CLEVER CAPTURE OF JAIL BREAKER.

Deputy Sheriff Sebring Detects Burglar C. M. Kissler Sawing His Way to Liberty.

CHOIR WILL GO TO PORTLAND

Mrs. Van Why Gets $8,000—Ogden-Lucin Cut-off Excursion—Boys of Industrial School Have Outing.

Ogden, Utah, July 20.—Sheriff Joseph W. Bailey and Deputy G. A. Sebring last night foiled the plot of C. M. Kissler to break out of the county jail, and prevented a possible wholesale delivery of prisoners who were in the conspiracy with Kissler. The capture of Kissler in the very act of sawing his way to liberty was the culmination of a plot, the existence of which has been suspected since July 3, when one of the prisoners tipped the conspiracy off to Sheriff Bailey.

Kissler is awaiting trial on the charge of burglary. He is accused of having broken into the agricultural implement store of George A. Lowe. Shortly after the burglary was reported he was apprehended at Elko, Nev., and brought back to Ogden. Had it not been for the watchfulness of the officers he would have sawed his way through the cell bars, into the corridor, would have liberated his companions and with them escaped through the east wall of the jail. In their anxiety to hide their plans the prisoners went too far, and it was this fact which led to Kissler's capture. In order to mislead the officers and to hide the noise made by Kissler's saw the prisoners sang and laughed during the day. They overdid the part and gave Sheriff Bailey warning that all was not right.

"The prisoners kept up continual singing, dancing and jollying through the day," said Sheriff Bailey today, "and I made up my mind something was wrong. I decided to use a little strategy, so when I went to supper shortly after 6 p. m. I left Deputy Sebring inside the corridor unknown to the prisoners. Sebring was in his stocking feet.

"Hardly had I left the jail when Sebring heard someone cautiously sawing a bar. He located the source of the sound as cell No. 3 and before Kissler knew that he had been trapped Sebring had a revolver shoved through the bars directly under his nose. Kissler jumped back about three feet, letting the saw with which he had been working drop. He had sawed two bars completely through in the front of his cell door and was half way through the third and last bar to safety when apprehended.

"Last night's capture is the culmination of a plot which was made known to us early in the month. A prisoner gave me a tip the night before the Fourth that there was to be an attempt at jail breaking. All day July Fourth I lay concealed in a boiler room waiting for some sign of disturbance. The men took fright at something and made no attempt to get out. I have not yet learned how Kissler secured the saw. The saw itself is about five inches in length and had been inserted in the bottom of an old broom handle. Kissler had taken some old insulated wire from the incandescent light in his cell and had bound the steel securely to the handle. He used soap to muffle the noise.

"Kissler, who is crippled, has been a mean prisoner to handle, and I believe that his record would be well worth looking up. He claims to be only 21 years old. We will file charges of attempting to break jail against him."

Following Kissler's discovery the man was placed in a newly completed portion of the jail and will be kept there under close watch until his trial this fall.

After seven hours deliberation the jury in the case of Ella Van Why vs the Union Pacific and Southern Pacific returned into the Second district court room with a verdict in favor of the young widow for $8,000.

The suit has been on trial almost a week, and has been hotly contested by both sides. It was brought by Mrs. Van Way against the railroad companies to recover $50,000 alleged to be due for the death of Mr. Van Why. The testimony of the prosecution went to show that Mr. Van Why was employed by the railroad company as switchman in the Union depot yards in this city, that while switching some cars, and performing his duties carefully the car on which he was riding was collided with by a Southern Pacific train and he was knocked down under the wheels, sustaining such injuries as resulted in his death. The main point brought out by Mrs. Van Why's attorneys, Agee and Chez, showing carelessness on the part of the railroad companies, was that on neither the Union Pacific nor Southern Pacific trains was there attached what is known as a "tail hose," which is a small piece of air hose to be used in emergencies in putting on the air brakes. They claimed that if this appliance had been on either one of the trains, it could have been used by the brakeman and the collision would have been averted. Many witnesses were examined for both sides. Mr. Van Why was a young man, and is survived by his wife and children.

CHOIR WILL GO TO PORTLAND

Senator Clark Gives $1000 to Take Singers to Fair.

