TURVILLES ON THEIR MOTOR

Red Wings Around King and Julius
"Baby" Gibson's Splendid Effort
in Mile Professional Race.

Good racing, good records and good music were the features of the bicycle races at the Salt Palace last night. There was also a good crowd to partake of the excellent program and everybody was well pleased. The weather was not all that could be desired, but it was not rain and therefore the riders were in cheerful spirits. Manager Risher looked very much worried during the early part of the evening, but the expression of sadness gradually wore off and was replaced by one of joy and excitement. "A world's record will be made tonight," he said, "and those who are doing it will be doing it here."

Angell, 75 yards, second; Eddie Smith, scratch, third; Hume, 50 yards, fourth. Time—1:59 2-5.

Ten-mile motor tandem race—Charles and Clem Turville vs. W. F. King and Oscar Julius. Turville Bros. first. Time—14:23 4-6.

Lobsters' Record for 1901.
The record of the Ogden baseball team, second time champion of the state, is given below. The figures were furnished by Judge Horne, the official scorer, and published in the Ogden Standard. It is the record of 1901:

P. W. L. P. C.
41 31 10 756
T. C. E. P. C.
Team fielding 1444 118 .925
Team batting 1322 402 .304

The one-half open professional, "French style," was anything but French. They rode faster on the start than if they were riding in the accustomed manner. "Bill" Risher said if he wanted the "pros" to do riding like that he would have to pay them a big price. The real feature of this event came in the second heat when Harry Gibson displayed a cool piece of headwork and won the heat from the fastest riders on the track. On the third lap he was suddenly pocketed in a tumble seemed inevitable. Finally the rider on his right went up the bank just a little, but it was enough for the little rider and he shot ahead like a rocket. It demonstrated that when it comes to riding in this position, and being a head while in a dangerous position, and grappling with a desperate chance, young Gibson can be counted upon. He captured the heat in 1:25 2-5, with a time of 1:25 2-5.

The final brought out Samelson, Gibson, Waine, Green, Vaughan, Netherhof and John Lawson. Samelson displayed very poor judgment by setting a fast pace when he should have saved himself. The result was fourth place. Waine won the race, Vaughan second and Gibson third.

The event of the evening in point of record was the ten mile motor race in which W. F. King's new and powerful machine was matched against Turville's "Invincible." It was a beautiful race against time. It was not a contest for King was not in it at any time after the petulant pop of the pistol fired fearlessly by Startoff. Free Press to the race Charlie Turville said to the "News" reporter: "I want to say that this talk about someone using a hammer on King's motor is all rot. It is not true; the machine was injured by running it over a rough road and hanging it up in the dressing room and letting it run at its highest rate of speed. The trouble is in the interior where a hammer could not reach, a nail spring is either jarred loose or broken, and it has a short circuit. I hope," continued Turville, "that the machine does its very best tonight and then we will ride rings around it."

Chatter concerning the ride rings around it. He rode three rings and three-quarters of the fourth ring. Although King's motor was going very fast it looked small like when the Turville shot around it. Of course it was King's first race and some allowance will have to be made for that. Their time for the race was 14:23 4-5, which beats anything ever done on an eight lap track. The third mile was done in a wonderful time of 1:24. Three miles were covered in 1:25 each, and five miles in 7:05.

Third Heat—A. G. Angell, 75 yards, first; C. H. Mossberg, 55 yards, second; Frank Burgess, 100 yards, third; G. E. Walker, 30 yards, fourth. Time—2:15.
Final Heat—Hagren, 165 yards, first;

At a meeting of the league magnates held last evening in Beardsley's tavern, part of the schedule for the new series was adopted, and plans were discussed for making this after-season event more successful than the regular schedule proved to be. But three teams will compose the rejuvenated league—Ogden, Salt Lake and Lagoon, and a handsome purse will be put up by the league for the winner. An average of three games a week will be played here, giving the fans an opportunity to see a little more ball than they are accustomed to.

