

Monday, August 30, 1880.

LOCAL AND OTHER MATTERS.

Seventies' General Meeting.—The Seventies general meeting will be held at the Council House, on Wednesday, Sept. 1st, at half past seven p.m.

Routing Campbell, Clerk.—In behalf of the Council of Seventies.

SALT LAKE CITY,
August 30th, 1880.

Lost.—See notice elsewhere, of a pair of gold spectacles lost.

Rain.—Probably the most plentiful shower of the season fell during the night. The clouds are still hovering.

Special Meeting.—A special meeting of the Alert Engine Company No. 2 will be held on Tuesday evening, Aug. 31, at 7:30 sharp.

By order of the foreman,
JAS. R. BACK, Sec'y.

Off Today.—S. H. H. Clark, Esq., judge of the United Pacific Railroad and Ex-Governor T. C. Pound, M. C. of Wisconsin, took this afternoon's train for Ogden. The former is on a special car. The latter is on a regular car.

Back Again.—President Taylor and party have returned from their trip to the mountains, where they attended the Davis Stake Conference. As also George Q. Cannon and Joseph Smith and others, having returned from attending the same.

The Monster.—The *Enquirer* announces the matter of watering Salt Lake Valley with Utah Lake water, the "Utah Lake Monster," as the appellation is appropriate, but we trust the "monster" is of such nature or dimensions as to render it unmanageable.

Erratum.—In our Museum notice of Saturday evening, a typographical error occurred, which made the word "Ptolomis" read "Ptolomis," the name of an antique copper coin, presented to the Museum by a gentleman of Glasgow, Scotland. He bought the coin in Smyrna.

Deceased.—Mrs. Sarah Hobbs, an old blind lady, formerly of London, England, who has resided in this city for several years, died this morning at the residence of Mr. Isaac Gibbs, in the Santa Ward. The funeral will take place at Mr. Gibbs' house on Tuesday, at 9 a.m. The friends and acquaintances of the deceased are invited to attend as a tribute of respect to her memory.

Mass Meeting.—A mass meeting of the residents of the First, Second and Tenth Wards, will be held this evening at 7:30 in the Tenth Ward Meeting House, for the purpose of considering the matter of appointing a committee to represent them before the Water Commissioners, in respect to the future distribution of the waters of Emigration Canyon, over which certain disputes have arisen.

Tabernacle Services.—The congregation at the Tabernacle, yesterday afternoon, was addressed by Elder H. W. Naisbitt, who delivered an interesting discourse on the importance of true education, and the proper training of the rising generation to benefit them for the great and glorious future that awaits them. His remarks were taken in full by the reporters, but will be unavoidably left out of the evening's paper.

Sentenced—Trial Set.—Young Pickens, of Panguitch, who shot his father dead last fall, has been tried in the Second District for the crime, and on pleading guilty, was sentenced to two years imprisonment in the Penitentiary.

The trial of Jared Dalton will come off during the coming term of the court at Beaver. He will probably plead guilty of being implicated in the murder of Mrs. Parker, though he still maintains that the throat cutting was done by Jennings, his alleged accomplice.

Lost Clothing.—Brother S. J. Nielsen, now in Gunnison, Sanpete County, who arrived with the last emigrant company from Denmark, has lost a bundle of clothing in a wagon, and is leaving this address: "S. J. Nielsen, Gunnison, Utah, America." It was probably lost at some railroad station. He is a poor man and needs his clothing. Anyone who knows anything of it, will confer a favor on the owner, by informing this office of the whereabouts of the lost bundle. The *Beaver* will please copy this notice.

Board of Equalization.—The City Council convened as a board of equalization at 2 o'clock this afternoon, pursuant to the notice heretofore published, to hear and determine complaints relative to the city assessment for 1880. A number of persons were present from various parts of the city, and on complaints of over-taxation, the assessment roll was amended in several cases. The wards were called in their order, beginning with the first and so on to the end. After this business was disposed of, the matter of remitting taxes of insane, idiotic, indigent or infirm persons came up for consideration. This business was proceeded with in the same manner as the other. The board was in session when we went to press.

New Buildings.—Work on the new residence of Mr. Mark Croxall, in the 15th Ward, is progressing rapidly. The walls are nearly half way up.

Capt. Job Lawrence is also about to build in the same neighborhood. The work of excavating is going on at present.

In another portion of the Ward, near City Creek, Mr. A. C. Young has just completed a neat and fashionable residence, and Mr. L. Cummings has a nice house going up on the adjoining property.

The foundations of the ward meeting house are laid, and it is expected that brick laying, etc., will go right ahead.

W. Rossiter, Esq., is erecting a residence on the street north of the Eagle Gate.

Police Court.—On Saturday Maue Showell was fined \$10 for drunkenness and profanity.

H. B. Marchese for fighting and beating Frank was fined \$10.

Mrs. Hull, for assault and battery, was fined \$10.

