

THE REASON WHY.—A medical contemporary mentions that the muscles of the human jaw represent a power equal to a pressure of 125 pounds. This probably accounts for the immense difficulty which some people experience in holding theirs.—*Judy.*

"A young man in Cumberland County had his nose broken while attempting to catch a young lady at a party." A great many men have had a "nose put out of joint" in trying to catch a young lady. And his, perhaps, is not so bad as to succeed in catching her and having his head nearly broken afterwards.

Inquire for Them.

We have used Dr. Price's Special Flavoring Extracts, and can confidently recommend them to the community as the best articles in domestic use. They are the leading articles of their kind in America, and should be on the shelf of every well-regulated family grocer.

Deaths from Consumption

Would be as rare as cures of that disease are now, if every cough, cold, or other affection of the breathing organs were promptly treated in the right way. The specific in such cases is HALE'S HONEY OF HOREHOUND AND TAR. In less than three days a cough is silenced by this agreeable preparation. Take it early, before the lungs have become congested, if possible. But even when the complaint has made serious inroads, and life is threatened, there is safety in this genial preparation.

Pike's Tooth-Ache Drops—Cure in one minute. dsw

LIST OF LETTERS

REMAINING in the Post Office at Salt Lake City, April 18, 1878, which, if not called for within one month, will be sent to the Dead Letter Office.

LADIES' LIST.

Anderson A, Graham B, Pratt B P P, Angell V, Henderson M, Rushton C, Arnold H, Herridge I, Ritter L, Anderson C, Hyoe M N, Snow M, Byrnes A, Hales L, Spencer M, Buchanan, Hauke A J, Staples E, Beck R W, Horrick M, Southworth I, Buttler M, Kingdom, Skonberg E, Argelow M, Kimball M, Starr L, Cooper E, Lancaster E, Shires S A, Carlson A, Long E, Skelton N, Caldwell, Loughran M, Smith —, Carson C, Lumberg L, Tremayne A, Cameron M, Long S, W, Dittebrandt C, McManoum, Taylor J M, Davis D, Marden A, Tolman P, Eddins J, Morris C W, Taylor M, Reklom N, Madsen E, Williams M J, Edwards F, Noggan A, Warren J, Field N E, Wat on H, Furst T B, Oakleberry K, Wurzbarger L, Fletcher W B, Ware R S.

GENTLEMEN'S LIST.

Adams A F, Hague G, McGree C, Hathaway H, McGregor J, Beckingnam G, Harmer I C, Noble J K, Bailey G W, Howard J B, Noyce W, Bursley G E, Hawkins J B, Ottersom J, Burligh W, Hodge N M, Parker S, Bowman R, Hull T, Pomeroy C, Cox T, Hanes T, Reed J, Campbell T, Harper T E 3, Rogers E, Cowling P C, Harrice T, Reamer T, Catchings M M, High W, S, Crane J, Homes W H, Simon J, Clark J, Hall W A, Smith J 2, Cochran J, Hancock W, "G H 3, Corawall J B, Hogan W, Schofield C F, Cummings W, Horne W, Smith R T, Dalton G, Johnson S R, Spencer F, DeBock P, Jansen G 2, Shurtliff H, Dame W H, Karnegap P, Swift H, Edwards M, Kessler E J, Shipper J, Ekmark L E, Ledingham A, Savage J E, Fedkin W, M, Tongreen A, Ford J, Lewis J B, Tuckfield J W 3, Ferguson H, Lundberg J, Thompson J, Farrell G L, Lyon J Jr, Trimmer J, Falkenbridge D, Lovoy N, Terry M, Little R M, Thomas M, Gilbert C, Martin A, Williams L R, Gaines H, L Mason J H, Warren N, Grundand J, Murphy J D, Willard J, Garde S, Meirhofer J, Williams B F, Hunsacker A, Morris C W, Wells P, Hunter A, Hunter C H, Warren Mr, Harris H, McDonald D, Young P H.

Persons inquiring for the above letter are requested to state when advertised.

JNO. T. LYNNCH, POSTMASTER.

Plain Talk.

Half Horse and half Man. Card from the Centaur Men. Strong Statements, backed by indisputable testimony. Science, Mythology and living witnesses in lasting harmony.

To the Editor of.....

