

GATHERING FOR ANOTHER SPRING

Japanese Are Making Ready to Pounce Upon Port Arthur Very Soon.

RUSSIANS MUST BE PATIENT.

The Novosti Admonishes Them to Await the Inevitable Triumph.

St. Petersburg, Sept. 16.—The almost complete quiet prevailing at Liao Yang and Mukden is accepted here as the natural and inevitable consequence of the furious activity of the past three weeks. The view taken at Mukden that there is not likely to be a resumption of fighting in that immediate locality for a month is regarded here as most probably correct.

It can hardly be expected that much actual news will develop in central Manchuria for some time to come, and attention is now turning toward Port Arthur, where, as Gen. Suetsugu's latest report indicates, the Japanese are gathering strength for another spring at the fortress.

It is taken for granted here that there will soon be news of importance from Port Arthur, since the Japanese throughout the war have seemed to alternate their attentions between the beleaguered fortress and the Russian army toward the north. It thus appears that it is Port Arthur's turn to keep up the excitement while Field Marshal Oyama is preparing for the fall campaign.

Grand Duke Alexander-Mikhailovich, head of the Russian mercantile marine, has gone to Liao to inspect the converted frigates there before they depart for foreign waters. The Baltic fleet remains at Liao awaiting orders. Gen. Kuropatkin telegraphs that there was no fighting on Wednesday. The general says strong detachments of Japanese infantry have advanced three miles north of the Yen Tai station.

The spirit of the Russian troops at Mukden, which was greatly depressed after the battle of the Yalu, has been reversed at Liao Yang, has been restored and business in the city is reported to be recovering.

The Japanese are said to be entrenching on the Yalu river and the bridge works that surround it. The Russians were wrecked as they retreated from Liao Yang, has been rebuilt.

RUSSIANS MUST BE PATIENT.

St. Petersburg, Sept. 16.—In the course of a long review of the battle of Liao Yang, the Novosti says: "The world is just beginning to realize how little tangible result accrued to the Japanese from the 'brilliant victory' so excitedly announced and widely acclaimed at Tokyo. The real result was shown by the immediate fall of Japanese stocks in the markets of the world. Field Marshal Oyama is now endeavoring to reorganize his exhausted army but it will be a long time before he encompasses a Russian defeat."

The article concludes with the statement that foreign critics agree that there has been no practical result of the great battle and that there will be another as great or greater. The paper admonishes the Russian people to wait with patience for the inevitable Russian triumph.

JAPANESE REINFORCING.

Kouan-tzu, Sept. 15. Via Tientsin Sept. 16.—Japanese have not yet appeared in the vicinity of the Sin Miao Tung railway. The Russians still hold the great Mukden road from Sin Miao Tung, protecting the right flank with a full army corps above the Hun river. The Japanese, who are still landing reinforcements at Neuchang and sending winter equipment and supplies to the Liao river, are still operating from the hills along the east.

Foreign military attaches and newspaper correspondents in numbers left the Japanese side after the fighting at Liao Yang. The correspondents are also leaving the Russian army. Native refugees are still crowding the trains to the south, but the damage done to the natives is insignificant. Manchuria throughout is reeking with huge crops and the people have been enriched by Russian expenditures.

DISPOSITION OF PORT ARTHUR.

London, Sept. 16.—The Daily Telegraph's Tientsin correspondent telegraphs that he hears from a trustworthy source that the Japanese foreign minister has issued a circular announcing that it is Japan's intention to turn Port Arthur, when it is captured, and the whole of the Liao Tung peninsula over to the Chinese, who, the correspondent says, it is understood, will declare Port Arthur an open port.

"On the same authority," the Daily Telegraph's representative says, "I am told that Japan will be prepared to entertain proposals, after she has taken Mukden and Sakhalin, on the following basis:

"First, that an international syndicate take over the Manchurian railway and run it as a strictly commercial enterprise; second, that Russia pay £100,000,000 indemnity; and third, that Russia is to hand over all of her ships in Chinese waters to Japan. Japan would be prepared to lease Sakhalin to an American company for £5,000,000."

