

DOCTORS STRIKE FOR BIGGER FEE

Insurance Companies Are Sent
An Ultimatum Threatening
a Lockout.

\$5.00 OR NO EXAMINATION.

Utah State Medical Association Passes
Resolution Asking for Sympathetic
Support of Other Physicians.

That the Utah State Medical association is in reality a union, similar to the trades unions formed among mechanic and other labor, is indicated by a "strike" declared on insurance companies, by the association. Its members have bound themselves by resolution to examine no more applicants for insurance, at the instance of insurance companies, except for a fee of \$5.

The trouble leading up to the "strike" grew out of the fact that the companies had reduced the price to \$3, which has caused the men of medicine to object, and declare that since it took a college education to fit them for work as "experts" it was only right and proper for them to get "expert" fees. Following is the resolution passed by the Utah State Medical association, which calls upon other members of the profession to go out in sympathy with them.

Whereas, Many of the life insurance companies have notified their medical examiners of reduction of examining fee from \$5 to \$3; and

Whereas, We, as physicians, realizing the responsibility incident to proper examination of the individual, believe such reduction to be unjust, therefore, be

Resolved, That the Utah State Medical society, and the medical profession in sympathy with them, in session assembled, do hereby declare such reduction to be unjust, and respectfully request that no physician legally authorized to practice medicine in Utah accept such reduction of fee; and further, that any physician accepting such reduction be guilty of a breach of professional courtesy.

Resolved, That it is the sense of this society that hereafter in each examination for life insurance in which the analysis is required the minimum fee shall be \$5.

Resolved, That the several component societies forming the State association be requested to adopt these resolutions.

Second—That the above rates shall not apply to industrial medical inspections, without urinary analysis, for amounts less than \$1,000.

Third—That no member of this society enter into any contract or agreement with any corporation, society, association, company or individual, to examine applicants for insurance for any stated salary or lump sum, thereby evading the spirit and intent of the foregoing resolutions.

Fourth—That the payment of all fees shall be authorized by the home office of the society or corporation to which such application is made, and under no circumstances shall the member receive or accept any part of this fee from an agent or any other person or corporation, unless the full fee be paid by authority of the home office.

Fifth—That each member of this society pledge himself or herself, in case a fellow-member be removed from the position of examiner for any corporation or society, to accept an appointment from such corporation or society as examiner, nor make any examination for such in Utah.

Sixth—That each member of this society bind himself or herself, by a pledge to be presented by him or her to the secretary, to abide by these resolutions.

Seventh—That the secretary be instructed to forward a copy of these resolutions to each county medical society in Utah for adoption.

Eighth—That these resolutions be printed in our State Medical Journal and a copy forwarded to the Journal of the American Medical Association.

COLONEL J. A. GREENWALD.

Who Was This Week Commissioned as Inspector General on Governor Cutler's Staff.

Col. J. A. Greenwald has been identified with the best interests of the Utah National Guard for nearly 10 years, and has taken an active part in all of its movements. He began as a private, was promoted for good cause to be an officer; served with credit as a lieutenant and afterwards captain in the signal corps, and was finally commissioned as the lieutenant-colonel and regimental commander of the First Infantry, from which he resigned two years ago. His restoration to the guard in the capacity of inspector-general on the governor's staff is regarded as a just recognition of the veteran element and the purpose of the executive to place in positions of honor and trust men who have identified themselves with the Guard, and worked earnestly and long for its advancement. Col. Greenwald is the recipient of many congratulations.

REVIEW AT HIGH SCHOOL.

Cadets Drill Before Governor Cutler And Three Thousand Spectators.

Friday was a gala day at the Salt Lake high school, a portion of the afternoon being devoted to a review of the cadets by Governor Cutler and staff, followed by a reception of the evening a concert program was rendered and a dance completed the festivities of the day.

The review commenced at 3 o'clock, and the officers who were placed with the executive during the inspection were Adjutant General E. A. Wedgwood, Colonel C. G. Plummer, Colonel A. E. Irvine, Colonel J. H. Smith, Colonel J. W. Bower, Colonel J. H. Smith, and Colonel Taylor.

The cadets made a very fine appearance in their neat uniforms, and the inspection was made with the precision and efficiency displayed by the boys in the drill work. A band of 30 pieces, under the direction of Prof. Christensen, played several selections while the review was in progress. The splendid exhibition of new boys maneuvering with the skill and precision of veterans was witnessed by at least 3,000 persons, and there was a great deal of enthusiasm manifested during the day.

During the pranks of some of the high school students in the early part of the day, the review was interrupted by the top of the flagpole was cut. Strenuous efforts were made to repair the damage, without avail, until Captain W. C. Webb climbed the flagpole and adjutant General E. A. Webb was loudly cheered while performing the hazardous feat.

THE RICH AND THE POOR NEED PE-RU-NA.

Mr. Victor Patneade.

"My Wife and I Consider Pe-ru-na a Household Remedy."

—Victor Patneade.

In different seasons of the year, catarrh assumes different phases. Systemic catarrh is very common during warm weather and is sometimes the after-effect of some acute ailment experienced during the preceding winter.

Mr. Victor Patneade, 323 Madison street, Topeka, Kas., a well-known carpenter and member of Knights and Ladies of Security, writes: "Twelve years ago I had a severe attack of la grippe and I never really recovered my health and strength, but grew weaker every year, until I was unable to work."

"Two years ago I began using Peruna and it built up my strength so that in a couple of months I was able to go to work again."

"My wife and I consider it a household remedy."

Bowel Trouble.

Mrs. Maggie Durbin, 1217 Water St., Little Rock, Ark., writes:

"I was troubled for five years with a chronic disease. I tried everything I heard of, but nothing did me any good. Some doctors said my trouble was catarrh of the bowels, and some said consumption of the bowels."

"A friend of mine advised me to try Peruna and I did so. After I had taken two bottles I found that it was helping me, so I continued its use and it has cured me sound and well."

"I can recommend Peruna to anyone, and if anyone wants to know what Peruna did for me, if they will write to me, I will answer them gladly."

Nerves All Unstrung.

Mr. D. A. Gebhardt, 533 6th avenue, Brooklyn, N. Y., writes:

"Owing to the strain and worry of business, Jamestown and Chicago, have-

son, about 65 being present. The time was had a delightful time."

Mrs. Mayne Johnson of this city and Mrs. J. Bullock of Ogden leave tonight for a visit in the east.

Mrs. George Bowman entertained at a china shower Friday evening at her home, 24 Wellington court, in honor of Miss Araminta Hooper, whose marriage takes place in June.

On Thursday Mrs. Sarah Mackay attained her seventy-fifth birthday anniversary and the date was celebrated in a happy family party at the home of her son-in-law, Mr. John Richard-

son, about 65 being present. The time was had a delightful time."
