LOCAL AND OTHER MATTERS.

**THEATRE.**—Last evening there was a pretty good house to see the minstrels, and the house appeared to be pretty well satisfied. Sam Purdy, Frank Jones, and the "wonderful Fostello" winning repeated applause. The concluding sketch, however, appeared to the audience to end in the middle, and one half of them seemed not to know whether to retain their seats or move out.

This evening is announced as the last of the course by the minstrels, and those who wish to see them should "take due notice and govern themselves accordingly."

**ANNIVERSARY.**—To-morrow, Feb. 22nd, is the anniversary of Washington's birthday. We understand that a number of business houses will be closed, and there will doubtless be a liberal display of bunting, and other demonstrations in the city, in honor of the occasion.

**ANNIVERSARY MILITARY AND CIVIC BALL.**—Prof. Sheldon will give a grand anniversary ball to-morrow (Thursday) night, to which we acknowledge the receipt of complimentary tickets.

**THE EMBASSY.**—The Japanese Embassy had prepared to leave at 11 a.m. to-day, when Minister C. E. DeLong received a dispatch, which stated that, owing to the sailing away of a bridge on the U. P. R., the hotel car for their accommodation had not been forwarded to Ogden.

**ALMANACS.**—The New York Tribune Almanac for 1872, besides the usual calendar, astronomical, and statistical matter, contains a large amount of information upon a variety of subjects, chiefly political. Among the articles are Laws, etc., of the session; 41st Congress; Neutrality and Federal Proclamations; Amendment Act; Foreign Currency; French Debt; Statistics; Population of States, Population of Cities; Total Population; French Debt; Government and Congress; Election Returns; How to Acquire Titles to Government Lands, etc.

**Public Ledger Almanac.** Philadelphia contains in addition to the calendar and astronomical information, the following: "Chronicle—Time, the Atmosphere, Weather, Signals, U. S. Coast Survey, Chicago Fire, European Armies, Poor Richard Revised, Population of London, A Great Newspaper, Gleanings, Family Maxims, Edicts, Government and Congress, and full local information."

**"ADMITTED TO THE BAR."**—Mr. S. J. Johnson, of the firm of Clayton & Johnson, was yesterday admitted a member of the bar of Salt Lake.

**ATTORNEY AT LAW.**—The office of S. A. Man, Attorney at Law, is at 36 First South street. He is a gentleman of well known legal attainments. His card will be found in another column.

**THE MILLS SEMINARY** is a very tastefully put up pamphlet containing a view and a description of the Mills Seminary for young ladies at Bendita, Cal.

**CHICAGO RELIEF.**—The first special report of the Chicago Relief and Aid Society is a pamphlet of sixty-four pages, stating sums received and disbursed from Oct. 14 to Nov. 18, and giving other relevant information. The ledger statements to Nov. 18 inclusive showed the total of the donation fund to be \$2,455,554.45, of which \$189,364.52 was cash in hand and \$2,266,189.93 was deposited in banks. The credits to Nevada and the Territories for the time mentioned are:

Colorado	\$12,653.53
Nevada	1,505.83
New Mexico	1,495.50
Washington	600.00

The statement for Utah within the same period is as follows:

Salt Lake City.	
Oct. 18, Citizens, by D. H. Wells, Mayor,	\$12,000.00

**COURT EXPENSES.**—There has been considerable said of late, in distant papers, both east and west, concerning the non-payment of court expenses in Utah, and the difficulty or rather impossibility of obtaining the means to run the Federal courts. The cause for this state of things is very generally dealt out to the legislature of the Territory and to the "Mormons." The reason why the courts are heaped upon those bodies, is that persons, who know better, have a selfish interest in misrepresenting the situation in Utah. In consequence of these and other representations, our exchanges usually speak of the situation as the "Mormon Problem," the "Utah Muddle," the "Mormon Imbroglio," whereas, so far as the "Mormons" are concerned, there is neither problem, muddle nor imbroglio in the matter, as represented.

