'UNLOADED GUN' CLAIMS A VICTIM

Charles Ray, 15 Years Old, Accidentally Shoots His Nine-Year-Old Brother.

BOISE BOY FALLS FROM TREE.

Creswick Turley Meets Death by Breaking His Neck and Crushing His Skull.

Special Correspondence.
BOISE, Ida., May 17.—The "unloaded gun" has again announced its fatal message, this time in the home of Mr. John Sullivan of Beatty, four miles out from Boise.

Charles Ray, the 15-year-old son of Mr. and Mrs. Sullivan, accidentally shot and instantly killed his 9-year-old brother, Harry, by blowing off the left side of his head with a 30-30 rifle ball. The gun from which the charge was made was left standing in the barn, where the children were playing. The boy, supposing the weapon to be not loaded, picked it up, aimed it at his little brother and pulled the trigger, with the result mentioned.

The accident occurred last Saturday, and the boy who fired the fatal shot is almost crazed with grief and refuses to be reconciled.

Creswick, the 10-year-old son of Mr. and Mrs. O. Turley of this city, fell from the branches of a tree last Tuesday evening, breaking his neck and crushing his skull.

The unfortunate lad was playing in the branches of one of the shade trees in the lot when he lost his balance and fell to the ground, killing him instantly.

TRIP TO TWIN FALLS.

Tuesday morning at 7:30, a Boise business man's excursion left for Twin Falls. The special train was made up of two Pullman coaches, one day coach and a baggage car. Nearly all of the town's prominent business men, with their wives availed themselves of this opportunity to see and become acquainted with the great country spread out through the broad Snake River valley and see where the desert has been made to "blossom as the rose." The excursionists will be allowed numerous stops en route and ample time at Twin Falls to view the great power and irrigation project. They will return today.

Speaking of the town of Twin Falls, Mr. Barber, editor of the Twin Falls Times, who is a Boise visitor this week, says:

"Twin Falls is a coming two-year-old, and quite sprightly for its age. It numbers nearly as many people as Nampa (which has 3,000), and hope is written in the hearts and expectancy on the faces of its people. Within two years the farmers have removed 75,000 acres of sagebrush and put the land into crops."

"The two banks, one established in March, 1905, and the other in June following, are crowding the half-million mark in deposits."

"Last fall, for probably a month, about 1,000 acres a day were sown to alfalfa. This spring, for the past two or three weeks, a thousand dollars'

worth of alfalfa seed has been sown every day, and yet it is not hoped to raise enough feed to supply the demand this year."

BURLEY BULLETINS BY CORRESPONDENT.

Special Correspondence.
BURLEY, May 18.—Elder Chas. Wilson of Oakley surprised his friends by stepping off the train Tuesday morning. Elder Wilson has been laboring as a missionary in the Southern states for nearly two years, but was honorably released to return home, bringing with him his conference president, Elder Blackburn, who was quite sick.

The Boise Commercial club excursion passed through Tuesday afternoon on their way to Twin Falls. The train stopped twenty minutes, giving the members a chance to view the town and surrounding country. They returned Wednesday evening after spending all day sightseeing at the Falls and looking over the proposed electric power works.

Elder George Ward of Elba returned to Burley on his way home from a two years' mission to the Eastern states. L. W. Robbins, manager of the Snake River Implement Co., has sold his home at Oakley, and removed his family down on his homestead close to town.

Miss Jennie Robbins and Porter Webb went to Albion Monday to take the eighth grade examination.

A number of the homesteaders living around Burley are installing windmills and gasoline engines on their places for the purpose of pumping water for small orchards and gardens on a small scale.

NEW BANK BUILDING TO GO UP AT PRESTON.

Special Correspondence.
PRESTON, Idaho, May 18.—At a meeting of the board of directors of the Idaho State and Savings bank held yesterday bids on the cost of erection of the new bank building were opened. However the contract will not be let until after another meeting to be held today. It is expected that the bank will open up for business in its new home some time in July. The building will be a substantial structure of two stories and will stand immediately south of Riter Bros' building on State street.

