LOCAL BRIEFS.

John T. Cullap, a native of England, but now of Salt Lake, was admitted to citizenship today by Judge Cherry.

The funeral of W. J. Montgomery was held from the residence, No. 455 Second street, this afternoon, at 2 o'clock, when the body was interred in Mt. Olivet.

The "News" has had to order a fourth supply of the art portfolio of the Paris Exposition. Orders are pouring in from both city and country. Part five is the last one out and number six is expected next week.

Rulon S. Wells, manager of the Mutual Life Insurance company for this State, has just paid the policy on the life of James D. Snowden of Logan, who died June 2nd. The amount was \$18,485.

Big Horn Basin Rustler: Apostle A. O. Woodruff on his return to Salt Lake City from the lower Stinkingwater made a very encouraging report of the prospects of his brethren on the latter stream.

The agent of the "News" at Panquitch writes that that live burg is doing its share in adding the "News" on its 29th march. Salt Lake papers taken there are as follows: Herald, 6; Tribune, 18; "News", 87.

The traveling agent of the "News" sends the following in from southern Idaho: "At Nounan, 2 Herald, no Tribunes, and 13 'News' make the list of papers received at the place, while at Georgetown the record is Tribune, 2; Herald, 6; 'News', 27."

The Council committees on laws and streets will meet at the usual place 7 o'clock tomorrow evening, to consider Hartsen's ordinance forbidding the riding of bicycles on the sidewalks of the city. All interested are invited to attend the meeting.

Deputy County Clerk Albert J. Seare paid an official visit to the Beehive House today and issued a marriage license to Le Roi C. Snow, 24, and Miss Maud Mary Ford, 24, both of this city. The young couple will be married in the Temple at high noon tomorrow.

Major L. E. Baumgarten, left for Rio Grande, Colorado, this morning, in company with Joseph Hatch, to load forty cars of horses from the ranch of Chas. Popper in the White river country. The horses will be sent to Denver to be distributed for various points.

The State board of education will meet at 10 o'clock on Friday morning to grant teachers' certificates and diplomas to such candidates as are entitled to them. Teachers wishing to take the State teachers' examination, to be held on August 16th, 17th and 18th, should file their applications before July 1st.

A letter has been received in the city which conveys the intelligence that the notorious Billy O'Neill has been sentenced to eighteen months imprisonment in the Kansas penitentiary for highway robbery. After he has served the sentence Mr. O'Neill will be taken up again in the charge of forgery.

A special from Casper, Wyo., says: It is estimated that upward of \$250,000 pounds of wool have been shipped from Casper this season. Wool has been moving slowly until the past week, but now there is great activity among shippers and buyers. Flockmasters are satisfied that prices will not go any higher and are accepting the prevailing figures.

Harry W. Barbour died at his home in Mercur yesterday afternoon, at the age of 59 years. His death was caused by an ulceration of the stomach. Mr. Barbour was an architect and lived in Salt Lake a number of years. He was a native of West Virginia, and leaves a wife and one child. The remains were sent to Glasgow today, for burial.

"Dode" Gibson, the ten-year-old son

of James Gibson, is indebted to "Little Pete," the motorman on the East Seventh street car, for his life. The boy was playing about the track with other small boys. He was behind a telegraph pole, where he could not see the approaching car, and when one of his companions cried out to him to look out for the car, he was so startled that he jumped into the center of the track. The car was upon him before the motorman saw him, but with a rapidity of movement that amazed the passengers, as well as nearly standing them on their heads, he reversed the power and put on the brake, with the result that the boy escaped with one or two slight bruises.

MANTI SUMMER SCHOOL.
Superintendents Nelson and Magleby announce Fourth Annual Session.

The School Will Open July 5th for Six Weeks—Six Teachers Engaged—College Courses Offered.
The yearly summer school at Manti differs from the usual teacher's institute held in most counties of the State. The usual institute lasts for one or two weeks and is devoted to lectures on various educational topics or on school methods. The purpose of the Manti summer session is to give teachers thorough courses of regular instruction and daily class work in science, mathematics, history, literature, art, methods, and psychology. For this purpose the services of some of the best teachers in the State are secured each year. The teachers who attend as students usually choose two studies and by putting in three or four hours per day on each subject choose their own line of study. The subject or some definite division of it in a single session of six weeks. The summer school has already had four successful sessions. The present session is even more promising than former ones have been, owing to the co-operation of the school superintendent of Sevier county with the superintendent of Sanpete county. The united efforts of the two counties will produce more good than if only one were directly interested, as has been the case heretofore. Supt. A. C. Nelson, of Sanpete county, and Supt. Chas. Magleby, of Sevier county, are the managers. The faculty list follows:
President, H. Paul, of the Latter-day Saints' college, grammar, literature, psychology and botany; Prof. Josiah Hickman, of the B. Y. academy, physics and pedagogy; Mrs. Alice Merrill, of the Utah Art Institute, drawing and methods; Prof. A. C. Nelson, of Sanpete county, algebra and geometry; Enoch Jorgensen, of Manti, history and physiology; Ezra Christensen, arithmetic and geography. The date of opening is July 5.

