PER WESTERN UNION TELEGRAPH LINE.

FORTY-SEVENTH CONGRESS.

SENATE.

WASHINGTON, 13.—The Senate took up the bill allotting to the Southern Utes the agricultural lands in or near Uintah reservation, Utah Territory, instead of those heretofore provided on LaPlatte River and vicinity, in Colorado and New Mexico. The committee on amendment referring to the consent of the Uintah removal and settlement, was stricken out after a statement by letter that the band held no title to this reservation, and that the committee erred in assuming otherwise. A further amendment allows the band to receive their annuities either in cash or stock as the Utes are paid. Bill passed.

Cameron, of Pennsylvania, presented the protest of the Central Branch Land League of America against the imprisonment of American citizens in Ireland. Referred.

Senate bill referring to the court of claims for adjudication of the claim of Geo. E. Payne for alleged wrongful seizure and occupation of his sugar plantation in St. Charles parish, Louisiana, in 1862, under order of Gen. Butler. Passed.

Sewall presented the petition of 978 army officers praying for the passage of the bill for compulsory retirement at the age of 62 years. Among the signatures are those of Brevet-Major-Generals Howard, Crook, Hazen, Wilcox, Stanley, McCook, Newton, Hatch and McKenzie; Brevet-Brigadier-Generals Brackett, Bradley, Brooke and Tompkins; Colonels Andrews and Wood; 27 Lieutenant-Colonels, 72 Majors, 271 Captains, 367 First Lieutenants, and 266 Second Lieutenants. Referred to military committee.

HOUSE.

WASHINGTON, 13.—The following bills were reported:

By Dingley, (adversely)—Authorizing the taxation by States of United States legal tender notes.

By Harris—Making an appropriation of $500,000 for the purchase of torpedoes and experiments upon the same.

Page will on Monday next move suspension of the rules to put the Chinese bill on its passage.

By Crapote—To permit national banks to issue notes to the extent of a par on these bonds deposited in the treasury when at or above par, or 90 per cent of their market value when below par.

Waite, from the committee on elections, reported the resolution in the contested election case of Bailey vs. Barbour of Virginia, declaring Barbour entitled to the seat; laid over.

The House went into committee on the tariff commission bill.

The committee on appropriations were instructed to report further measures of relief for the sufferers by floods on the Mississippi river and tributaries.

The House bill passed to ratify the agreement with the Shoshone and Bannock Indians, for the sale of a portion of their reservation in Idaho required for the Utah & Northern Railroad.

The House then went into committee on the tariff commission bill.

AMERICAN.

Land League Meeting.

WASHINGTON, 12.—The second annual convention of the National Land League began this morning. Many Catholics were present.

P. A. Collins, president, said the Chicago convention had failed fully to carry out the objects of its call.

John Rooney was made temporary chairman.

The National Land League treasurer's report shows receipts since the League formed, of $181,000. Remittances to Egan and Mrs. Parnell $169,000 from the League, and $104,000 direct.

A letter was read from Wendell Phillips, counseling the assertion of the dignity of Americans abroad

Gen. Rosecrans appearing was greeted with three cheers. He expressed sympathy with the cause that brought the meeting together.

Robinson, of New York, made a customary address.

Some routine business was disposed of. Adjourned until to-morrow.

Tariff Campaign.

Free trade democrats are making strenuous efforts to have the coming political campaign conducted on the issue of tariff reform, but this is stoutly opposed by protectionists; not only by protectionists, but by others of the party. Some party leaders who advocate making tariff reform prominent this year, with a view of fighting the next presidential campaign upon it, are provoked at the disposition manifested to avoid this issue. One of them, a prominent member of Congress, said to-day he had no hopes of democratic success until the party declare itself upon distinctive principles, that he was in favor of the party planting itself squarely upon tariff reform and of saying to those who do not agree with this issue that they had better go out of the democratic party. He said as long as half the democrats in Congress continue to vote against the other half on the question in which the people are mostly interested we will never succeed.

Indian Claims.

