IT SUSTAINS ITS REPUTATION. For nearly a quarter of a century it has been acknowledged that Dr. Sage's Catarrh Remedy has been equal in speedily and permanently curing "cold in the head" and all catarrhal affections of the nasal cavities. Its immense sale and great popularity are dependent upon and entirely due to its merits and superiority over all other similar preparations. Very many physicians having thoroughly tested it, are now prescribing it in their practice.

Dr. R. V. PIERCE, Buffalo, N. Y. Dear Sir—For years I suffered with chronic catarrh. Last winter it became more severe, seriously affecting my throat and lungs. My stomach and blood were also sadly out of order. I tried many physicians and several advertised remedies, obtaining but temporary relief. My general health became worse, so that I despaired of life. Seeing favorable notices of your medicine, I procured one of your bottles of the Golden Medical Discovery and a supply of Dr. Sage's Catarrh Remedy. The Discovery purified my blood and restored my general health, the Catarrh Remedy gave immediate relief, and after a little perseverance, a radical cure was effected. Thank you very much. ROBERT MCCORMICK.

Found—This morning, on the east sidewalk of Main Street, near the Tithing Office, a red leather pocket book. The owner, by identifying it, may get it on applying at this office.

No Mail.—Owing to the trains east of Omaha being detained by heavy snow storms, the Union Pacific failed to make connection with the Utah Central, last evening, and consequently the usual mail did not arrive.

Fraternal Call.—We had a pleasant call, this morning, from Mr. J. B. Keeler, of the Provo Engineer, who is paying a brief visit to the capital, on business connected with that paper. The Engineer is an enterprising journal, well maintaining the interests of its supporters. We wish it well and are pleased to see anyone who represents it.

19th Ward Water Ditch. All persons interested in obtaining water during the winter from the Nineteenth Ward ditch are hereby notified to meet me on Monday morning, Dec. 30th, at 7 a. m., at the head of said ditch, prepared with the necessary tools to clean it out. WM. HYDE, City Watermaster. Salt Lake City, Dec. 28th, 1878.

A Family Gathering.—On Christmas day, a large portion of the family of Elder David Fullmer, Patriarch, assembled at the residence of Elder Eugene B. Fullmer, his eldest son, and spent a " merry Christmas," around a table well strewn with the bounties of nature. Four generations of the Patriarch's family were represented; the company numbering about fifty. If the whole family could have been together, a large hall would have been required to hold them. Brother Fullmer is one of the few remaining and venerable of the Church.

The Harris Troupe.—Mr. W. T. Harris and his dramatic combination, after an extended and successful tour of Southern Utah, returned to the city last evening.

The Frolics.—The laughable burlesque of "Hobbes" was presented for the fourth time, last evening, to another good house. Nearly everybody has had a good laugh over it by this time, and this afternoon and evening a complete change of programs will be made. The musical extravaganza of "The Rambler" will take the stage for the matinee and afternoon, giving a chance to young and old to witness the last appearance of the Frolics.

Incidental to this comedy is the play of "Harriet or Rebecca," in which the burlesque artist plays his wonderful powers of mimicry. It will no doubt please the public as well as "Hobbes."

A petition was received from 62 residents of the 17th and 18th Wards, stating that they are dependent on the 19th Ward water ditch for their water supply, and in consequence of the difficulty of obtaining water in winter, and in view of the fact that the 20th Ward ditches have a man to look after them, and also having appeared in the water-master without obtaining the required relief, they petition for the appointment of some person to look after the 17th and 18th Wards, whose duty it will be to see that they obtain their necessary supply of water during the winter. The petition was received and the watermaster instructed to refer the petition to clear out the ditch, after which he was to turn on the water.

To the Mayor and City Council: Gentlemen.—Your special committee on gas matters, report that they have no facilities for testing or determining the amount of gas used in the street lamps already reported, nor could they do so without a considerable outlay in the way of meters, etc. Therefore, your committee would most respectfully recommend:

That the city contract with the gas company on the basis of our last report, for the gas, and at 10 per cent. reduction in the cost of lighting, extinguishing and repairing said lamps, which would be \$3,375, said expense per lamp, and at the rate that said contract be for one year from and after January 1st, 1879, and ask that your committee be discharged.