The money necessary to defray the expenses of taking the Ogden tabernacle choir to the world's fair at Portland next month is being gathered together, and the trip is now an assured success in every way. The latest donation made to the cause was by Senator W. A. Clark, who notified his friend Fred J. Kiesel that he will donate $1,000 to the choir, if a similar amount is raised in Ogden. The announcement of the liberal donation from the Montana senator came as a happy surprise to the choir members and officials. It will cost over $9,000 to defray the railroad expenses, hotel bills and other costs in taking the 200 singers to the fair, but Utah will be well advertised by Ogden's excellent body of vocalists under the able direction of Prof. Joseph Ballantyne.

Several trips have been made to Portland by President Shurtliff, Charles J. Ross and others to make the necessary arrangements for the care of the choir while at the fair. The Ogden tabernacle choir has worked hard during the past years to come up to the high standard it has obtained in a musical way, and is deserving of such a delightful trip. The choir will leave Ogden Aug. 18, and will be gone 10 days, six days of which will be spent at Portland.

NEW PAINT AND OIL HOUSE.

B. J. Griffin and Eddie Berry Will Open Up August 1.

Ogden is to have a new paint, oil and glass company, to be established on Aug. 1, by B. J. Griffin and Eddie Berry. These two well known young men have been employed for a number of years by the Ogden Paint, Oil & Glass company, the former as bookkeeper and the latter as glass cutter and fitter, and have become acquainted with every detail of the business. Their employers have had a monopoly in their time of business in Ogden for many years, and the young men saw an opportunity to open up a business of the same kind, and have decided to do so. A building located on Washington avenue near Twenty-third street, has been rented for the new concern, which has already bought its stock and store fixtures.

CUT-OFF EXCURSION.

Tonight a committee appointed by President A. B. Gilron of the Weber club, will meet at the club rooms for the purpose of making arrangements for an excursion to be run over the Ogden-Lucin cut-off to Midlake about Aug. 10. The excursion is being arranged for the purpose of raising funds with which to put forth certain advertising schemes of Ogden and vicinity, which are now in abeyance for lack of money. The detailed arrangements for the excursion will be made tonight if possible, and subcommittees will be appointed to look after the affair, which should be a great success, as there are thousands of people in Ogden who have not yet seen the great span of trestle work, over which the Southern Pacific trains run over the Great Salt Lake.

RICHMOND WATER WORKS.

The water mains of Richmond are to be built up rapidly into a completed state. Wheelright Bros. of Ogden, who have just finished putting in the mains, have now secured a contract for 67,000 feet of laterals, and have dispatched a force of 50 men to do the work. The task will consume from three to four months.

MRS. GEORGE DRAKE DEAD.

Mrs. George Drake, a well known and highly respected resident, died last night at her home in Mound Fort. Mrs. Drake is over 70 years of age, and is survived by a husband and three children. The funeral announcement will be made later.

INDUSTRIAL SCHOOL OUTING.

The male inmates of the state industrial school are enjoying a 10 days' outing on a branch of the Ogden river east of Huntsville. There are 55 of these boys on the trip under the care of Assistant Superintendent J. N. Thompson. They will fish, have various kinds of sport and a general good time. This is a new departure in the industrial school life, and one deserving of commendation. The trip was commenced yesterday.

The Hooper and West Weber choirs and a large number of friends enjoyed an excursion to the Lagoon yesterday.

WEDDING BELLS.

Marriage license has been granted by the county clerk to Charles L. Cloyd, 27, of Ogden, and Miss Mary Wyse, 24, of Reedsbury, Wis.

She Tried Five Doctors.

Mrs. Frances L. Sales of Missouri Valley, Ia., writes: "I have been afflicted with kidney trouble five years; had severe pains in my back and a frequent desire to urinate. When riding I experienced much pain over the region of the kidneys. I tried five physicians without benefit and then concluded to try Foley's Kidney Cure. After taking three $1.00 bottles I was completely cured." Sold by F. J. Hill Drug Co.

LOGAN DEPARTMENT.

POSTMASTERS' CONVENTION.

Officers Selected—Salt Lake Next Meeting Place—The Twenty-Fourth.

Special Correspondence.

Logan, Cache Co., July 19.—About 30 Utah postmasters reached Logan last night, and are in session this morning at the I. O. O. F. hall, in the second annual convention. Postmaster Peterson of Circleville came the greatest distance to attend the convention.

The principal features at the session this morning were an address of welcome by Mayor Robinson, a response by Postmaster Clove of Provo, and an address on the progress of the U. S. postal system by Congressman Howell. "The Registry System" was treated by Postmasters Booth of Brigham and Griffiths of Smithfield, and "The Money Order System" was handled by Dougall of Springville and Bryer of Deweyville. "Salaries and Allowances" was the theme of Postmaster Ross of Lehi. Lively discussions followed the presentation of each paper. Addresses were to have been made by Senators Sutherland and Smoot, but both sent their regrets.

