Hence if Mr. Etherington collects the amount he paid out he will no doubt have to go to law over it and bring suit against the county for the amount due.

A Sure Thing.

Probably the most important and sational testimony was given by gust Carlson. He was near at hand en the fireworks started and testihed, as did several others, that they seemed to go off as though control had en lost of them. The rockets were scharged horizontally and several into the crowd.

Carlson also said that just as the islade of rockets commenced some one ran from the saloon down to the water's edge and called out to the men who were on the platform in charge of the display, saying: "What are you boing there? Stop that shooting!" Some one on the platform replied: "We can't. We have lost control of the fre, or wire." The witness was artain which.

After the explosion Carlson saw Mr. men, an employe of the park comad call out foward the fireworks stand in the lake for some one to bring him boat which was then adrift. One the men waded out and got the boat, ringing it to Jensen. Carlson was Ining it to Jensen. Carlson was sanding near, and heard Jensen say, Ton't shoot off any more of those things till you get fur-ther orders." The man said: "Why?" Jensen answered, "Don't you know that they have been flying all around and hurting people? Don't you know that Dan Shupe has been killed?" The mas it he beat them said: "That's too mas at the boat than said: "That's too -- bad. We lost control of the fire--

Witness was not certain This testimony resulted in Mr. An-demon who had testified earlier, be-ing realled at the request of Attorney Richards for the park company, and also of hur Nuc

Ribards for the request of Attorney Ribards for the park company, and also of Juror Nys. O. P. Anderson of Salt Lake City was the first witness called. He stated that he was a bartender and at the re-quest of one of the Rennier brothers, who had broken his arm, he was to as-sist kid Austin and Oliver Due in dis-charging the fireworks. Austin was supposed to have charge of the display. He did not place the bombs in the mor-tar. This was done by Mr. Due, but witness ignited a sky-rocket which was supposed to ignife all the other places. The mortar was made of cast iron. He did not examine the mortar, but Due did. The bomb was a twelve-inch one and was supposed to be placed in the mortar with the fuse downwards. Only one bomb had been fired when the mortar burst. botton bomb had been fired when the rtar burst.

mortar burst. He was standing on the platform when the explosion occurred and was blinded for about a minute. The wit-ness did not drink anything that day. Austin does not drink and Due was not drunk, but had been drinking. Wit-ness has had two and a half years' ex-periance in the discharge of fireworks. A bomb was produced in court and ex-liblied to the witness. According to the martar with the come downwards or the tuse upwards. In answer to C. C. Buchards the the fuse upwards. In answer to C. C. Elichards the wit- Giovaimnia Vissa, 20, both of Ogdan.

WEBER COUNTY AFFAIRS.

The county commissioners held their regular board meeting and transacted a small amount of business. Commissioner Wilson reported that the work of building the road between Weber and Rich counties had been commenced, the state having made an

appropriation for that purpose. The \$1,000 appropriated will not be sufficient to make the road good, but will make it passable. When this road is complet-ed it will be of great benefit to this county as many of the farmers will bring their products to Ogden to sell

instead of going to Evanston as they do now, and they will spend their money here instead of elsewhere. Besides this benefit the road will make it nuch nearer for travelers going up into the eastern and northern counties. A notification was received from the state board of sheep commissioners stating that the special sheep levy for this year will be 3½ mills. The board will make the levy. The Ogden and Northwestern rail-road asked nermission to construct a sidetrack at North Ogden, so as to accommodate the beet growers and furmers in loading their products for the factories. Referred to Commission-er Stanford with power to act. A petition was presented by District Aity. Halverson in behalf of the resi-dents of Warron precinct, asking for the re-stablishment of monuments to show the location of sections. Referred. into the eastern and northern counties.

show the location of sections. Referred. A portable blacksmith shop was ordered purchased for the use of the county in sharpening tools out on the rends.

TWO FIRE CALLS.

The fire department had two calls The fire department had two calls late yesterday afternoon. The first call was down on lower Twenty-seventh street where a fire was consuming a pile of 50 poles belonging to the Utah Indenepdent Telephone company, al-most totally destroying them, the dam-ass amounting to about 5500

The second run was made to the home of Seth Griffith, Twenty-third street and Modifits lane. The telephone fuse had blown out with the electrical storm, doing only slight damage.