There are two very serious cases of spotted fever at Weston. They are Mr. Yappa Bonson and a child of Mr. William Phillips.

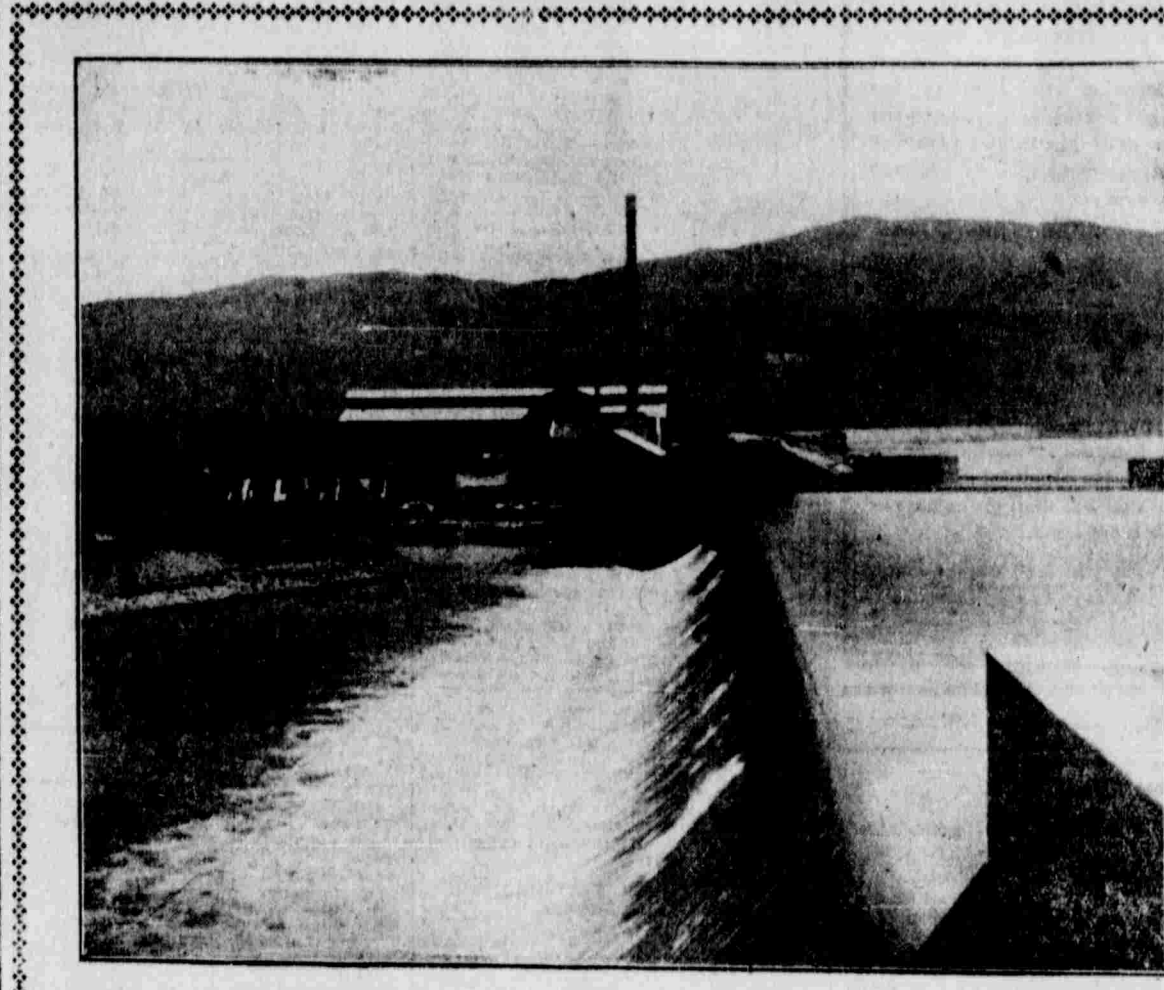

Farmers are jubilant in this section over the excellent prospects for good crops this season. About all of the planting has been finished and the soil was beginning to get quite dry until the fore part of the week when one of the heaviest rains of the season came giving everything a thorough soaking.