The situation here is easy enough to be understood. For all the difficulty, real or pretended, that there is in carrying on the courts in Utah, the Federal Judiciary, by its mal-administration, is wholly, solely and entirely responsible and censurable. All the difficulty, real or pretended, that exists in carrying on the courts in this Federal Judicial District, Judge McKean, by his extra-judicial course, is wholly, solely and entirely responsible and censurable. As stated in many of our exchanges, it is entirely false that the Legislature fails to make provision for the expense of the courts. The Legislature has provided sufficient means for that purpose, and has appointed a competent officer to disburse that means, according to law. The difficulty is that Judge McKean disregards the law, ignores the law, tramples it underfoot, and wants to obtain from the Territory the means to run his court contrary to law, which is a very inconsistent, if not impossible, thing in a judge.

Judge McKean, contrary to former custom, contrary to law, contrary to reason and justice, contrary to the very H. C. of republicanism, takes out of the Territory officers in the District Courts, though sitting on Territorial business. He rules that the courts are wholly and solely United States courts, run wholly and solely by United States officers, and that all the people of the Territory have to do with them is to furnish them with a continuous supply of up and be tried therein, and furnish the means to run them, asking no questions upon pain of being ruled out as enemies of the government.

Such extraordinary courts never having been contemplated by the Territorial Legislature, of course no means were provided by the Legislature to run them. Such extraordinary courts never having been contemplated by Congress, no means were provided by Congress to run them, notwithstanding that if they were, as Judge McKean rules, wholly and solely United States courts, to be run wholly and solely by United States officers, and that for fore logically and justly should be paid for wholly and solely by the United States. Indeed it would have been a matter of time pertinence on the part of the Territorial authorities, if they presumed to offer to pay the expenses of Judge McKean's court, after he had declared it to be, soul, body and unconditional, a United States court, in contradistinction to its having anything of a Territorial nature in its composition. And the people of Utah are so anxious to be good terms and in harmonious relations with the Federal government, that they could not presume to think for a moment of endangering those relations solely by offering to pay the expenses of United States courts, contrary to the law made and provided.

The great mistake which Judge McKean made, was in thinking and in announcing that he came to Utah to fight "Mormons," instead of to execute the law and justice. That is the thing which has done him off the track, and it will run any judge off the track who adopts such a policy. It will carry him right into the middle of the imbroglio, and land him in the middle of the muddle, where he can sit and endeavor at his leisure to solve the vexed problem which he has thus foolishly created.

For the \$20,000 more or less, liabilities which McKean's court is represented to have incurred, Congress is not legally nor morally responsible, inasmuch as this Territory legally or morally responsible for it. For all these expenses, Judge McKean himself is wholly, solely, and entirely responsible. Out of his pocket should they be paid.

These illegally incurred expenses, and the expenses to which he has illegally put many of our citizens, will keep up against him a bill, which, when presented to him for payment before the bar of justice, will swamp him and his for ages.

**THE TRAINS.**—The following dispatches, received last night, indicate the condition of the U. P. road:

Ogden, 20, 6:30 p.m.—The trains bound west have left Rawlins, and no obstruction is reported west of there. They are expected to be at Bitter Creek about 7 p.m., and here about 8 or 9 to-morrow morning. There is a large number of first-class California passengers on board. The trains which left here on Sunday, Monday and to-day will get through without much detention. The weather is fair along the entire line.

Rawlins, 20, 7 p.m.—Three passenger trains and one freight arrived this p.m., and left for the west about six p.m. Two more passengers and several trains will be here from the east to-night. The road is reported clear east and west, but some trouble is expected from the track washing out west. The weather is warm and the snow is fast disappearing.

Ogden, 20, 7 p.m.—Three passenger trains are expected at Ogden about 8 a.m.

**DECEASED.**—At Virgin City, Kane County, Jan. 25th, MARY ANN, wife of Samuel Brewster, in her 44th year.

Deceased left a husband, four children, and a large number of friends by whom her loss is sincerely felt. She devoted herself, while living, to doing good, and was ever interested in the advancement of the kingdom of God.—Com.