The old folks choir of American Fork was heard from and our old time friend Wm. Grant was at the organ. C. R. Savage was present and in his happlest strain, talked to the old folks. Wm. Grant sang in his own inimitable style "The

talked to the old folks. Wm. Grant sang in his own inimitable style "The Lost Sheep." John S. Gleason, one of the pioneers of 1847, was introduced and spake a few words, he was one of those who reached Salt Lake valley on the 24th day of July, 1847. He is the only one of that pioneer band left in this part of the country and is getting quite feble. The good people of Pleasant Grove quite outdid themselves in their efforts to entertain and the affair was one to be remembered by all that were pres-ent.

ent. Pleasant Grove is looking her best, and the odor of fresh ripe berries and beautiful flowers is on the air. It is a town of orchards and gardens. The strawberry crop is gone, but raspber-ries are plantiful. The cherry crop was nearly a failure owing to the late spring frosts. This is an ideal fruit growing region and fruit is by far the most profitable crop the people can grow if properly handled.

SCHOOL ELECTION.

PAYSON.

Indebtedness of Bahool District- Will Celebrate Pioneer Day,

Special Correspondence, Payson, Uiah Co., July 11,-A meet-ing of the taxpayers was hold thia morning at the Contral school building for the purpose of hearing the report of the school board for the past year, and

covered. Elders Wm. T. Harper of the stake presidency, and Marcus O. Funk, stake clerk, will start north tomorrow to visit the Blaine ward and branches along Sli-ver creek and Soldier. They will be ac-companied by Misses Lena and Rettie Nelson, who are traveling in the interest of the stake Sunday school, and Primary nesociations, respectively. associations, respectively.

Made Young Again.

"One of Dr. King's New Life Pills each night for two weeks has put me in my 'teens' again," writes D. H. Tarner of Dempseytown, Pa. They're tho best in the world for Liver, Stomach and Bowels, Duraly vestable, News Bowels. Purely vegetable. Never gripe, Only 25 cents at Z. C. M. I. Drug Store.

CROPS RECOVER FROM FROST.

Beets Doing Well-Pushing Work on Beet Crusher-Birth.

Special Correspondence.

Garland, Boxelder Co., July 8.-Geo. Austin, general agricultural superinten-dent of the Utah Sugar company, is spending a few days in Garland since his return from the east. He says that the beet crop is in excellent condition and that nearly all are receiving good attention. He thinks that the outlook is much better than it was at this time last year. A fine rain came over this section Tuesday night which helped things generally. Parker, Fremont Co., Ida., July 7.-The grain has mostly recovered from the frost of the 10th ult., but the lucern will be a light crop. The beets are doing finely. The work on the beet crusher is going rapidly on, and some new residences are going up. More new citizens are coming right along. The national holiday was celebrated Impressive and sincers memorial ser-vices in honor of the late Apostie Woodruff and wife were held here a In his first day out the new Garland school census man found over 100 children of school age in the vicinity of the factory and in the town.

A special train carrying Supt. H. V.

made a decided hit with the Tabor peo-ple by purchasing all the refreshments available and telling the people to help hemselves. The small boys were set wild when a generous farmer placed a pretty lit-tle black pig upon the grass, offering the animal to the boy that could catch it. After a chase of half a mile the frightened pig was secured by little

ohnnie Shirts. At night a social ball was given at

Thos. Hull's pavilion. A number of meetings have been held recently in the interest of schools, and the sentiment of the ratepapers is that the school board borrow \$4,000 and put

up a fine school building and equip th

same. Last week James Huil's new store was finished and weil filled with an up-to-date stock of goods. Jos. Newell & Co.'s mercantile build-ing is now completed, and the rallroad company's new 15,000-gullon tank is al-most ready for use. The ties are laid on the balf mile switch on some here on the half mile switch, or spur here

at the Tabor station. The most general complaint is that the days are too long. At present we have about 20 hours daylight.

This is surely a great country for people who desire to "farm at arm length." No danger of knocking one's elbow against the mountains here. Vast priaries covered with grass and fat catpriaries covered with grass and fat cat-tle, extending hundreds of mils north and cast, with excellent opportunities for would be homesteaders. Let none become unwisely enthused. This is in-deed a goodly land, but people in oth-er parts would do well to make haste slowly and look alread before disposing of comfortable homes, they should be of comfortable homes, they should be thoroughly convinced that a change would be to their advantage. Best to come here first and look at the conditions.

tions. Our Sabbath schools and meetings are well attended. We have lately been visited by a number of home mission-aries, and Sunday school workers. Tabor town lots are selling rapidly. Crops of all kinds are growing well, and the weather is very warm.

OVER THE LAKE BY RAIL

Excursion Sunday Next.

Special train leaves Oregon Short Line depot 9:30 a. m. Sunday for Mid-Lake and return. Round trip only \$1.50. Special returning will arrive Salt Lake 5:00