Lumber has been ordered for the fence and grand stand to be built at the city park which was recently bought by the village. Within a few weeks all of the match ball games will be played on the new grounds.

Mrs. Ira Bergesen of Lewiston, who is temporarily residing at Treaserton, is quite ill with pneumonia.

Last Saturday the equipment of the baseball team arrived. Although it was raining quite heavily the boys could not refrain from getting out and trying the new things. The game which was scheduled to come off between Weston and Preston was postponed until tomorrow on account of the storm. The meeting which was appointed on that day for the purpose of organizing a local league was also postponed until 2 o'clock Saturday, the 19th.

A pleasant surprise party was given at the home of Principal John Condie

of the Central school, last Friday night. The affair was arranged by the teachers of the Central school and was in honor of the departure of Mrs. Condie and her sister, Miss Pendleton, who leave in a few days to spend their vacation with friends and relatives in Utah.

The invitations are out for the commencement exercises at the academy, which will take place on the 24th and 25th. President Joseph F. Smith is expected to be in attendance. Prof. Richard R. Lyman of the University of Utah will deliver the address to the graduates.

On Friday the second year normals will give a dancing party. This party will be the last of the regular bi-monthly parties to be given this season. There will be several parties, however, during commencement week.

The eighth grade class has ordered a fine new banner which will be here for commencement exercises. It bears the motto, "Make way for the class of 1906."

All of the final examinations began Wednesday and will discontinue today.

CURRENT GOSSIP MAILED FROM CAREY.

Special Correspondence.
CAREY, Ida., May 17.—The acreage of crops now planted, and to be sown is larger than usual, owing to the good prospects for plenty of water this season. The scarcity of drills in the settlement has been a drawback to numbers who are ready and waiting their turn.

Owing to cool nights the snows are melting slowly, and there are no high waters as yet. The hills and valleys are looking green and inviting. Flock owners are now in the midst of lambing time, and are reporting a good percentage, owing to good feed and freedom

from cold storms. There is prevalent an unusual amount of wind, which is drying out the cultivated lands. Considerable new hay land is being developed this spring. About all the hay in the valley will be consumed by the time cropping is through with.

Most of the cattle went out on the ranges looking thin, but are reported picking up in flesh rapidly.

The health of the people, generally, is good now, but quite a lot of sickness has existed this spring. Ward meetings are being attended this season. The Mutuals have adjourned for the summer, but hold joint sessions on the first Sunday in each month.

Primary meetings were discontinued during the time of deep snow, but are now held weekly, with good attendance. The young people who attended the Carey Stake academy at Oakley are all home again. They bring merited praise from their teachers for their good work.

The population is lessened materially by those who shear sheep going off to that work to the shearing camps in the hills. Horse buyers have been here and

bought up all the surplus horses during the past month. Farmers are taking pains to raise a good crop of blooded colts next spring.

Old settlers are selling parts of their lands, and newcomers are entering the valley to reside here.

Carey is entitled to, and has had two justices of the peace. Last fall one of them removed to Utah, and lately the other resigned, so Carey is without a justice at present.

Any difficulties coming up would have to be taken to Bellevue or Hailey. The constable also is away sheep shearing.

Mary Ann Smith, who is on a mission to Australia, has been quite sick there, but is improving.

Born to Maud and Leon Ainsworth last week a boy baby.

New homesteads are being filed on frequently on the Fish Creek bottoms. The settlers are promised that the reservoir up in Fish Creek canyon will be started before long by the promoters of the scheme. Many of the settlers there located with the inducement that the reservoir would be started over a year ago.

Park Kelley's new home is completed and he and wife are living in same. Case & Park's new large store is well under way, and is being pushed to completion under the supervision of Parker Richards, who has had charge of the manual training course of the Carey Stake academy.

