## SANTAUQUIN.

### Epidemic of Measles Causes Closes Schools and Public Gatherings.

**Special Correspondence.**

Santaquin, Utah Co., March 18.—The late storms have given hopeful encouragement to the farmers, and it is about that there is some relief from the epidemic of measles which has been raging in the mountains to insure good crops.

Because of the spread of measles, the schools and all public gatherings are closed. The disease is of a mild form, but quite invasive, there being about thirty-five families afflicted. It is now confidently hoped that the contagion is at its height and that in the very near future matters will resume their normal condition.

The organization of the old water company recently expired by limitation of time. A new set of officers have been elected and the water works are now being operated by Mr. Albert Jones, the well known ranchman and general correspondent for the Deseret News, is in town, and as usual is at it in earnest. Albert is a great favorite of the people wherever he is known.

Alfred C. Reese, once principal of our schools, writes very interestingly about his labors as a missionary in Switzerland. The work of the Lord there, he says, is in its earnestness. Albert is a great favorite of the people wherever he is known.

**Fought for His Life.** "My father and sister both died of Consumption," writes J. T. Weather, of Wyandotte, Mich., "and I was saved from the same frightful fate only by Dr. King's New Discovery. An attack of 'Croup' left an obstinate cough and very severe lung trouble, which an excellent doctor could not help, but a few months' use of this wonderful medicine made me as well as ever and I gained much in weight." ## WOODRUFF.

### OLD FOLKS REUNION.

**Smallpox Passed but La Grip Remains—Brown-Lee Nuptials.**

**Special Correspondence.** Woodruff, Rich Co., March 19.—The good people of Woodruff held their annual old folks' party on Wednesday, March 14, at the home of Mr. and Mrs. J. H. Hickman. The married people were invited, but only about half of them attended, everybody with but few exceptions contributed freely towards making the affair a success. A table of honor was set for those over sixty years. We only had twelve over this age present, as a few ladies were sick and unable to attend. The party surrounded the three long tables, spread with all the delicacies of the season. After all had enjoyed the feast, the Bishop made a few remarks of welcome, and an appropriate program followed.

Our district school principal, Brother Geo. F. Hickman, gave us a short review of a day's lesson. All who were present were made aware of the grand old man in his educational as well as his Sunday school labors.

At eight o'clock the committee passed out and made the rounds. All who were not able to be present received their share of good things, but otherwise missed a rare treat.

Smallpox has passed away, but we have some sickness among the young children; la grip and pneumonia. A little girl of Sheriff A. L. Eastman died from the effects of this disease Sunday, March 18th, about three or four months, and some few more are quite sick.

Sister Peter C. Cornish has been very sick for the last five days, but she is improving at this writing.

A cold wave has struck the town from the north today.

On Friday evening, March 15, his brother invited him to walk over to "teachers' meeting" with him. Arriving at the school house, he was met by a large number of people with his friends from the various parts of the valley, assembled to bid him welcome home. A very interesting program, consisting of singing, speeches, and recitations followed. Elder Cottam made a happy and grateful response to the speeches of welcome. The same picnic, followed by music, dancing and social games.

Yesterday, March 16, the 59th anniversary of the organization of the Relief Society in the Church of Jesus Christ of Latter-day Saints, was joyfully celebrated. During the forenoon

"Ayer's Hair Vigor makes the hair grow." There isn't anything mysterious about this when you know that it is a hair food. You put it on the hair, and the hair cannot help but grow; for that is just exactly what Nature planned.

If you have any gray hair, our Hair Vigor will certainly restore color to it, all the dark, rich color it had years and years ago. It stops falling of the hair also, and keeps the scalp clean and healthy.

"My hair was coming out by the handful every time it was washed or combed; and gray hairs began to creep in, too. Two bottles of Ayer's Hair Vigor stopped the hair from falling and there was not a faded or gray hair to be seen."—Mrs. M. D. GRAY, North Salem, Mass., Oct. 9, 1899.

young men and maidens were flitting about like busy bees, and soon the large room of the school house assumed the appearance of a large dining room. Next came a meeting in the other room of the school house, at which testimonies of the good work done by the Relief Society were cheerfully borne, and resolutions were adopted. They are simply perfect for liver and bowel troubles.

**LEIGH, IDAHO.** Mourn the Death of Pres. Rigby—Relief Society Anniversary. Special Correspondence.

Leigh, Idaho, March 18.—We have just heard of the death of President W. F. Rigby, one of the pioneers of this valley. He has done more for the development of the Teton Valley than any other man, and his death is a great loss to the people of the valley. He was greatly missed by the people of the Fremont State.

**RELIEF SOCIETY ANNIVERSARY.** Anniversary of the Leigh Relief Society was held in the meeting house Thursday at 2 o'clock, and some of the people say one of the best programs was rendered that they ever saw. They gave a dance at night, which was a success both socially and financially. This valley has maintained its good name as far as sleighing is concerned, and it is a great pleasure to the exception of a few spots in the creek crossings. It will only