Senator Miller to-day offered a resolution, which was agreed to, calling upon the Secretary of the Interior to furnish the Senate a full and complete list of all unsettled claims filed in the office of the Commissioner of Indian Affairs for supplies alleged to have been furnished to Indians, and services rendered the Indian bureau for their benefit. This is designed to facilitate the passage of the pending bill that provides authority for the accounting officers of the Treasury to credit all such claims, a large proportion of which are due to Pacific coast merchants.

Can't Hold It.

First Assistant Postmaster General Hatton writes to the postmaster at Marblehead; Mass., that under an executive order he cannot hold the position of selectman of that town because the head of the department appointed by the President. Any postal clerk, however, might hold such office at the discretion of his superiors, not being an office of the government, but the position must not interfere with his duties.

Confirmations.

The Senate confirmed W. E. Chandler, Secretary of the Navy; W. E. Hunt, Minister to Russia; J. R. Partridge, Maryland, Minister to Peru; John H. Smith, N. C., Minister to Liberia; Wm. Williams, Indiana, Charge d'Affairs to Paraguay and Uruguay; John J. Knox, Minnesota, Comptroller of Currency; D. B. Searles, United States Attorney for Minnesota. United States Marshals: A. F. Botkin for Montana; E. A. Ireland, Utah.

Chandler was confirmed by 28 yeas, 24 republicans and 4 democrats, against 16 nays, all democrats. Only two formal speeches were delivered.

Election of President and Vice-President.

The House committee on the law respecting the election of president and vice-president agreed upon a bill to carry into effect the provisions of the Constitution respecting the election of President and Vice-President of the United States, and directed the chairman to report the same favorably. The bill provides electors shall be chosen on the Tuesday next after the first Monday in November in every fourth year, except in cases specified in section 147 to 149 Revised Statutes, that electors shall vote on the third Tuesday of December following their appointment.

Open Rupture

There is considerable gossip in political circles about the apparent determination of Senator Mitchell to antagonize the Cameron interest in Pennsylvania. It is said Mitchell has pursued a conciliatory policy since he has been in the Senate, hoping to avoid an open rupture in party affairs in his State, but has decided that the more he concedes the more is required of him, and he will fight hereafter.

Oregon Short Line.

NEW YORK, 13.—There seems to have been some mistake regarding yesterday's report of the Secretary of the Interior on the rigut of the Oregon Short Line railway company to locate its line on the previously located line of Utah & Wyoming railroad company. The text of the decision shows the priority of the location of the latter is admitted and confirmed. Secretary Kirkwood has permitted the filing of the maps of Oregon Short Line company, in order to avoid deciding upon the completeness of the trespass of the latter upon the right of way of the Utah & Wyoming railroad company, subject to which the right of way of the Oregon Short Line is accepted.

A Speer Worth $165,000.

James Speer, a well known sporting man here about, has fallen heir to $165,000, by an uncle who went from New Bedford to California forty years ago. Speer starts for California next week.

Railroad Stocks.

The governing committee of the Stock Exchange has placed on the regular stock list the reorganization first lien bonds of the New York, Lake Erie & Western Railroad Co., the debenture bonds of the Richmond & Danville Railroad Co., and the Oregon Short Line Co.

Another Storm at Dallas.

DALLAS, Texas, 13.—The storm king, after subjecting this section yesterday evening to a hail storm unprecedented in severity, completely astonished and bewildered the inhabitants this morning by a comination of rain and hail that completely eclipsed previous efforts. For four hours the water fell in torrents, and the streets rivaled ordinary rivers. Every metalic roof was perforated and leakage has done immense damage to stocks of goods. The total damage in Dallas is estimated at $150,000. The rain this morning flooded the basements of many business houses. The worst sufferers are the *Daily Herald*. Damage to press and stock room contents is estimated at $10,000 to $12,000. The water in the building was five feet deep. E. M. Fillman's wholesale liquor store in the same building was similarly visited. Estimated loss $8,000. These firms talk of suing the city on account of insufficient drainage and sewers in the streets.

