Mining Papers After the Scalp of G.

mapped out.

G. Rice of Goldfield.

The Mining Record of Denver, Colo., is after the scalp of one G. G. Rice, who has been running what is known as a mining news bureau at Goldfield. Ne-vada. It seems that the "bureau" has been sending out some pretly highly colored stuff to the press of the country, and incidentally using it as a means of floating the stock of companies in which its manager is interested. These. of floating the stock of companies in which its manager is interested. These, the Record claims, are misleading, and in a measure faise, claiming that the "mines" are located in the heart of the Goldfield district, when in reality they are several miles away from the big producers. The Record states that Hice's plan of celling is to give the "company" one-fifth of the proceeds of cash sales of stock, the lion's share going into his pocket. From all reports he is the king grafter of Nevada. Joe Bowers Joe Bowers Little Chief New York Tetro Victor Con... Wabash Yankee TO OPEN COPPER JACK. Martha Washington Machinery to be Emerald Installed at the Mine. As was stated several days ago in the As was stated several days ago in the "News," a campaign of development will be started at once at the Copper-Jack of Tintic. Word comes in from Eureka, that the machinery recently sold by the receiver of the Martha Washington will be installed at the copper property. There is some talk in the camp that a number of eastern men are about to be interested in the men are about to be interested in the mine. BECK TUNNEL DIVIDEND. One Cent Per Share or \$10,000 to be Passed Out Soon. It is now definitely stated that be fore Christmas, there will be a divi-dend of one cent per share, or \$10,000, declared on the capital stock of the Beck Tunnel company. The ore already blocked out in the mine is of sufficient quantity to justify this payment of bread money, seing that all the money from the assessment has not been used from the assessment has not been used by the company. SITUATION UNCHANGED.

Copper Belt Railroad at Bingham Still Sheri of Power.

Sheri of Power. Mine managers coming in from Bing-man say that the power situation on the Copper Belt railroad is practically unchanged. The plants of the Ohio and Uah are closed down, with but slight chance of beaus opened for some time to come. The railroad people made a feeble attempt to change conditions yesterday, and in the motions had two engines on the track. One of these broke down is a fee hours, and the at-time flattened out. A car of coal for the Binsham New Haven has been on the track at the Junction for nearly weeks.
