

## DESERET EVENING NEWS

## WEATHER REPORT.

Record at the local office of the weather bureau for the 24 hours ending at 6 a.m. today:

Barometer reading at 6 a.m., 25.55 inches. Temperature at 6 a.m., 56 degrees; maximum, 71; minimum, 54; mean, 62, which is 1 degree above normal.

Deficiency of daily mean temperature since Sept. 1, 27 degrees.

Deficiency of daily mean temperature since Jan. 1, 25 degrees.

Precipitation for the 24 hours ending at 6 a.m., .02 inch.

Precipitation since the first of the month, .84 inch, which is .06 inch below normal.

Deficiency in precipitation since Jan. 1, .53 inch.

FORECASTS TILL 6 P. M. THURSDAY.

Local forecasts for Salt Lake City and vicinity:

Partly cloudy tonight and Thursday; possibly local showers and cooler temperatures.

Forecasts for Utah made at Denver, Colo.:

Partly cloudy tonight and Thursday; possibly local showers and cooler tonight.

## WEATHER CONDITIONS.

The weather has varied slightly, scattered during the past 24 hours and now central over Huron, S. D. While it has apparently decreased considerably in intensity since yesterday morning, yet it had still enough to cause heavy general rains in the regions influenced by it. These districts included the Missouri and Mississippi valleys, eastern slope of the Rocky mountains, and parts of the middle plateau region. Adams reports the unusually large amount of .40 inches, while the rain at Brigham, Utah, was the heaviest in years. Temperatures and higher over the northern plateau, and higher over the Mississippi valley.

L. BOLDZOL,  
Temporarily in Charge.

is issued Mondays and Thursdays and contains all the cream of the Daily and Saturday News.

## LOCAL BRIEFS.

City Attorney T. L. Foote of Neffel is in the city today on business.

The real estate men will meet this evening at the Commercial club to perfect their organization of a real estate exchange.

Contractor Campbell has sent to San Francisco for an expert stone carver to work on the Federal building and the First Presbyterian church.

Warden Dow of the state prison continues to improve, and his ability to bear up under his serious disabilities is astonishing the local medical fraternity.

Local vehicle dealers report an excellent fall trade, but dealers in agricultural machinery report a singular dullness in trade. But about conference time a revival is expected.

People from Idaho report that colonists in the state will be back in the spring winter and spring with more vigor than ever. The best and most substantial element of the middle western states will be sought for.

Miss Lucerio W. Treat, who will lecture next week before the State Teachers' association, is president of the Grand Rapids Kindergarten association and has been instrumental in establishing kindergartens in a number of states and has a national reputation.

Valuable improvements are being made on the inside grounds of the state prison, which will make the place quite attractive. A fine cement walk has been laid from the front entrance to the street, and the former office has been remodeled into an attractive sitting room.

G. H. Adams, representative from Juab county is in town, just having come from Eureka. He was there when the holdup took place and heard the shot fired. Everybody was badly frightened and the horses secured between \$300 and \$400. No traces of them have as yet been discovered.

The board of education will hold a special session tomorrow evening to pass on the matter of making next Tuesday a holiday among the schools en account of the state fair and next Wednesday afternoon a holiday to enable the teachers to attend the State Teachers' association.

Real estate dealers report considerable doing in moderate and small realities, including transactions of \$1,500 to \$5,000. Small homes are being built all over the city, and on the east side in particular this is noticed, and in fact many are going up on Ninth East street that in a few years the entire street will be built up from Seventh to Twelfth South streets.

The south continues to catch it in a hard way, and Aransas seems to be turning his back on the southwest in particular. El Paso was inundated with one and a half inches on Sunday, and Monday there was an additional fall of .62 of an inch. Over two inches of rain in 48 hours are enough to put half the town under water, and set the Rio Grande to booming. The city got another dose to the extent of .40 in less than a week. Southern Arizona ought to be pretty wet by this time. Central Texas saw nearly an inch precipitation Monday.

Mr. Parker says that the educational contest will be a marked feature, and will be attended by the most noted educational lights in the world. Much will also be made a great feature, and an immense display will be made of the liberal arts. The Olympian games are to be held in a grand stadium built especially for this exhibition; and particular attention is to be given to the display of sports. Mr. Parker has just returned from that territory, and says people will be surprised at the world of natural wealth existing at that long unknown land.

## SUNDAY SCHOOL TEACHERS.

The following gentlemen were elected members of the University club Monday night: Elmwood, 100; A. H. Northwestern university, 1844; Hugh Satterlee, B. A. Yale university, 1902; Lynne Fox Clinton, A. B. Leland

## RELIC OF ECHO CANYON WAR.

Old Cedar Tree Reveals an Interesting Inscription—Church Organizations Prosperous.

Special Correspondence.

