## LOCAL AND OTHER MATTERS.

FROM TUESDAY'S DAILY, JUNE 21.

**Fearful Accident.**—A miner named Patrick Mulligan, engaged in the Grey Rock mine, Montana, met with a frightful accident, which is chronicled in the Butte *Inter-Mountain*, of the 18th inst. Mulligan was at work in the shaft when a steel drill, two feet long and one inch in diameter, fell from a point 225 feet above his head, and striking him a little back of the left shoulder blade, passed through his body, just missing the heart, and issued from between the ribs midway between the shoulder and hip. Mulligan, with a courage almost superhuman, seized the drill and pulled it out. At last accounts he was still alive but recovery was very doubtful.

**Information Wanted.**—H. Thunnesen, Esq., writing from Gunnison, Sanpete County, on the 14th inst., states that in that settlement there lives a gentleman named Ole C. Nielsen, formerly of Stranby, Elling Sogn, Hjøring Amt, Denmark. He had a son named Niels Christian Olsen, who served as seaman on board a ship called a cuff or cooff, named *Dagere*, Holland built, and used this kind of ship years ago. They were rigged like a galliase. The Captain's name was Nielsen, and he was bound from Fredericksbavn, Denmark, for London, England. He arrived safe at London in 1882. The young seaman was born February 10th, 1846, and was 16 years of age at the time the ship arrived in England. Since that time nothing has been heard from him or concerning him. His parents and other relatives, now living at Gunnison, would be very glad to know his whereabouts, if living, or his fate, if otherwise.

English papers please copy.

**Z. M. S.**—The adjourned second annual meeting of Zion's Musical Society was held in the Council House, last evening, Vice-President D. O. Calder presiding. Reports of the secretary, treasurer, and librarian were read, showing the affairs of the Society to be in a satisfactory condition. There is now a fine assortment of music on hand, including fifteen operatic and oratorio choruses, recently received, which will tend to make future rehearsals exceedingly interesting. Professor C. J. Thomas tendered his resignation as conductor, his present duties in connection with the Theatre Orchestra preventing him from devoting sufficient time to the interests of the Society. A hearty expression of thanks was voted to Professor Thomas for past faithful and valued services; and on motion, Professor E. Beesley was appointed to succeed him. The board of directors, including officers, elected for the ensuing year, is as follows: President, John Taylor; First Vice-President, D. O. Calder; Second Vice-President and Secretary, D. M. McAllister; Third Vice-President, C. J. Thomas; Treasurer, John Kirkman; Assistant Secretary, George Willis; Librarian, H. Gardner; Assistant Librarian, A. S. Gray; Conductor, E. Beesley; Assistant Conductor, John S. Lewis; Accompanist, H. E. Giles. A cordial invitation is extended to all who have been members to resume attendance.

FROM WEDNESDAY'S DAILY JUNE 22.

**The Fire.**—The town was aroused at 8 o'clock this morning by the alarm of a fire, located at the rear of the Richards House, on Second South Street, in a lumber addition behind Ordner & Patterson's saloon.

The fire brigade was soon upon the scene, and the flames were squelched in a short time. Those who were disappointed that it was not a conflagration consoled themselves by contemplating the conjunction of the planets, which at that hour furnished a display well worth being roused up to behold.

**Funeral Services.**—The funeral services over the remains of Sister Josephine Schettler were conducted yesterday afternoon, in the 12th Ward Meeting House. The love and esteem entertained for the deceased lady was well evidenced by the multitude of friends which convened to pay the last offices of respect upon the occasion. The services commenced with singing and a prayer by Elder Robert Campbell. President Geo. Q. Cannon then preached the discourse, which was principally upon the theme of the resurrection, and well calculated to administer comfort to the hearts of the sorrowful. Following this, came a series of feeling remarks by Elder Fera-morz Little, wherein was mentioned the estimable character borne by the deceased, as a woman of virtue, industry and integrity. After singing by the choir, a benediction was pronounced by Elder John T. Caine, and the remains having been placed in the hearse, were followed to their final resting place by an extended cortege of vehicles containing the bereaved family and many sympathizing friends.

