BEAUTY:

OR, THE
Secret of a Fair Face

An Item of Interest to Every Lady who
Desires to be More Beautiful
than she now is.

Unfortunately she now is in a hundred
percent of an American woman
possesses that basic and starting point of real
beauty—a pure and clear complexion.

What nature has thus denied, art must be
called upon to furnish.

It can be done; it is done daily. Prof. W. E.
Hagen placed beauty within the reach of every
humblest daughter of Eve when he discovered
that the secret of beauty is in the skin, and
not in the face, as the world has so long
believed.

Secret Plot for a General Uprising.

NEW YORK, 24.—The Tribune,
reviewing its local region correspondence,
says: If there is any secret
plot on foot for a general strike
throughout the country and law-
less uprising everywhere with
special designs upon banks and
safes, the warning that is given
elsewhere ought to go forth to de-
feat it. A very careful correspon-
dent finds a Pennsylvania manu-
facturer, who impresses him as a
remarkably coolheaded person, who
fears more serious disturbances in
the next two months than occur-
red last summer. He declares pre-
parations are making everywhere
for a strike, that its date was once
fixed for the middle of June, and
that it is now fixed for the middle
of August. If there is good founda-
tion for these apprehensions it
ought not to be difficult to ascer-
tain the truth. The exposure of the
plot would be almost enough in
itself to defeat it, and exposure
ought to be possible if there is any-
thing to expose.

Right Between Deputy Marshals and
Police.

ST. LOUIS, 24.—About 6 o'clock
this evening several of the
deputy marshals and Metropolitan
police got into a row on the
corner of Broadway and Main
Streets, during which one man was
knocked down with a club, another
beaten in the face with fists, pistol
fired, Lieut. O'Neil, of the Metro-
politan, shot in the hip, and one of
the deputy marshals, named Russell,
wounded in the groin. The parties
then separated. A few minutes
after the shots were renewed, and
after this time fired, it is ascer-
tained from the Metropolitan head-
quarters, aimed at the market house,
about 40 yards distant on the op-
posite side of the street, which is also
used for a police office for deputy
marshals. Some 50 or more
shots were said to have been ex-
changed.

Captain Renshaw, chief of the
Metropolitans, received a bullet
through his hat, and Chapman, the
chief of the Metropolitans, was
shot in the leg. None of the
deputy marshals seem to have been
hurt in this affair, although they
said 20 or more bullet holes can be
seen in the windows and windows
of the market house.

Accounts of the row are conflict-
ing and contradictory to the high-
est degree. Whisky appears to
have had a good deal to do with the
disturbance.

The Bellevue Guards, some 50 or
60 strong, arrived in St. Louis to-
night by Gov. Culum, and are under
the orders of Sheriff Weber. There
is also a strong guard of civilians in
and around the engine house head-
quarters of the Metropolitans.

John Doe, the Forger.

CINCINNATI, 24.—Dr. Connel and
Col. Austin, who came here from
New York this morning, obtained
an interview with John Doe, who
was recently convicted of present-
ing forged checks on the Commer-
cial Bank of this city, and partly
identical him as one of the parties
concerned in the \$54,000 forgery on
the New York Trust Company
some time ago.

Tramps Shot.

ST. PAUL, 24.—A report was re-
ceived, to-night, from Fairbault,
that a farmer, residing near that
point, shot and instantly killed two
tramps whom he caught in the act
of firing his harvesting machine.
He surrendered himself instantly,
but was afterwards released.

Drawing to a Close.

NEW ORLEANS, 24.—Indications
are that the Eastern Committee
will close its labors here by Friday.
No more witnesses will be sum-
moned. It is believed those here
can be examined in two or three
days, and the business of the com-
mittee brought to a close.

Yellow Fever and Sunstroke.

The Picayune publishes a statement
that 13 cases of yellow fever
have occurred, seven fatal. The
board of health hope to check the
spread of the disease.

Two fatal cases of sunstroke were
reported to-day.

Bursting of a Fly Wheel.