JAPS CAPTURE A PORT.

Chefoo, Sept. 16. (1:30 p. m.)—The Japanese troops between Sept. 8 and Sept. 19 captured a fort situated on a high hill two miles east of Golden Hill by assault. The fighting was not severe. The Japanese were able to remain in the fort because the quality of the powder used at Golden Hill was so poor that many shells fell short and others failed to explode. The foregoing information was received from an intelligent Chinese who left Port Arthur on Sept. 12. He had been a dock yard laborer there for many years. He adds that the Japanese are tunneling under the Russian forts with the intention of blowing them up. He says that the work of tunneling is slow and arduous and will probably be unsuccessful.

The Russians have placed mines under all the public buildings, wharves, arsenals and everything that could possibly be of use to the Japanese with the intention of causing their destruction should the Japanese enter the city. The house formerly occupied by Vice-roy Alexieff was hit by a shell recently and partially wrecked.

Ammunition is growing scarcer but there is plenty of food. The price of flour is now nine rubles. Another shell struck a destroyer which was lying in dock undergoing repairs, knocking it into kindling wood and killing seven sailors. This shell came in much closer than formerly, throwing a few shells. One shell demolished several engines in the dock yards and killed an officer and two men. The fort which the Japanese captured is not regarded as essential to the defense of Port Arthur, although it is

FORTUNE TELLING

Does not take into consideration the one essential to woman's happiness—womanly health. There is many a woman whose future seems absolutely unclouded who is marked by her own condition for future disappointment and distress.

The woman who neglects her health is neglecting the very foundation of all good fortune. For without health love loses its lustre and gold is but dust.

Womanly health may be retained or regained by the use of Dr. Pierce's Favorite Prescription. It establishes regularity, dries the drains which weaken women, heals inflammation and ulceration and cures female weakness. It makes weak women strong, restores the sick women well.

Dr. Pierce offers \$500 reward for women who cannot be cured of the above diseases. His "Prescription" has been so successful in curing thousands of cases in the past three of a century that he makes this remarkable offer to show his confidence.

"I have taken six bottles of Dr. Pierce's Favorite Prescription," writes Miss M. E. O'Connell, "and I feel like a new woman. It has cured my irregularity, dried my drains, and made me strong. I thank you very much for your kind and prompt attention to my letter asking advice."

"Favorite Prescription" has the testimony of thousands of women to its complete cure of womanly diseases. Dr. Pierce's Pleasant Pellets clear the complexion and sweeten the breath.

There will be some disadvantage from its occupation, as the Japanese are constantly receiving heavy guns from Japan, to which the Russians are unable to reply effectively.

The Chinese is unable to describe this fort but the comparatively weak resistance of the Russians suggests it was an outpost.

This assault was the only one to take place since Aug. 31. The five largest guns on Golden Hill which were formerly pointed seaward, have been re-arranged, three of them now pointing landward.

The Chinese alleges that all of the guns except the 10 and 12-inch have been removed to land batteries on board the battleships where they were of very little use.

Of all the ships in the harbor only six are fully able to participate in another fight at present.

A month ago the Golden Hill batteries threatened Shanghai. Now the Chinese says the shells fall far short of that point.

CAMPAIGN IN COLORADO.

Wm. J. Bryan Opps It for the Democrats.

Denver, Sept. 15.—William Jennings Bryan opened the Democratic campaign in Colorado with a speech at Coliseum hall tonight. By far the largest crowd assembled thus far during the campaign turned out to hear the distinguished Nebraska orator and his huge retinue were unable to get inside the densely packed hall. Mr. Bryan dwelt at length upon what he termed the policy of militarism of the Republican party, which was not influenced alone by imperialism, but that the strengthening of the army was as much for the purpose of aiding capital in enforcing its demands against labor as anything else. He characterized President Roosevelt as a dangerous man because of his love of power and warlike demonstration and unsuitable to be at the head of a nation that wanted to be great in moral force and not physical force.

"You ask me, a believer in free silver, how I can bring myself to support a man who favors the gold standard. I say that I love peace and the gospel of peace infinitely more than I love either gold or silver."