**Reward Offered.**—Several days ago we published the fact that the body of a well dressed gentleman was found dead, having been shot in several parts of the body, among some willows adjacent to the town of Evanston, Wyoming. It was also stated that the deceased was supposed to be from Wilkesbarre, Penn., the evidence being a newspaper published in that city found in the dead man's pocket. Advices from Evanston now give the name of the deceased as Anton Salloker, and state that a reward of \$500 has been offered by the officers of that district for the apprehension of his murderer. It is thought that Mr. Salloker was enticed to where his body was discovered, killed and then robbed of his money.

He was a German by birth, about thirty years old, a mechanic of steady and industrious habits, who had saved up considerable money. He had been working for some months in the U.P. shops at Evanston. He was last seen in Evanston on Monday morning, May 23rd. It was about this date that he quit work in the shops there, drew his pay, and, it is said, reported that he was going to Echo or Park City.

FROM THURSDAY'S DAILY JUNE 23.

**Lady Visitors.**—Mrs. Annie W. Mailliard, of San Rafael, California, and Miss Maud Howe, of Boston, Mass., are among the visitors in our city at present. The former is the sister and the latter the daughter of the celebrated Julia Ward Howe. We bid the ladies a cordial welcome to Salt Lake, and trust that their stay will be as pleasant as they can possibly desire.

**Lost Articles.**—Following is a list of articles left on the cars last evening by parties who went on the Old Folks Excursion: One parasol, one pair overhauls, one plaid shawl, one velvet shawl, one boy's coat, one tin pail and contents, one bundle wrapped in white handkerchief. The above articles are at the Tithing office, and may be had on application by the owners to George Goddard.

**Condolence.**—We sincerely condole with Brother James Evans, of the 20th Ward, in the deep loss he has sustained by the sudden death of his beloved wife, who departed this life yesterday morning. She was an excellent woman in every respect, and leaves besides her heart-broken husband, a large family of children and a host of friends to deplore her untimely demise. May God comfort their hearts.

**Powder Explosion.**—We are informed by the *Union* of the 18th inst., of a fearful accident which occurred on Friday last, at about 3 p.

m., on the new road to Milford, by which four of a party of soldiers, who are working there, were seriously injured. It seems that two men were blasting rock, and having sharged a hole with giant powder, were tamping it with a sledge hammer, when it exploded, shattering not only the rock, but the men who were tamping it. The other two soldiers were standing about four feet off, and were thrown by the explosion a distance of eight or ten feet and badly but not fatally hurt. The Post Surgeon went to the scene of the mishap, and took the injured men to Fort Cameron.

**Alarming Accident.**—The Ogden *Herald* states that yesterday forenoon Mr. Murdock, of Harrisville, was driving to Ogden to witness the Old Folks' Excursion. He had his wife and two children—an eight-year-old girl and a nursing baby—with him in the vehicle, when all of a sudden the horses took fright at something and ran away with the wagon.

While the wagon was drawn rapidly over a deep water ditch, the thimble of one of the wheels came loose, and by the violent jolt resulting to the wagon, all the inmates were thrown out. The baby was hurled a distance of two rods, but when picked up by the terrified parents was found uninjured, with the exception of some slight bruises on one arm. The father had the wheels run over one of his legs, without, however, sustaining any fracture or other serious injury; the mother was hurt in the back, but not dangerously. The girl fared worse. She was precipitated from the wagon, and alighting on her head, received so violent a concussion that she lay for hours in a comatose condition. As soon as Mr. Murdock got up and around, he availed himself of the first opportunity to send for Dr. John Driver who at once repaired to Harrisville, where he found the parties in the condition above described and administered to them the necessary medical aid. All except the girl are out of danger.

**Returned Missionary.**—Elder Henry G. Boyle, of Payson, arrived home last night from a mission to the Southern States, upon which he started a year ago on the 1st of last March. He labored in Virginia and North Carolina, principally in the former State, where he traversed the counties of Tazewell, Smythe, Bland, Bedford and Franklin. In North Carolina he labored in Surrey and Stokes Counties. It was his seventh mission to the Southern States. During his recent absence about twenty souls were added to the Church, through the instrumentality of himself and brethren, and just previous to leaving Virginia, he organized a branch of the Church in Tazewell County, near Jeffersonville. It was called the Clinch Valley Branch. He says of his late experience that he never was treated better in his life, his meetings were well attended, strict order prevailed and a great many were investigating and many believing the Gospel, but a tardiness was manifested in conforming to its requirements.