The full schedule will run until the middle of October. As adopted last evening, the dates are only made out as far as September 8th, but within a week it is expected that the full series will be made out and agreed to. The schedule adopted last evening follows:

Aug. 21—Salt Lake vs Lagoon, at Salt Lake.
Aug. 25—Salt Lake vs Ogden, at Salt Lake.
Aug. 28—Salt Lake vs Ogden, at Salt Lake.
Aug. 31—Lagoon vs Ogden, at Salt Lake.

Sept. 1—Lagoon vs Ogden, at Ogden, morning; Ogden vs Salt Lake at Salt Lake, afternoon.

Sept. 4—Ogden vs Lagoon, at Salt Lake.
Sept. 7—Ogden vs Salt Lake, at Salt Lake.
Sept. 10—Lagoon vs Ogden, at Ogden.
The week day games will begin at 4 o'clock and the Saturday and Sunday games at 2:30.

President Beardsley presided and those present at the meeting were: W. S. Shouley of Ogden, J. S. Critchlow of Lagoon, and Charles H. Griffin of Salt Lake.

Fielding H. Yost Here.
Fielding H. Yost, the victorious football coach of Stanford University last fall, is in the city for a few days visiting with Frank J. Gustin, who is a brother of Yost's in Sigma Chi college fraternity. Yost is one of the best football coaches in the country. Next fall he is to be at the head of the football squad at the University of Michigan, which he will doubtless put through a victorious season. In four years that he has been a professional coach, Yost has not had a losing team, though he has taken some that were steady and consistent losers before he got hold of them.

Brooklyn Wins Two.
Philadelphia, Aug. 20.—Brooklyn won two games today from Philadelphia by timely hitting. In the first game Donovan had the loss completely at his mercy. The locals had a chance to win in the ninth inning of the second game. With three men on bases and two out, Delahanty forced Flick at second. Emslie was taken ill and called after the first game, players umpiring the second game. Attendance, 6,464.

LIPTON'S ARRIVAL.
New York Yachtmen Prepare to Welcome Him.
New York, Aug. 21.—Escorted by the Erin, the Porto Rico and the Lag Lawrence, Shamrock II will go beyond the Hook today if sails can be bent in time to meet the Teutonic, on which her owner, Sir Thomas Lipton, is a passenger. The liner may be delayed on account of the fog if she is on time. It is not probable that the challenger will get away from her anchorage today. The steam yacht Friedland, with a number of prominent New York yachtmen on board, will also meet the Teutonic. It is proposed to give the Irish baronet a royal welcome. The plan is if possible to take Sir Thomas and his friends from the liner at Quarantine. Should the Teutonic not arrive until night, it is proposed to emphasize the welcome with a pyrotechnic display for which a carte blanc order has been given. Sir Thomas Lipton will be the guest of the Seawanhaka Yacht club on Saturday and will witness the races at Oyster bay.

AMATEUR GOLF AFFAIRS.
Champion Travis Says England Could Beat America.
New York, Aug. 21.—Walter J. Travis, amateur golf champion of the United States, who has returned from England and Scotland to his title at Atlantic City next month, expressed the opinion that a golf team from this country to England or Scotland would be beaten on the links on the other side. On the other hand, he says the Britons or Scots would be beaten should they come here. On the long game he says, the players of the old country do not surpass Americans but in approaching and putting they beat the world. Mr. Travis visited all the well known links in England and Scotland and was defeated by the amateur champion of Great Britain.

WILL WAGER \$25,000.
C. Arthur Pearson Has Faith in Shamrock II.
New York, Aug. 21.—With \$25,000 to bet on Shamrock II it is stated in a cable dispatch to the Journal and Advertiser an agent of C. Arthur Pearson of London will leave in a few days commissioned to place the big bets that the millionaire publisher wants to make on the Irish boat. Mr. Pearson is intensely interested in yachting and he studied the Shamrock very closely while she was being tried out with the old challenger.