We would not insult intelligence by discussing the ridiculous story of a live Centaur—an animal half horse and half man, said to have been captured in the Indian Territory. Our December publication simply recited the mythological legend of the ancients who believed in these Hybrid creatures. We traced the origin of the Centaurs from Ixion and Juno down to their reported home on Mt. Olympus and exploits upon the Magnesian plains. We stated that as the alleged founders of the Healing art, Esculapius, a Centaurean God, is to this day the insignia of the medical profession. Astronomers recognized their prowess by giving to the grandest constellation in the heavens the name of Centaurus. The Queen of plants, blossoming only once in a hundred years, was dignified by botanists as Century plant. We reasserted these interesting facts and stated why the wonderful remedies of which so much is being said, were called Centaur Liniments. As the Centaurs, half horse and half man, were worshipped for their medical skills, remedies which absolutely cure the ailments of man and animals, are very felicitously in our estimation, called after the Centaurs. We distinctly stated that the ingredients in the two preparations, were differently compounded. It is not a pleasant thing for a cleanly housewife to use a remedy brought from the stable. The Family Liniment is a beautiful White and odorless preparation; the Animal Liniment is stronger and is Yellow in color. What caused the rage of our critics, was their knowledge that the Centaur preparations were effecting more marvellous cures and obtaining a larger sale than all other Liniments, Ointments, Extracts, Pain Killers and Panaceas combined. They are not advertised as ure-alls for broken legs and empty skulls, but are warranted to alleviate pain and effect cures, where cures are possibilities. We publish a list of the ingredients, so that a way-faring man, though a fool, may understand. Every physician and every old woman knows the virtues of Witch-Hazel, Carbolic, Arnica, Rock Oil, Ammonia, Wormwood, Borax &c. &c.—each a healing, soothing, astringent and pain extracting agent. Every one of the testimonials in our publication, and in wrappers around the bottles, were written by the physicians and persons whose names they bear. Any of them can be easily verified. So much confidence have we in the efficacy of these preparations, that we will give them to any one doubting the representations made. We will present any person a hundred dollars, who having used either kind of the Liniments according to directions, will prove to us he or she has not been benefited as is stated. The White Liniment, will heal Burns and Scalds without a scar. I extract poison from Stings and Bites, and will always subdue inflammation. Limber stiff joints and strained cords. Nothing has ever been discovered like it for Rheumatism, Neuralgia, Sciatica, Swellings, Prolapsed Uterus, Bruises, Sore Nipples, Broken Breasts &c. It is the best external remedy for sore throat, Bronchitis, Quinsy, Mumps, Croup, &c., ever used. It will remove disgusting Pimples and Freckles from the face and hands, and is very efficacious for Salt Rheum. The Yellow Centaur Liniment can always be relied upon for Spavin, Galls, Sweeney, Scratches, String-halt, Strains, Sprains &c., on horses, mules and other animals. It is worth its weight in gold to farmers, planters, ranchers, livery-men and owners of domestic animals. Such testimonials as these of which the following are specimens, were never before voluntarily and truthfully written of any other healing remedy. A thousand similar ones, will be sent gratis, upon application. Notice residence and names.

Neuralgia and Rheumatism. "I contracted a cold in 1849, from which Neuralgia, Rheumatism and Erysipelas set in. A part of the time I could not walk, and I suffered everything but death. Dr Pease attended me for eight years. I have had other doctors and tried many remedies. The Centaur Liniment relieved me from pain and has already nearly cured me. MRS. LAWRENCE KIRBY, 800 Eighth Ave., New York.

Sciatica. "I have suffered with Sciatica for several years, so that at times I could not get out of my house. To say that I doctored and tried remedies does not express it; but I never received benefit until I used the Centaur Liniment. I improved from the first, and laid aside my crutches with the first bottle. I am now well. JOSIAH WESTLAKE, Maryville, O."

Suppurated Leg Saved from Amputation. The following case of R. F. Stobo, was reported in the Medical Journals: "OFFICE OF ANCHOR LINE TRANSP. CO., NEW YORK, Sept. 11, 1877. "GENTLEMEN—Three years ago I was a terrible sufferer from inflammatory

Rheumatism. It settled in my right leg and foot. For seventeen weeks I was in agonizing pain, helpless and reduced to a skeleton. I had the best medical attendance, by the eminent physician, George E. Heicher, M. D., No. 43 East 21st Street. After the most careful attendance on his part, (Dr. Parker was also consulted), it was considered that my foot must be amputated at the ankle. I demanded delay before submitting to this ordeal. Fortunately, at this crisis, I was advised to use Centaur Liniment. From the first day's application, I experienced sensible relief. Constant use of the Liniment, in connection with my medicine, saved my leg. It effected a perfect cure in about six weeks time. I have been able to attend to my business, which is mostly out of doors, regularly since then, although I continue to use the Liniment at intervals. I write this with a feeling of gratitude, that no one but myself can understand. Yours, &c., R. F. STOBO, 165 West 21st St., N. Y.

