SAVE YOUR HAIR | TO LEARN HOW TO DO IT READ AND HEED WHAT FOLLOWS.

SAVE YOUR HAIR.—The laws of Health and Longevity demand it, the customs of social life require it. The matter is of great importance in every way.

BEAUTIFY YOUR HAIR.—It is the surpassing crown of glory, and for the loss of it there is no compensation.

CULTIVATE YOUR HAIR.—For by no other means can it be saved and beautified.

LYON'S

KATHAIRON,

Discovered thirty-five years ago by Prof. Lyon, of Yale, is the most perfect preparation in the world for preserving and beautifying the hair.

Besides being the best hair-dressing ever produced, Lyon's Kathairon will positively prevent grayness, and will restore new hair to bald heads, if the roots and follicles are not destroyed.

It actually performs these seeming miracles, of which the following is

A FAIR SPECIMEN

I had been entirely bald for several years, constitutional, I suppose. I used a few bottles of Kathairon, and, to my great surprise, I have a thick growth of young hair.

COL. JOHN L. DORRANCE, U. S. A.

In every important respect the Kathairon is absolutely incomparable. It is unequaled.

1. To Cure Baldness.
2. To Restore Gray Hair.
3. To Remove Dandruff.
4. To Dress and Beautify the Hair.

BEAR IN MIND.—The Kathairon is no sticky paste of sulphur and sugar-of-lead, to paint and daub the hair and paralyze the brain. It is a pure and limpid vegetable lotion, intended to restore the hair by natural growth and reinvigoration. It is splendidly perfumed, and the most delightful toilet dressing known. No lady's or gentleman's toilet outfit is complete without Lyon's Kathairon.

SOLD EVERYWHERE.

TO RENT.

A HOUSE and LOT 4½ Blocks East of Deseret National Bank, 4 rooms and cellar, with water from main. Also Rooms Furnished or Unfurnished in Groesbeck Block, above Postoffice, and in Wasatch Building to let on reasonable terms. Apply to Groesbeck & Son, Box 402 Salt Lake City. 109

BY TELEGRAPH.

THE WESTERN UNION TELEGRAPH LINE.

FORTY-SIXTH CONGRESS.

EXTRA SESSION.

SENATE.

WASHINGTON, 26. — Thurman being absent, Eaton presided.

The conference committee on the letter carriers deficiency bill was adopted.

On motion of Paddock, the Senate proceeded to consider the substitute reported from the committee on public lands for the House bill extending the provisions of an act entitled "An act for the relief of certain settlers on public land," until October 1st, 1880, which was passed with a slight amendment.

Beck, from the committee on finance, reported favorably the joint resolution providing for a committee to investigate the best means of guarding and collecting the public revenue, and as to whether any change is necessary in the method of appropriation. The resolution was passed.

Vest asked by unanimous consent, out of the morning hour, to call up the concurrent silver resolution submitted by him yesterday, and stated his object was to get a vote on the subject and let the people know who were in favor of and who were against remonetization and free coinage. He believed the western senators to be almost unanimously in favor of it, regardless of party lines. He had received at least a hundred letters from his people advocating remonetization and hardly one in regard to the political question being discussed. The people desired to know how the senators stood on the question.

Chandler objected and the resolution went over.

Consideration was then resumed of the joint resolution to provide extra pay for congressional employees.

Executive session was then held.

HOUSE.

WASHINGTON, 26.—The proposition for revoking leave of absence granted members and requiring all absent to report immediately, was made by Garfield and rejected.

The bill making an appropriation for certain judicial expenses, and the bill making appropriations to pay the fees of marshals and their general deputies, were reported from the committee on appropriations and ordered printed and referred.

The bill prohibiting political assessments came up as business of the morning hour.

Garfield sought an opportunity of speaking against the bill, but was cut off by the previous question, whereupon dilatory tactics were resorted to by the republicans.

The morning hour was consumed in roll calls, and the bill went over without action.

The conference report upon the letter carrier's bill was agreed to.

EASTERN.

After His Property.

NEW YORK, 26.—Ex-Governor Army, of New Mexico, arrived here *en route* for England, claiming to have proofs of his kinship with Hyde Bros., whose property, valued at 150 millions, has been for many years the bone of contention between the rightful heirs and the British crown. The *Times* gives him a lengthy "send off."

Business Prospects.

