

ELECTION MATTERS IN OGDEN

OGDEN CITY, Utah,
January 30th, 1885.

Editor Deseret News:

The matters which have mostly exercised the people of the Junction City for some time past have been those concerning the forthcoming

MUNICIPAL ELECTION.

The number of the People's Party and that of the "Liberals," is considered so nearly equal that the latter have been in high glee, and are sanguine that on the 9th proximo they will carry the election and take possession of the city government. They claim that the People's Party have on the registered list of voters only 50 in excess of the "Liberals." There are "many slips 'twixt cup and lips," and as frequent "reconing without host" among them. Hence, from recent events I am sanguine that the people will "rally round their

STANDARD BEARERS."

and will vote solid for their own ticket—composed of the friends of the great majority of the citizens of this municipality.

There has been some little soreness and discontent with a few of the People's Party, but now I believe all wounds are healed; the grievances are reconciled, and union now prevails.

On the 26th inst., the Primaries were held at which delegates were appointed, who to-day met at the

PEOPLE'S CONVENTION

in the County Court House, and nominated a ticket to be voted for by the Peoples Party.

Following are the names of the delegates elected to the convention:

Lewis Shurtliff, C. F. Middleton, N. C. Flygare, B. C. Critchelow, Job Pingree, Joseph Farr, Henry Woods, John Pincock, J. O. Stephens, W. G. Child, C. C. Richards, Joseph Hall, Thos. Doney, Jos. A. West, John Scowcroft, John Ellis, John M. Brown, Ing, H. J. Gwilliam, Fred. Folger, T. J. Stevens, E. Statford, Geo. W. Larkins, John Rackham, W. Farley, M. Poulter, Jos. Harrop, S. H. Higginbotham, S. G. Crowley, H. H. Tracy, D. Eccles, W. Farr, John Stoddard, B. White, H. H. Goddard, J. T. Johnson, Jos. Parry, J. H. Nelson, and ten alternates.

The convention was called to order shortly after ten o'clock a. m., and was organized by electing C. F. Middleton chairman, Jas. Taylor, secretary, and Jos. Hall, Chaplain. It was decided that voting should

BE BY BALLOT.

S. W. Shurtliff, Thos. D. Dee and John Scowcroft were appointed a committee on credentials; F. Foulger, C. C. Richards and Job Pingree were appointed tellers.

After a few preliminary remarks from the chairman the roll was called. Nearly all the delegates answered to their names, and the absentees were supplied by alternates. The nominations were then proceeded with, and resulted in the following

PEOPLE'S PARTY TICKET:

For Mayor, David H. Peery. Aldermen, Angus T. Wright, Robert McQuarrie, David Eccles, Thomas D. Dee.

Counselors, William Driver, John Pincock, Ben. E. Rich, Alfred Falker, John A. Boyle.

Recorder, Thomas J. Stevens. Treasurer, H. S. Young.

Assessor and Collector, Z. Ballentyne.

City Marshal, Thomas H. Ballentyne. Although there were quite a number of nominations there was no clashing nor confusion, nor the exhibition of any arimonious feelings. All bowed to the decision declared by the ballots and announced by the chairman. The

division was in the contest between Alfred Falker and Jos. Harrop for counselor. On the first ballot, the result was, Falker 20; Harrop 19; one scattering. On the second ballot the result was, Falker 19; Harrop 20; one scattering. On the third ballot it was, Falker 21; Harrop 18; one scattering. Falker was thus nominated by a small majority. The nominations being finished, the votes were made unanimous, and the meeting closed as it opened in

HARMONY AND PEACE

which augurs well for the success of the People's party at the ensuing election. I believe the ticket will give general good satisfaction, as the candidates are all well and favorably known here, are of long residence and have the best interests and permanent welfare of the community at heart, which they will labor to promote. The good sense of the people will teach them that it is far better to be ruled by their friends than ruled by their enemies; to this latter alternative they are not yet prepared to submit. Yet they fully realize that their safety depends upon watchfulness, promptitude, diligence and unanimity of action.

AN INVENTION—AN ENTERPRISING TOWN—NEW SCHOGL BUILDINGS, ETC.

[GUNNISON, Jan. 27, 1885.

Editors Deseret News:

Thirty years ago, ere the gospel invaded the home and mind of Bishop C.

A. Madsen, of this place, he conceived an idea of an atmospheric turbine wheel mode of churning butter; but the temporal was thrown aside and the the supremacy of the spiritual asserted itself. Recently the idea was revived. The thoughts of the Swedish professor of 30 years ago all returned to urge its adoption to-day. The Bishop brought in his pet, and with the scientific care for which he is proverbial, he elaborated and showed us the practicability of producing butter in 15 minutes, having a sweetness, a freedom from butter milk and ready to be taken up. The wheel of an apple parer put the shaft and turbine in motion, and a child could do the churning. Scientifically considered, it is an absolute improvement on any "Excelsior Churn" now on the market.