Among those present were Postmaster Thomas of Salt Lake, Clove of Provo, Ross of Lehi, Charistensen of Moroni, Dougall of Springville, Peters of American Fork, Wilson of Sandy, Thorne of Pleasant Grove and Inspector Sharp.

It was the intention to have the convention last two days, but the insufferably hot weather and the absence of many of the speakers on the program induced the members to close everything up today. President Clove presided at the convention. Salt Lake was named as the next place of meeting, and the following officers were elected for the ensuing year: President, A. L. Thomas, Salt Lake; first vice president, Joseph Odell, Logan; second vice president, Petersen, Circleville; third vice president, C. A. Ghurus, Price; fourth vice president, Mary Griffths, Smithfield; secretary and treasurer, James D. Thorne, Pleasant Grove.

Two colored gentlemen, C. S. O'Brien and A. B. Carter, were brought down from Lewiston charged with disturbing the peace of that quiet town. It seems that they quarreled and O'Brien procured a gun and tried to shoot Carter, the latter wrested the gun from his antagonist and accidentally discharged the same on the public street during the melee. Fortunately no one was injured. The deputy sheriff arrested the parties and brought them to Logan. O'Brien was held for trial and Carter was released.

THE TWENTY-FOURTH.

The 24th of July committee has perfected arrangements for the celebration on Monday. There will be the usual salute at sunrise, music by the bands and an old time parade, with a typical Indian fight on the plains. A fine program will be rendered, and an old time dance will be given at the B. Y. college.

John Rigdon, son of Sidney Rigdon, is spending a few days in this city visiting W. S. Lamoreaux. It is expected that he will speak at the Tabernacle on Sunday evening next.

The county commissioners are in session today for the purpose of fixing the tax levy for the year.

Cured of Bright's Disease.

M. Robert O. Burke, Elnora, N. Y., writes: "Before I started to use Foley's Kidney Cure I had to get up from twelve to twenty times a night, and I was all bloated up with dropsy and my eyesight was so impaired I could scarcely see one of my family across the room. I had given up hope of living, when a friend recommended Foley's Kidney Cure. One 50 cent bottle worked wonders and before I had taken the third bottle the dropsy had gone, as well as all other symptoms of Bright's disease." Sold by F. J. Hill Drug Co.

BINGHAM JUNCTION.

PIONEER DAY.

Fine Program Outlined for the 24th—Horse Killed in Exciting Runaway.

Special Correspondence.

Bingham Junction, Salt Lake Co., July 19.—Quite an exciting runaway occurred here on the 18th inst. Dahl Bro's. fiery bay team became frightened at the depot and made a dash for liberty and succeeded in getting away. They tore down Center and Main streets running into a number of vehicles, throwing splinters in every direction. When immediately in front of Booth's store, the flying span dashed into a freighter's team, running the tongue of the light wagon completely through the body of as fine an animal as is found in this part of the county, and it had to be killed.

The town is growing very rapidly, a number of business blocks as well as many private dwellings are in course of construction.

The citizens are determined on celebrating the 24th of July in grand style. The program will include artillery salutes, music by the band, a fine parade, in which the pioneers and hand-cart veterans will be drawn in fine carriages. The marshal of the day with Uncle Sam will lead. The Goddess of Liberty with her attending maids will be decked in grand style. The services of a number of families of Indians from Skull and Uintah valleys have been procured. War veterans, many business and private floats, burlesques, negroes, etc. Prizes will be offered for the best decorated float, best decorated building and for the most typical pioneer outfit.

Immediately after the parade a patriotic program will be rendered in the L. D. S. assembly rooms to be followed by sports, races, etc.

A Daredevil Ride

often ends in a sad accident. To heal accidental injuries, use Bucklen's Arnica Salve. "A deep wound in my foot, from an accident," writes Theadore Schuele, of Columbus, O., "caused me great pain. Physicians were helpless, but Bucklen's Arnica Salve quickly healed it." Soothes and heals burns like magic. 25c at Z. C. M. I. Drug Dept.

MORGAN.

PIONEER DAY.

Parade, Program and Sports Commemorate Utah's Natal Day.

Special Correspondence.