Yellow Centaur Liniment.

The great Express Companies agents in New York join in the following statement:

"We have hundreds of horses under our care. We have used and constantly keep the Centaur Liniment in our Stables. It is the best thing we have ever seen. We recommend it to any person having a horse." "ALBERT S. OLIN, Supt. of National Express Co." "E. PULIZ, Supt. of U. S. Express Co." "H. MARSH, Supt. of Adam's Express Co."

"NEW YORK, Aug. 21, 1874. We cheerfully recommend the Centaur Liniment (Yellow Wrapper) as the best thing ever brought into our stables." "MARTIN & Rand, Liverymen, 632 Seventh Avenue, N. Y."

WASHINGTON, D. C., June 18, 1873. "I have been using the Centaur Liniments in the stables of this Company for some time. They are all you claim them to be. The effects of the Yellow Wrapper Liniment upon spavined horses is wonderful. The White Wrapper is equally good for our men, who are constantly being bruised. Say to your patrons, 'Use it hot.' W. L. SMITH, Supt. Washington and Georgetown Horse Railroad."

Each kind of Centaur Liniment is sold in three sizes at 25, 50cts and \$1. per bottle by all Druggists.

The Centaur Company, 46 Dey St., New York.

One word about **Castoria**, for Children. It is prepared after a physicians formula, Dr. Samuel Pitcher, of Hyannis, Mass., as a substitute for Castor Oil. It is purely vegetable and the only preparation for babies and children suffering from Wind Colic, Stomach Ache, Teething, Loss of Sleep, Worms, &c., which does not contain Morphine or some kind of narcotic drug. Pitcher's Castoria neither gripes nor gags. It is as pleasant to take as honey, and as harmless as farina. It assimilates the food in the stomach, and by causing natural digestion and evacuation, affords quiet to the child, and rest to the mother. It is warranted to contain neither mineral, morphine nor alcohol. The price is only 35 cts. in large bottles, to be had of any Druggist.

DIED.

April 16th, at his residence in the 15th ward, of dropsy, WILLIAM W. FOSTER, aged 65 years, 3 months and 15 days. Born December 31, 1812, in Leicester, England.

In Salt Lake City, April 13th, AMELIA ADELIN, daughter of John and Lavina Carr, aged 1 year and 14 days. Sidney, New South Wales, and Australia papers please copy.

At Kayville, Davis County, Utah, April 10th, 1878, of jaundice, WILLIAM FRANCIS LOWE, son of William L. and Julia W. Young, aged 6 years and 8 months. (Parents formerly from the Derbyshire, England, Conference.) *Millennial Star*, please copy.

April 18th, at 8.30 a. m., in the 11th Ward of this city, Sister ANN BAILEY LENDHAM, aged 75 years. She was born in Sedgorton, Lincolnshire, England, March 3rd, 1803; was baptized into the Church 29 years ago; came to America in 1856, arrived in Utah in 1860. She lived and died a true and faithful Latter-day Saint. *Millennial Star*, please copy.

At Bountiful, April 15th, 1878, of inflammation of the lungs, SPENCER, son of Richard and Sarah Ann Duerden, aged 1 year, 3 months and 5 days.

At Union Fort, Salt Lake County, April 12th, 1878, of heart disease and dropsy, ELIZABETH PERRY.

Born December 10, 1805, at Monmouth County, Monmouth, England. Joined the Church of Jesus Christ of Latter-day Saints February 12, 1851; emigrated to the valley in 1854. *Millennial Star*, please copy.

In South Bountiful Ward, near the Hot Springs, of dropsy, AMELIA, wife of Thos. E. Court, aged 63 years and 8 months.

Deceased was born in Chilham, Kent, England; was baptized November 9th, 1852, and emigrated from Faversham to Salt Lake City, October, 1869. She lived and died a faithful Latter-day Saint.—[COM.] *Millennial Star* please copy.