Evanston, Wyo., Sept. 15.—Accompanied by President John M. Baxter and companions I left Manila, Utah county, Utah, on the 9th inst., and traveled about 30 miles to "Lone Tree" on Henry's Fork, in Sweetwater county, Wyo., where we according to appointment, held a meeting in the evening and organized a Sunday school with Harry Bullock as superintendent. Most of the ranchers on Henry's Fork are "Mormons" who left Provo, Utah, and other settlements and located on Henry's Fork, some of them 40 years ago. Many of their children have now grown to man and womanhood without knowing anything much about religion, as they have never had an ecclesiastical organization, excepting with Chamberlain's Palm Balm and bound on the affected parts, is better than a plaster for a lame back and for pains in the side or chest. Pain Balm has no superior as a liniment for the relief of deeply seated, muscular and rheumatic pains. Sold by all druggists.

A stage peanut will be given tomorrow evening in the vestry of the Twenty-third ward meetinghouse, when the following program will be carried out: Singing by the quorum, prayer, quartet by the photographic remarks by Bishop Romney, duet, violin and piano, by Evan G. Richards and Irving Larson, peanut feed, remarks by the president, peanuts, mandolin selection, R. W. Young, Jr., candy, phonograph selections, more peanuts. The object is to bring together all the Deacons in the ward, and infuse new life in the quorum.

General Manager D. S. Murray of the R. M. Bell Telephone company has returned from a pleasure and business tour of the West. He went fishing, but declared he has no fish stories to tell, as he is no Minnow. He closed a deal with the city of Logan, whereby the municipality and the telephone company will co-operate jointly the new overhead pole plant with their electric light and telephone wires. This will prove a great saving to both corporations, and reduce by one-half the number of poles to be set through the city. The local telephone company has established 161 telephone accounts (net) in this city during the month of September. The new line to Echo via Park City has been completed, and now there are two separate eastbound lines from this city. This relieves greatly the eastbound business via Ogden.

General Manager D. S. Murray of the R. M. Bell Telephone company has re-

turned from a pleasure and business

tour of the West.

Call or phone, we will receive free, VIENNA MODEL BAKERY & CAFE, 19 E. Third South St., "Phone 1981.

NEW FLOURING MILL.

Last spring steps were taken to build a flouring mill in this locality for which purpose the Lyman Flouring Mill company was organized and incorporated with a capital stock of \$10,000, most of which was subscribed for by the local residents. Mr. Davidson is furnishing the machinery. The mill—a two-story frame building just completed, the machinery will be put in at once, and the mill is expected to be in running order in a few weeks. It is situated on Black's Fork, about 5 miles southwest of old Fort Bridger, and the first mill ever built in this part of the country. When completed it will probably prove a great blessing to the residents who hitherto have had to travel to Ogden for flour. The mill is to be run by steam power.

\$25 PIANO, NEW FOR \$15. DAYNES & ROMNEY Piano Co., 62 Richard St.

AT CASTLEGATE, UTAH, A GOOD INVESTMENT. All furniture and equipment of Castlegate Hotel. Anyone purchasing the same can enter on business Oct. 1, 1903. If not sold by Oct. 1, 1903, will be sold at auction to purchasers. Proprietor retiring. Address A. Young, Prop., Castlegate, the locality since Nov. 6, 1898. Nearly 40 families which hitherto have constituted a part of the Lyman ward, reside on and near Smith's Fork; and if the population continues to increase, as it has done the past few years, two fully organized wards in the near future are plain sight here.

After completing the branch organization at Mountain View we traveled about 11 miles via old Fort Bridger to Butte, a new branch, another one growth of the Lyman ward—where we held a meeting in the evening. The branch which consists of about 20 families living in a scattered condition near the historical Bridger Butte and on the west bank of Black's Fork, was organized Sept. 1, 1901, and is now presided over by Hans S. Jensen, formerly a resident of Salt Lake City.

S. T. Benedict wishes to announce to her friends that she has resumed dress-making at 368-369 Constitution building, where she will be pleased to meet her old friends as well as new.

AN INTERESTING INSRIPTION.

On Saturday, while waiting for the train, President Baxter and I took a short stroll up a hollow which opened into Spring Valley opposite the railway station. About a mile and a half from this station on the side of the mountain we found a dead cedar tree on which we traced the following inscription, carved fully on the trunk of the tree: "In God we trust." The Mormon boys, Col. T. Callister, A. Ivins, L. Ivins, C. Taylor, L. Ballif, W. N. Morris, Nov. 17, 1857. Those who are acquainted with the history of the so-called Echo Canyon War will easily be able to associate incidents of interest with the old relic from the "Mormon" campaign of the winter of 1857-58.

On Sunday last, Sept. 12, I attended a ward conference in Evanston and last evening lectured on my travels around the world.

I have now visited every ward and branch in the West and Aransas seems to be turning his back on the southwest in particular. El Paso was

inundated with one and a half inches on Sunday, and Monday there was an additional fall of .62 of an inch. Over

two inches of rain in 48 hours are enough to put half the town under water, and set the Rio Grande to booming.

The city got another dose to the extent of .40 in less than a week. Southern Arizona ought to be pretty wet by this time. Central Texas saw nearly an inch precipitation Monday.
