

## UTAH TO THE FORE.

The Chicago Exposition is giving us  
such fine advertising.

**NATIVE FAIR EXPOSITION** Started.—The  
Judge Awards Auctorial Awards—  
Propositions for the Chair and  
Chair Day.

## GEOGRAPHICAL DIVISIONS.

Chicago, Aug. 8.—The attendance at the Fair is rapidly increasing, although it is not nearly so large as the Expedited people have expected; but the attendance since the opening has fallen far short of what was expected. The financial stringency has more to do with the attendance than anything else. There can be no accomplishment in regard to the show. People get their money's worth and no one seems to complain that any time is being lost in getting the 150 cents. People residing in the farming communities of the East find that, owing to the depressed condition of the produce market, money is very scarce, and when there is a farm, a house, and other farming products forthcoming in return. People who are along intended to visit the Fair, hesitate about coming because it takes the pocket of several acres of ground to support itself. They have had a brief visit at the Fair, and they feel that it is making too great a sacrifice to dispose of their farm products now, at the rather high, in order to visit the Fair. Borrowing is a steady way of getting money, but it is not the West, and consequently people utilized to increase the pleasure of a visit to the Fair simply because of the financial stringency. Everyone is looking forward to winter times when prices will increase and money will be easier.

The number of Utah people attending the Exposition is falling off materially since the end of June. There has been quite a large increase in the arrivals from the West during the week, and the present increase that from now on the attendance of western people generally will be much larger. Representatives of the great Cabinet-music are here arranging for the representation of that class of western organizations in the great national contest on the 8th of September and for Utah on the 9th. Our State will in three contests will probably be given by the chief in the West, and the attendance after Utah Day. The representative companies have extended every courtesy possible in Messrs. Clawson and Whipple, and they are greatly surprised at the progress. The circumstantial has been very well received, and has given him assistance in every possible and will exceed courteous to the Utah people and warmly dedicated to the interest of our country.

The agents of the several departments are rapidly increasing in the visiting the exhibits. They have examined very critically quite a number of exhibits from Utah, and the examinations are critical. They territory will capture several medals. There seems to be a disposition, however, among some of the agents to turn the exhibition into a wealthy states and countries. It is safe to say that if fair to represent to every instance, Utah will certainly win in most contests.

Utah's case have attracted a great deal of attention, and the exhibitors from Pennsylvania are very anxious. They cannot understand how it is that one could be exhibited equal to the product of their state. An analysis of the Utah case has been made by the agents two or three days, and while it is difficult to expect that Utah will capture the medal, it goes without saying that our state is going in grand style directly to the head of the procession. The foreign commissioners, I understand, have given a great deal of time to examining the exhibit from Utah, and all of them are sending voluminous reports to their home governments and every one speaks in the highest terms of the Utah exhibit. They are exerting a great deal of attention to the Utah exhibit, and with the Exposition, the Russians are especially interested in irrigation, and the Germans in mining. Both of them have given the Utah exhibit a high rating. The two departments very critical examinations, and their reports indicate that they think Utah excels all other states and territories in these departments.

The representatives of the different states are now reduced to consider the value of exhibitors in the West with being of considerable importance. They recognize the fact that in the variety of natural resources few if any of the states or territories can compare with the value of any of those. Our coal, our streams of minerals, our clay, saliniferous and all the products of the lake waters, together with our granite and mica, seem to satisfy most of the people when they come to the West with the products of their own states. At first many people are inclined to doubt the fact that some of the things shown are produced in the Territory. They soon find out, however, that everything is produced as represented, and they become more and more impressed and examine more closely than the nature of Utah products. It is

now conceded that Utah has made as good showing as any of the western states and territories, and that in an advertising way, the exhibit is doing as much or more good, for the last year than any of the other states exhibited.

## EMERY STAKE CONFERENCE.

The quarterly conference of the Emery Stake of Zion was held in the Huntington meeting house, on August 10 and 11. There were present on the stand the presidency of the Stake, members of the High Council, and Bishop of the various wards.

After the usual opening exercises Elder G. M. Larson, president of the Stake, addressed the conference, stating that he was an atheist that any of the brethren in Zion Beauparier would visit the conference. To the surprise of all, however, before Elder Larson was through speaking, Elder George Reynolds and Elder S. W. Woods, of the presidency of the conference, came in. They afterward addressed the conference three times in meetings giving their views, and closing very encouraging remarks.

On the evening of the 10th, Services belonging to the Sunday-school and One hundred and five quorums met and recited portions of the scriptures in the conference room.

We had an interesting time during the session of our conference. Much credit is due the good people of Huntington for their care and efforts in making the meeting houses to that all were most comfortable.

The Bishop reported fair crop in most of the wards of our stake.

All speakers referred to the hard times and complained of the scarcity of money.

The Huntington ward furnished beautiful music which added to the needs of the people with Mr. H. J. Johnson, organist for the church, in whose absence, Mr. C. L. Johnson, organist for the Stake, filled his place.

The Emery Stake meeting remains stirring up the Bishop is a reflection of their efforts.

This conference adjourned for three months to meet at Castle Dale.

A. J. Johnson, Stake Clerk Pro T.

## MILWARD COUNTY BANKS.

CHAMBER OF COMMERCE.

OAKLAND, MILWARD CO., Aug. 10.—The annual meeting of the Chamber of Commerce was held on the 10th.

Many people were here to witness the Patriotic animal race on the 10th. Many people were here to witness the Patriotic animal race on the 10th. Another race between a standard Patriotic horse and a mule named mare was run. The horse won, but much dissatisfaction was expressed over the result.