In the 16th Ward, this morning, at 7.35, of a sudden attack of whooping cough, FLORA, daughter of Charles W. and Lizzie Penrose, aged three months lacking two days. Salt Lake Herald and Ogden Junction, please copy.

School District Election.

THERE will be a School District Meeting held in the Granite Ward School-house, on the 4th day of May, 1878, at 4 o'clock p.m., for the purpose of electing a trustee to fill a vacancy in said district.

S. J. DESPAIN, } Trustees.
WM. THOMPSON, }
Granite, April 17, 1878. dsw

NOTICE.

A MEETING for the Election of Officers for the Cache Valley Board of Trade will be held on Saturday, May 18th, 1878, at 11.20 a.m., in the Tabernacle at Logan. A prompt attendance of all the members is desired.

JOSEPH QUINNEY, Assistant Secretary.
Logan, Utah, April 5th, 1878. s

STRAYED OR STOLEN

FROM the west side of Jordan, one bay HORSE, 14½ hands high, left hind foot white, white stripe in face, 8 years old. Also one bay MARE, near foaling, 14 hands high, W J on the left shoulder. Any person returning or giving information that will lead to the recovery of the same will be amply rewarded.

CHARLES LAMBERT, 7th Ward, Salt Lake City.

SOMETHING NEW!

Pen, Pencil, Rubber, Water-Pen, Knife, combined, 25c; 12 for \$1.75. Three pens (red, black and green), write with cold water. Sent for 10c. Agents wanted. W. W. RHODAS, Frankford, Philadelphia. wit

WILBER'S EUREKA MOWER.

It will cut 6 feet easier than any SIDE-CUT Mower will cut 4 feet. Average draft of 19 Side-cut mowers per foot, 44.63; Eureka only 28.66. I have examined the machine and talked with those who have used it. They pronounced it the very best in use.

For particulars address, A. MILTON MUSSER, General Agent for Utah and Neighboring Territories.

July 12, 1877.—I find the Eureka works admirably, and with my hoister and transporter 30 tons per day can be taken from the standing grass, and either ricked or mowed with less than One-half the labor usually employed.—Geo. Hersman, Hersman, Illinois.

Oar Mills, 7 miles north of Bath, N. Y., Aug. 4, 1877.—After cutting 125 acres, I will say that if parties will agree to furnish me with the best side cut mower that I have seen for four years, Free of Cost, I could not afford to accept their offer and lay the Eureka aside. Last Tuesday and Wednesday (hot days) we cut with one light team 25 acres in 18 hours working time.—H. S. Easton.

Eureka Mower Company—Gentlemen: Your agent wanted to sell me one of the 6 feet cut Eureka Mowers, but I had a good "Buckeye" that would have done my work for at least two or three years to come, and I told him I did not want to buy a machine. But he prevailed upon me to try one, and sent it to me. We began work about 8 a. m. with it, and cut that day about 14 acres, which is about double the number of acres I had ever cut in the same time with the Buckeye. The horses did not seem to do any harder work. The machine left the cut grass in the best possible condition to cure, without the use of tedder.—Hugh F. McNair. Mr. McNair is one of the most extensive farmers in Western, N. Y.

August 6, 1877.—The party to whom we sold the Eureka says he would not accept any other mower as a gift and agree to use it, provided he could buy a Eureka. He has tested it in timothy, clover, barley, and slough grass, and says it works well in each place.—J. G. Ruff & Co., Ohio, Bureau County, Ill.

Dansville, Livingston Co., N. Y., Sept. 1877.—After using different kinds of side-cut mowing machines we have each purchased and used the Eureka Mower two years and we consider it superior to any side-cut mower for the following reasons: First—It has no side-trait and is the lightest draft machine, making it easy work for the team. Second—Having large driving wheels, wide apart, it is easy work for the driver, and the cut being directly in front of both driving wheels, the work is more easily seen and controlled by the driver than with side-cut and rear-cut machines. Third—As the horses are hitched to a long double tree directly in front of the machine, they walk just outside of the cut, (no grass cut behind them, the space between them only being cut) the grass tangled forward by one horse is cut clean on the return cut on the same side of the field, leaving the cut hay together more convenient to draw in. Fourth—As neither the horses nor the machine go on the grass after it is cut it is left lighter and will cure from one-fourth to one-third quicker and more evenly than when cut with other machines.
