A NEW AND WONDERFUL GUN.

At a lecture lately delivered at the Civil rervice Institute in London, Col Foebery created a reneation by studiently drawing from its place of hiding, under the table, a wonder ful new gun, which he had just brought from Liege. He called it a "baby electric gun." It looked like a pretty carbine, but it had no mechanism, and could not possibly go off until connected up to the source of electric force. PLAIN TRUTHS

The blood is the foundation of life, it circulates through every part of the body, and unless it is pure and rich, good health is impossible. If disease has entered the system the only sure and quick way to drive it out is to purify and enrich the blood.

These simple facts are well known, and the highest medical authorities agree that nothing but iron will restore the blood to its natural condition; and also that all the iron preparations hitherto made blacken the teeth, cause headache, and are otherwise injurious. BROWN'S IRON BITTERS will thoroughly and quickly assimilate with the blood, purifying and strengthen-ing it, and thus drive disease from

any part of the system, and it will not blacken the teeth, cause headache or constipation, and is posi-tively not injurious.

Gents:—Upon the recommendation of a friend I tried Brown's laon Bistures as a tonic and restorative for my daughter, whom I was thoroughly convinced was wasting away with Consumption. Having lost three daughters by the terrible disease, under the care of eminent physicians, I was loth to believe that anything could arrest the progress of the disease, but, to my great surprise, before my damphter find taken one bottle of Brown's laon Bistures, she began to mend and now is quite restored to former health. A fifth daughter began to show signs of Consumption, and when the physician was consulted he quickly said "Tonics were required;" and when informed that the elder sister was taking Brown's Iron Bistures, responded "that is a good tonic, take it."

Address Phrises.

BROWN'S IRON BITTERS effectually cures Dyspepsia, Indigestion and Weakness, and renders the greatest

relief and benefit to persons suffering