The *Public* says: Another very satisfactory return of exchanges of the clearing houses, gives evidence that the increase in the volume of business was nearly as large in the third week in June, as in either of the preceding weeks of this month. The gain in comparison with the corresponding week last year is 2¾ per cent. and no part of this increase is due to speculative dealings in stocks at New York. Moreover the exchanges outside of his city exceed by 16 per cent. those of the corresponding month of last year. The gains are nearly as well distributed as they have been in the previous weeks in June. Only two cities out of 18 report any considerable decrease, and only three any decrease against two in the second week, and two in the first week of this month. There is not only a great enlargement of the volume of business in the aggregate, but it is shown to a greater or less degree by nearly every important commercial or manufacturing centre. It appears so steady and persistent as to warrant great confidence in the improved condition of affairs.

Trade Dollars.

WASHINGTON, 26.—The Senate finance committee, this morning, by a majority vote, made several important amendments in the House bill providing for the exchange of trade dollars for legal tender silver dollars, and decided that its further consideration should be postponed until next December, with the understanding, however, that the bill and amendments are then to be reported to the Senate as soon as practicable. The principal amendment adopted to-day provides that the exchange of legal tender dollars for trade dollars shall be at the market value of the latter.

The Railroad Complication.

DENVER, 26.—Justice Miller, of the Supreme Court of the United States, on motion of the Rio Grande counsel to execute the mandate of the Supreme Court in the Grand Cañon case, went into a general review of the mandate and stated in plain terms that priority of right of the Rio Grande Company in the Grand Cañon covered only that part which was too narrow for two tracks; that before the Rio Grande Company could be granted prior right under the mandate, they must first pay the Santa Fe Company the cost of the construction of the road through that part of the cañon known as the Royal George, and they could not occupy it until they had paid for it. Then the right of the Santa Fe Company to occupy the track jointly with the Rio Grande Company must afterwards be settled by the court. He would not turn the Santa Fe Company out of the cañon, but there must be a speedy settlement of these difficulties, and by both parties coming together and settling on an equitable basis.

A Big Fraud Just Discovered.

CHICAGO, 26.—The *Journal's* New York special has full account of the alleged fraud by which a bogus issue of five million dollars in bonds were to have been foisted on the city. The means employed were a surreptitious addition to an ordinance of the sections which authorized the issue of that amount. These sections were to have been printed as a part of a code of ordinances in the official journal of the city. Hon. Thomas Costigan hearing of the fraud stopped the printing, seized the copy and is now investigating. Elliott F. Shepherd is mentioned as knowing something about the matter, but as he is absent in Europe his knowledge cannot how be tested.

Ewing will be Beaten.

The *Journal's* Washington special says: John G. Thompson, chairman of the democratic State executive committee of Ohio, believes Ewing will be beaten in Ohio. Thompson will, it is stated, be removed from his position.

Fitz-John's Inquiry a Costly Affair.

The War Department reports Fitz-John Porter's court inquiry cost over $9,000 dollars.

WESTERN.

Another California Convention.

SAN FRANCISCO, 16.—The convention, this morning, elected the temporary officers as permanent, adopted a platform affirming the new constitution, repudiating communism and agrarianism; demanding that the stringent clauses of the new constitution against Chinese be put into effect; favoring a reduction of freights and fares one-third; opposing double taxation and demanding that municipal and county officers be elected by the people and not appointed. A resolution that delegates should, by districts, nominate congressmen, was tabled after debate.

This evening the convention nominated for Secretary of State, Lauren E. Crane, of Sierra; for Controller, H. M. Larne, of Sacramento; for Treasurer, Cyrus Jones, of Santa Clara; for Attorney-General, C. W. Cross, of Nevada, candidate for the same position on the Workingmen's ticket, was endorsed. Adjourned till to-morrow.

The H. B. convention, after the adoption of a platform, proceeded to nominate for Governor, Dr. Hugh and J. Glenn, of Colusa, and J. V. Webster, of Alameda, were placed in nomination. In speaking the nominees dwelt forcibly on the necessity of capturing the democratic vote.

The first ballot stood Glenn, 128; Webster, 116. Glenn was not present, and it is reported he will not accept the nomination unless endorsed by the democratic convention next week. His friends in the convention, however, endorsed the platform on his behalf. Dr. Glenn is the largest wheat grower in the State. For Lieut. Governor a number of names were proposed, but subsequently withdrawn, and John P. West, of Los Angeles, was nominated by acclamation. Recess till evening.

Correspondence.

Family Reunion.

PAYSON, June 24, 1879.

Editors Deseret News:

A party convened at the residence of Elder John Loveless, to celebrate his 72nd birthday, at which 77 persons partook of a sumptuous dinner, all but five of the invited guests being the aged veteran's own family—wife, children, grand children and great grand children. If several families in different parts of this Territory, descendants of the same venerable pair, not present, had put in an appearance, the party would probably have numbered as many more.

