CHICAGO, ROCK ISLAND & PACIFIC RAILWAY

Reason its central position and close relation to all principal lines East and West, makes it the most important and convenient point of connection and a natural link in that system of through transportation which invites and facilitates travel and traffic between cities of the Atlantic and Pacific Coasts. It also has the advantage of being in direct communication with the Great Lakes and the corresponding points West, Northeast and Southwest.

The Rock Island system includes in its main line and branches, Chicago, Milwaukee, Winona, Dubuque, Cedar Rapids, Sioux City, Des Moines, Iowa City, Davenport, Muscatine, Washington, Fairfield, Ottumwa, Oskaloosa, West Burlington, Marion, Clinton, Cedar Rapids, Alton, Quincy, St. Louis, Kansas City, Leavenworth, Atchison, Topeka, Wichita, Emporia, Salina, Hutchinson, Abilene, Wichita Falls, Amarillo, Lubbock, Fort Worth, Dallas, Fort Worth, Sherman, Denison, Paris, Texarkana, and Shreveport, Louisiana, and the great cities of the Southwest.

THE GREAT ROCK ISLAND ROUTE

Guarantees its patrons that sense of personal security afforded by a solid, thoroughly built road-bed, smooth tracks of continuous steel rail; substantial stations, well equipped, and comfortable accommodations.

It also guarantees that its cars are safe, and will make it the safest appliance of transit buffers, platforms and air-brakes; and that exacting discipline which governs the practical and safe operation of the road.

It connects points in Union Deposits and the untraversed comforts and facilities of its passenger equipment.

Chicago and the Missouri River are connected by a series of comfortable coaches, and the Mississippi River by a series of steamers.

Between Chicago and Kansas City and the great cities of the Southwest, there are routes and connecting lines.

THE FAMOUS ALBERT LEA ROUTE

The direct route from Chicago to Minnesota and St. Paul.

Connections are made in Union Depots for all points in the Territories.

Over this route, Fast Express Trains are run to the West, and the Rock Island system connects with the Western roads.

Still another direct line, via Sioux City and Kankakee, has been opened.

Between Newark, Richmond, Cincinnati, Indianapolis, and Lafayette, and the great cities of the Southwest, there are direct connections.

EVENING NEWS.

Tuesday March 22, 1886

A DENIAL.

NO TRUTH IN THE REPORTS OF THE
EDDERS BEING MOBBED IN THE
SOUTH RECENTLY.

It will be remembered that a slight sensation was caused a couple of weeks since by the Territorial papers of an item copied from the New York Sun to the effect that a couple of "Mormons" had been whipped almost to death by a mob in Tennessee. In publishing it we expressed doubt about its truth and what we said is confirmed by the following:

LAW VALLEY, Hawkin County, Tenn., March 15, 1886.

Editor Deseret News:

The article in your Semi-Weekly issue of the 6th inst., referring to the mobbing of two "Mormons" Edders, who were said to have been beaten to death by a mob in Tennessee, is simply a lie, manufactured from whole cloth. The two Edders referred to were Messrs. B. W. Edder and L. C. Edder, natives of Preston, Idaho. They did apply for permission to hold a meeting in the church downtown, a suburb of town, and when they got it, pursued their way. We have received communications from them since that date and they make no mention of the mobbing. We have also heard from them that they were not beaten from the time of their arrival. They are, at this date, laboring in the eastern portion of this country, working on Government contracts, and report that in the main, they are being kindly treated by the citizens. Of course you will hear many stories, but if you will go to the Edders, you will find that they are not believed in. If any mishap befalls them we have the address of their families and will duly advise.

W. M. GREEN,
St. Louis, Mo.

PANGUITCH STAKE CONFERENCE.

PANGUITCH U. T. March 3d, 1886.

Editor Deseret News:

The quarterly Conference of the Panguitch Stake of Zion convened in the new meeting house, Panguitch, on Saturday evening at 10 o'clock. Presidents Crosby, Steele and Cannon were in the stand.

After singing, prayer by President Joseph, a short talk by Elder Crosey, followed by Elder Edwin Ritter, who has just returned from a tour of the country, and who reported that he had been blessed with some success.

President J. L. Heywood reported the High Priest quorum as being on the increase and most of its members awoke to their duties.

President J. L. Norton, of the Seventies, reported the 6th quorum of Seventies as not yet full but growing rapidly, being filled up with "lively members."

Seth Johnson, Bishop of Hillside, reported his ward as being on the increase and most of its members awoke to their duties.

Brother G. C. Escalante, reported that ward that the majority were doing about as well as they could, their greatest trouble being that they were not fully organized, but they had a new one in course of erection. The organizations of his ward were in good condition, except one, which was somewhat divided.

Brother J. D. Wilcox reported that his ward was in an unsettled condition. The Bishop was in poor health, living with his wife, and his Counselors were also absent.

John Rogers, Bishop of Escalante, exhorted the people to faithfully attend to their calling but evil.

Brother G. C. Escalante, Panguitch First Ward, reported his ward in better condition than in the past.

Bishop H. S. Church, of the Second Ward, said that his ward was in fair condition, but that the members were indifferent, and the organization was slow.

Brother J. W. Wilson was chosen as President of the First Ward, and was re-appointed to the High Priesthood.

Brother J. W. Wilson was chosen to preside in the Marion Ward in the absence of Bishop C. King and Councilor H. Cope.