Morgan, Morgan Co., July 18.—The Sunday schools of Morgan county have under preparation a fine program to be rendered at the stake tabernacle at Morgan on the 24th. There will be a band concert at sunrise, parade at 9 a. m., with handcarts, pioneer wagons, floats, Indians and a large representation of Utah's best crop. The program will be commenced at 10 a. m. The afternoon will be devoted to sports, band concert, with refreshments. Fred Little is marshal of the day.

Last Hope Vanished.

When leading physicians said that W. M. Smithart, of Pekin, Ia., had incurable consumption, his last hope vanished; but Dr. King's New Discovery for Consumption, Coughs and Colds, kept him out of his grave. He says: "This great specific completely cured me, and saved my life. Since then, I have used it for 10 years, and consider it a marvelous throat and lung cure." Strictly scientific cure for Coughs, Sore Throats or Colds; sure preventive of Pneumonia. Guaranteed, 50c and $1.00 bottles at Z. C. M. I. Drug Dept. Trial bottle free.

SPRINGVILLE.

BISHOP ANDERSON HURT.

Felled by a Fence Pole and Spike Penetrates Face.

Special Correspondence.

Springville, Utah Co., July 19.—Bishop George E. Anderson came near losing his life in a most peculiar manner while repairing a fence. His injuries are very severe, and may result seriously. The Bishop was working on a fence in the field, and when in the act of reaching for a pole a large rail, which was but partly put in place, fell upon him, the spike in the end of it struck him in the face, penetrating the cheek just in front of the ear, and pinning him to the ground. He was unable to help himself, but was rescued from his perilous position by his daughter and a young man who were near enough to hear his cry for help. As the wound bled very freely, it may not engender blood poison, which is the most serious danger threatening.

MOUNT PLEASANT.

SPIRITED SCHOOL ELECTION.

Characteristic Program for Pioneer Day—Civil Service Examination.

Special Correspondence.

Mt. Pleasant, Sanpete Co., July 18.—The annual school election held here last Monday, developed into one of the most exciting contests of the kind ever held here, and a very large vote was polled. It was known for weeks that C. N. Lund, Sr., was to be a candidate to succeed himself, and up till within a day or two of the election no other candidate was proposed. But almost at the eleventh hour, the name of Mrs. L. T. Winters was put forward, and her friends rallied to her support. The total vote cast was 309, 208 of them being for Mr. Lund, and 101 for Mrs. Winters. This leaves the board as it was, two Republicans and one Democrat.

PIONEER DAY.

Utah's great day, July 24, is to be fittingly observed this year in our city. There will be a parade of ox teams, hand carts, pioneer teams, etc., the formation of a pioneer camp, Indian assault, and similar features. After the parade a fine program will be rendered, which will be characteristic of the day honored.

The civil service examination which was held near this city on Tuesday and Wednesday, brought out 21 young men from this section, all of whom acquitted themselves with credit. The class was spoken of in terms of praise by the examiner, and in his opinion every one of them would pass.

BEAVER.

PIONEER DAY.

James T. Anderson Victim of Blood Poison—Quarterly Conference.

Special Correspondence.

Beaver, Beaver Co., July 17.—The quarterly conference of the Beaver stake was held on the 15th and 16th inst. Prest. Seymour B. Young of the First Council of Seventies was present in the interest of the Seventies, with whom he held a special meeting. He also occupied a portion of the time of the conference.

PIONEER DAY.

The celebration of Pioneer day is in the hands of committees chosen from the two Sunday schools of the city, and an elaborately prepared program is on the tapis. The authorities of the B. Y. U. have granted the use of the grounds for the celebration, and a procession of the orthodox style will parade from the city to the school, starting at 8 a. m.

JAMES T. ANDERSON DEAD.

James T. Anderson fell in some manner from the wagon in which he was collecting milk for the creamery and was severely hurt about the head and body. Blood poison set in and his injuries resulted fatally. He was buried on Sunday, the 9th inst. He leaves a widow and two children.

Only a few drops of the recent rain fell in Beaver. The weather is very hot and dry. The water keeps up pretty well and crop prospects are good.

The people honored the Fourth in a fitting manner. A. N. Hamon, Esq., was the orator of the day, and he did full justice to the occasion.

WARREN.

MEETINGHOUSE DEDICATED.

Structure is 34 x 80, and Cost $2,600—Grain Harvest Short.

Special Correspondence.

Warren, Weber Co., July 17.—An event took place yesterday at Warren that has been looked forward to with a degree of pleasure, that is, the dedication of our new meetinghouse. We now have a church home and a good one. Presidents Shurtliff, Middleton and Flygare were present, the last named offered the dedicatory prayer. Large numbers of people came from other wards and a good time was had.