Mr. Bryan assured his hearers that if Mr. Parker was elected president peace would reign in the United States during the next four years.

Mr. Bryan spoke of the labor troubles and consequent occurrences in this state and said that the eye of the country was upon Colorado and the people were anxious to learn the result of the vote for governor.

Japanese Financial Scheme.

London, Sept. 15.—The correspondent at Tokyo of the Standard says that the Japanese cabinet is now considering a scheme of military finance to be submitted at the next session of the diet which involves increased taxation.

Condition of the Treasury.

Washington, Sept. 15.—Today's statement of the treasury balances in the general fund exclusive of the \$150,000,000 gold reserve in the division of redemption shows:

Available cash balance, \$149,967,842; gold, \$58,260,976.

My Breath.

Shortness of Breath Is One of the Commonest Signs of Heart Disease.

Notwithstanding what many physicians say, heart disease can be cured.

Dr. Miles' New Heart Cure has permanently restored to health many thousands who had found no relief in the medicines (allopathic or homeopathic) of regular practicing physicians.

It has proved itself unique in the history of medicine, by being so uniformly successful in curing those diseases.

Nearly always, one of the first signs of trouble is shortness of breath. Whether it comes as a result of walking or running up stairs, or of other exercises, if the heart is unable to meet this extra demand upon its pumping powers—there is something wrong with it.

The very best thing you can do, is to take Dr. Miles' New Heart Cure. It will go to the foundation of the trouble, and make a permanent cure by strengthening and renewing the nerves.

"I know that Dr. Miles' New Heart Cure is a great remedy. For a number of years I suffered from shortness of breath, causing me to stop and rest at every step. For months at a time I would be unable to lie on my left side, and if I lay flat on my back would nearly smother. A friend advised using Dr. Miles' New Heart Cure, which I did at once, and after taking several bottles of the Heart Cure the pains in my side and other symptoms vanished. I am now entirely well. All those dreadful smothering spells are a thing of the past."—F. P. DRAKE, Middletown, O.

If the first bottle does not help you, the druggist will refund your money. Write to us for Free Trial Package of Dr. Miles' New Heart Cure. The New Scientific Remedy for Pain. Also Symptom Blank. Our Specialist will diagnose your case, tell you what is wrong, and how to light it. Free. DR. MILES' MEDICAL LABORATORIES, ELKHART, IND.

A SHIFT OF WIND SAVED HALIFAX.

Had it Not Been for This the City Would Have Been Wiped Out by Fire.

SUFFERED LOSS OF \$500,000.

Progress of Flames Was Only Stayed By Dynamiting Half a Dozen Buildings.

Halifax, N. F., Sept. 15.—A fortunate shift of wind saved Halifax from destruction by fire today. Nevertheless the city suffered a loss of \$500,000 in the business part of the water front, and the progress of the flames was only stayed by the dynamiting of a dozen buildings by the sailors from the fleet and soldiers from the garrison.

The fire raged on lower Water street practically beyond control until 10 o'clock tonight, when 200 sailors with torpedo apparatus landed from H. M. S. Arcton and indefatigable and with the assistance of the fire department, checked further progress by removing the aid of dynamite, a dozen small buildings. The fire consumed six wharves, two coal piers, two hotels, a dozen warehouses and a number of retail shops.

The fire a large tree fell, killing Flora King, 25 years of age, and injuring two others. One fireman was fatally injured by a live wire and another was badly hurt by falling slate.

The burned district, which covered about two acres, was one of the oldest in the city. It was built up by the Halifax merchants dealt heavily in fish and oil and burned heavily.

Crowds of people who had rushed down Smith's wharf found themselves unable to get to the harbor on the other, and all had to be taken off by launches from the warships. By this time the entire city had begun to realize the gravity of the situation.

At half past 3 it looked as if nothing could stay the progress of the flames from the main business section of the city into the residential section beyond. Every effort on the part of the firemen to stay the flames was futile. Then came a providential shift of wind.