Brother Boyle was accompanied home by a party of seven converts, two mothers with their children, the families of brethren who came to Utah several months ago, and procuring employment were advanced their wages in a sufficient sum to emigrate their households. The women, with their children at Ogden, took the Utah and Northern train for Smithfield, Cache County, to join their husbands. From Chattanooga to St. Louis, Elder Boyle traveled in company with President Morgan, who was on emigration business in the latter city. Brother Boyle enjoyed good health while away, and returns feeling well in every respect. He leaves for Payson in the morning.

## BUSINESS AND PROFESSIONAL MEN.

And all who, in consequence of overwork, find themselves suffering from a gradually increasing brain and nervous exhaustion, and who feel that they are slowly losing vitality and the power to do their best, and that a breakdown in the near future is

almost inevitable, will find in Compound Oxygen a new agent of cure and restoration which acts as a revitalizer—and this with a promptness that at once stops the downward drift. The paralysis which so often arrests the steps of business men and hard brain-workers after they have passed middle life, might in most cases be prevented by an occasional use of this revitalizing agent. Our Treatise on Compound Oxygen, its Nature and Action, is sent free. Address Drs. Starkey & Palen, 1109 and 1111 Girard Street, Philadelphia, Pa.

CHERRY CREEK,  
Malad, Utah, June 12th, 1881.

Another of my sons was delivered of a worm 12 feet in length. Dr. Plant's medicine worked wonderful and relieved him in a short time, and I wish to recommend all my friends.

d&w MRS. JENET MOON.

JNO. A. BAILEY AND M. K. PARSONS, Land Agents and Attorneys, Salt Lake City—Write to them enclosing stamp and they will give information FREE about Land Matters.

## ARRIVAL.

To arrive this week another car load of the celebrated Mitchell Four Spring Wagons. Call early and examine the same.

s&w L. B. MATTISON.

Good health is impossible when the blood is impure, or when it is thin and cold. Under such conditions one disease after another is developed. Boils, pimples, headaches, neuralgia, rheumatism, etc., are the result of impure blood, and the wisest course is to make the blood pure, rich and warm by the use of Ayer's Sarsaparilla.

d s & w

## PEERLESS MACHINES.

Farmers, don't attempt to go through your harvest without securing a Peerless. Five cars of the above machines received this season are now in the hands of the Farmers, which speaks for itself. Don't come to Salt Lake City, without examining the same.

WHAT a Charm there is in a clear, smooth complexion! The ladies are fully alive to this fact and therefore use Glenn's Sulphur Soap, the most desirable purifier of the skin in existence. Complexional defects are entirely removed by it and local diseases of the skin disappear more rapidly through its influence than through that of any other external remedy. The fact is that most of the ointments, ointments and liquids recommended for diseases of the cuticle are not remedies at all or at most merely relieve without eradicating the malady sought to be cured. This is not the case with Glenn's Sulphur Soap which does its work thoroughly, removing every trace of an eruption. It, moreover, speedily heals old sores, ulcers, cuts, bruises and scalds, and is a reliable disinfectant of clothing or bed linen. Diseases communicable by contact are prevented by it, and it promptly relieves the twinges of rheumatism and gout.

Sold by druggists. Price 25 cents per cake. 1 box (3 cakes) 75 cents, sent by mail, post paid on receipt of price. C. N. CRITTENTON, Prop'r, 115 Fulton Street, New York.

HILL'S HAIR AND WHISKER DYE, Black or Brown, 50c.  
d eod s & w.

## BURNETT'S COCOAINE.

The best of all Hair Dressings. It allays irritation, removes all tendency to dandruff, and invigorates the action of the capillaries in the highest degree, thus promoting a vigorous and wealthy growth of hair. Its effects upon the glossiness and richness of the hair is such as cannot be surpassed.

Burnett's Flavoring Extracts are the best.

PLEASANT, Wholesome, Speedy. Three adjectives that apply to Hale's Honey of Horehound and Tar.

Pike's Toothache Drops cure in one minute.
