Do You Take A RIDE?

No more pleasant ride can be found anywhere than that to the suburbs. Southwest of Salt Lake City, if you drive, ride home back, or use a bicycle, the lovely sprinkled roads afford continual pleasure. The popularity of the Southwest is attested by the hundreds of wheels and thousands of people that daily throng it.

Why not combine business with pleasure? If you buy a house in Forest Dale, you can enjoy the ride to and from your residence. That hundreds are making to take for pleasure alone.

What is more interesting during these warm days than a ride on an open electric car? Try it early, any morning or after your work in the evening; and then if you wish a home, buy in Forest Dale. By doing so you can enjoy the canyon, forest, and still be near your work. Can have water belonging to yourself piped to your door and still not pay city taxes. Can have the benefit of good schools, and of pleasant associations, and yet have none of the smoke and discomfort of residence in a city.

Inducements to build. Small payments and long time at low interest will be allowed desirable parties.