By this time the government officials had assumed the worst of the situation, for not far ahead was the big business yards, with thousands of tons of powerful explosives. A party of sailors, together with a company of royal engineers, landed to the north of the fire and began blowing up buildings. For an hour the entire city was rocked with the terrific explosions. More than a dozen buildings were leveled, and at 7 o'clock the fire had reached the cleared space, where it stopped.

Prince Must Pay Taxes.

Breslau, Prussia, Sept. 15.—The appeal of the Crown Prince Frederick William against paying taxes on his estate at Oels was decided against him today by the district tax administrators, who upheld the judgment of the cantonal authorities that only the sovereign and not his heirs, is exempt from taxation. The tax administrators assessed the prince \$125,000 in his income from the estate of \$31,500.

Council of Red Men Closes.

St. Joseph, Mo., Sept. 15.—The great council of the United States Improved Order of Red Men, which has been in session in St. Joseph since last Monday, closed with this afternoon's session. Marion Cook of Colorado has been appointed grand Minnera and T. J. Bell of Washington a member of the committee on ceremonies.

KOREAN CUSTOMS.

J. W. Brown Confirmed by Japan as Collector.

London, Sept. 16.—The Morning Post's correspondent at Shanghai reports that the Japanese government has confirmed John McLeavy Brown as director of Korean customs.

LIVES LOST IN STORM.

Tps Swamped and Eight Men Drowned.

New York, Sept. 15.—A number of lives were lost, much property damaged and several ships wrecked in the storm which raged the Atlantic coast last night and today. It was one of the fiercest September storms on record, thunder and lightning adding terrors to a howling gale, which carried drenching sheets of rain over sea and land. To-night telegraphic reports said that the storm was swept out into the ocean and from the Canadian coast.

The greatest loss of life was near Wilmington, Del. The tug Israel W. Durham, with a crew of six men, and four other men, employees of the American Dredging company, was swamped in the Delaware river early today during the height of the storm. Eight of the ten persons on the little craft were drowned. From further down the coast—Jacksonville—comes the report that five men were drowned off Charleston. This report was brought in by one of the coast liners.

New York suffered comparatively little. The wind and rain and thunder and lightning were terrific, but little actual damage was done. Nineteen coal barges went adrift in the bay and tonight their wreckage strewn the shore from the Battery to the Narrows, but no lives were lost. Several small vessels also went ashore on various parts of the coast near New York.

One fatality was reported in this city, when a piece of cast-iron fire escape was blown from a building and struck Carl Hertzog, killing him instantly. A fishing steamer, the Joseph Church, of Greenport, N. Y., struck on Pease's Hill bar today and was smashed to pieces. The captain and crew of twenty-one men were saved.

From Wilmington, Del., tonight comes the news that great destruction was caused by the storm. Trees were uprooted, houses flooded and crops ruined.

A SORRY JOKE.

A College Student Spends Some Months in Jail as a Result.

New York, Sept. 16.—An attempt to prove that the residents of the country districts are more gullible than those of the city has nearly resulted in a jail sentence for a college student employed as a street car conductor in Brooklyn. He is said to be a member of a well-known family in Maine, and was a student at Brown university in the class of '06. Financial reverses sustained by the family compelled him to seek work here, and he became a conductor not long ago.

In July, a friend of the conductor re-

A GOOD RECIPE

A Good Bread recipe and a short one—with a positive money back guarantee.

HUSLER'S FLOUR

sliding in Maine, received a letter offering to sell him at low rates counterfeit money made in Mexico. The Maine man turned the letter over to the secret service officials, and the conductor soon afterward was arrested. He was indicted and has been in jail since July. The prisoner explained that the letter was only a joke, an experiment in sociology, finally giving the district attorney his true name, which he formerly had concealed. Investigation proved this story to be true, and when the case came before Federal Judge Holt, the district attorney explained. The judge ordered the joker's plea of not guilty to be withdrawn, entered one of guilty, and then suspended sentence. He warned the student of sociology, however, to be more careful in his future experiments.

Crew Probably Drowned.

Chicago, Sept. 16.—A nameless capsize yacht, found in the lake and brought to Chicago, is believed by boatmen to indicate that the crew has been drowned. The fact that the sails were set in a storm is an additional proof.