The affair was a very interesting one. After dinner the company was addressed by Sister Rachel Drellinger, recalling their first acquaintance with the principles of the ever-lasting gospel, for the benefit of the young folks present. Her remarks were followed by the aged gentleman, Brother Loveless, showing forth the joy that can be imparted by the Spirit of God under the most trying circumstances. Sister Curtis made a few remarks, chiefly addressed to the children. Sister Loveless concluded with an exhortation to all present to live according to the principles of the gospel.

One remarkable feature of the occasion was that amongst the many children present not one dispute arose.

A social dance, led by the Patriarch and his lady concluded the celebration.

We congratulate the venerable couple on their condition and prospects in life and wish them many such re-unions. EMMA CURTIS.

The Southern States Mission.

The following items are taken from a letter to his father, written Elder A. S. Johnson, whose P. O. address is Rome, Ga.:

I arrived in this vicinity on the 6th inst., a distance of 140 miles from Rockmast, which was quite a weary tramp for this season of the year, the country over which I had to travel being very rough, broken and mountainous. However, I arrived as early in the month as I calculated when I left home, or what I call my headquarters in Georgia.

I found and made friends on the route, as also in the neighborhood upon my arrival, so that I have had the necessaries of life supplied and a place to lie down and rest when night came on. There has been a bitter opposition brought to bear against me and our principles since my arrival. For many days I was unable to procure a church or house in which to hold my meetings, and was of necessity compelled to hold the first two services in a private house, which were well attended by orderly, attentive listeners. On the evening of the second meeting, an old gentleman, a Baptist deacon, being present, I got permission from him to use their church on last Sunday. However, as might have been expected, Satan raged. The members of said church raised many objections to my holding service in their house, and came to me personally and tried to get me to give up the appointment which had been given out for Sunday at 11 a. m. I told those that came to me about it that it was all in vain their talking to me in any such way, as I had received permission from the proper authorities to me the church, and calculated to speak to those who came out to hear, and would not give up my appointment unless those who had given me permission to use the house rescinded the same. They went to the old gentleman and tried to get him to put a stop to my preaching in the church, but he emphatically told them he had given me leave to me the house, and he was perfectly willing I should do so.

I had the privilege of addressing large audiences of attentive listeners at 11 a. m. and 4:30 p. m. Nothing transpired during the services to mar the peace and quiet of any one. And as I will not be allowed to use the house any more on account of the remainder objecting to it, I would have been in a bad fix but for a gentleman, a member of the same church, who voluntarily offered to fit up a large vacant house of his own, which is standing empty. So you see by next Sunday, all being well, I will be fixed, so far as a house is concerned. I will be able to carry on my meetings as usual, for he says I can occupy it and preach there as often as I please.

The weather is unusually hot for for this time of year, so say those living in this part of the country. And I believe what they say to be true if I am allowed to be a judge of hot weather.

The country is broken and mountainous in this part of St. Clair County. The principal crops, are corn and cotton, which are looking some better than usual. I am informed by planters. The chiefs has almost cleared this portion of the country of hogs, chickens, turkeys, etc. And owing to the low price of cotton last fall, many are in very close circumstances, the staple of life being corn bread, bacon and some coffee. Still they continue looking forward for the good times promised by the politicians who when running for office made such fair promises, providing they only got them the seat and title of member of Congress, they would guarantee that their land would flow with "milk and honey" and ten dollar bills, which are still in the future and the people in the same condition, if not worse off, than heretofore.

I am in hopes to be able to do some good here in this immediate vicinity, but cannot tell how much can be done until I have thoroughly tested the thing by a practical experiment of laying the principles of the Gospel before the people. Yet I am hopeful, that by the blessing of the Lord much good will sooner or later be accomplished here.

I learn that there has been a charge brought against the deacon of the church which I occupied last Sabbath, as also the members of the church who gave their consent for me to use the house.

I have an appointment out to preach to night, also next Thursday evening and next Sunday; many are making what appears to be earnest enquiry after the principles of the truth, and I have more invitations to visit and converse upon the doctrines of our faith than I have felt able to attend to and do justice to myself.

My health is only tolerable, still I am determined to push forward and do all that I can to spread the truth.

LOST.

AT the Tabernacle on Sunday last a Jet Necklace, belonging to a visiting lady. The person that picked it up will please leave it at this office for the owner. d2t J. M. BARLOW.