PITTSBURGH, 24.—The 12 foot fly
wheel, in Palmer & Sons' hoop
mill, burst about 7 o'clock this
evening and completely wrecked
the building, an ironclad structure
50 by 100 feet. The employees fore-
saw the danger, and the wheel burst
before the wheel burst. The
accident was caused by the break-
ing of the governor belt. The loss
is not yet known.

Fatal Affray.

NASHVILLE, 24.—In an affray at
Union Street, this morning, Sam'l
Micks and Jones were wounded by
shot and soon died. Three others
were wounded. The affair was
caused by political differences and
high words.

Another Fatal Sub-Committee.

ATLANTA CITY, N. J., 24.—Rep-
resentative Hake testified that he
went to New Orleans only at the
request of President Grant, and
like all the visitors, abstained care-
fully from influencing the return-
ing board. Had the Sherman letter
been written, he would probably
have known it, because he was in-
timate with Sherman and was with
him daily at New Orleans. He
thought Hayes and Packard were
elected.

Representative Danford testified
that Hayes and Packard had the
same number of votes, except that
Hayes had 200 or 300 more in one
parish.

Ex-Representative Sypher testified
that D. A. Weber had asked
him, at the time the visiting state-
men were in New Orleans, if Mal-
dew and Sherman could be trust-
ed, and being assured that they
could, said he did not like to take
anybody's verbal promise, and
would demand a written promise.
Next day Weber showed witness a
letter, which witness read, and
which purported to be signed by
Sherman, but was not sure that it
was Sherman's writing; he presum-
ed it was.

This letter was substantially
as heretofore published. The
letter was on note paper. Witness
mentioned the fact to Judge Shel-
barger two weeks ago.

Secretary Sherman testified to
going to New Orleans at the request
of Grant. Adjourned.

The committee decided to recall

THE SUB-COMMITTEE IN NEW ORLEANS

at once, and Butler gave notice
that he would want some witnesses
here from New Orleans to give im-
portant testimony.

More Potter.

NEW ORLEANS, 24.—Judge Wm.
R. Whitaker testified to irregulari-
ties in the signatures in the so-called
list of elected returns.

Thomas H. Anderson testified that
Kellogg, Packard and Dibble had
lost Louisiana through the failure
of the tickets to have the names of
electors printed on them in proper
form. Witness had prepared the
affidavits of intimidation, and found
very few who had actually seen
violence, etc. He made the affida-
vits as strong as possible. The
visiting statesmen were interested
spectators in the room where affida-
vits were made out. It was the un-
derstanding among the republicans
that the State had gone democratic,
and affidavits were necessary to
enable the returning board to throw
out enough votes to reverse the re-
sult.

Wesley Jackson testified to be-
longing to a colored club formed to
kill the whites. It was said, if the
whites builded us, let us bulldoze
them.

The sub-committee leave to-mor-
row.

Draft Raisers.

ST. JOSEPH, 24.—Two men were
arrested at Marysville, on Monday,
supposed to be professional draft
raisers. They had purchased drafts
at the banks at Marysville, Bethany,
and Albany, each one for \$5 or
\$8. The drafts procured at Albany
being on safety paper were disposed
of by them before leaving town.

The authorities think they have
captured two sharp rascals, and are
holding them to see if they are not
wanted. They registered in differ-
ent places under different names as
being from Boston, San Francisco
and Chicago.

The Indians—More Trouble Expec-
ted.

WASHINGTON, 24.—The United
States Indian agent at the White
Earth Agency, Minn., writes to the
commissioner of Indian affairs, un-
der date of July 16, as follows: A
reliable half breed, who has just re-
turned from a visit to the Sisseton
agency, Dakota Territory, says:
While there he met and conversed
with some Sioux Indians from the
Standing Rock agency. They were
couriers sent with tobacco from the
Sioux of the Plains to invite the
Sisseton Sioux to join them in hos-
tilities against the whites that al-
ready eight different bands of Sioux
had joined the confederation, and
that Sitting Bull himself had made
a visit this summer to the Stand-
ing Rock agency, where he spent
three or four days, in disguise;
also, that the government had
threatened to take the ponies from
some of the Sioux Indians on the
Missouri, which would be resisted
by all of those tribes, and that a
general Sioux war was imminent,
and would soon be announced.