The steamer Virginia sighted the craft when just north of Waukegan and five miles from shore. The capsize boat was several miles further out in the lake. With the hope that the members of the crew might be clinging to the upturned hull, the steamer immediately made full speed for the wreck. A small boat was rowed close to the wrecked craft, but there was no sign of life.

The wrecked craft is of the "sidewalk type," is feet long, and is painted white. On one side the railing was torn away, apparently in the struggle to keep the boat afloat. The yacht would accommodate six persons.

Forest Fires in Montana.

Anaconda, Mont., Sept. 16.—The forest fires that have been burning for the past four days on the mountains west of this city are still raging. Nothing but heavy rains can save the valuable timber and piles of cordwood in the path of the flames, and there appears to be no likelihood of a shower.

Hundreds of cords of wood, together with many thousands of feet of lumber already have been destroyed. A number of prospectors' cabins have been burned and fears are felt for the safety of the buildings in the path of the flames.

It is said that the fire has gone over the mountains toward Lost creek, and that the heavy timber in that section is destined to be destroyed.

Fire in East St. Louis.

East St. Louis, Ill., Sept. 16.—Fire broke out in the Beards warehouse, near the Eads bridge entrance, early today, and consumed the structure, which had been recently erected at a cost of \$50,000. The cause of the fire is not known.

THE EAGLES.

They Swoop Down on Baltimore and Capture It.

Baltimore, Sept. 15.—The Eagles were in possession of Baltimore throughout the day. Grand eagle members devoted the body of the committee to business, but the visitors from distant cities spent the time in sightseeing. Tonight a constant stream of pedestrians, men, women and children, lined the sidewalks of the principal thoroughfares, which were illuminated by thousands of electric lights.

The grand series of the order will continue in session until late Friday night and possibly may remain over Sunday. At today's session of the governing body the report of the committee on judiciary was considered. A motion was passed declaring it the sense of the grand series that state conventions should be permitted and a constitution adopted providing for such conventions, permitting them to organize as state series and pass laws not in conflict with grand eagle powers.

It was resolved that persons more than 50 years of age may become social but not beneficiary members of the order, and that an applicant must have been a resident of the state for at least six months before becoming eligible to membership.

It was stated tonight that the election of grand officers will be held tomorrow. The result of the ballots probably will be announced until late tomorrow night.

COLO. FEDERATION OF LABOR

Socialistic Element Elects All the Officers.

Pueblo, Colo., Sept. 15.—Officers were elected at today's session of the state Federation of labor and its election showed a complete victory for the radical or socialistic element. President Moyer of the Western Federation of Miners is given the credit for the victory of the Socialists, as it was assured

that the conservatives were in the majority before the arrival of President Moyer and his adherents at the convention today.

Capt. Yegami Promoted.

Tokio, Sept. 15.—Capt. Yegami, who commanded and led the Twentieth regiment of Japanese infantry in the charge on the Russian redoubts at Yassengme, Sept. 3, after all the officers above the rank of captain had been killed, has been promoted to the rank of major.

New Jersey Democrats Meet.

Trenton, N. J., Sept. 15.—The Democratic state convention met here and nominated Charles C. Black of Hudson for governor. The platform arraigns the Republican state administration for extravagance.

Five Children Cremated Alive.

Columbia, Ky., Sept. 15.—Five children were burned to death, and their parents, Mr. and Mrs. Jesse Sapp, fatally injured at Italy, Adair county, Kentucky, today. All were asleep.

A JOKE ON THE CZAR.

Said He Hoped Those Who Wanted to Die for Russia Would.

St. Petersburg, Sept. 15.—Considerable amusement has been caused by a slip of Emperor Nicholas' pen in accepting the offers of several companies of Siberian militia, who volunteered for service at the front. The petition read:

"We humbly lay at your majesty's feet our desire to be permitted to fight and die for the fatherland."

The emperor, in accepting, wrote on the margin of the petition in his own handwriting: "I thank you sincerely and hope that your wishes may be fully realized."

A BRIDE MURDERED.