SHELLEY NOW HAS A DEEP TOWN WELL.

Special Correspondence.
SHELLEY, Idaho, May 17.—The residents of this place are rejoicing over the completion of the town well. Good water at a depth of 132 feet was secured and there is now 32 feet of water. It is the intention of

the city fathers to erect a tank and place a windmill for elevating the water and the town will be supplied by running a pipe line.

Wood is being piled up at the station and sheep men report success in their line of business.

There are about 25 cases of smallpox in town and vicinity. All cases are in a very mild form and quarantine regulations are enforced.

A survey is being made for the purpose of installing an electric plant, and in the near future residents will be furnished with light. Local capital is pushing this investment.

Beets are coming up in good shape, following a fine rain which is doing much good.

Shelly Mercantile company has just completed a large and spacious implement building, which improves the looks of main street very much.

REAL ESTATE DEALS BEING MADE IN OAKLEY.

Special Correspondence.
OAKLEY, CASSIA CO., Ida., May 17.—Marcus O. Funk of the Snake River Implement company, has sold his home in the Dayley addition, to Prof. A. M. Merrill for \$1,200, and has purchased the splendid new brick residence of L. W. Robbins at \$3,500. Mr. Robbins having removed to Burley some time ago.

Albert Belcher of Marlon, has secured two choice building lots from A. C. Worthington, upon which he will shortly erect a new home and carpenter shops. Mrs. Maud Halverson has opened up a millinery store in the tin shop recently bought by the Oakley State bank.

The village board of Oakley was compelled to abandon, for the time being, the intention to appoint Preston Mechem village marshal, or special peace officer, as the state laws provide that such officers must first establish residence in the state and county.

The board, however, is unanimous in the choice of Mr. Mechem and the choice is endorsed by the leading people of this village, therefore as soon as the provision of the law is complied with this appointment will be made.

Prest, W. T. Jack went to Grotes Creek, Utah, to hold ward conference last Saturday, accompanied by Bishop P. P. Thomas, Mrs. Maud Thomas and Mrs. Mattie Dwyer, two stake officers. They returned Monday evening.

HAPPENINGS IN RIGBY DURING THE PAST WEEK.

Special Correspondence.
RIGBY, Ida., May 15.—Yesterday the funeral of Chas. Paxton, a young man about 20 years of age, was held here at the L. D. S. meetinghouse. He died of heart failure at Blackfoot on Saturday, about 11 p. m., and his parents, who expect to reside in Rigby brought his body here for interment.

A little stir was created a few days ago by the breaking out of a case of smallpox about three miles from the center of town. Three or four families who possibly had been exposed were quarantined but as yet no new cases have developed.

The Rigby Opera Hall Co. has sold the stage scenery, chairs, etc., to M. T. Peck, who has moved them into his new, large and commodious hall, and the old opera hall will be utilized hereafter as a place of business.

Miss Cona Chandler has been appointed postmistress here and has taken the place of A. E. Cordon, who has for a number of years been well and faithfully served the people of this neighborhood in that capacity.

The weather here is variable, but much of the time altogether too cold to be enjoyable; still crops are doing well considering their chances.

BIG SHOOT FOR THE GATE CITY.

Under the Auspices of the Interstate Sportsman's Association Sept. 18-20.

NEWS FROM POCATELLO, IDA.

Southeastern Idaho Newspaper Men Form a Press Association—Academy Debate—New Ordinance.

Special Correspondence.

POCATELLO, Ida., May 18.—The first annual tournament of the Gate City Gun club opened here on May 11, and there was representation of the gun clubs from practically all the important towns in the intermountain region. Some fine scores were made in the shoot, and a gold medal was awarded to "Gene" Confare of Livingston, Mont. His score was 215 birds out of a possible 335. This is the first annual tournament held at Pocatello, and plans have been made and perfected to organize an interstate sportsman's association, the first meeting to be held at Pocatello, Sept. 18 and 19 and 20 of this year. On account of the number of persons from Utah and Montana present, it was decided to take this step joining the associations under one organization. W. E. Trautman was elected president, with F. J. Barnes secretary, both of Pocatello. V. H. Pease of Salt Lake was elected vice president. In addition to these were elected a board of directors, and a second and third vice president. Among the objects of the association is the promotion of trap shooting, and a betterment of existing game laws.

