 347 east Second South street; O. H. The last "Red and Black" ball before Lent will be given at Christensen's next Friday. The chaperones are: Mrs. West street. STATE HEALTH REPORT. S. Miller, Mrs. H. S. Beatle, Mrs. H. Whitney, Mrs. J. F. Cowan, Mrs. Sixteen new cases of smallpox were reported yesterday to the State board of health from Spring City. G. Whitney, Hoyt Sherman,

at the city's last election was the first one in his experience of 17 years as clerk that a recount of the vote had not shown a change from the original figures. statement that returns from outlying polling stations, as far as five distant, were received in as short a time as four minutes after the polls closed. When the matter is agitated before the Legislature the agents of a number of manufacturers of voting ma-chines will be in town and it will be interesting to compare the claims for the various makes.

The most prominent event of the week

was the Maccabees ball on Thursday night. Christensen's was thronged with the knights of the order and their ladies, and until a late hour the scene was one of unalloyed pleasure. The hall was handsomely decorated with the national colors and evergreens and potted plants and palms were arranged in cor. ners, with trimmings of tissue paper on chandeliers, produced a charming ef-

fect. In the southeast corner of the

hearing in Justice Kroeger's court at ten o'clock this morning, has again been postponed for one week. Counsel for the prosecution and defense agreed to have the case tried next Saturday morning at ten o'clock.

PROPERTY TRANSFERS.

special meeting of the board of ts of the University was held at Descret National bank yesterday moon, and the following matters te discussed and acted upon: It was ided that a petition should be sent

PROMISED TO BE BETTER.

Ruby Craft, the 12-year-old girl who

was arrested a few days ago and taken before Justice of the Peace Lochrie, on a charge of incorrigibility, made by her mother, who said she could not control the girl, and who, upon the re-quest of County Attorney Christensen, was held over to appear before the dis-trict court with a view of sending her to the Reform School, was before Judge Morse yesterday afternoon. But just before going into court the girl became very penitent, and while in the county attorney's office pleaded long and hard for another chance to reform and be a dutiful girl. Upon her pathetic plead-ing and strong promises made, the mother felt inclined to give her daugh.

ter another opportunity, and prevailed upon Mr. Christensen to so ask the This was granted, but the comourt plaint, however, is not dismissed, and if she lives as she ought in the future she will continue to enjoy her childhood freedom, otherwise she will be brought before his honor and sent to the school mentioned to see if that will not reform

VARIOUS COURT CASES.

An amended complaint was filed in the district court yesterday afternoon in the case of Margaret Haun, adminis-

tratrix of the estate of Charles Haun, deceased, against the Rio Grande Western Railway company to recover \$18,-000 for the killing of the deceased plaintiff, by being run over by defend. ant's train, at Murray on the 20th day of March, 1899.

Plaintiff alleges negligence on the part of the defendant, in that it ran its train at a speed of 40 miles per hour through the town, and did not give sufficient warning to plaintiff, who at-tempted to drive his team across the track at the time, but was instantly killed by the collision. The case of William A. Thompson, of

the Boston Lyric Opera company, wherein the Sall Palace sued him for \$509 damages, for alleged breach of contract, was yesterday, dismissed in the district court, on a compromise of

THE VOTING MACHINE.

Legislature Will be Asked to Adopt It for Utah. In view of the report that the Utah State Legislature is to be petitioned to

legislate in favor of the adoption of voting machines in State county and

ity elections, a few of the advantages claimed for the machine are here set forth. First is its absolute reliability and correctness. Those who have tried machines in recent elections in the esst claim that it is absolutely impossible to manipulate the machine so as to the secretary of war asking permis-to use the surplus water from the

NO APPOINTMENT.

ficials Ere Successor is Named.