SCIENTIFIC EXPLORERS.

Party of Geologists Travel Through Arizona and Utah.

Salt Lake City was visited yesterday by a party of scientists who are returning to the East after an exploration trip through the Grand Canyon of the Colorado. The members of the party are: Prof. William M. Davis, professor of geology at Harvard; R. E. Dodge, professor of geology at Columbia; Dr. H. E. Gregory, instructor in physical geography at Yale; Dr. Tempest Anderson, fellow of the University College of London; S. R. Barrett of Chicago; and Rich. A. Wetmore of Chaco Canyon, New Hampshire.
One member of the party stated that the country they had just explored was one of the most interesting he had ever seen. The latter-day scientists party will be followed by a Yale party, which will explore the same region later in the summer.

WARD ENTERTAINMENTS.

In the Twenty-third ward meeting house on the evenings of June 29th and 30th, will be rendered Sironi's popular operetta, "The Last Sister." The orchestra will be under the direction of Prof. A. C. Lund, which attests the high standard of that feature. The following cast of characters make up the operetta:
Florence Stanley, (the lost sister),
Hazel Jones, (the last sister),
Vera A. Felt, (Preciosa, the Gypsy queen),
Nellie Anderson, (Mary school girl),
Annie Fernstrom, (the school girl),
Any Thorpe, (Corina school girl),
Ella Folkson, (Beatrice),
Rhoda Young, (Ethel),
Selma Fernstrom, (Lora Gypsy),
Lizzie Bohman, (Clara Gypsy),
Ella Folkson, (Zeritta Gypsy),
Ellen Sandberg, (Introducing "The Gypsy Countess," by Nellie Anderson and D. P. Felt.
The second performance of the cantata "Queen Esther," at the Eleventh ward meeting house, drew a crowded audience last evening. In the condition of the weather nothing could have better illustrated how the rendition pleased the public. The final performance will be given tomorrow evening.

O. S. L. OFFICIALS HAVE RETURNED.

Held Conference in Omaha With Union Pacific Executives.

MID-LAKE BATHING PLACE.

Report of Hutchinson's Resignation—Santa Fe Opens New Route Chicago to San Francisco.

Messrs. Bancroft, Eccles and Calvin returned today from Omaha, where they have been in conference with officials of the Union Pacific. The results of this conference will, of course, be announced from time to time in official circulars issued from headquarters of either line. All that has been done is for the betterment of the joint service of the two systems and for the more convenient operation of trains in the carrying of through passengers or freight.

Heretofore the "News" has failed to dignify the matter with notice of any kind, but now calls attention to this fact: Omaha people are so terribly anxious to get possession of the general headquarters of the Oregon Short Line that the talk of their removal from Salt Lake is periodically sprung upon the public. The proposition is so absurdly ridiculous that the newspapers of Omaha present a very grotesque spectacle at times in their "falling over one another" to make the announcement and to give "reasons" for such a change. It is a plain fact that the physical location of the Union Pacific and the Oregon Short Line are so inter-dependent that a very close alliance must always exist, but for a proper balancing of business and an equitable adjustment of the railroad situation, the two systems must continue to be operated separately and individually yet meeting each other's demands without threats of reprisal. The plain proposition is that they can afford to treat each other honestly.

ALMOST A DREAM.

Possibilities Connected With the Lake Cutoff Almost Limitless.

"I see that Hoyt Sherman and Dick Gray are going to build a railroad across the lake," said a railroad man today. "They say they are also going to build a bathing resort out in the middle of the pond, presumably at the Southern Pacific point, then that occurs the Southern Pacific will have the right of way to tourists, and then you will hear the porter call out, 'Promontory! Change suits for a bath!'"
"By saying all joking aside, this cutoff will be the last link of the overland resort will surely be built, and there will be a hotel there, too, and some of the now celebrated sanitariums of this country will sink into insignificance as compared with it. As I look at it, the scope of possibility connected with the project is almost limitless and their contemplation now would almost appear like a fairy dream."