There is evidently in the good Bishop a very practical turn, yet he modestly retires, even in the sugar and molasses hints and pioneer experience, while others float on the wings of sorghum fame.

Nor while these pursuits tax his fertile brain does he lese sight of his people's needs as their pastor; himself, his counselors and a Brother Day are, by domiciliary visits, encouraging, counseling, advising and strengthening the Saints; and while the air is loaded with the spy regime, here tranquility perches on the banner of this lower burg of the San Pitch.

I attended the Sunday Schools of Manti, and was surprised to see how crowded they were. All ages were there eager in the pursuit of true and lasting knowledge; but then Manti is a surprise anyhow. You see here three "Mormon" meeting houses, and in reading her figures of contributions to the Temple fund she eclipses the eleven Stakes comprising the Temple District. Nor are these remarkable results those of spasms, fits and starts; they are the solids. There is one thing Manti pants for, that is the "little giant," the S. P. V. Railway. I hope the rumor is true, that its pushing manager has the iron for its extension to Manti. Up to the county road running from Wales to Spring City, the S. P. V. Railway have paid the land claimants, varying from \$30 to \$40 per acre, and they are consequently jubilant. Ephraim has achieved that which she nobly aimed at when she purchased the "Quinn Folly"—she has a number one school house, filled with the studious ones of the city, and a teacher with discipline. The hewn stone postoffice of this latter place shows evidence of completeness in the detail of an expeditious, well-conducted establishment. Thanks, Postmaster, for the people here must appreciate your care, expenses and study of their business with Uncle Sam's postal facilities.

A. TRAVELER.

FROM SCANDINAVIA.

President Anthony H. Lund thus writes from Copenhagen, on New Year's day to the *Millennial Star* as follows:

"We have had a splendid time during Christmas. Eight have been baptized—all nice young people. To-morrow evening three are going to be baptized, and I hope the good work will continue. It is so encouraging to see the people come and join the army of Christ. Our meetings are well attended by strangers.

"Brother Hedberg escaped from Finland. He baptized eight. More are nearly believing. The mail department opens the *Star* packages and sends the empty wrappers to the Saints. On being remonstrated with, they say that their orders are to let no 'Mormon' paper enter Finland. In a couple of months we will try again."

MISSIONARY EXPERIENCE IN MINNESOTA.

ROCKFORD, Wright County, Minn.,
January, 1885.

Editor Deseret News:

Once more I take the liberty to send you a few items regarding our labors in this part of the country.

Elder Soren Christensen and I were at our last conference appointed to travel and labor in this and adjoining counties. We have since then—the middle of last October—traveled some 500 miles on foot, and held some public meetings, but not near as many as we would like to have held, because we were unable to obtain houses to preach in. We have, however, done a large amount of fireside preaching, and have, with the blessing of God, been enabled to remove a good deal of prejudice, of which there is an abundance all around. We have also spread a great deal of the printed word of God, and find your valuable paper—the *DESERET NEWS*—a powerful help to enlighten people on the affairs of Utah. The copy of your weekly, which we receive regularly, is a most welcome visitor, and is on the go all the time, making a good long round before coming back to us again.

Our health is excellent, notwithstanding the severe cold weather which has held sway here for the past six or seven weeks, the mercury being seldom above zero, and very frequently down the thirties and forties. It has been as cold as sixty-three below. The people claim that it is the coldest winter Minnesota ever had—that the second day of this month was the coldest experienced in the State. This seems to us who are used to the mild and beautiful winters of Sevier Valley, rather hard; still, through the blessings of God, we have been able to find

some very good friends and are getting along very well. We have baptized one young man and have a fair prospect of soon adding a few more to the fold of Christ.

Anti-"Mormon" books and papers are very plentiful in this section of the country. We have to meet them wherever we go. Some of the public journals of the State are also bitterly opposed to us, their hatred going so far as to counsel the murder of our Elders by the means of poison, as you will see from this following clipping from the *Eagle*, a weekly paper published in Delano, a small town of this county, in its issue of January 15th, 1885:

"Since George Riggs has removed to Salt Lake City, the Mormon Elders are obliged to go to the hotels, and are verily orphans. It is our heartfelt wish that a good square meal would act on these leprous scavengers as a dose of arsenic, and by that means rid the earth of their evil, vermin-ridden carcasses."

The article appears in the *Eagle* among items from its Monticello correspondent.

When our Lord and Savior made the promise: "If they drink any deadly thing it shall not hurt them," He doubtless beheld with His prophetic eye the devils in human form who would not shrink from the use of the coward's weapon, poison, to destroy the servants of God whom they hate without a just cause.

Praying that our Heavenly Father may thwart all the plans of Zion's enemies, I remain

Your brother in the Gospel,
THEODORE BRANDLEY.
