DENIES EXISTENCE OF YELLOW FEVER

Chief of Cuban Department of Health Challenges U. S. Marine Hospital Service to Show Auy.

CONDITIONS ARE UNSANITARY.

This is Particularly So in Some of The Eastern Cities of the Island.

Havana, Nov.24 .- "We challenge the United States marine hospital service to point out, as alleged, that several cases of yellow fever have appeared in various parts of Cuba,"was the response of Dr. Carlos Finlay, chief of the dopartment of health and schltation, when shown a dispatch from Washington today assigning that as a reason for the instructions of the States to Minister Squires to can ittention of the Cuban government to the unsanitary conditions at Santiago and elsewhere in te island, and the prompt and thorough remedy of these con-

ditions Dr. Finlay, who has a high reputation as a yellow fever expert asserted that there was not a single case af that disease in Cuba. It was not an impossibility, he added, that half a dozen marine hospital inspectors should discovered cases . which have have discovered cases which the thoroughly organized health department of Cuba, had failed to discover, and more than improbable that they should know of such cases and yet fail to call the attention of the Cuban department to them. Dr. Fining reiterated that the only case originating in Cuba mor than three years ago was that of the American, Scott Fuller, at Punta de Sal which was extremely light and of questionable authenticity.

Suspicion attached also to Fuller's attendant, but the disease had not de veloped. Health officers at all Cuban ports treat all fever symptoms in arrivals from Carribean and South America can ports as suspicious and also all others that are in the least question-sble. These are invariably detained and isolated until they die or are cured. Dr. Delgado, a Cuban, who is in the United States marine hospital service at Havana, disclaimed any knowledge of yellow fever cases this year except in six cases who arrived from Mexico, and who were immediately isolated. Of these who were immediately isolated, Of these two died and the others recovered.

Cuban officials unreservedly admit and condemn the bad sanitary condi-tions of some of the eastern cities. Dr. Guiteras, the yellow fever expert, has been summoned to inform President Palma tomorrow of existing conditions. Minister Squires has received no directions from Washington, but will again take up the matter informally at an audience with President Palma which has been arranged for tomorrow. It is now generally held that President Palma should undertake sanitation

WYOMING'S CAPITAL.

Cheyenne Fails to Secure the Permanent Location.

Cheyenne, Wyo., Nov. 24.-Cheyenne failed in the recent election to secure the permanent location of the state capital, although it will remain here a total of 11,772 votes cast for Cheyenne and 12,797 against, Cheyenne failing to get the majority of all votes by 1,064. Of the 12,797 votes against Cheyenne, Lander received 8,653, Casper 3,506, and Rock Springs 556. A bitter fight was which promises to become even more bitter in future years.

The legislature in January will prob-ably arrange to have the question sub-mitted to the people again in two years.

Pratrie Fire in Montana.

Harlem, Mont., Nov. 24 .-- A large prairie fire has been raging for several days some 40 odd miles north of this place, and is still burning fiercely. Thousands of acres of grazing lands have been swept over and thousands of dollars' worth of property destroyed. George Peterle, a prominent sheepman, whose range is in the devastated sec-tion, is reported to have lost all his hay, his residence and all the buildings

It is said that the fire started over the Canadian line Monday afternoon, and during the terrific windstorms of Tuesday and Wednesday moved with start-ling rapidity over into American pos-sessions, from which all kinds of antelope, deer and other wild animals have fled for their lives in all directions.

The fire was plainly visible tonight and the sheepmen in its path will all be heavy losers, for their winter range is destroyed, together with all of hay for winter use, and outbuildings. Thousands of sheep have had their winter range in the fire-swept section, and the owners of these will have to resort to drastic methods to secure other

ranges. Mr. Peterle, one of the heaviest losers by the fire, has been in the vicinity of Great Falls for the past few days buying sheep, and it is understood that he is now on the way here with them. Large numbers of men have been tighting the flames ever since they started, but have been unequal to the task. There is talk of lyaching the man who started the fire, if he can be found.

PERISHED IN A FIRE.

Five Italians Burned to' Death In Lancaster, Pa.

Lancaster, Pa., Nov. 24.—Five Italians perished in a fire which last night de-stroyed the old Noble grain warehouse at North Bend. For some time 50 or more Italian railroad laborers have been sleeping in the building. One of them was washing a pair of overalls in a pail of gazoline, when a spark from his pipe fell into the pail, causing an explosion that scattered the burning oil.

Instantly there was a pank among the men, most of them being asleep. They fought madly to escape from the burning building. One man leaped from a window and was picked up with a broken leg.

It is believed that the five who perished were trampled upon in the rush to get out. Their badly charred bodies have been recovered.

McKinley Monument Unveiled.

San Fancisco, Nov. 24 .- A monument to the memory of former President William McKinley was unveiled today at the main entrance of Geiden Gate park. It is a symbolical statue of the republic, modeled by Robert Aitken, a sculptor of this city, and cast in bronze. sculptor of this city, and cast in bronze. The figure, on a granite pedestal, repre-sents a woman, of heroic size, with a large sword in one hand and an up-lifted paim in the other. The presenta-

made the passage safely until within about 100 yards of the Sarnia dock. Then a heavy back swell suddenly caught the craft and capsized her. Ferryman Briggs and two passengers saved themselves by clinging to the overturned boat, but the other four passengers were drowned.
