EVENING NEWS.

THE TWENTY-FOURTH IN THE COUNTRY.

Pine Valley.

July 26th, 1875.

Pine Valley spent the 24th of July in a Jubilee in remembrance of the pioneers of Utah in 1847, and a peaceful and good day was passed.

At break of day the people were aroused by the report of fire-arms. At sunrise the American flag was hoisted to the breeze by Captain Wm. Meeks, marshal of the day.

At nine o'clock, by order of the committee (J. Shaw, H. Shaw, W. A. Reel, J. Earl, Jeter Snow) the Saints convened at the schoolhouse. Proceedings were commenced with a song by the choir, "O Zion," prayer by Harrison Burgess, chaplain, song by the choir, address by Bishop W. Snow in behalf of the Pioneers, address by Wm. Burgess, Sen., in behalf of the "Mormon Battalion," songs by the Sunday school, music by the martial band and J. Allphin's string band, interspersed with songs and speeches suitable to the occasion, lasting until twelve m.

At three p.m., the juvenile part of our ward assembled to trip the light foot until about six p.m.

In the evening the elder children assembled, and enjoyed a most agreeable dance.

We are having fine rains for the last two weeks, that insure good crops and vegetables unto us.

J. S. F..

Richfield.

July 25, 1875.

Editor Deseret News:

For the 24th a very commodious bowery was erected with convenient stand, the whole well seated throughout.

Present on the stand was President Joseph A. Young, Hon. Albert K. Thurber, Bp. Wm. H. Seegmiller, Committee of Arrangements, members of the High Council and others.

A procession, in charge of Major Foutz, marshal of the day, was well conducted, which consisted of the authorities of the stake, Fathers and Mothers, Young Men and Maidens, Sunday and Day School children, led by Superintendent Hans P. Miller, assisted by Wm. Hudson, the efficient teacher of the day school in the U. O., headed by cavalry and band, followed up by an emigrant train, illustrative of the entrance of the pioneers in 1847 and succeeding primitive modes of travel to these valleys, producing a dramatic effect, to the very great amusement of all.

A very instructive oration was delivered by Mr. Thurber, and another of telling effect by Bishop Seegmiller, interspersed with songs, music by the band, and other kinds of entertainment; wound up with closing remarks by Hon. Joseph A. Young, appropriately rendered; all of which conspired to the comfort and happiness of the Saints in Richfield.

The children swarmed to and in the dance from 2 to 7 p. m., and from 8 p.m. to 12.15 a.m., a dance was well attended by adults.

A vote of thanks was passed the committee, and the proceedings closed with prayer.

Geo. T. Wilson, Wm. Morrison, Wm. G. Baker, Committee of Arrangements.

Cholera Infantum.

We see it stated that Cholera Infantum is raging with great violence in Baltimore, and that infant mortality is just now very large on account of this dreaded disease. Usually, children who are well fed, well housed, well bathed, and otherwise well-cared for, are comparatively exempt from the ravages of this disease. The chances are rather against any other class. But we have found no difficulty in saving all the numerous cases which we have been called to, since we began to use the prescription which is now put up in little sugar pellets, as Van Deren's Remedy. We believe we have been the Providential instrument in saving over 2,000 little lives with that remedy alone, added to good nursing and proper food. We will stake our medical reputation on its success in all reasonable cases. One hundred children will die this summer from bowel complaints, when not more than one would die, if this remedy were given. We say this from a purely disinterested and humanitarian stand-point, and do not hesitate to affirm that if all the editors of America felt as we do, and were as anxious as we are to save the young lives of those who may become useful men and women, they would make haste to copy this little item.—*Hall's Journal of Health.*

THE FAMILY!

Twenty-five years in successful use and still the popular Family Machine! The beauty of its work and wide range of application on all kinds of material, sewing with either cotton, silk or linen thread, and its never getting out of order, have made it the pride and joy of nearly

ONE MILLION HOMES!

Its claims for simplicity of construction, ease of operation and management, quietness of movement and durability, are beyond controversy. Give it a trial and you will buy no other. Thorough instructions given in its use.

The No. 7.

This machine is especially designed to fill a want long felt by manufacturers of Clothing, and is constructed upon the same principle as the No. 6. It is capable of higher rate of speed than shuttle machines, is lighter running and can be regulated for work quicker than any machine heretofore used by

TAILORS.

By a simple change of the presser foot it can be used for all kinds of Family Sewing or Dressmaking. Like the No. 6, it will speak its own language, and we solicit from the TAILORS of Salt Lake an examination of its merits.

WHEELER & WILSON SEWING MACHINES!

The No. 6.

The attention of Shoemakers, Harness Makers, Glove and Trunk and Travelling-Bag Manufacturers, and others requiring a machine for leather work of any description, is respectfully called to this

NEW

production of our company. After experimenting for fifteen years to construct a machine upon the rotary hook principle, we offer to mechanics representing the above industries, this recent and improved invention, confident that it possesses qualities long sought for by them. The machine will speak for itself. An examination and trial are all that we ask.