$15,000 Fire.

EAST SAGINAW, 13.—The saw mill, salt block and drill house of Phinney, Fisher & Co., at South Saginaw, was burned to-day. Loss $15,000; insurance $10,000. About 250,000 feet of lumber, owned by C. F. Moore, of St. Clair, burned also.

The "Ministering Angels" Excluded

BOSTON, 13.—The governing board of Harvard College voted 13 to 12, it was not advisable for the University to give any assurance or hold out any encouragement that it will undertake medical education of women by Harvard College in the medical school.

A Cowardly Assassin.

LITTLE ROCK, 13.—On Monday night Wm. Eaves, a farmer living at the foot of Gaither Mountain, was awakened by the burning of a fodder stack. He ran out, when some one fired a double barreled shotgun. The charge took effect, causing instant death. He was struck by slugs and bullets in 12 places. Twenty-six shots were found in the boards and rails where he fell.

Poisoned.

MILWAUKEE, 13.—A Mrs. Ladosch found her grandchild, named Gaget, eating a white powder, and tasted of it to see what the child was eating. Both died, and it was found the powder was a patent rat poison.

Slater's Liberality.

NORWICH, Conn., 11.—John L. Slater, of this city, has signified his intention to create a fund of $1,000,000, to be known as "The John F. Slater fund, for the education of freedmen." The fund will be vested in a board of trustees which includes ex-President Hayes, Chief Justice Waite, Wm. E. Dodge, of New York, Governor Colquit, of Georgia, James P. Boyce, of Kentucky, and Wm. A. Slater, the donor's son. Slater explaines that the general object is the unlifting of negroes and their posterity by conferring the blessings of a Christian education.

The Gamblers of Chicago.

CHICAGO, 13.—After the sealed verdict finding Hawkins and Gibbons guilty of gambling had been opened, this morning, another batch of gamblers were put on trial without a jury and the testimony began. It is the intention of the defendants to let the remaining seventy cases go by default and appeal the whole question to the Supreme Court.

A Dozen Deaths by Explosion.

BALTIMORE, 13.—By the explosion of a boiler in the corn chop mill, corner of Fremont and Pratt Streets, this afternoon, it is reported that 12 persons were killed. Five bodies have already been recovered.

Shot in the Face.

TAXARKANA, Ark., 13.—Judge Edwin Bancroft shot J. Holtz in the face and head with small shot. The difficulty arose out of the active part Bancroft took in the prosecution of one Nuzzo, a fellow countryman of Holtz, a few days since, in the city court. Holtz was not mortally hurt, but it is feared he will lose both eyes.

Murder and Suicide.

CAMBRIDGE, O., 13.—John Nassett, a farmer of 65, living five miles west of this place, to-day shot his son, E. Nassett, and then shot himself through the head, causing instant death. The elder Nassett, a year ago, deeded his farm to his son on condition that he should maintain him and his mother during their life. The son married, and proposed to build a new house. The father said he would kill him if he did, but the son paid no attention to the threat.

For Life.

POUGHKEEPSIE, N. Y., 13.—Noet, twice convicted of the murder of his wife, and twice sentenced to death, has been granted a third trial. In the afternoon, in the same court, his counsel pleaded guilty to murder in the second degree. The plea was accepted and he was sentenced to State prison for life.

Frozen Strawberries.

CINCINNATI, 13.—Reports from numerous points say it is very cold. Down to 20 degrees in some places. Strawberries are all killed. Much fear for wheat, which is far advanced. It is growing milder.

Bloomington, 13.—Dr. Herman Schroeder, a recognized authority on fruit, says the damage to fruit throughout Central Illinois is much greater than generally supposed.

BRIEF TELEGRAMS.

Secretary Hunt says he will go to St. Petersburg on the 1st of May.

The Senate has passed the bill for the removal of the Southern Utes from Colorado into Utah.

The Chamber of Deputies of Rome passed a bill establishing a literary and declamatic copyright.

Scoville has filed a petition asking Congress to pay him for his services in defending Guiteau.