The house is 50x34 feet and cost $2,600, and is well finished inside and out. The first steps towards its erection were taken last February, so little time has been lost.

Harvest is now here. The grain crop will be short but the beets look well.

Cheated Death.

Kidney trouble often ends fatally, but by choosing the right medicine, E. H. Wolfe, of Bear Grove, Iowa, cheated death. He says: "Two years ago I had Kidney Trouble, which caused me great pain, suffering and anxiety, but I took Electric Bitters, which effected a complete cure. I have also found them of great benefit in general debility and nerve trouble, and keep them constantly on hand, since, as I find they have no equal." Z. C. M. I. Drug Dept. guarantees them at 50c.

AFTON, WYOMING.

ON TIDE OF PROSPERITY.

Destructive Fire at Thayne—New Stake Tabernacle—Another Canal Project.

Special Correspondence.

Afton, Uinta Co., Wyo., July 11.—"Sweet Afton" is flowing gently on the tide of prosperity. Set like a gem in the upper story of the Uinta mountains, beautiful Star Valley is now looking her best, promising rich reward to the labors of her hardy husbandman. Her creameries are exporting immense quantities of the choicest butter and cheese to the neighboring states.

Water is getting a little scarce, but with care can be made sufficient to mature the heaviest crop of grain and alfalfa we ever had.

DESTRUCTIVE FIRE.

Independence day was duly celebrated with appropriate ceremonies, marred, however, by a fire that destroyed the store and nearly all the stock of merchandise of John B. Thatcher, Jr., of Thayne.

The new stake tabernacle in Afton is progressing slowly but surely, and when completed will be one of the finest church edifices in the state of Wyoming.

A large canal is being constructed at an estimated cost of $15,000 to irrigate about 6,000 acres of land, and all available government land is being fast taken up.

Some of our citizens are still seeking the "better land" in Canada, Big Horn etc., but as a rule our people are healthy, contented and happy.

Frightful Suffering Relieved.

Suffering frightfully from the virulent poisons of undigested food, C. G. Grayson, of Lulu, Miss., took Dr. King's New Life Pills, "with the result," he writes, "that I was cured." All stomach and bowel disorders give way to their tonic, laxative properties. 25c at Z. C. M. I. Drug Dept. guaranteed.

EXPERT SEWING-MACHINE REPAIRS.

ROCKLAND, IDAHO.

FATAL RUNAWAY ACCIDENT.

Little Parley Hillhouse Has Life Crushed Out—Promising Crop Outlook.

Special Correspondence.

Rockland, Oneida Co., Idaho, July 16.—Last Tuesday, July 5, the community was shocked by the sad news of a fatal runaway accident, which resulted in the death of Parley Hillhouse, the 13-year-old son of David L. Hillhouse.

It seems that Mr. Hillhouse has been putting up his hay with the aid of his two little boys. This morning the little boy was anxious to drive the team while his father went to the house to sharpen the hay knife. His father consented, and had hardly returned to the house when he heard the noise of the runaway horses. When he went back to where the boy lay, he found that his skull had been crushed by some part of the machine and life was all but extinct. He died after a few gasps.

The funeral took place Friday, Isaac Thorn, Jr., Andrew May, Isaac Thorn, Sr., Juda A. May, Lester Thorn, Margaret Fifield, Eliza Howard and Bishop Ralphs were the speakers.

Parley was one of the liveliest and most jovial among his playmates, and the sunshine shed among them through his happy nature will be greatly missed by them. The entire community extends sympathy to the heart-broken family in its hour of trial.

Providence has been kind in this locality by sending us liberal rains. The crops planted on the dry farms on the benches will produce bountiful harvest. There are yet thousands of acres open for entry that will make excellent dry farms.

Today, what bids fair to be a big law suit was begun over the waters of South Fork. Some water rights that have not been decreed by the courts are are points at issue.

TEA

Is it tea that unlooses the wings of thought and the bands of the tongue?

NOTICE.

A meeting of all those interested in the Twentieth Ward Co-operative Store will be held on Friday evening, July 21st, at the store, 465 East South Temple Street, Salt Lake City, at 7 o'clock p. m., for the purpose of considering the dissolution of the unincorporated joint stock association at present existing and also for the purpose of considering the incorporating of the same according to law, and for the consideration of any business pertaining thereto.