PRESS ASSOCIATION.
The newspapermen of southeastern Idaho held a meeting on May 14 and formed a press association. A good attendance of newspapermen and editors was in evidence and much enthusiasm was shown, and representatives from all the newspapers of the east and southeastern Idaho were present either in person or by proxy. They were taken in charge by the local newspapermen of Pocatello and a good time was shown them. From the number of associations and organizations recently formed in Pocatello, she is doing herself proud, and she can truly be called the "Gate City."

HONORS EVEN.
On Friday night, May 11, there was a debate between the Rix academy of Rexburg and the Academy of Idaho. The question was: "Resolved that the government ownership of railroads would be better than the present system," and was won by the Rexburg academy. However the Academy of Idaho, in the afternoon, beat the Rexburg academy both in basketball and baseball.

The district court is still grinding away on criminal cases, and up to date every person tried has been convicted. The city council of Pocatello Tuesday evening passed an ordinance barring boys under the age of 16 from frequenting pool rooms, billiard halls and bowling alleys. This ordinance was presented to the council by trades and labor councils of this city, and it is expected to accomplish much in improving the morals of the youth in this city.

PRINCIPALS AND FOUR OF THE CHILDREN INVOLVED IN ILLINOIS WIFE TRADE, WITH THE HOME OF ONE OF THEM.

When Fred L. Jackman, of St. Louis, traded his forty-one-year-old wife, the mother of five children, for the twenty-one-year-old wife and baby of T. M. Mosby, a farmer living near Pana, Ill., none of the parties to the transaction doubted its legality. As to the fairness of the exchange people will probably differ. Jackman's wife is thin and haggard, showing the effect of her years of privation and hard work, while Mosby's young wife is plump and attractive, with a young woman's vivacity and enjoyment of life. Whether Mrs. Jackman's five children are to be regarded as a blessing or an incubance is also debatable. At any rate, articles of agreement were drawn up last March whereby the two husbands and fathers surrendered their wives and offspring to each other and the two wives agreed to forever separate from their lawful spouses and elope to the new companions they had chosen. Also a common-law marriage agreement was entered into, and the two men and two women believed that they had done all that was necessary to justify their changed relations. Angry neighbors caused the arrest of Mosby, who is now on trial in St. Louis. He is charged with infidelity.

INDIAN AUTHOR AND PHYSICIAN.

Dr. Charles A. Eastman is the son of a full blooded Santee Sioux whose Indian name was the equivalent of Many Lightnings. The son was called Ohlweya (the Winner), and he has proved true to his name. He was reared in the wilds of Manitoba, and as a boy he never knew a white man or heard the English language spoken. Later he was

sent to a school taught by missionaries and was eventually graduated at Dartmouth and from the Boston University Medical school. He is now forty-six years of age and has been government physician on several reservations.

PIRATING FOLEY'S HONEY AND TAR.

Foley & Co., Chicago, originated Honey and Tar as a throat and lung remedy, and on account of the great merit and popularity of Foley's Honey and Tar many imitations are offered for the genuine. These worthless imitations have similar sounding names. Beware of them. The genuine Foley's Honey and Tar is in a yellow package. Ask for it and refuse any substitute. It is the best remedy for coughs and colds. For sale by F. J. Hill Drug Co.

Strength and Endurance Are factors of the greatest successes. No person can do full justice to himself without them.

In no season of the year are they more easily exhausted than in the spring. We need not discuss the reason for this here. It is enough to say there is one, and that Hood's Sarsaparilla gives strength and endurance, as thousands annually testify.