The Secretary of the Treasury has appointed John M. Hubbard, of Chicago, special agent to Seal Island, Alaska.

At Cheyenne the long drouth which threatened the cattle ranges ended by a heavy snow storm, insuring good grass.

The Treasury Department to-day purchased 350,000 ounces of fine silver for the Philadelphia and San Francisco mints.

The House committee on commerce has concurred in the plan submitted by the Mississippi River Commission. For this work, $1,123,000 has been agreed upon.

Orlando B. Pattey, owner of the old *World* building recently destroyed by fire, has been sued by the proprietors of *Turf, Field and Farm* newspaper, for $50,000 damages for losses sustained in the burning of the building

Secretary Hunt received a cable from Lieut. Harbor from Irkutsk, stating he had closed a contract for a steamer to proceed up the Lena River in search of the missing *Jeannette* crew, and was about to start north.

Captain Duquneur, formerly of the British army, prosecuted at the sessions for posting violent "no rent" placards, refused security for future good behavior, and was sentenced to imprisonment for six months. Capt. Dunquneur is the Land League candidate for Parliament, and it is expected he will be returned without opposition.

A petition signed by representatives of all banks in the Clearing-house Association, all of the members of the sugar, tea and coffee trades, 90 per cent. of the dry goods trade, and 77 per cent. of the insurance people, against the restriction of Chinese immigration, claiming it to be an effront to a friendly country, was forwarded to President Arthur from New York, Wednesday.

Mr. E. M. Gifford, of the Norway Iron Works, Boston, Mass., gave the following description to a Boston *Globe* representative as suggesting the special propriety of the points he makes in favor of the popular article mentioned below. Mr. Gifford observes: I am connected with the Norway Iron Works, one of the largest manufacturing concerns in the country. There is more St. Jacobs Oil used by the men in the works than I would like to state, lest you would put me down as a romancer. They use it right along for everything, and it does its work every time. I never thought anything advertised in the papers could take such a hold among men. You see those who work in hot Iron are constantly receiving hurts in one way or another, the most common being burns. Well, there is nothing equal to St. Jacobs Oil for burns. It takes all the fire out instantly—not after continued applications but *instantly*. Therefore, you will at once perceive that it is an invaluable remedy to men who are constantly having their flesh singed by red-hot iron. Oh, yes, many have used it in rheumatic affections, and I have yet to hear the first man say it failed to give relief. They keep it in their families, too, and all swear by it. At the works the men club in and buy it and place it in the hands of the carpenter, who dispenses it when occasion requires. There is seldom a day when it is not called for. All use it. You must understand that a cut from hot iron is not like a slash with a knife or any other cold instrument. The iron not only cuts, but it destroys the tissues and leaves a ghastly, quivering wound exposed to the air, and a fainting, agonized wretch writing with pain. Many a time I have seen a poor fellow thus situated soothed and relieved by the St. Jacobs Oil, as if by magic. Only the other day a boy got frightfully cut with a piece of hot wire rod while at work. The wound was a very bad one. He suffered intensely, and was fainting with pain. As soon as possible, a bottle of the St. Jacobs Oil was brought from the carpenter's chest, and the wonderful liquid was poured into the wound which was in the calf of the leg. The relief was immediate, and the boy went to work a short time afterward, apparently unmindful of what otherwise would have doubtedly laid him up.

ST. JACOBS OIL

TRADE MARK.

THE GREAT GERMAN REMEDY.

FOR

RHEUMATISM,

Neuralgia, Sciatica, Lumbago, Backache, Soreness of the Chest, Gout, Quinsy, Sore Throat, Swellings and Sprains, Burns and Scalds, General Bodily Pains, Tooth, Ear and Headache, Frosted Feet and Ears, and all other Pains and Aches.

No Preparation on earth equals ST. JACOBS OIL as a *safe, sure, simple* and *cheap* External Remedy. A trial entails but the comparatively trifling outlay of 50 Cents, and every one suffering with pain can have cheap and positive proof of its claims.