It is understood that no action will be taken in fulfilling the vacancy made by the resignation of Mr. Eccles until after that gentleman arrives in New York, and is consulted by the executive department in regard to the situation out here. The Short Line and Union Pacific officials in whose hands rests the naming of the man, it is said, recognize that no man is more conversant with affairs in this intermountain re-gion that Mr. Eccles; accordingly gion that Mr. Eccles; accordingly whatever he may have to tell them will duly be weighed and subsequently e acted upon. In the meantime the rumor to the ef-

fect that the position of traffic manager of the Oregon Short Line will be abolished and a general freight agent appointed who will report to the Union Pacific headquarters at Omaha gains ground. There is also another rumor current to the effect that Ben Campbell, who made a flying trip to Salt Lake a week ago, will have his jurisdiction extended to the extent that he will look after the traffic interests of both the O. R. & N. and the Oregon Short Line, As what would ultimately be done Mr. Eccles this morning expressed himself as being entirely in the dark.

BURLINGTON AT THE BACK.

Will Build to Salt Lake as Soon as Los Angeles Line Starts.

Chevenne, Wyo., Feb. 8 .- It is learned from a reliable authority that contracts for the extension of the Burlington's line west from Guernsey to Salt Lake will not be let until actual opera-tions have been commenced on the line of the Salt Lake & Los Angeles road. General Manager Holdredge of the Burlington was in the West recently and he intimated that further progress

of the Burlington's transcontin ental line will depend upon the Salt Lake-Los Angeles project, the Burlington having arranged to use the latter for its Salt Lake connection to the coast.

Another Burlington Project.

St. Paul, Minn., Feb. 8 .- A railway project is now reported under way by which the Northern Pacific and Bur-lington, which now have a trackage arrangement covering several hundred miles of territory, may be consolidated. and it has been said that the Great Northern will be in this transconti-nental combine. The Burlington now hauls Northern Pacific cars from Kansas City to Billings, Mont., and the Northern Pacific hauls Burlington cars from Billings to the Pacific coast. The interchange of business amounts to a double road in one respect, for the Bur-

lington operates its own solid passen-ger trains to Portland. As outlined, the plan contemplates the amalgamation of the two roads as a matter of economy in operation and as obviating the necessity of building several hundred miles of road to paral-lel the Northern Pacific, a proposition that has been under consideration for three years and which has been set-tled by the directors. The recent tendency to consolidate, and especially the amaigamation of transcontinental lines, has softened the promotion of Burling-ton-Northern Pacific deal.

Conference in New York.

New York, Feb. 9.-President Charles M. Hays of the Southern Pacific company, arrived here last evening and will hold a conference today, it is said, with Morgan-Harriman interests. Pres-ident Ripley, of the Atchison, Topeka & Santa Fe railway company, is expect-ed here today from San Francisco, where important traffic matters with the Southern Pacific Co. are said to have been arranged. have been arranged.

New York, Feb. 8.-President Charles New York, Feb. S.-President Charles M. Hays of the Southern Pacific is ex-pected to reach New York tomorrow. He was summoned from San Francisco for the purpose of conferring with Mr. Harriman and President Burt of the Union Pacific. It is generally believed that Mr. Hays will be asked to retain the presidency of the Southern Pacific. MUSIC LOVERS.

Celery Compound.

It is the most remarkable remedy that the scientific research of this country has produced. It is not a patent medicine. It is not folsted upon public attention by smart

advertisement writers. Its proprietors claim nothing for it that it will not accomplish. It appeals to no prejudices, but relies absolutely upon its unparalleled record for preventing and curing the diseases for which the greatest physician of modern times intended it.

No remedy ever accomplished so much good; none ever achieved such universal attention. There is no substitute for it, and there can be none, Paine's Celery compound makes the sick well.

To get wings. But you don't want them as bad as that do you? Let us show you something which will not only take the place of wings, but make the time awfully long before you'll need them. It's called the

Cleveland Bicycle.

You know all about it, don't you? The name stands for everything that is up-to-date and popular in bicycles. Won't you step in and look at it?