NEW ROUTE.

Santa Fe to Operate Trains Chicago to San Francisco.

Beginning next Sunday the Santa Fe railroad will have a passenger route of its own between Chicago and San Francisco. At 10 o'clock that night the road will start out of Chicago to the west, passenger train scheduled to be operated over the new 400 mile extension from Bartlesville to San Francisco. The extension will be the last link of an overland trans-continental route and it will give to the Santa Fe the only Chicago-Frisco route owned by one company.
Leaving Chicago at 10 p. m. the Chicago-Frisco train will arrive at Port Richmond, on the eastern side of the Golden Gate Bay at 6 p. m. of the fourth day out, covering the distance between the two cities in approximately three and three-fourths days.

NOT CONFIRMED.

Mr. Clay of the Union Pacific says he has received no official notice of the resignation of General Passenger Agent Hutchinson at Omaha, but while such is the case he does not question the accuracy of the Associated Press report, and expects to soon receive authoritative notice.

Burlington Held Up.

A masked robber started through the Pullman car on the Omaha-Burlington train on the Burlington after leaving York, Neb. this morning. He got two watches and \$70, but took alarm, pulled the air brake and left the train before completing his work.

Takes Railroad Position.

A special to the Atlanta, Ga., Constitution from Savannah today, says: It is reported here that President S. K. Knott of the Plant system will resign that position to accept the presidency of a northern road. Mr. Knott could not be seen to verify the report. He has been with the Plant system less than a year, having been elected last October to the position of vice president, succeeding President R. G. Erwin. He was formerly vice president of the Louisville & Nashville.

SPIKE AND RAIL.

A new switch engine is at work at the Western yards.
Hundreds of men are being put to work daily on the Southern Pacific.
Hagerman tunnel and pass on the Colorado Midland have been abandoned.

The Oregon Short Line will carry the Opal club to Ogden on Sunday morning. Other people are also welcome to the low rate.

Henry Pinchout, aged 81, died at St. Paul on Sunday. He is reported to have spent sixty years in railroading without an accident.

The Tabernacle choir is set at Saltair and the members are having a fine time in the brine. There are numerous friends along with them.

There is rushing over the Southern Pacific today a full train of refrigerator cars loaded with Lem's beer, consigned to Manila, Philippine Islands.

On July 19th there will be a big Democratic ratification of the national ticket and for the occasion the Rio Grande Western announces a half fare rate from all points in Utah.

This is the day when the Twenty-first ward people hold their spring festival at Lagodon. Old and young are out in full force. Their program is excellent, for they know how to entertain, having already established a reputation as one of the "Banner Wards."

Henry C. Payne of the Republican national committee left New York for Cleveland last night to see Mark Hanna, and the principal object of his visit is the proposed consolidation of the Great Northern and Northern Pacific railways. Sir William Van Horn, the Canadian Pacific has given particu-

lars as to the Hill coup to a business friend in Montreal, who repeated the story in New York.

Samuel A. Hutchinson, after seventeen years' service with the Union Pacific, in nearly every capacity in the passenger department up to second place in that department, has resigned to take a better position elsewhere, said to be on an eastern road. He came to Omaha seven years ago as assistant general passenger agent. Other resignations, it has been rumored, have followed close upon that of Mr. Hutchinson, but General Manager Dickinson and Superintendent of Motive Power McConnell last night, prior to their departure on a business trip to Chicago, asserted that they knew of none, in the operating department, at least.

AN ARTICLE OF VALUE

For the Busy Housewife.

It is economy for a lady to use this Calculating Pencil. Not a week passes during which she would not save money by avoiding mistakes. It is true the amounts lost through wrong change are not large. But they amount to a ready sum during the year. They are much more frequent than you would think. Here is what happened to a lady in a department store. She bought seven yards of goods at 15 cents and nine yards at 13 cents. The clerk charged her \$1.35 and \$1.71. The lady checked off her bill with her Calculating Pencil and found that seven yards at 15 cents is \$1.05 instead of \$1.35, and nine yards at 13 cents is \$1.17 instead of \$1.71. The clerk who did not intend to cheat, bought a pencil so as to avoid future mistakes. Ladies can buy this instructive educational device at the "News" office, or any of its agencies, for 25 cents.
