

LOCAL AND OTHER MATTERS.

PRESIDENT AND PARTY.—The President and Company left Beaver City this morning at 8.30, for Minersville. They will hold meeting at the latter place, and will then return to Beaver to-night.

INDIGNATION MEETING.—The following dispatch has been received by telegraph:

Tokerville, April 9, 2.15 p.m.

AN INDIAN CANNON.—An immense concourse of the citizens of Kane county met here to-day in a mass meeting, to express their indignation against the Cullom bill. Judge Winsor was called to the chair. A preamble and resolution expressive of the feelings of the people assembled were adopted. Speeches were made by a number of persons and a unanimous and earnest appeal was made to the Senate of the United States not to pass said bill.

M. SLACK, Secretary.

THE "JUVENILE INSTRUCTOR."—This favorite of the juvenile population of Utah, makes its re-appearance to-day; and hereafter, our young people may confidently expect to receive it every fortnight; the editor having effected the arrangements necessary to enable him to issue it regularly. The contents of the present number include a history of "Whittington and his Cat," illustrated, Chemistry of common things, "Potash Salts," "Missionary Sketches," "Editorial Thoughts," "A Strange School House," with engraving; Biography, "History of Joseph Smith," "How to be a Man," "Allegorical," Selected Poetry—"The Two Workers," &c., a perusal of which will show that this number is fully equal to any of its predecessors, in affording amusement, and in inculcating correct principles. Parents and teachers should do their best to increase the circulation of this journal; no family or school in the Territory should be without it.

MORE PETTY STEALING.—Mr. W. W. Player, stone cutter and engraver, of the 17th Ward, informs us that sometime during Wednesday night last his graving tools, worth between twenty and thirty dollars, were stolen from the shed in which he ordinarily left them. A night or two before that the wagon shop of Mr. C. Binnell, of the 7th Ward, was broken open, and his drawing knives, planes, augurs, &c., carried off. The people of the city should be warned by these repeated occurrences to adopt greater precautions for the preservation of their property. They are too confiding, and cling to the traditions of the past with too much tenacity. There was, we all know, a time, not long ago, when doors might be left open with impunity, and when, even, valuable property might be left on the street and none but the owner would touch it; but the citizens should remember those halcyon days have passed, and that there are sinners around now as well as Saints. If they think of this, and adopt the necessary precautions, depredations may be prevented.

SLIGHTLY IN ERROR.—The Cleveland Herald, of the 1st inst., contains a lengthy notice of the recent mass meeting in this city to remonstrate and petition the U. S. Senate against the passage of the Cullom Bill. In its comments on the subject the Herald says the Saints throughout the Territory are holding similar meetings, while the "gentle" residents, where they are strong enough to do so, are holding meetings to urge its passage as a benevolent measure.

Our contemporary seems to have got things a little mixed; and is certainly in error on the last point. We have not heard of "gentle" holding meetings for any such purpose, at least since the rejection by the House of the 40,000 military and other clauses destroying the pecuniary value of the bill. Since then, the "gentles," instead of holding meetings to urge its passage, were the ones to inaugurate a movement against it, and to petition the Senate not to pass it. With this slight exception and correction the statement of the Herald is true.

LETTER, &c.—There is a letter and newspaper, from New Zealand, lying at this office, addressed to Mr. Burr Frost, Salt Lake City. Call and get them.

CONFERENCE IN THE SETTLEMENTS.—A letter from Elder William Wansley, of Lehi, states that the Saints of that city had a good time on the 6th instant in conference assembled. Good teachings were given by Bishop David Evans and others, to a full congregation. The general and local authorities were sustained, and the Saints are fully united. Prospects in that region never were better than at the present time. On the 6th and 7th instants Conference was held at American Fork, at which a time of general pleasure was enjoyed by the Saints. The subscriptions of the Church, both general and local, were unanimously sustained. Excellent teachings were imparted by Bishop Harrington and others, and the exercises of the Conference were enlivened by beautiful music, vocal and instrumental.

AT ST. LOUIS.—An eastern telegram, received last evening from John T. Catne, Esq., states that he reached St. Louis, on the 7th.

MORE GOLD DISCOVERIES.—A recent number of the White Pine News says: "Another and perhaps important gold discovery has been made about 215 miles from this city. In a granite belt of a mountain range vast fields of quartz are found, and nearly every piece of float rock, from the size of an egg up to boulders weighing tons, shows free gold. The gentleman who discovered it is now in this city, and will quietly slide away with a select party of his friends in a few days. The gold is in what might be termed an unexplored region (although there are settlements within fifty miles of the place), and was discovered by a man who wandered from his course in attempting to cross a trackless desert. The belt runs northeast and southwest, and the gold is abundant both in the rock in situ and the float as far as explored—about four miles. We are 'in' with the new discovery, and therefore the locality is nameless for the present."

DEATH.—In Drytown, Cal., on the 30th ult., after a lingering illness, Miss Mary P. Clark, aged 23 years. Deceased was the only daughter of W. O. and Julia Clark, by whom she was devotedly loved, and who, during her illness, manifested a paternal fondness rarely ex-

hibited. She was a graduate of the State Normal School, and left that institution with the highest honors, carrying with her the best wishes and esteem of her teachers. In the social circle she was a bright ornament, and her numerous friends and acquaintances will truly mourn her early demise. Her last illness was born with Christian fortitude, and she yielded up her spirit to Him who gave it with calm resignation, and quietly passed beyond the dark river.

"Through the weary day, on her couch she lay,
With the life-tide ebbing slowly away,
And the dew on her cold brow gathering fast,
As the pendulum-numbered moments passed,
And I heard a sad voice whispering say,
'When the tide goes out we shall pass away.'
Pray for a soul's serene release!
That the weary soul may rest in peace,
Now that the tide has gone out."
