## GOOD SHOOTING RECORD.

Recruits at Fort Hold Rifle Practice Under Disadvantages.

The initiation of the Twenty-first Infantry stationed at Fort Douglas has been practising before the butts south of the post this week, with gratifying results. The shooting was under disadvantages owing to the bad weather, with winds and flying snow. The range was 260 yards, and the records run from 18 to 72, out of a possible 25 points. Considering the fact that most of the marksmen recruits this is regarded as a feat. The troops went on the grounds in heavy shooting order, drawn up in rows, with bayonets fixed, belts, caps, etc., and a full allotment of ammunition, bayonets and canisters.

In a competitive drill yesterday, on the parade grounds, G company "carried off the honors."

## DESERET EVENING NEWS SATURDAY DECEMBER 14 1907

### FOR SALE—REAL ESTATE.

#### George Q. Cannon Association,

11 MAIN ST. PHONES 30.

(Between Z. C. M. I. and Zion's Savings Bank.)

What is Christmas without your own home? There is still time to get under your own roof before Christmas. If you sell in right away, you'll get a good price.

First—Do as much of your holiday shopping as possible before Dec. 1.

Second—Finish it before Christmas week.

Third—Go to the stores as early in the day as possible.

Fourth—Avoid buying during luncheon hours, and thus shortening the best time for the stores.

Fifth—Carry home whatever parcels you conveniently can.

Sixth—Allow a day, at least, for the delivery of parcels.

The very tried girls who wait behind the counter of our big stores are not fond of Christmas time. It tax on their strength might be mitigated by the men and women who crowd the stores.

Those who come early to buy their Christmas books at the Deseret News book store will get first choice of the newest assortment ever brought to Salt Lake. They will, too, get the stock before it is "picked over" and can get the attention of clerks now who will be too rushed to answer questions. Do your Christmas shopping early.

### FINANCIAL CLOUDS.

Never cross the vision of the man who owns his own home and lives on it. It's the man who pays rent who has the most trouble, because at the end of every year of his life, except in rare cases of good fortune, he is a little poorer if he has not paid something on account for a home of his own.

We have recently built some beautiful homes in a fine location with every right for proper sanitation and modern improvements of every description.

These houses cost from \$3,500 up on long time payment—long time because they are built so well that we want to loan money on them for a long time. You can get the keys at 435 C street and look them over for yourself, and then instead of paying rent, pay for a place that will belong to you.

**SALT LAKE SECURITY & TRUST COMPANY.** 32-34 Main Street.
