

natorial appointment, of any grade, costs \$15 down, with prospects of further assessments. Talk about Jay Hubbellism, here it is with a vengeance: "You will please forward your subscription, \$15, at once." This is the beginning thereof. What it will cost before the end, no man knoweth. It is a nice little scheme to fee certain lawyers. The unfortunate appointees have not only to try to force themselves into offices where there is no vacancy, and in which the people interested do not want them, but they will have to pay the price of the litigation which will ensue. Its fun for the attorneys, but misery for the appointees.

If there is anybody foolish enough to forward his "\$15 at once," he will commence to drop his money into a bottomless pit. If he doesn't pay up he can step out. "This is a free country, and you just hand over \$15 apiece." If a 'Mormon' pays anything for the support of his cause, it is "despotism and robbery," but it is free "republicanism" to levy a tax of \$15 on each office-seeker as a small beginning. You small-fry officials whose places, if you get them, are not financially worth the holding, can have the privilege of paying just as much towards the fight to gain them as the "Liberal" fellows whose expected places are lucrative enough to make a living. The disinterested generosity on the part of the local Jay Hubbells who sign the assessment is charmingly conspicuous.

We direct attention to the style in which illegal bonds are to be filled up and filed, and to the names of the law firms which condescend to such irregular methods of inducing into office persons who have not the shadow of a legal title. And thus the contest goes on. And now we can see where the money to pay for it is expected to come from. Read and mark the following:

September 18th, 1882.

Sir: The undersigned appointees of the Governor to the offices in Salt Lake County would respectfully represent to yourself and the other appointees throughout the Territory:

1st. That it is thought advisable, on the score of economy and effectiveness, that the attorneys to conduct the necessary litigation to assert and maintain the rights of all the appointees be selected here, and that each appointee shall contribute fifteen dollars towards a fund to cover the necessary expenses thereof.

2d. That the attorneys here selected be alone entrusted with the management of all said cases.

3d. That said attorneys be instructed to at once prepare the bond and oath of office, and instructions to each appointee as to what steps may be necessary for him to take to entitle him to his commission from the Governor, and to forward to such appointees such blanks and instructions.

You will please forward your subscription of \$15 at once to Josiah Barnett, Esq., care of McCormick & Co's Bank, Salt Lake City, Utah, who has been selected as treasurer of such fund.

The undersigned will act as a committee to attend to all disbursements of said fund, for costs and legal expenses, and will also attend to the prosecution of such suits as may be deemed necessary to test the right of the appointees to the several offices.

Among the attorneys who have been consulted and who will probably be employed by the committee are Marshall & Royle, Sutherland & McBride, Judge Van Zile, Dickson & Varian, and Williams & Young.

WM. NELSON,

Those people who want to know why printers call the boy "the devil," can readily bring themselves to understand it by employing a boy for a few days.—*Bottom Post.*

The sight of a fat man trying to look graceful in a bathing suit is what makes the lit le bald headed fishes stand on their tails and grin.—*Philadelphia Chronicle-Herald.*

"Have a hack, sir?" vociferated a hackman to a traveler as he came out of the depot. The traveler looked at the turnout and said: "No, not if I've got to take the horse, too."

Ayer's Hair Vigor, FOR RESTORING GRAY HAIR TO ITS NATURAL VITALITY AND COLOR.

Advancing years, sickness, care, disappointment, and hereditary predisposition, all turn the hair gray, and either of them incline it to shed prematurely. AYER'S HAIR VIGOR, by long and extensive use, has proven that it stops the falling of the hair immediately; often renews the growth; and always surely restores its color, when faded or gray. It stimulates the nutritive organs to healthy activity, and preserves both the hair and its beauty. Thin, brash, weak or sickly hair regrows with lively expression; falling hair is checked and established; thin hair thickens; and faded or gray hair resumes their original color. Its operation is sure and harmless. It cures dandruff, heals all humors, and keeps the scalp cool, clean and soft—under which conditions, diseases of the scalp are impossible.

As a Dressing for Ladies' Hair, the Vigor is praised for its soft and agreeable perfume, and for the soft lustre and richness of the hair.
