come back, and how she needed his deal more than he was. He had al-help. There was a sentence something ways been a good-natured young man. like this: "You all thought I died, but I did not, and am better than when I into the Vanderbill lap with the assursaw you last." That was the only ance and self-satisfaction of a success-thing that would have been thought ful vaulter in the juvenile game of leap singular or out of the way by one not frog. Like most Bostonians, he had knowing the facts. Since then at ir. excellent principles. He was grateful, regular intervals, several months apart, and he has made, I learn, an ideal hushe has received other letters, all affec-tionate, but none attempting to explain the mystery, assuming that there is one other than some one is playing a ghastly practical joke. These letters came, the most of them, from Illinois, The Rabbits of Australia.

A time will doubtless come when in but one came in June last from Concorbut one came in june last from Concor-dia, Kan., near which place he was low cated up to March, bitterly bewailing the fact that he had left there before the milter will have to be postroased, we fear, for by filtering. "The required amount of

"Lucy-little Lucy Perkins-with her great blue eyes and golden hair-tne only on condition that Dr. Webb should unbidden tear and finally have the old man break down in a storm of sobs." "It's very s.d, isa't it?" said the young lady. "Lucy died I suppose, and the old man's neart is breakinz." "No," said the reporter, "Lucy mar system, and now has, I believe, the en tire charge of the parlor cars built for the railways running under the family control. Mrs. Webb has changed very

materially from those times of seven years ago, when a slight slip of a bru-nette, she used to be seen on Fifth avenue almost daily driving in an open turnout with the blonde haired and William S. Aimison, a farm hand athletic looking wooer weside her-a working for a man by the name of Bills perfect contrast. She now has a tes-