J. Nelson, for vagrancy, was assessed \$5.

Tim Kelley, for vagrancy, was fined \$20.

John Richardson, for stealing, was fined \$30.

Fred. Wilson, for stealing, \$30.

W. H. Wade, J. Richardson and Fred Wilson were arrested for stealing clothes.

This morning, Nellie Hudson, the woman who drew a pistol on a neighbor for picking currants from a bush belonging to the former, was fined \$10.

Two women, Fanny Fulleride and Betty Fielding, were each fined \$10 for drunkenness and disturbance.

George Thackrah, for drunkenness, was fined \$5.

"Old Guard" and "Diplomacy."—The last appearance of the Piercy Combination, Saturday night, was witnessed by a large audience, and the performance of the above named pieces was duly appreciated. In the "Old Guard" Mr. Vinson had the only part of any prominence, and filled it very effectively. His delineation of the old French soldier who had followed Napoleon through the snows of Russia and the burning sands of Africa, was very natural and intensely thrilling. The fall of the curtain on this piece was the signal for a storm of applause which ceased only when Mr. Vinson came before the footlights, where he delivered a speech. He then expressed his gratitude and that of the company to the public, the press, and the theatrical management for much kindness shown during the engagement, assured them of their faithful remembrance, and then closed by bidding all an affectionate farewell.

Soon afterward, the curtain rung up on "Diplomacy." This play, though containing much that is interesting, is not one that captures as quickly as "Deception," and others of its kind. It takes the whole of one act to introduce it, and nearly all of the next to develop the plot to the comprehension of the audience. But the latter part of this act, and the rest of the play, is as lively and attractive as one could desire. It is of an unusual character, and steadily forces itself into favor. It would have gone off much better had the actors been more familiar with their lines. Through this, and lack of rehearsal, which was often made manifest, the piece dragged considerably. Still there was some very good acting done, notably by the principals, Messrs. Morrison and Piercy, and Miss Carey. The subordinate roles were well filled, and but for reasons above stated, would have "told" more plainly.

Taken altogether, we have had, what the News predicted, a rare dramatic feast in the performances of the Piercy Combination, and all who patronized the theatre during their engagement feel well repaid for time and money so expended. We trust the time is not far distant when this excellent troupe will find it to their advantage to make us another visit. They left yesterday morning en route to the east.

"Leader" Lines.—From Friday's issue of the *Logan Leader*:

It will be remembered that we last week gave an account of the manner in which Mr. Scott broke his leg while riding horseback in the Snake River region. We are pleased to state that the gentleman is fast recovering. He is stopping with his brother in Millville.

Brother Peck, of Garden City, Bear Lake Valley, whose hand and arm were so terribly swollen from the bite of a poisonous insect, as is supposed, and who has been stopping in Logan for a week past under the care of Dr. Ormsby, is recovering. It was fear 1 for a time, that he would lose his arm, but that danger, it is thought, is entirely past.

It is with pleasure that we acknowledge a call paid to us on Wednesday afternoon, by Henry McEwan, Esq., foreman of the DESERET NEWS composing and printing department, and who has been accompanied by our friends, Messrs. H. E. Bowring and Phil. Margates. They came up with the excursion, The first named will visit Soda Springs before returning to the city. The other two will be in the city, and many future and enjoyable visits to our valley.

Last Sunday a young lady, who was one of a pleasure party, was taking a ride up Logan Canyon, met with quite a serious accident. It seems that there were several persons in the wagon, and the young lady, who was sitting on the rear seat. By some means both were thrown violently to the ground. The young man was uninjured, but the young lady had her head badly cut, besides being greatly jaded by the fall. She was brought home immediately, and Dr. Rogers was sent for, who found it necessary to sew up the wound in the scalp, and for this eight stitches were required.

President Wm. B. Preston and Apostles Messrs. Thatcher and Charles C. Rich, accompanied by members of their respective families, have gone on a trip to Salt River Valley for the purpose of exploring it, and ascertaining what advantages it offers to settlers. This valley is situated about 40 miles east of Soda Springs, some miles east of Caribou, and about 100 miles from Logan. Its diameter is thought to be about 20 miles.

It has a river, besides running through it, and besides other mountains on both the east and west sides, making it a very well watered valley. The trip, and the delightful excursion, and we wish the party a most enjoyable time.

"What did the Puritans come to this country for?" asked a Massachusetts teacher of his class. "To worship in their own way and make ship in the same way," was the reply. There are lots of Puritans in the country yet, only they are called by a different name. They may be found among all the sects and are vigorous and aggressive and are Mormons."

Board of Equalization.—The City Council convened as a board of equalization at 2 o'clock this afternoon, pursuant to the notice heretofore published, to hear and determine complaints relative to the city assessment for 1880. A number of persons were present from various parts of the city, and on complaints of over-taxation, the assessment roll was amended in several cases.