A Rejected Lover Deliberately Kills Mrs. Henry Hoff.

Spokane, Wash., Sept. 15.—A double tragedy took place this morning near Mead, Mrs. Henry Hoff, a bride of one day, was murdered by a rejected lover named Hoffman, who then committed suicide. The wedding of Miss Emma Light and Henry Hoff took place yesterday. This morning the bride left her husband's farmhouse on Green Bluff to go to a short distance away. Becoming worried by her failure to return, Hoff started a search. A short distance from the house he found the body of his bride, who had been shot to death. Near by was the body of Hoffman with a revolver still in his hand.

NEW KOREAN RAILWAY.

One May be Constructed from Seoul to Gensan.

New York, Sept. 16.—The Japanese minister has recommended, says a Herald dispatch from Seoul, Korea, that his government immediately undertake the construction of a railway from Seoul to Gensan under military engineers as a war measure. The Japanese hold no concession for this line, but under the terms of the Japanese-Korean protocol, signed in February of this year, they can claim the right for strategic purposes.

The railway, once laid, may later be operated as a commercial venture, greatly assisting in the development and civilization plans for the Korean peninsula.

The construction of the railroad connecting Fusan with Masampo was commenced a week ago under Japanese military engineers.

For the last week parties of Korean officials have been pursuing the ancient custom of kneeling before the palace gates, praying the acceptance of a memorial to the throne petitioning the emperor to adopt a strong anti-Japanese policy. The emperor has thus far refused to accept the petitions.

L. A. Enders Missing.

Great Falls, Mont., Sept. 15.—Although the search for L. A. Enders, a well known citizen of this city, who disappeared from his home near Sunnyside Tuesday, has continued without interruption since then, no trace of the man has been found. Yesterday fully 100 men were out about Sunnyside, and today there were nearly as many out hunting for the missing man. Enders left home for a short hunting trip Tuesday.

MAY BE A TRAIN ROBBER.

Man Believed to be One Captured at Daming, Wash.

Bellingham, Wash., Sept. 15.—A man believed to be one of the Canadian Pacific train robbers was taken about dark this evening at Daming, 16 miles from here, by a Canadian Pacific detective and a Whatcom county deputy sheriff. He gave his name as Charles Davidson. He is declared by the officers to tally exactly with the description of one of the bandits. All attempts to get him to tell his story have been futile.

TEA

Get 1/2-lb Schilling's Best, and follow directions.

In every package of Schilling's Best Tea is a booklet: How To Make Good Tea.

Natures Pure and Unadulterated Beverage—Free Tea—Health and Sunshine O'er Each Cup.

him after he was arrested for the first time in May of the present year at San Juan del Rio Quorotero whether he had fled. After the indictment had been voted against Haus he was released by the Mexican authorities and then ended the detectives who had been sent to Mexico to bring him to Chicago. The search for him was then resumed and his arrest in Panama was the result.

CRWF OF THE ASKOLD.

Japanese Demand that They Shall Remain Aboard.

Shanghai, Sept. 15.—The usual still delays giving a formal answer to the Japanese demand that the crews of the Russian protected cruiser Askold and the Russian torpedo boat destroyer Groznyi be confined on board these vessels, but it is understood that Japanese cruisers will frustrate any endeavor to ship the crews away from here. The disarming of the Askold is concluded.

HERRMAN E. HAAS.

Man Wanted for Embezzlement Arrested in Panama.

New York, Sept. 16.—Herman E. Haas, who is charged with embezzlement \$20,000 from the Corn Exchange National bank of Chicago, whose surrender to the American authorities has been asked for by Minister Barrett as an act of international courtesy has been living on the isthmus several months, says a Herald dispatch from Panama.

As the extradition treaty between Panama and the United States has not been ratified he is said to have believed himself safe. When Haas was arrested about three months ago and seeing the door of the cabin open the two entered. A small calibre rifle was lying on the table, and the elder of the lady started to pick it up. As he did so the man in the cabin jumped toward the table and snatched the gun. The weapon was discharged, and the bullet tore away the lady's throat. Loss of blood caused death in half an hour.
